Part E
Timing and quantifying rules

Subpart EA—Matching rules: revenue account property, prepayments, and deferred payments

Index
EA 1 Trading stock, livestock, and excepted financial arrangements
EA 2 Other revenue account property
EA 3 Prepayments
EA 4 Deferred payment of employment income

EA 1 Trading stock, livestock, and excepted financial arrangements

When this section applies
(1) This section applies when a person has some or all of the following:
(a) trading stock valued under subpart EB (Valuation of trading stock (including dealer’s livestock));
(b) livestock valued under subpart EC (Valuation of livestock);
(c) excepted financial arrangements that are revenue account property valued under subpart ED (Valuation of excepted financial arrangements).

Formula for calculating adjustment to income
(2) When the closing value of all the trading stock, livestock, and excepted financial arrangements that the person has for an income year is more than the opening value, the person has an amount of income equal to the adjustment that is the total of the amounts calculated separately for trading stock, livestock, and excepted financial arrangements using the formula—
closing value – opening value.

Adjustment to income
(3) The adjustment is taken into account under section CH 1 (Trading stock, livestock, and excepted financial arrangements).
Formula for calculating adjustment to deduction

(4) When the opening value of all the trading stock, livestock, and excepted financial arrangements that the person has for an income year is more than the closing value, the person is allowed a deduction equal to the adjustment that is the total of the amounts calculated separately for trading stock, livestock, and excepted financial arrangements using the formula—

opening value – closing value.

Adjustment to deduction

(5) The adjustment is taken into account in section DB 40 (Trading stock, livestock, and excepted financial arrangements).

Definition of items in formula

(6) The items in the formulas are defined in subsections (7) and (8).

Opening value

(7) **Opening value** means the closing value of the trading stock, livestock, or excepted financial arrangements, as applicable, at the end of the previous income year.

Closing value

(8) **Closing value** means—

(a) for trading stock, the value of the trading stock that the business holds at the end of the income year under section EB 3 (Valuation of trading stock):

(b) for livestock, the value of the livestock that the business holds at the end of the income year under section EC 2 (General rule for valuation of livestock):

(c) for excepted financial arrangements, the value of the excepted financial arrangements that the person holds at the end of the income year under section ED 1 (Valuation of excepted financial arrangements).

Defined: amount, business, closing value, deduction, excepted financial arrangement, income, income year, opening value, revenue account property, trading stock

Compare: 1994 No 164 s EE 2

EA 2 Other revenue account property

When this section applies

(1) This section applies to revenue account property that is not—
(a) trading stock valued under subpart EB (Valuation of trading stock (including dealer’s livestock));
(b) livestock valued under subpart EC (Valuation of livestock);
(c) an excepted financial arrangement valued under subpart ED (Valuation of excepted financial arrangements);
(d) a film or a film right to which sections EJ 4 to EJ 9 (which relate to films) apply;
(e) property that arises as a result of petroleum development expenditure or petroleum exploration expenditure to which sections EJ 10 to EJ 18 (which relate to petroleum mining) apply;
(f) a specified lease or a lease to which section EJ 19 (Payment by lessee under personal property and operating leases) applies;
(g) a financial arrangement valued under subpart EW (Financial arrangements rules).

Timing of deduction

(2) A deduction for the cost of revenue account property of a person is allocated to the later of—
(a) the income year in which the person disposes of the property; and
(b) the income year or years in which the person derives income from disposing of the property.

Allocation to more than 1 year

(3) If subsection (2)(b) applies and the person’s income from disposing of the property is derived in 2 or more income years, the proportion of the deduction that the income derived in that income year represents as a proportion of the total income from the disposal is allocated to each income year.

Reasonable estimate of income

(4) If a person making an allocation under subsection (2) cannot identify the total income from the disposal of the property, they must allocate an amount that they reasonably expect to derive from the disposal.

Defined: amount, deduction, excepted financial arrangement, film, film right, financial arrangement, income, income year, lease, petroleum development expenditure,
EA 3 Prepayments

**When this section applies**

(1) This section applies when—
   (a) a person has been allowed a deduction for expenditure under this Act or an earlier Act; and
   (b) the expenditure was not incurred on the items described in subsection (2); and
   (c) part or all of the expenditure is unexpired under subsections (4) to (7) at the end of the person’s income year.

**Exclusions**

(2) This section does not apply to expenditure incurred on—
   (a) revenue account property to which section EA 2 applies:
   (b) trading stock valued under subpart EB (Valuation of trading stock (including dealer’s livestock));
   (c) livestock valued under subpart EC (Valuation of livestock);
   (d) an excepted financial arrangement valued under subpart ED (Valuation of excepted financial arrangements);
   (e) a film or a film right to which sections EJ 4 to EJ 9 (which relate to films) apply:
   (f) property that arises as a result of petroleum development expenditure or petroleum exploration expenditure to which sections EJ 10 to EJ 18 (which relate to petroleum mining) apply:
   (g) a specified lease or a lease to which section EJ 19 (Payment by lessee under personal property and operating leases) applies:
   (h) a financial arrangement valued under subpart EW (Financial arrangements rules).

**Adjustment for unexpired portion**

(3) The unexpired portion of a person’s expenditure at the end of an income year—
   (a) is income of the person in the income year under section CH 2 (Adjustment for prepayments); and
(b) is an amount for which the person is allowed a deduction in the following income year under section DB 41 (Adjustment for prepayments).

Unexpired portion: expenditure on goods

(4) An amount of expenditure on goods is unexpired at the end of an income year if the person has not used up the goods in deriving income by the end of the income year.

Unexpired portion: expenditure on services

(5) An amount of expenditure on services is unexpired at the end of an income year if the services have not been performed by the end of the income year.

Unexpired portion: expenditure on choses in action

(6) An amount of expenditure on a chose in action is unexpired at the end of an income year if the amount relates to a period of enforceability of the chose in action falling after the income year.

Allowances reimbursing employees

(7) In the case of expenditure subject to sections CW 13 (Expenditure on account, and reimbursement, of employees) and CW 14 (Allowance for additional transport costs), this section applies on the basis that the relevant services were performed in the income year in which the employee’s expenditure is expected to occur.

Commissioner’s discretionary relief

(8) The Commissioner may excuse a person from complying with this section under section 91AA of the Tax Administration Act 1994.

Defined: amount, Commissioner, deduction, employee, film right, goods, income, income year, revenue account property, services

Compare: 1994 No 164 s EF 1(1)–(4), (5)(a), (b), (d), (5A)

EA 4 Deferred payment of employment income

When this section applies

(1) This section applies when—

(a) a person is allowed a deduction in an income year for an amount of expenditure on employment income; and
(b) the person has not paid the amount at the close of—
   (i) the 63rd day after the end of the income year; or
   (ii) the period described in subsection (3), for employ-
    ment income paid to a shareholder-employee.

Adjustment for unpaid amount

(2) The unpaid amount is—

(a) income of the person in the income year under section
   CH 3 (Adjustment for deferred payment of employment
   income); and

(b) an amount for which the person is allowed a deduction
    in the following income year under section DB 42
    (Adjustment for deferred payment of employment
    income).

Extension of payment period for shareholder-
employee

(3) For employment income paid to a shareholder-employee, the
63 day period for payment in subsection (1)(b)(i)
is extended until
the last date by which the person could file a return of income
for the income year if the time for filing were extended to its
maximum under section 37(5) of the Tax Administration Act
1994.

Sale of business: obligations transferred to non-
associates

(4) For the purposes of this section, a person (seller) who sells a
business, or a part of a business, to another person (buyer) is
treated as paying, at the time of the sale, an amount of employ-
ment income of an employee working in the business if—

(a) the seller and the buyer are not associated persons at the
time of the sale; and

(b) the seller has incurred the obligation to pay the amount
in the course of their business; and

(c) the employee becomes an employee of the buyer at the
time of the sale; and

(d) the seller and the buyer agree in writing, as part of the
sale arrangements, that—
   (i) the buyer assumes the obligation to pay an
amount of employment income to the employee; and

(ii) the consideration payable by the buyer for the business, or the part of the business, is reduced to take into account the buyer’s assumption of the obligation.

Sale of business: obligations transferred to associates

(5) If subsection (4) would have applied but for the fact that the seller and the buyer are associated at the time of the sale,—

(a) the amount of employment income is not treated as income of the seller in any income year following the sale, despite subsection (2)(a) and section CH 3 (Adjustment for deferred payment of employment income); and

(b) the seller is denied a deduction for the amount of employment income in any income year following the sale, despite subsection (2)(b) and section DB 42 (Adjustment for deferred payment of employment income); and

(c) the buyer may be allowed a deduction under section DC 9(3) (Sale of business: transferred employment income obligations).

No sale: obligations transferred to associates

(6) If section DC 10 (Transfers of employment income obligations to associates) applies,—

(a) the amount of employment income is not treated as income of the transferor (person A) in any income year following the sale, despite subsection (2)(a) and section CH 3 (Adjustment for deferred payment of employment income); and

(b) the transferor is denied a deduction for the amount of employment income in any income year following the sale, despite subsection (2)(b) and section DB 42 (Adjustment for deferred payment of employment income); and

(c) the transferee (person B) may be allowed a deduction under section DC 10 (Transfers of employment income obligations to associates).

Accounting treatment of transferred obligations

(7) For the purposes of this section, the buyer of a business, or a part of a business, who assumes at the time of the sale an obligation to pay an amount of employment income—
(a) may account for the amount in a way that treats the relevant employee individually or treats the buyer’s employees as a group; and

(b) must account for the amount in the same way in each relevant income year.

Defined: amount, associated person, business, deduction, employee, employment income, income, income year, return of income, shareholder-employee, time of the sale

Compare: 1994 No 164 ss DF 11(3), EF 1(5)(c), (6), (6A), EF 1A

Group company transfers
   EB 22 Transfers of trading stock within wholly-owned groups
**Introductory provisions**

**EB 1 When this subpart applies**

This subpart applies when a person who owns or carries on a business holds trading stock for the purpose of selling or exchanging it in the ordinary course of the business.

*Defined:* business, trading stock

Compare: 1994 No 164 s EE 1

**EB 2 Meaning of trading stock**

**Meaning**

(1) In the provisions referred to in paragraph (a) of the definition of *trading stock* in section OB 1 (Definitions), *trading stock* means property that a person who owns or carries on a business holds for the purpose of selling or exchanging in the ordinary course of the business.

**Inclusions**

(2) Trading stock includes—

(a) partly completed work that would, if completed, be trading stock under subsection (1):

(b) property that the person holds for use in producing trading stock:

(c) property on which the person has incurred expenditure, when the property would, if they held it, be trading stock under subsection (1) or paragraph (a) or (b):

(d) property leased under a hire purchase agreement when the property—

(i) is treated as having been acquired by the lessor under section FC 10(2) (Taxation of hire purchase agreements); and

(ii) is an asset of a business that the lessor carries on.

**Exclusions**

(3) Trading stock does not include—

(a) land:

(b) depreciable property:

(c) a financial arrangement:

(d) an excepted financial arrangement:

(e) livestock not used in dealing operations:
(f) a consumable item to be used in the process of producing trading stock;
(g) a spare part not held for sale or exchange.

**Defined:** business, depreciable property, excepted financial arrangement, financial arrangement, hire purchase agreement, land, lessor, trading stock

Compare: 1994 No 164 s OB 1 “trading stock”

**EB 3 Valuation of trading stock**

**Taking into account closing values**

(1) A person who carries on a business must determine the value of their trading stock at the end of an income year by a method that is available under this subpart for them to use. The value of that closing stock is the closing value to be taken into account in **section EA 1** (Trading stock, livestock, and excepted financial arrangements).

**Opening value**

(2) The opening value of trading stock is the value of the person’s closing stock at the end of the previous income year.

**Defined:** business, closing stock, closing value, income year, opening value, trading stock

Compare: 1994 No 164 s EE 2(1)–(3)

**EB 4 Summary of valuation methods**

**Standard valuation**

(1) The standard valuation methods for trading stock are—

(a) cost, determined using generally accepted accounting practice:

(b) discounted selling price, if used for financial reporting purposes:

(c) replacement price, if used for financial reporting purposes:

(d) market selling value, if this value is lower than cost.

**Valuation by low-turnover trader**

(2) A person who is a low-turnover trader may choose to value closing stock by a means described in **section EB 12**.

**Low-value trading stock**

(3) Under certain conditions, a person may value closing stock under **section EB 21**.
Transfers of trading stock within wholly-owned group

(4) Trading stock transferred between companies in a wholly-owned group of companies is dealt with in section EB 22.

Defined: closing stock, company, cost, generally accepted accounting practice, low-turnover trader, trading stock, wholly-owned group of companies

Compare: 1994 No 164 ss EE 2A, EE 3(1), (2)

Standard valuation

EB 5 Cost of trading stock

Valuation at cost

(1) A person may determine the value of their trading stock at the end of an income year at cost. If the person chooses this method, they must include and allocate costs in accordance with generally accepted accounting practice and the valuation must be materially correct.

Materially correct valuation

(2) For the purposes of subsection (1), the person has not complied with generally accepted accounting practice if the value of closing stock is materially different from the value obtained by applying, to the closing stock, Financial Reporting Standard No 4 (Accounting for Inventories) approved under the Financial Reporting Act 1993 or an equivalent standard issued in its place.

Allocation of costs for manufactured or produced stock

(3) This subsection applies to a person (other than a low-turnover trader) who determines the value of closing stock at cost, using a budgeted method or a standard cost method of cost allocation in a business of manufacturing or producing trading stock. If any difference arises between the estimated costs of production that are included in the financial statements of the business for the income year and the actual costs of production, the person must apportion this variance between the cost
of trading stock sold during the income year and the closing stock.

**Defined:** business, closing stock, cost, financial statements, generally accepted accounting practice, income year, low-turnover trader, trading stock

Compare: 1994 No 164 s EE 5(1)–(3)

**EB 6 Identifying trading stock**

When items of trading stock are not separately identifiable, a person must use a cost-flow method to identify those items of trading stock that are included in closing stock and the cost of those items. A person may also use a cost-flow method to calculate the cost of trading stock that can be separately identified.

**Defined:** closing stock, cost, trading stock

Compare: 1994 No 164 s EE 5(5), (6)

**EB 7 Cost-flow methods of assigning costs**

**Cost-flow methods**

(1) The cost-flow methods of assigning costs are—

(a) the first-in first-out method:

(b) the weighted average cost method.

**Consistent use**

(2) When calculating the value of closing stock at cost, a person must adopt the same cost-flow method of assigning costs as they use in their financial statements for that income year.

**Defined:** closing stock, cost, financial statements, income year

Compare: 1994 No 164 s EE 6(1), (2)

**EB 8 Discounted selling price**

**Valuation by discounted selling price**

(1) A person may determine the value of their trading stock at the end of an income year at its discounted selling price, but only if they use discounted selling price for the trading stock in their financial statements.

**Establishing discounted selling price for retailers**

(2) If the person is a retailer, the discounted selling price for each department or category of goods is the sum of retail selling
prices of the goods minus the normal gross profit margin for the department or category of goods. A modification of this valuation method for retailers whose turnover is less than $1,000,000 is in section EB 17.

Establishing discounted selling price for others

(3) If the person is not a retailer, the discounted selling price for each category of goods is the total market selling value of the goods minus the normal gross profit margin for the category of goods.

Calculating normal gross profit margin

(4) In this section, the normal gross profit margin is the proportion of the selling price that is the normal gross profit margin of the relevant goods. The person must calculate the normal gross profit margin for each income year for each department or category of goods. In calculating the total cost of the goods, they must include all costs required under sections EB 5 and EB 6.

Defined: cost, financial statements, income year, trading stock, turnover

Compare: 1994 No 164 ss EE 8, EE 10

EB 9 Replacement price

Valuation by replacement price

(1) A person may determine the value of their trading stock at the end of an income year at its replacement price, but only if they use replacement price for the trading stock in their financial statements.

Establishing replacement price

(2) The replacement price is the market price of acquiring the equivalent trading stock on the last day of the income year. If there is no such market price, the replacement price is the last price that the person paid during the income year in acquiring equivalent trading stock.

Defined: financial statements, income year, trading stock

Compare: 1994 No 164 s EE 11(1)–(3)
EB 10 Market selling value

Valuation by market selling value
(1) A person may determine the value of their trading stock at the end of an income year at its market selling value, but only if the market selling value is less than the cost of the trading stock.

Establishing market selling value
(2) The market selling value of trading stock is found by taking the amount that the person would normally expect to receive in the ordinary course of business from the sale of the trading stock and subtracting the following costs:
(a) the estimated costs of completion; and
(b) the expected costs of selling the trading stock.

Expected costs of selling
(3) For the purposes of subsection (2)(b), the expected costs of selling the trading stock are the costs that the person usually incurs for the following:
(a) transportation:
(b) insurance:
(c) sales commissions:
(d) discounts to buyers.

Expected costs of selling: financial statements
(4) For the purposes of subsection (3), if the person prepares financial statements, the costs must have been taken into account in the statements in calculating net realisable value.

Substantiating market selling value
(5) If the person uses market selling value to value closing stock, they must be able to substantiate that value. If they cannot substantiate that value, they must use 1 of the following to value their closing stock:
(a) cost, as described in section EB 5 or EB 13; or
(b) discounted selling price, as described in section EB 8 or EB 17; or
(c) replacement price, as described in section EB 9 or EB 18.

Defined: amount, business, closing stock, cost, financial statements, income year, trading stock

Compare: 1994 No 164 ss EE 3(1), EE 12

446
EB 11 Valuing closing stock consistently

In calculating the value of closing stock at cost, or by discounted selling price or replacement price, a person must comply with the consistency and disclosure requirements of Financial Reporting Standard No 1 (Disclosure of Accounting Policies) approved under the Financial Reporting Act 1993 or an equivalent standard issued in its place.

Defined: closing stock, cost

Compare: 1994 No 164 s EE 16(1)

Low-turnover valuation

EB 12 Low-turnover valuation

Option to use a standard method or a low-turnover method

(1) A person who is a low-turnover trader may value closing stock by a standard valuation method as described in sections EB 5 to EB 11, by a low-turnover valuation method as described in sections EB 12 to EB 20, or under certain conditions as low-value trading stock under section EB 21.

Low-turnover valuation methods

(2) The low-turnover valuation methods are—

(a) cost for low-turnover traders (section EB 13); or
(b) discounted selling price for low-turnover traders (section EB 17); or
(c) replacement price for low-turnover traders (section EB 18); or
(d) market selling value for low-turnover traders (section EB 19).

Meaning of low-turnover trader

(3) In this subpart, low-turnover trader means a person who carries on a business when, in an income year, the total of the turnover of the business and the turnover of associated persons, as defined in section OD 8(1)(a) or (b) (Further definitions of associated persons), is no more than the greater of—

(a) $3,000,000; and
(b) the amount set by the Governor-General by Order in Council.
**Turnover limit**

(4) For the purposes of subsection (3), the Governor-General may, by Order in Council, increase the limit set out in that subsection.

*Defined:* amount, associated person, business, closing stock, cost, income year, low-turnover trader, prescribed, turnover

Compare: 1994 No 164 ss EE 2A(2), EE 3(2), EE 5(7), EE 6(3), EE 8(1), EE 10(1), EE 11(1), OB 1 "small taxpayer"

**EB 13 Cost for low-turnover traders**

**Valuation at cost**

(1) A low-turnover trader may determine the value of their trading stock at the end of an income year at cost. If they choose this method, the low-turnover trader must calculate the value in accordance with generally accepted accounting practice or under section EB 14 or EB 16.

**Option to use cost-flow methods**

(2) Section EB 6 applies to a valuation under this section.

*Defined:* cost, generally accepted accounting practice, income year, low-turnover trader, trading stock

Compare: 1994 No 164 ss EE 3(1), EE 5(5)–(7)

**EB 14 Costs of manufacturing or producing trading stock**

**Costs involved**

(1) For the purposes of section EB 13, in determining the cost of closing stock that a low-turnover trader manufactures or produces, the low-turnover trader must take into account the following costs of production:

(a) direct and indirect material costs:
(b) direct and indirect labour costs:
(c) utilities costs:
(d) costs of repairing and maintaining factory plant:
(e) costs of rent of factory plant:
(f) amounts of depreciation loss on factory plant.

**Additional costs**

(2) If a low-turnover trader prepares financial statements and, in an income year, includes in the financial statement production costs that are additional to the costs described in subsection (1),
the trader must include the production costs in determining the cost of closing stock in the income year.

**Defined:** closing stock, cost, depreciation loss, financial statements, income year, low-turnover trader, trading stock

Compare: 1994 No 164 s EE 7(1), (2)

**EB 15 Allocation of costs for manufactured or produced trading stock**

**When this section applies**

(1) This section applies when a low-turnover trader chooses a low-turnover valuation method, and determines the value of closing stock at cost, using a budgeted or standard cost method of allocation in a business of manufacturing or producing trading stock.

**Variances**

(2) The low-turnover trader is not required to adjust the value of the closing stock for any differences that arise between the estimated costs of production that are included in the financial statements of the business for the income year and the actual costs of production.

**Defined:** business, closing stock, cost, financial statements, income year, low-turnover trader, trading stock

Compare: 1994 No 164 s EE 5(3)

**EB 16 Costs of acquiring trading stock**

For the purposes of section EB 13, in determining the cost of closing stock that a low-turnover trader acquires other than by manufacture or production, the low-turnover trader must take into account, in addition to the purchase price, any direct transport and insurance costs that they incur in bringing the trading stock to the place and condition in which they hold it.

**Defined:** closing stock, cost, low-turnover trader, trading stock

Compare: 1994 No 164 ss EE 7(3), OB 1 “cost”

**EB 17 Discounted selling price for low-turnover traders**

**Valuation by discounted selling price**

(1) A low-turnover trader who does not prepare financial statements may determine the value of their trading stock at the end of an income year at its discounted selling price. A low-
turnover trader who prepares financial statements may use this method only if they use discounted selling price for the trading stock in their financial statements.

**Establishing discounted selling price for retailers**

(2) If the low-turnover trader is a retailer whose turnover is $1,000,000 or more, the discounted selling price for each department or category of goods is the total of the retail selling prices of the goods minus the normal gross profit margin for the department or category of goods.

**Establishing discounted selling price for others**

(3) If the low-turnover trader is not a retailer, the discounted selling price for each category of goods is the total market selling value of the goods minus the normal gross profit margin for the category of goods.

**Calculating normal gross profit margin**

(4) In subsections (2) and (3), the normal gross profit margin is the proportion of the selling price that is the normal gross profit margin for the relevant goods calculated under Financial Reporting Standard No 4 (Accounting for Inventories) or an equivalent standard issued in its place. The low-turnover trader must calculate the normal gross profit margin for each income year for each department or category of goods. They must include all costs required under sections EB 5 and EB 6 or EB 13 and EB 14, as applicable.

**Turnover of $1,000,000 or less**

(5) A low-turnover trader who is a retailer whose turnover is no more than $1,000,000 may determine the discounted selling price of all closing stock valued under this method in an income year by discounting the total of the retail selling prices of the stock by the average gross profit margin for all trading stock valued under this method in that income year.

**Turnover limit**

(6) The Governor-General may, by Order in Council, increase the turnover limit set out in subsection (5).

*Defined:* amount, closing stock, cost, financial statements, income year, low-turnover trader, prescribed, trading stock, turnover

*Compare:* 1994 No 164 ss EE 8–EE 10, EE 21

450
EB 18 Replacement price for low-turnover traders

Financial statements prepared
(1) A low-turnover trader who prepares financial statements may determine the value of their trading stock at the end of an income year at its replacement price only if they use replacement price for the trading stock in their financial statements.

Financial statements not prepared
(2) A low-turnover trader who does not prepare financial statements may determine the value of their trading stock at the end of an income year at its replacement price.

Establishing replacement price
(3) The replacement price is the market price of acquiring the equivalent trading stock on the last day of the income year. A low-turnover trader may, however, use the last price paid in an income year for equivalent stock as the replacement price.

Defined: financial statements, income year, low-turnover trader, trading stock

Compare: 1994 No 164 s EE 11(1), (2), (4)

EB 19 Market selling value for low-turnover traders

Valuation by market selling value
(1) A low-turnover trader may determine the value of their trading stock at the end of an income year at its market selling value, whether that value is higher or lower than cost. However, if the value is higher than cost, the trader must be consistent from 1 income year to the next in their use of market selling value to determine the value of closing stock.

Establishing market selling value
(2) Section EB 10(2) to (4) applies to a valuation under this section.

Defined: closing stock, cost, income year, low-turnover trader, trading stock

Compare: 1994 No 164 ss EE 3(2), EE 12, EE 16(3)
EB 20 Valuing closing stock consistently

Valuation under generally accepted accounting practice

(1) In calculating the value of closing stock at cost, or by discounted selling price or replacement price, a low-turnover trader who determines the value of closing stock under generally accepted accounting practice must comply with the consistency and disclosure requirements of Financial Reporting Standard No 1 (Disclosure of Accounting Policies) approved under the Financial Reporting Act 1983 or an equivalent standard issued in its place.

Matters requiring consistency from year to year

(2) When subsection (1) does not apply, a low-turnover trader must be consistent from 1 income year to the next in—
(a) their choice of valuation method:
(b) the extent to which they include indirect costs in the cost of stock that they manufacture or produce:
(c) their use of a cost-flow method of assigning costs under section EB 7:
(d) their method of calculating discounted selling price:
(e) their use of market selling value if it is greater than cost.

When changes allowed

(3) Despite the requirement for consistency in subsection (2), a low-turnover trader may make changes in relation to the matters described in subsection (2) if—
(a) the change is justified by sound commercial reasons. (The advancement, deferral, or reduction of an income tax liability is not a sound commercial reason.); or
(b) the change is required by another provision in this subpart.

Records

(4) A low-turnover trader who makes a change as described in subsection (3) must keep sufficient details of, and the reasons for, the change in accordance with section 22 of the Tax Administration Act 1994.

Defined: closing stock, cost, generally accepted accounting practice, income tax liability, income year, low-turnover trader

Compare: 1994 No 164 ss EE 6(3), EE 16(2)–(5)
Low-value trading stock

EB 21 Valuing closing stock under $5,000

When the turnover of a person (including a low-turnover trader) at the end of an income year is no more than $1,300,000, they may use the opening value of their trading stock as the value of closing stock for the income year, but only if they reasonably estimate that the value of the closing stock is less than $5,000.

Defined: closing stock, income year, low-turnover trader, opening value, trading stock, turnover

Compare: 1994 No 164 s EE 2A

Group company transfers

EB 22 Transfers of trading stock within wholly-owned groups

When this section applies

(1) This section applies in an income year to trading stock held by companies that are members of the same wholly-owned group of companies when all the following apply:

(a) a group company (company A) originally acquires and holds the trading stock; and

(b) from the time it is acquired to the end of the income year, the trading stock is held within the group by a company or companies that are resident in New Zealand; and

(c) through transfers within the group, another group company (company B) holds the trading stock at the end of the income year; and

(d) company A and company B remain members of the group at the end of the income year; and

(e) either—

(i) the income years of company A and company B end on the same date; or

(ii) they end on different dates, and the Commissioner has approved both dates as corresponding to the end of a business cycle and as necessary to avoid material distortion of net income that would occur if the income years ended on the same date.
Choice of treatment

(2) Company B may choose to value the closing stock at the cost of the trading stock to company A.

When company stops being member of group

(3) Despite subsection (2), if company B stops being a member of the wholly-owned group, the company is treated as disposing of and reacquiring the trading stock at its market value at the time the company stops being a member of the group. If the market value of the trading stock cannot be determined separately from other property, the value of the trading stock is taken to be its market value at the time company B acquired it.

Defined: business, closing stock, Commissioner, company, income year, market value, net income, resident in New Zealand, trading stock, wholly-owned group of companies

Compare: 1994 No 164 s EE 15

EC 46  Replacement breeding stock
Introductory provisions

EC 1 Valuation of livestock

What this subpart does
(1) This subpart sets out the rules for valuing livestock. For this purpose, livestock is divided into the following groups:
   (a) listed livestock:
   (b) non-listed livestock:
   (c) high-priced livestock:
   (d) bloodstock.

Exclusion
(2) This subpart applies only to livestock held for use in a business, and not to livestock used in dealing operations. The valuation of livestock used in dealing operations is dealt with in subpart EB (Valuation of trading stock (including dealer’s livestock)).

Defined: bloodstock, business, high-priced livestock, listed livestock, non-listed livestock

Compare: 1994 No 164 s EE 2(1)

EC 2 General rule for valuation of livestock
A person must determine the value of their livestock at the end of an income year by a method that is available for them to use. The value determined is the livestock’s closing value to be taken into account under section EA 1 (Trading stock, livestock, and excepted financial arrangements).

Defined: closing value, income year

Compare: 1994 No 164 s EL 1(1)

EC 3 Valuation methods

Listed livestock
(1) The value of listed livestock is determined under sections EC 8 to EC 26.

Non-listed livestock
(2) The value of non-listed livestock is determined under sections EC 27 to EC 30.

High-priced livestock
(3) The value of high-priced livestock is determined under sections EC 31 to EC 35.

Bloodstock

(4) The value of bloodstock is determined under sections EC 36 to EC 46.

Defined: bloodstock, high-priced livestock, listed livestock, non-listed livestock

Compare: 1994 No 164 s EL 1(1)

EC 4 Interests in livestock

Joint election of valuation method

(1) When listed livestock is owned jointly by 2 or more persons, those owners must choose a valuation method. For the election to be effective, it must be made jointly by all the owners.

When election ineffective

(2) If there is not an effective election, listed livestock owned jointly is valued as follows:

(a) if the owners bail or lease the livestock to another person during the income year, at market value:

(b) if the owners enter into a profit-sharing arrangement for the livestock, at market value:

(c) in any other case, under the national standard cost scheme.

Partnerships and other interests

(3) For the purpose of an election under this section, a person’s interest in a partnership that owns livestock is treated separately from any other interest that the person has in livestock. Separate elections are required for the person’s partnership interest and for their other livestock interests, but the person is not required to choose the same valuation method in both cases.

Defined: income year, lease, listed livestock, market value, national standard cost scheme, profit-sharing arrangement

Compare: 1994 No 164 s EL 2(6)
EC 5 Changes in partnership interests

Related interests
(1) A new partnership that owns listed livestock is subject to a rule about related interests that applies in the income year in which the change in partnership interests occurs.

When rule applies
(2) The rule applies when, at the end of the income year, more than 50% of the property of the new partnership is owned by persons who, during that income year or in the previous income year, owned all the property of another partnership that—
(a) was formed before the new partnership; and
(b) derived income in either income year from listed livestock of the same type as that owned by the new partnership.

Valuation in income year of change
(3) When the rule applies, the value of listed livestock owned by the new partnership must be taken into account in the way the other partnership determines the value of livestock of the particular type at the end of the income year of change. If the other partnership has no listed livestock of the type on hand at the end of that income year, the value is taken into account as that partnership would have determined it, had it owned listed livestock of that type.

Defined: income, income year, listed livestock, type
Compare: 1994 No 164 s EL 1(2)

EC 6 Value of livestock on death of person

Market value
(1) On the death of a person who was deriving income from livestock, the value of livestock on hand at the date of death is its market value at that time. This section overrides both the person’s chosen valuation method and the general rule in section EC 2.

Death of partner
(2) On the death of a partner in a partnership that is deriving income from livestock, the partner’s share of the livestock of the partnership is valued at market value at the date of death.

Livestock in herd scheme

(3) If a person who is deriving income from herd livestock dies before 1 February in an income year, and their return of income to the date of death is filed before the national average market values for the income year are set, the value of the livestock is its herd value for the previous income year. If the person has elected to use a herd value factor, the value of the livestock is its herd value for the previous income year multiplied by the factor applying in the previous income year.

Defined: herd livestock, herd scheme, herd value, herd value factor, income, income year, market value, national average market value, return of income

Compare: 1994 No 164 ss EL 1(3), (4), EL 5(6)

EC 7 Transfers of livestock within wholly-owned groups

When this section applies

(1) This section applies in an income year to livestock held by companies that are members of the same wholly-owned group of companies when all the following apply:
   (a) a group company (company A) originally acquires and holds the livestock; and
   (b) from the time it is acquired to the end of the income year, the livestock is held within the group by a company or companies that are resident in New Zealand; and
   (c) through transfers within the group, another group company (company B) holds the livestock at the end of the income year; and
   (d) company A and company B remain members of the group at the end of the income year; and
   (e) either—
      (i) the income years of company A and company B end on the same date; or
      (ii) they end on different dates, and the Commissioner has approved both dates as corresponding to the end of a business cycle and as necessary to avoid material distortion of net income that
would occur if the income years ended on the same date.

Choice of treatment
(2) Company B may choose to value the closing stock at the cost of the livestock to company A.

When company stops being member of group
(3) If company B stops being a member of the wholly-owned group, the company is treated as disposing of and reacquiring the livestock at its market value at the time the company stops being a member of the group. If the market value of the livestock cannot be determined separately from other property, the value of the livestock is taken to be its market value at the time company B acquired it.

Defined: business, closing stock, Commissioner, company, income year, market value, net income, resident in New Zealand, wholly-owned group of companies

Compare: 1994 No 164 s EE 15

Valuation of listed livestock

EC 8 Application of sections EC 9 to EC 26
Sections EC 9 to EC 26 set out the rules for valuing listed livestock.

Defined: listed livestock

Compare: 1994 No 164 s EL 1(1)(d)

EC 9 Valuation methods for listed livestock

Methods
(1) Four methods are available for valuing listed livestock. The methods are—
(a) the herd scheme described in sections EC 10 to EC 16;
(b) the national standard cost scheme described in sections EC 17 to EC 19;
(c) 1 of the cost price, market value, or replacement price options described in section EC 20;
(d) 1 of the bailment options described in sections EC 21 to EC 24.

Person chooses
Income Tax

(2) A person must choose which method to use, making their election by using the method chosen in their return of income for an income year.

Election continues

(3) When a person chooses a valuation method, that method continues to apply in the following income years unless they choose another method that is available to them.

Commissioner’s determination

(4) If a person chooses a valuation method that is not available to them and they later make no valid election, the Commissioner must determine the method to be used. In doing so, the Commissioner must consult the person.

Restrictions

(5) Restrictions apply to the use of valuation methods and the making of elections, as described in sections EC 25 and EC 26.

Defined: Commissioner, cost price, herd scheme, income year, listed livestock, market value, national standard cost scheme, replacement price, return of income

Compare: 1994 No 164 s EL 2(1), (8)

Herd scheme

EC 10 Herd scheme

Election to use herd scheme

(1) A person may choose to value listed livestock of any type and class under the herd scheme. A person who has chosen to value livestock of a particular type under the herd scheme may nevertheless value any or all livestock of that type by another method, subject to the 2 restrictions described in subsections (3) and (4). The alternative valuation options are national standard cost, cost price, market value, and replacement price.

Election to leave herd scheme

(2) A person who wishes to stop valuing livestock of a particular type under the herd scheme must give 2 years’ notice to the Commissioner in the way described in section EC 26. However, notice is not required if the person values livestock of that type by another method that is available for use in conjunction with the herd scheme.
Restriction: reduced numbers in herd scheme

(3) The first restriction on the use of an alternative valuation option occurs when livestock of a particular class are valued under the herd scheme. The numbers of livestock in that class must not be reduced below the number valued in that class under the herd scheme at the end of the previous income year.

Restriction: male breeding stock

(4) The second restriction on the use of an alternative valuation option occurs when livestock of a particular type are valued both under the herd scheme and under the national standard cost scheme or the cost price option. All male breeding stock of that type must be valued under the herd scheme in the income year.

Defined: class, Commissioner, cost price, herd scheme, income year, listed livestock, market value, matrimonial agreement, national standard cost scheme, notice, replacement price, type

Compare: 1994 No 164 ss EL 2(2), (4), (7), EL 5(3), (4)

EC 11 Valuation under herd scheme

Closing value of herd livestock

(1) The value of herd livestock to be taken into account at the end of an income year is either its herd value based on the national average market values set for each class for that income year or, if a herd value factor is adopted, its herd value multiplied by its herd value factor.

Opening value of herd livestock

(2) The opening value of herd livestock in an income year is determined under subsection (3) if a person—
(a) has livestock on hand at the start of an income year; and
(b) has valued the livestock under the herd scheme in the previous income year; and
(c) has not chosen for the current income year to value the livestock by a different method.

Determining opening value

(3) The value of herd livestock to be taken into account at the start of the income year is either its herd value for the income year or, if the person has adopted a herd value factor, its herd value for that income year multiplied by its herd value factor for the
previous income year. This subsection overrides section EA 1(7) (Trading stock, livestock, and excepted financial arrangements).

**Defined:** class, closing value, herd livestock, herd scheme, herd value, herd value factor, income year, national average market value, opening value

Compare: 1994 No 164 s EL 5(1), (2)

**EC 12 Herd value factor**

**Adoption of herd value factor**

(1) A herd value factor is available for a person to use in calculating the value of listed livestock in the herd scheme. A person may adopt a herd value factor for herd livestock of a particular type by giving notice in the way described in section EC 26. A person may also adopt a recalculated factor by giving notice in the same way.

**Chatham Islands livestock**

(2) Herd value factors calculated under subsection (5) do not apply to livestock on the Chatham Islands. The Chatham Islands adjustment to the herd value factor is dealt with in section EC 14.

**When herd value factor applies**

(3) When a person adopts a herd value factor for livestock of a particular type, the factor applies in the income year specified in the notice and in later income years until—

(a) the income year in which it is superseded by a recalculation of the factor; or

(b) the income year in which the person stops valuing (by election) livestock of that type under the herd scheme; or

(c) the income year following 2 consecutive income years in which the person has not valued livestock of that type under the herd scheme.

**Assessment of average value**

(4) For the purpose of calculating a herd value factor, a person must obtain from a recognised livestock valuer an assessment of the value of an average animal of that person in each applicable class of livestock. The value is determined as at the
30 April that is closest to the day on which the national average market values are set.

**Calculation of herd value factor**

(5) The herd value factor for livestock of a particular type is calculated by using the formula in subsection (6) and rounding the result of the calculation to the nearest of the following figures: 0.9, 1.0, 1.1, 1.2, 1.3.

**Formula**

(6) The formula is—

\[ \frac{\Sigma (\text{average value} \times \text{number})}{\Sigma (\text{herd value} \times \text{number})}. \]

**Definition of items in formula**

(7) In the formula,—

(a) \( \Sigma \) is the total of the individual calculations for all applicable classes of livestock type valued under the herd scheme:

(b) **average value** is the average value of an animal in a class as described in subsection (4):

(c) **number** is the number of all livestock of that class on hand at the end of the income year (including livestock that are not in the herd scheme, but not including high-priced livestock):

(d) **herd value** is the herd value of livestock for a class.

**Defined:** class, herd livestock, herd scheme, herd value, herd value factor, high-priced livestock, income year, listed livestock, livestock on the Chatham Islands, national average market value, notice, type

Compare: 1994 No 164 s EL 6(1)–(3), (5)

**EC 13 Inaccurate herd value factor**

The Commissioner may require a person who is using an inaccurate herd value factor for a type of livestock in an income year to recalculate the herd value factor. If the recalculation differs from the existing factor for that income year, the Commissioner may amend the assessment of income tax for that income year and any later income year and may substitute the recalculated herd value factor for that previously applied by the person.

**Defined:** Commissioner, herd value factor, income tax, income year, type

Compare: 1994 No 164 s EL 6(4)
EC 14 Chatham Islands adjustment to herd value

Adjustment for herd livestock on Chatham Islands
(1) A person may adopt an adjustment for herd livestock on the Chatham Islands by giving notice in the way described in section EC 26.

When adjustment applies
(2) When a person adopts a Chatham Islands adjustment as a herd value factor, it applies as a herd value factor to a particular type of livestock on the Chatham Islands at the end of the income year specified in the notice and in later income years until—
(a) the income year in which the person stops valuing (by election) livestock of that type in the herd scheme; or
(b) the income year following 2 consecutive income years in which the person has not valued livestock of that type on the Chatham Islands under the herd scheme.

Setting adjustment
(3) The Commissioner must set and may vary from time to time the level of Chatham Islands adjustment to the herd value factor that applies in an income year.

Defined: Commissioner, herd livestock, herd scheme, herd value, herd value factor, income year, livestock on the Chatham Islands, notice, type

Compare: 1994 No 164 s EL 6(6), (7)

EC 15 Herd livestock disposed of before values set

When this section applies
(1) This section applies when, in an income year, a person—
(a) stops deriving income from listed livestock; and
(b) disposes of herd livestock before the 1 February that precedes the setting of the national average market values for the income year; and
(c) gives notice to the Commissioner before that 1 February that they choose that this section applies to the valuation of the herd livestock.

Value of herd livestock
(2) The value of herd livestock that is disposed of is either the herd value of the livestock for the previous income year or, if
a person has adopted a herd value factor, the herd value multiplied by the herd value factor applying in the previous income year.

**Defined:** Commissioner, herd livestock, herd value, herd value factor, income, income year, listed livestock, national average market value, notice

Compare: 1994 No 164 s EL 5(6)

**EC 16 Setting national average market values**

The Commissioner must determine for an income year a national average market value for each class of listed livestock set out in schedule 8, column 2 (Types and classes of livestock). The value determined applies to that income year whether it began before, on, or after the date on which the determination is made.

**Defined:** class, Commissioner, income year, listed livestock, national average market value

Compare: 1994 No 164 s EL 8

**National standard cost scheme**

**EC 17 National standard cost scheme**

**Election to use national standard cost scheme**

(1) A person may choose to value listed livestock under the national standard cost scheme, subject to the 3 restrictions described in subsections (2) to (4). Under the national standard cost scheme, livestock are grouped by category. The categories are listed in schedule 9 (Categories of livestock for which national standard costs to be declared).

**Restriction: bailed or leased livestock**

(2) The first restriction occurs when a person has bailed or leased listed livestock to another person under a long-term bailment. The national standard cost scheme is not available to the person to value the livestock in the income year. However, this restriction does not apply if the person makes the livestock available under a profit-sharing arrangement. The treatment of livestock under a bailment, lease, or other arrangement is dealt with in sections EC 21 to EC 24.

**Restriction: determination**

(3) The second restriction occurs when a determination made under section EC 19 precludes the use of the national standard
cost scheme for any livestock. The scheme is not available to a person to value the livestock.

**Restriction: cost price**

(4) The third restriction occurs when a person values any listed livestock in an income year at cost price. The option to value livestock under the national standard cost scheme is not available for that income year.

**Closing value**

(5) When a person chooses to value listed livestock under the national standard cost scheme, the closing value of the livestock at the end of an income year is the cost of that livestock calculated under the determination made by the Commissioner under section EC 19.

*Defined:* closing value, Commissioner, cost price, income year, lease, listed livestock, long-term bailment, national standard cost scheme, profit-sharing arrangement

Compare: 1994 No 164 ss EL 3(3), EL 4(1)–(3), EL 7(2)

**EC 18 Determination of national standard cost by Commissioner**

**Determination of costs**

(1) The Commissioner must determine national standard costs for each category of listed livestock. The determination must take into account, as applicable,—

(a) the average breeding, rearing, and growing costs for animals in the category;

(b) the average rearing and growing costs for animals in the category.

**When determination applies**

(2) The national standard costs determined under **subsection (1)** may apply to an income year whether or not the income year began before, on, or after the date on which the determination is made.

*Defined:* Commissioner, income year, listed livestock

Compare: 1994 No 164 s EL 3A(1)
EC 19 Methods for determining costs using national standard cost scheme

Determination of methods for calculation of cost

(1) The Commissioner must determine the methods for calculating the cost of livestock listed in schedule 9, column 2 (Categories of livestock for which national standard costs to be declared). The costs determined in this way apply to the calculation of the value of listed livestock under section EC 17.

Average cost

(2) For the purposes of subsection (1), the determination must establish a process for finding an average cost to be applied to all listed livestock valued under the national standard cost scheme. The process must take into account—

(a) the number of homebred livestock that a person has on hand at any time, applying to that number the relevant national standard costs determined under section EC 18;

(b) in addition to paragraph (a), the number in each category of livestock listed in schedule 9, column 2 (Categories of livestock for which national standard costs to be declared) that a person has on hand at any time, applying to that number the relevant national standard costs determined under section EC 18;

(c) the number of livestock bought, applying to that number the purchase costs associated with that livestock.

Content of determination

(3) The matters that may be included in the determination are set out in section 91AB of the Tax Administration Act 1994.

Defined: Commissioner, listed livestock, national standard cost scheme

Cost price, market value, and replacement price options

EC 20 Cost price, market value, or replacement price

Election

(1) A person may choose to value listed livestock at its cost price, subject to the 2 restrictions described in subsections (2) and (3), or at its market value, or at its replacement price.
Restriction: bailed or leased livestock

(2) The first restriction on the use of the cost price option occurs when a person has bailed or leased their listed livestock to another person. The first person must not value that livestock in an income year at cost price unless—
(a) the livestock is bailed or leased under a short-term bailment, as described in section EC 22; or
(b) the livestock is bailed or leased under a profit-sharing arrangement, as described in section EC 23.

Restriction: national standard cost scheme

(3) The second restriction on the use of the cost price option occurs when a person values any listed livestock in an income year under the national standard cost scheme. The option to value livestock at cost price is not available for that income year.

Changing to cost price option

(4) If a person chooses in an income year to change to the cost price option from another valuation method, the opening value of the affected livestock is the closing value of that livestock at the end of the previous income year determined under the method used in that previous income year.

Defined:
closing value, cost price, cost price option, income year, lease, listed livestock, market value, national standard cost scheme, opening value, profit-sharing arrangement, replacement price, short-term bailment

Compare: 1994 No 164 ss EL 3, EL 7(2)

Listed livestock under bailment, lease, or other arrangements

EC 21 Bailee’s treatment of livestock

When this section applies

(1) This section applies when a person has the use of listed livestock or high-priced livestock under a bailment, lease, or other agreement and the terms require the person to return the livestock to the person who made it available or to pay full compensation for the livestock.

Closing livestock numbers

(2) A person who has the use of livestock under a bailment, lease, or other agreement described in subsection (1) is treated as
owning and must take into account at the end of an income year the total number for all classes calculated using the formula—

\[ \text{total livestock} - \text{bailed livestock}. \]

**Definition of items in formula**

(3) In the formula,—

(a) **total livestock** is all the livestock that the person has on hand in each class at the end of the income year, including the livestock that the person owns, and the livestock that the person has the use of under the bailment, lease, or other agreement:

(b) **bailed livestock** is all the livestock in a class that a person has been given the use of under a bailment, lease, or other agreement that remains in force at the end of the income year.

**Result of applying formula**

(4) If the result of applying the formula in subsection (2) is positive, the person is treated as the owner of any surplus livestock. If the result is negative, the person must make an adjustment for the deficiency by treating it as a negative number.

**Defined:** class, closing value, herd scheme, high-priced livestock, income year, lease, listed livestock

Compare: 1994 No 164 s EL 7(1)

**EC 22 Bailor’s treatment of livestock**

**When this section applies**

(1) This section applies when a person who owns listed livestock or high-priced livestock makes the livestock available for use by another person under a bailment, lease, or other agreement.

**Restriction on use of national standard cost scheme**

(2) The national standard cost scheme is not available to the person who makes listed livestock available for use under a long-term bailment. This restriction does not apply to profit-sharing arrangements, as described in section EC 23.

**Restriction on use of cost price option**
(3) The cost price option is available to the person only when they make listed livestock available for use under a short-term bailment or a profit-sharing arrangement. If the short-term bailment is made between associated persons, the consideration paid by the person to the bailee or lessee must be the market value.

Defined: associated person, cost price option, high-priced livestock, lease, lessee, listed livestock, long-term bailment, market value, national standard cost scheme, profit-sharing arrangement, short-term bailment

Compare: 1994 No 164 s EL 7(3)(b), (4)

EC 23 Profit-sharing arrangements for livestock

When this section applies
(1) This section applies to profit-sharing arrangements under which a person makes listed livestock available to another person for use in the other person’s business and in return participates directly or indirectly in the profits and losses of the business.

Single venture
(2) Under a profit-sharing arrangement for listed livestock, if the method used to calculate the value of listed livestock in an income year is either the national standard cost scheme or the cost price option, the venture is treated as 1 venture and all the following are treated as the single owner of the livestock:
(a) the person who owns the livestock; and
(b) the person who has the use of the livestock; and
(c) any other person who has made livestock of the same type available to the person referred to in paragraph (b) under a profit-sharing arrangement.

Profit-sharing arrangement: national standard cost scheme
(3) Under a profit-sharing arrangement for listed livestock, the national standard cost scheme is not available to a person to value the livestock if the person who has the use of the livestock has valued livestock of the same type at cost price. This restriction also applies when another person has made livestock of that type available to the person under a profit-sharing arrangement and values them at cost price.
Profit-sharing arrangement: cost price option

(4) Under a profit-sharing arrangement for listed livestock, the cost price option is not available to a person to value the livestock if the person who has the use of the livestock has valued livestock of the same type under the national standard cost scheme. This restriction also applies when another person has made livestock of that type available to the person under a profit-sharing arrangement and values them under the national standard cost scheme.

Defined: business, cost price, cost price option, income year, listed livestock, national standard cost scheme, profit-sharing arrangement, type

Compare: 1994 No 164 s EL 7(2)–(4)

EC 24 Some definitions

In this subpart,—

long-term bailment is a bailment or lease under which, at the time a person delivers livestock, the person does not expect to have the same livestock delivered back to them

short-term bailment is a bailment or lease under which—
(a) at the time a person delivers livestock, the person expects to have the same livestock delivered back to them; and
(b) the bailee or lessee did not provide consideration to the person for the delivery of the livestock; and
(c) the term of the bailment or lease ends on or before the end of the income year following the income year in which the arrangement is made.

Defined: arrangement, income year, lease, lessee, long-term bailment, short-term bailment

Compare: 1994 No 164 s EL 7(2), (3)

General provisions for listed livestock

EC 25 Restrictions and limitations on use of valuation methods

Restrictions and limitations

(1) This section sets out the circumstances in which certain valuation methods are not available to a person for the purpose of valuing listed livestock or are limited in their application.

National standard cost scheme
(2) The national standard cost scheme is not available to a person to value listed livestock if—
   (a) in an income year they value other listed livestock at cost price; or
   (b) in the income year before the income year in which their election under section EC 9(2) is to apply, they have valued listed livestock at cost price and have not given at least 2 years’ notice in the way described in section EC 26 to the Commissioner of their election to value listed livestock under the national standard cost scheme; or
   (c) they have made the livestock available for use under a long-term bailment; or
   (d) they have the use of livestock under a profit-sharing arrangement and, in an income year, they (or another person who has made livestock available to the person under a profit-sharing arrangement) have valued livestock of that type at cost price.

Cost price

(3) The cost price option is not available to a person to value listed livestock if—
   (a) in an income year, they value other listed livestock under the national standard cost scheme; or
   (b) in the income year before the year in which the election is to apply, they have valued listed livestock under the national standard cost scheme and have not given 2 years’ notice in the way described in section EC 26 to the Commissioner of their election to value listed livestock at cost price; or
   (c) they have made the livestock available for use under a long-term bailment; or
   (d) they have the use of livestock under a profit-sharing arrangement and, in an income year, they (or another person who has made livestock available to the person under a profit-sharing arrangement) have valued livestock of that type under the national standard cost scheme.

Reduced numbers under herd scheme

(4) A person who values livestock of a particular class under the herd scheme must not use an alternative valuation option for
the class if doing so would reduce the number of livestock in the class below the number valued in the class in the herd scheme at the end of the previous income year.

**Male breeding stock**

(5) A person who values livestock of a particular type under the herd scheme must value all male breeding stock of that type under the herd scheme if in an income year they also value any livestock of that type under the national standard cost scheme or at cost price.

**Bailed or leased livestock**

(6) A person must value listed livestock that is bailed or leased in accordance with **sections EC 21 to EC 24**.

**Determination**

(7) A person must not value listed livestock of the same type, class, or category using both the national standard cost scheme and another valuation method if doing so would be contrary to a determination made under **section EC 18**.

**General**

(8) A person must not value listed livestock in a way that contravenes **sections EC 1 to EC 26**.

**Defined:** class, Commissioner, cost price, cost price option, herd scheme, income year, lease, listed livestock, long-term bailment, national standard cost scheme, notice, profit-sharing arrangement, short-term bailment, type

Compare: 1994 No 164 ss EL 2(2), EL 5(5)

---

**EC 26 Notices of election**

**Forms of notice**

(1) This section specifies the 2 forms of notice that a person must give to the Commissioner and when each must be used. When a person notifies the Commissioner of an election under this section, the election is irrevocable in the first income year in which it applies.

**When notice in same year required**

(2) For the elections described in this subsection, a person must give notice by the date of filing their return of income for the
income year in which the election is first to apply. Notice in the same year is required for an election—
(a) to value livestock of a particular type under the herd scheme, as described in section EC 10:
(b) to adopt a herd value factor or the Chatham Islands adjustment to the herd value factor for livestock of any type when the income year is the first income year in which the particular livestock is valued under the herd scheme, as described in sections EC 12 to EC 14.

When 2 years’ notice required

(3) For the elections described in this subsection, a person must give notice by the date of filing their return of income for an income year that is at least 2 income years before the income year in which the election is first to apply. Two years’ notice is required for an election—
(a) to stop valuing listed livestock of a particular type under the herd scheme, except when the person continues to value some livestock of that type under the herd scheme or when another valuation method is available, as described in section EC 10:
(b) to value listed livestock under the national standard cost scheme when the person has, in the income year before the application of the new election, valued the same livestock at cost price in the way described in section EC 17(4):
(c) to value listed livestock at cost price when the person has, in the income year before the application of the new election, valued the same livestock under the national standard cost scheme in the way described in section EC 20(3):
(d) after the herd scheme has been adopted, to adopt a herd value factor or recalculated herd value factor or the Chatham Islands adjustment for any livestock type, as described in sections EC 12 to EC 14.

Information for notices of election

(4) Notices of election must state—
(a) the income year in which the election is first to apply:
(b) the type, class, or other description of the applicable livestock:
(c) the existing and proposed methods of valuing the applicable livestock;

(d) for an election to use a herd value factor or recalculated herd value factor under section EC 12,—
   (i) the value assessed under section EC 12(4) of an average animal of each applicable class of livestock:
   (ii) the date on which the valuation of each animal was made:
   (iii) the name and address of the valuer.

Defined: Commissioner, cost price, herd scheme, herd value factor, income year, listed livestock, national standard cost scheme, notice, return of income, type

Compare: 1994 No 164 s EL 2(3)–(5)

Valuation of non-listed livestock

EC 27 Application of sections EC 28 to EC 30
Sections EC 28 to EC 30 set out the rules for valuing non-listed livestock.

Defined: non-listed livestock

EC 28 Closing value options
A person may choose 1 of the following options to value non-listed livestock on hand at the end of an income year:
(a) its cost price:
(b) its market value:
(c) the price at which it can be replaced:
(d) if the Commissioner agrees, its standard value.

Defined: closing value, Commissioner, cost price, income year, market value, non-listed livestock, price, standard value

Compare: 1994 No 164 ss EL 1(1)(c), EL 9(1)

EC 29 Enhanced production

When this section applies
(1) This section applies when a person who derives income from non-listed livestock enhances production in an income year. Enhanced production occurs when the person—
   (a) starts (or restarts) to derive income from non-listed livestock; or
   (b) brings land into production (or substantially increased production) for the purpose of deriving income from
non-listed livestock or acquires additional land for that purpose.

Adjustment

(2) If a person enhances their production and as a result, in an income year or over the following 3 income years, buys more non-listed livestock that is valued at its standard value, the value of the additional livestock is,—

(a) for the income year in which the livestock was bought, its standard value plus two-thirds of the difference between the cost price of the livestock and the standard value:

(b) for the following income year, its standard value plus one-third of the difference between the cost price of the livestock and the standard value:

(c) for other income years, its standard value.

Not replacement livestock

(3) For the purposes of subsection (2), the livestock bought must not be replacement livestock.

Defined: cost price, income, income year, non-listed livestock, standard value

Compare: 1994 No 164 s EL 9(2), (4)

EC 30 Setting standard values

The Commissioner may set standard values for an income year for any type or category of non-listed livestock. The standard values set apply to the income year, whether or not it began before, on, or after the date on which the standard values were set.

Defined: Commissioner, income year, non-listed livestock, standard value, type

Compare: 1994 No 164 ss EL 9(3), OB 1 “standard value”

Valuation of high-priced livestock

EC 31 Application of sections EC 32 to EC 35

Sections EC 32 to EC 35

(1) Sections EC 32 to EC 35 set out the rules for valuing high-priced livestock.

Section EC 32
(2) **Section EC 32** does not apply to livestock that, under **sections EC 33 and EC 34**, has ceased to be treated as high-priced livestock.

**Person chooses valuation method**

(3) A person may choose to use either the straight-line method or the diminishing value method to value high-priced livestock.

**Diminishing value method**

(4) If the person chooses to use the diminishing value method, they must give notice to the Commissioner that they are using the method at the time of filing their return of income for the first income year in which the value of the high-priced livestock is calculated under **section EC 32**. A person cannot revoke their election to use the diminishing value method for the livestock.

**Defined:** class, Commissioner, diminishing value method, high-priced livestock, income year, listed livestock, matrimonial agreement, national average market value, notice, price, return of income, straight-line method

Compare: 1994 No 164 s EL 10(6)

**EC 32 Closing value of high-priced livestock**

**Value in income year of purchase and later income years**

(1) The closing value of high-priced livestock at the end of the income year in which it is bought is its cost price minus the reduction applying in the income year. In a later income year, the value is its opening value minus the reduction applying in the income year until the value reaches or falls below the national average market value of the relevant class.

**Straight-line method**

(2) Unless a person has chosen to use the diminishing value method, the reduction is calculated using the formula—

\[
\text{cost price} \times \text{depreciation percentage.}
\]

**Diminishing value method**

(3) When a person has chosen to use the diminishing value method, the reduction is calculated as follows:

(a) in the first income year in which the election applies, the cost price multiplied by the diminishing value
equivalent of the depreciation percentage for that income year:
(b) in later income years, the opening value of the livestock multiplied by the diminishing value equivalent of the depreciation percentage for the income year.

Immature livestock excluded

(4) When high-priced livestock is less than 1 year old at the end of the income year in which it is bought, its closing value at the end of the income year is its cost price.

Recently bought livestock excluded

(5) If high-priced livestock is bought within 6 months of the end of an income year, and during that time is not used for insemination or collection of semen (in the case of male livestock), or does not give birth or does not have ova removed, the closing value of the livestock is its cost price.

Meaning of diminishing value equivalent

(6) For the purposes of this section, diminishing value equivalent means the amount set out in schedule 11, column 1 (Banded rates of depreciation), that is the diminishing value depreciation rate to which the amount set out in schedule 11, column 2 (Banded rates of depreciation) is equal to the depreciation percentage expressed as the straight-line equivalent. If no such amount is equal to the depreciation percentage, the amount closest rounded down to that percentage is taken.

Defined: class, closing value, depreciation percentage, diminishing value equivalent, diminishing value method, high-priced livestock, income year, national average market value, opening value, straight-line method, year

Compare: 1994 No 164 ss EL 10(1), (2), OB 1 “specified writedown”, “diminishing value equivalent”

EC 33 Livestock reaching national average market value

Valuation in initial income year

(1) In the income year in which high-priced livestock reaches or falls below the national average market value for livestock of the relevant class, the closing value is determined as follows:
(a) when the person values any listed livestock of that type under the herd scheme in the income year, the value of the animal under the herd scheme:
(b) when the person values all listed livestock of that type that is older than 1 year under the national standard cost scheme or the cost price option, the national average market value for the relevant class in the income year:

(c) when the person values all listed livestock of that type that is older than 1 year at market value or replacement price, the market value or replacement price of the animal at the end of the income year.

**Valuation in later income years**

(2) In later income years, the animal that was high-priced livestock is treated as the person’s listed livestock and is valued according to the valuation method chosen for listed livestock.

**Entry into herd scheme in later income years**

(3) If, in a later income year, the person values the animal under the herd scheme and, in the income year before that income year, has valued any listed livestock of the same type under the herd scheme, the animal is treated as if it were valued under the herd scheme at the end of the previous income year.

*Defined:* closing value, cost price, cost price option, herd scheme, high-priced livestock, income year, listed livestock, market value, national average market value, national standard cost scheme, replacement price, type, year

*Compare:* 1994 No 164 s EL 10(3), (4)

**EC 34 Livestock no longer used in breeding**

If, in an income year, a person no longer expects to use an animal that is high-priced livestock for breeding purposes, and does not intend to dispose of the animal to another person for breeding purposes, the value of the livestock in the income year is determined as if it had reached the national average market value for the relevant class.

*Defined:* class, high-priced livestock, income year, national average market value

*Compare:* 1994 No 164 s EL 10(3)(b), (4)(a)

**EC 35 Setting depreciation percentages**

For the purpose of valuing high-priced livestock, the Commissioner must set depreciation percentages for types, classes, or categories of livestock for an income year. The percentages represent the average percentage decline in the value of livestock of that type, class, or category. The Commissioner must take into account the following criteria:
(a) the average cost of livestock of that type, class, or category:
(b) the estimated useful life of that livestock:
(c) the average estimated residual market value of that livestock.

Defined: class, Commissioner, depreciation percentage, estimated residual market value, estimated useful life, high-priced livestock, income year, type

Compare: 1994 No 164 ss EL 10(5), OB 1 “assigned percentage”

Valuation of bloodstock

EC 36 Application of sections EC 37 to EC 46
Sections EC 37 to EC 46 set out the rules for valuing bloodstock.

Defined: bloodstock

EC 37 First income year in breeding business

Bloodstock to which this section applies
(1) This section applies to bloodstock, other than a broodmare to which subsection (2) applies, that is 2 years of age or older at the end of the first income year in which a person—
(a) uses the bloodstock for breeding in their breeding business; or
(b) forms the intention of using the bloodstock for breeding in their breeding business; or
(c) buys the bloodstock, with the intention of using it for breeding in their breeding business.

Broodmares to which this section applies
(2) This section also applies to a broodmare that is 2 years of age or older at the end of a person’s first income year after 1 April 2001 in which the person—
(a) first uses the broodmare for breeding in their breeding business; or
(b) first forms the intention of using the broodmare for breeding in their breeding business; or
(c) buys the broodmare, with the intention of using it for breeding in their breeding business.

Closing value
(3) The closing value of the bloodstock at the end of the first income year is its cost price minus the reduction applying in that income year.

**Determination of reduction**

(4) The reduction that applies is determined under section EC 39 or EC 40.

*Defined:* bloodstock, broodmare, business, closing value, cost price, income year, year

Compare: 1994 No 164 s EM 1(1)(a), (ab)

**EC 38 Later income years in breeding business**

**What this section applies to**

(1) This section applies to the income years that follow the first income year described in section EC 37.

**Closing value**

(2) The closing value of the bloodstock is its opening value minus the reduction applying in that year.

**Closing value not previously taken into account**

(3) If the person has not taken the closing value of the bloodstock into account in the previous income year, the closing value is the cost price of the bloodstock minus the reduction applying in the income year in which the person makes the calculation.

**Determination of reduction**

(4) The reduction that applies is determined under section EC 39 or EC 40.

*Defined:* bloodstock, closing value, cost price, income year, opening value, year

Compare: 1994 No 164 s EM 1(1)(b), (ba)

**EC 39 Reduction: bloodstock not previously used for breeding in New Zealand**

**Bloodstock to which this section applies**

(1) This section applies to bloodstock that—

(a) was not used for breeding in New Zealand before 16 December 1991; and

(b) before a person (person A) acquired it, was not used for breeding in New Zealand by any other person, unless—
(i) the other person transferred the bloodstock under a matrimonial agreement to which section FF 12 (Bloodstock) applies; or

(ii) the other person and person A were companies in the same wholly-owned group at the time person A acquired the bloodstock from the other person.

Stallion

(2) For the purposes of sections EC 37 and EC 38, the reduction applying to the value of a stallion is 25% of the cost price of the stallion unless person A chooses to value the stallion by the reducing value method.

Stallion valued by reducing value method

(3) When person A chooses to value the stallion by the reducing value method, the reduction applying to the value of the stallion is 37.5% of its cost price in the first income year and 37.5% of its opening value in each later income year. Person A must give notice to the Commissioner of their election in their return of income for the first income year.

Broodmare when first used before 1 April 2001

(4) For the purposes of sections EC 37 and EC 38, the reduction applying to the value of a broodmare to which section EC 37(1) applies is calculated using the formula—

\[
\frac{1.25 \times \text{cost price of broodmare}}{15 - \text{age of broodmare}}.
\]

Definition of item in formula

(5) In the formula, age of broodmare is—

(a) 12 years of age; or

(b) the actual age in years, if the broodmare is 11 years of age or less at the end of the income year.

Broodmare when first used on or after 1 April 2001

(6) For the purposes of sections EC 37 and EC 38, the reduction applying to the value of a broodmare to which section EC 37(2) applies is calculated using the formula—

\[
\frac{1.25 \times \text{cost price of broodmare}}{11 - \text{age of broodmare}}.
\]
Definition of item in formula

(7) In the formula, **age of broodmare** is—
   (a)  8 years of age; or
   (b)  the actual age in years, if the broodmare is 7 years of age or less at the end of the income year.

**Defined:** bloodstock, broodmare, Commissioner, company, cost price, diminishing value method, income year, matrimonial agreement, New Zealand, notice, opening value, return of income, stallion, wholly-owned group, year

Compare: 1994 No 164 s EM 1(4), (5)

EC 40 Reduction: bloodstock previously used for breeding in New Zealand

Stallion

(1) For the purposes of **sections EC 37 and EC 38**, the reduction applying to the value of a stallion to which **section EC 39** does not apply is 20% of its cost price.

Broodmare when first used before 1 April 2001

(2) For the purposes of **sections EC 37 and EC 38**, the reduction applying to the value of a broodmare to which **section EC 37(1)** applies and **section EC 39** does not apply is calculated using the formula—

\[
\frac{\text{cost price of broodmare}}{15 - \text{age of broodmare}}
\]

Definition of item in formula

(3) In the formula, **age of broodmare** is—
   (a)  12 years of age; or
   (b)  the actual age in years, for a broodmare that is 11 years of age or less at the end of the income year.

Broodmare when first used on or after 1 April 2001

(4) For the purposes of **sections EC 37 and EC 38**, the reduction applying to the value of a broodmare to which **section EC 37(2)** applies and **section EC 39** does not apply is calculated using the formula—

\[
\frac{\text{cost price of broodmare}}{11 - \text{age of broodmare}}
\]

Definition of item in formula
(5) In the formula, age of broodmare is—
(a) 8 years of age; or
(b) the actual age in years, for a broodmare that is 7 years of age or less at the end of the income year.

Defined: bloodstock, broodmare, cost price, income year, stallion, year

Compare: 1994 No 164 s EM 1(4), (5)

EC 41 Accident, birth deformity, or infertility

When this section applies
(1) This section applies when a person has bloodstock on hand at the end of an income year whose market value is, because of accident, birth deformity, or infertility, less than 50% of what its market value would have been if the accident, birth deformity, or accident had not occurred.

Value
(2) The person may value the bloodstock at its market value.

Later income years
(3) The value of the bloodstock in later income years is its market value in the applicable income year.

Defined: bloodstock, income year, market value

Compare: 1994 No 164 s EM 1(2)

EC 42 Other bloodstock

If sections EC 37 to EC 41 do not apply, the closing value of the bloodstock is its cost price.

Defined: bloodstock, closing value, cost price

Compare: 1994 No 164 s EM 1(1)(c)

EC 43 Residual value of bloodstock

If the closing value of any bloodstock would be less than $1 in the absence of this section, the value to be taken into account is $1.

Defined: bloodstock, closing value

Compare: 1994 No 164 s EM 1(3)
EC 44 Use of bloodstock for racing

**General treatment**

(1) If in an income year a bloodstock owner uses bloodstock for racing, and they are in the business of breeding bloodstock for sale, the use of the bloodstock for racing is treated as use in the course of the business.

**Bloodstock not used in business**

(2) If bloodstock used in an income year for racing is not actually used in the course of a business of breeding bloodstock for sale, the bloodstock owner may apply to the Commissioner to have the use of the bloodstock treated otherwise than under subsection (1).

**Non-breeding bloodstock**

(3) If a bloodstock owner expects that bloodstock is not able to be used for future breeding, the use in an income year of the bloodstock for racing is not treated as use in the course of a business of breeding bloodstock for sale. However, if the bloodstock owner uses the bloodstock in the course of their business of breeding bloodstock for sale, they may apply to the Commissioner to have the use of the bloodstock treated as use in the course of the business.

**Application to Commissioner**

(4) The application must be made in writing with the supporting information that the Commissioner requires within 1 month after the day on which the bloodstock is first prepared for racing by the bloodstock owner or the day on which it is first raced by the bloodstock owner, whichever is earlier.

*Defined:* bloodstock, business, Commissioner, income year

Compare: 1994 No 164 s EM 2(1)–(5)

EC 45 Change of use of bloodstock in course of business

**Use outside business**

(1) If a bloodstock owner who is in the business of breeding bloodstock for sale starts to use bloodstock other than in the course of the business, they are treated as having disposed of the bloodstock. The disposal is treated as having occurred at
market value on the day on which they changed the use of the bloodstock.

**Use in business**

(2) If a bloodstock owner who is in the business of breeding bloodstock for sale has been using bloodstock for other purposes, and they start to use the bloodstock in the course of the business, the bloodstock is treated as having been bought by the bloodstock owner. The purchase is treated as having occurred at market value on the day on which the bloodstock owner changed the use of the bloodstock.

**Defined:** bloodstock, business, market value

Compare: 1994 No 164 s EM 2(6), (7)

**EC 46 Replacement breeding stock**

**When this section applies**

(1) This section applies when—

(a) a bloodstock owner—

(i) disposes of bloodstock (**breeding stock**) that they had previously used for breeding in the course of a business of breeding bloodstock for sale; and

(ii) applies the proceeds in buying replacement bloodstock (**replacement breeding stock**) within the time limits set out in **subsections (6) and (7)**; or

(b) a bloodstock owner—

(ii) receives a payment of insurance or other compensation for the loss or death of, or permanent injury to, bloodstock (**breeding stock**) that they had previously used for breeding in the course of a business of breeding bloodstock for sale or that they had bought for use in the business; and

(ii) applies the payment in buying replacement bloodstock (**replacement breeding stock**) within the time limits set out in **subsections (6) and (7)**.

**Amount determined**

(2) The bloodstock owner may apply to the Commissioner to determine the amount of the proceeds of sale under **subsection**
(1)(a) or payment under subsection (1)(b) that the bloodstock owner has applied in buying replacement breeding stock.

**Maximum amount**

(3) The amount must not be more than the net gain calculated using the formula—gross proceeds – value of breeding stock.

**Definition of items in formula**

(4) In the formula,—

(a) **gross proceeds** is—

(i) the amount of the proceeds of disposing of the breeding stock; or

(ii) the amount paid by way of insurance or other compensation for the breeding stock:

(b) **value of breeding stock** is the closing value of the breeding stock in the income year before the breeding stock was disposed of or was lost or died or was permanently injured.

**Reduction in income**

(5) The bloodstock owner may reduce their income by the amount determined under subsection (2). If they reduce their income in this way, they must also reduce the cost of the replacement breeding stock by the same amount.

**Time limit**

(6) Replacement breeding stock must be acquired within 6 months after the end of the income year in which the amount determined under subsection (2) would otherwise be income or, if the Commissioner approves in a case or in a class of cases, a longer period.

**Delay in replacing breeding stock**

(7) In the case of lost, dead, or permanently injured breeding stock, the Commissioner may extend the time limit under subsection (6). However, valid commercial reasons must exist for the delay in replacing the breeding stock and the replacement breeding stock must have been acquired before the end of the second income year following the income year in which the loss, death, or permanent injury occurred.
Application to Commissioner

(8) An application under subsection (2) must be made in writing within the relevant time limits described in subsections (6) and (7). The application must relate only to replacement breeding stock bought before the application is made.

Defined: amount, bloodstock, business, closing value, Commissioner, income, income tax liability, income year, pay

Compare: 1994 No 164 s EM 3

Subpart ED—Valuation of excepted financial arrangements

Index

<table>
<thead>
<tr>
<th>ED 1</th>
<th>Valuation of excepted financial arrangements</th>
</tr>
</thead>
<tbody>
<tr>
<td>ED 2</td>
<td>Transfers of certain excepted financial arrangements within wholly-owned groups</td>
</tr>
</tbody>
</table>

ED 1 Valuation of excepted financial arrangements

Valuation at cost

(1) A person who holds revenue account property that consists of an excepted financial arrangement must determine the value of the property at the end of an income year. They must value the property at cost using a cost-flow method of assigning costs, as described in section EB 7 (Cost-flow methods of assigning costs). The value determined is the closing value to be taken into account in section EA 1 (Trading stock, livestock, and excepted financial arrangements).

Valuing closing stock consistently

(2) In calculating the value of closing stock, the person must comply with the consistency and disclosure requirements of Financial Reporting Standard No 1 (Disclosure of Accounting Policies) approved under the Financial Reporting Act 1993 or an equivalent standard issued in its place.

Worthless arrangements
If an excepted financial arrangement has no present or likely future market value and has been written off as worthless, it is valued at zero.

**Defined:** closing stock, closing value, cost, excepted financial arrangement, income year, market value, revenue account property

Compare: 1994 No 164 ss EE 3(3), EE 13, EE 16(1)

## ED 2 Transfers of certain excepted financial arrangements within wholly-owned groups

### When this section applies

(1) This section applies when—

(a) a company in a wholly-owned group of companies (company A) transfers to another company in the same group (company B) an excepted financial arrangement that is revenue account property of company A; and

(b) both companies are resident in New Zealand on the date of the transfer; and

(c) the market value of the excepted financial arrangement on the date of the transfer is less than its cost to company A.

### Transfer at cost

(2) The consideration for the transfer is the cost of the excepted financial arrangement to company A.

### Company stops being member of group

(3) Despite **subsection (2)**, if company B stops being a member of the wholly-owned group, the company is treated as disposing of and reacquiring the excepted financial arrangement at its market value at the time the company stops being a member of the group.

### Not dividend

(4) A transfer of an excepted financial arrangement to which this section applies does not give rise to a dividend.

**Defined:** company, cost, dividend, excepted financial arrangement, market value, resident in New Zealand, revenue account property, wholly-owned group of companies

Introductory provision

EE 1 What this subpart does

Quantifies amounts of depreciation loss and depreciation recovery income

(1) This subpart—
(a) quantifies the amount of depreciation recovery income that is income under Part C (Income); and
(b) quantifies the amount of depreciation loss for which a person is allowed a deduction if the provisions of Part D (Deductions) are met.

When amount of depreciation loss arises

(2) A person has an amount of depreciation loss for an item for an income year if—
(a) the person owns an item of property, as described in sections EE 2 to EE 5; and
(b) the item is depreciable property, as described in sections EE 6 to EE 8; and
(c) the item is used, or is available for use, by the person in the income year; and
(d) the amount of depreciation loss is calculated for the person, the item, and the income year under sections EE 9 to EE 11.

When amount of depreciation recovery income arises

(3) A person has an amount of depreciation recovery income for an item for an income year if—
(a) the person owns an item of property, as described in sections EE 2 to EE 5; and
(b) the item is depreciable property, as described in sections EE 6 to EE 8; and
(c) the item is disposed of or an event of a kind described in section EE 39 occurs; and
(d) the amount of depreciation recovery income is calculated for the person, the item, and the income year under
any of sections EE 22(5), EE 31(4), EE 40(1), EE 41(1), EE 42(3), and EE 43(3).

Defined: amount, deduction, depreciable property, depreciation loss, depreciation recovery income, income, income year, property

Compare: 1994 No 164 s EG 1(1)

What ownership means

EE 2 Nature of ownership of item

Kinds of ownership
(1) The reference to ownership in section EE 1—
   (a) means legal or equitable ownership; and
   (b) includes ownership of the kinds described in sections EE 3 to EE 5.

Shared ownership
(2) When more than 1 person owns an item of depreciable property, the reference to ownership in section EE 1 means the interest that the person has in the item.

Defined: depreciable property

Compare: 1994 No 164 s EG 19(8)

EE 3 Ownership of goods subject to reservation of title

When this section applies
(1) This section applies when—
   (a) a person (buyer) enters into an unconditional contract to buy an item of depreciable property; and
   (b) the contract is not a hire purchase agreement and the item is not a hire purchase asset that is the subject of a hire purchase agreement; and
   (c) the contract is subject to the Sale of Goods Act 1908; and
   (d) title to the item does not pass until the purchase price is paid in full; and
   (e) the buyer takes possession of the item before title to it passes.

Buyer treated as owner
(2) For the purposes of section EE 1, the buyer is treated as owning, and the seller is treated as not owning, the item from the later of the following times:
(a) the time at which the buyer enters into the contract; and
(b) the time at which the buyer takes possession of the item.

**Buyer ceases to be treated as owner**

(3) **Subsection (2)** ceases to apply when 1 of the following occurs:
(a) title to the item passes to the buyer; or
(b) the seller repossesses the item.

*Defined:* depreciable property, hire purchase agreement, hire purchase asset

Compare: 1994 No 164 s EG 1B

EE 4 Ownership of lessee’s improvements: lessee

**When this section applies**

(1) This section applies when—
(a) a lessee of land incurs expenditure during the term of the lease in erecting a fixture on the land or making an improvement to the land; and
(b) the lessor owns the fixture or improvement.

**Lessee treated as owner**

(2) For the purposes of section EE 1, the lessee is treated as owning the fixture or improvement for the term of the lease.

*Defined:* improvement, lessee, lessor, term of the lease

Compare: 1994 No 164 s EG 1A(1)

EE 5 Ownership of lessee’s improvements: other person

**When this section applies: first case**

(1) This section applies when—
(a) a lessee of land incurs expenditure during the term of the lease in erecting a fixture on the land or making an improvement to the land; and
(b) the lessee has been allowed a deduction for an amount of depreciation loss for the fixture or improvement; and
(c) the lessee disposes of their interest in the lease to another person; and
(d) the other person pays the lessee for the fixture or improvement.
When this section applies: second case

(2) This section also applies when—

(a) a lessee of land has been allowed a deduction for an amount of depreciation loss for a fixture on the land, or an improvement to the land, that a previous lessee erected or made; and

(b) the lessee disposes of their interest in the lease to another person; and

(c) the other person pays the lessee for the fixture or improvement.

Other person treated as owner

(3) For the purposes of section EE 1, the other person is treated as owning the fixture or improvement from the time at which they pay the lessee for it.

Defined: amount, deduction, depreciation loss, improvement, lease, lessee, term of the lease

Compare: 1994 No 164 s EG 1A(4)

What is and is not depreciable property

EE 6 What is depreciable property

Description

(1) For the purposes of section EE 1, depreciable property is property that, in normal circumstances, might reasonably be expected to decline in value while it is used or available for use—

(a) in deriving counted income; or

(b) in carrying on a business for the purpose of deriving counted income.

Subsections (2) and (3) expand on this subsection.

Property: tangible

(2) An item of tangible property is depreciable property if—

(a) it is described by subsection (1); and

(b) it is not described by section EE 7.

Property: intangible

(3) An item of intangible property is depreciable property if—
(a) it is within the definition of depreciable intangible property; and
(b) it is described by subsection (1); and
(c) it is not described by section EE 7.

Defined: business, counted income, depreciable intangible property, depreciable property, property

Compare: 1994 No 164 s OB 1 “depreciable property”

EE 7 What is not depreciable property

For the purposes of section EE 1, the following property is not depreciable property:

(a) land, although buildings, fixtures, and the improvements listed in schedule 16 (Depreciable land improvements) are depreciable property if they are described by section EE 6(1):
(b) trading stock:
(c) livestock to which subpart EB (Valuation of trading stock (including dealer’s livestock)) applies:
(d) financial arrangements:
(e) excepted financial arrangements:
(f) property that will not decline in value, as far as its owner is concerned, because, when they dispose of it, they have a right to be compensated for any decline in its value:
(g) property that its owner chooses, under section EE 8, to treat as not depreciable:
(h) property that its owner chooses, under section EE 31, to deal with under that section:
(i) property for whose cost a person other than the property’s owner is allowed a deduction:
(j) property for whose cost a person is allowed a deduction under a provision of this Act outside this subpart or under a provision of an earlier Act.

Defined: deduction, depreciable property, excepted financial arrangement, financial arrangement, property, trading stock

Compare: 1994 No 164 s OB 1 “depreciable property”
EE 8 Election that property not be depreciable

Item acquired
(1) A person may choose that an item of property they acquire not be depreciable property even though, in the absence of the election, it would be depreciable property.

Item changing use
(2) A person may choose that an item of property they own ceases to be depreciable property if—
   (a) the use of the item changes; and
   (b) before the use changes, the person did not have an amount of depreciation loss for the item; and
   (c) after the use changes, in the absence of the election, the person would have an amount of depreciation loss for the item.

Retrospective election
(3) A person who has not deducted all the amounts of depreciation loss for which they were allowed a deduction for an item of property, in the income year in which they acquired it and in each later year, may retrospectively choose that the item not be depreciable property.

How elections made
(4) An election under this section is made as follows:
   (a) a person makes an election under subsection (1) by giving the Commissioner notice of it in their return of income for the income year in which they acquire the item:
   (b) a person makes an election under subsection (2) by giving the Commissioner notice of it in their return of income for the income year in which the item’s use changes:
   (c) a person makes an election under subsection (3) by giving the Commissioner notice of it in their return of income for any income year after they acquire the item, including an income year after they dispose of the item.

Effect of election
(5) An election under this section has effect for the person for—
   (a) the income year for which they make the election; and
   (b) all later income years until—
(i) the item is disposed of, although this reference to disposal does not include the disposal of an item of intangible property as part of an arrangement to replace it with an item of the same kind; or

(ii) an event described in section EE 39 occurs involving the item.

Retrospective effect of election

(6) An election made under subsection (3) also has retrospective effect for the person for—
(a) the income year in which they acquire the property; and
(b) all intervening income years until the year in which they make the election.

Defined: amount, Commissioner, deduction, depreciable property, depreciation loss, income year, notice, property, return of income

Compare: 1994 No 164 s EG 16A

How amounts of depreciation loss and depreciation recovery income are calculated

EE 9 Description of elements of calculation

Depreciation methods

(1) Sections EE 12 to EE 24 deal with the methods of calculating an amount of depreciation loss. The methods are—
(a) the straight-line method, which is dealt with in sections EE 13 to EE 19;
(b) the diminishing value method, which is also dealt with in sections EE 13 to EE 19;
(c) the pool method, which is dealt with in sections EE 20 to EE 24.

Depreciation rates

(2) Sections EE 25 to EE 29 deal with the rates of depreciation. The rates are—
(a) the economic rate, which is dealt with in section EE 25;
(b) the annual rate, which is dealt with in sections EE 26 and EE 27;
(c) a special rate or a provisional rate, both of which are dealt with in sections EE 28 and EE 29.
Improvements, low value items, and items no longer used

(3) Sections EE 30 to EE 32 deal with the cases of—
(a) an improvement made to an item of depreciable property:
(b) an item of depreciable property that is of low value:
(c) an item of depreciable property that is no longer used.

Transfers between associated persons

(4) Sections EE 33 to EE 35 deal with the transfer of items of depreciable property between associated persons.

Disposals and similar events

(5) Sections EE 36 to EE 43 deal with disposals of property and events that involve property and are similar to disposal.

Interpretation provisions

(6) Sections EE 44 to EE 58 deal with the following interpretation matters:
(a) section EE 44 deals with the effect of GST on cost:
(b) sections EE 45 to EE 51 deal with the meaning of adjusted tax value:
(c) sections EE 52 to EE 58 contain definitions.

Relationship with sections EZ 5 to EZ 23

(7) Sections EZ 5 to EZ 23 (which relate to depreciation) deal with items acquired in periods before 24 September 1997.

Defined: adjusted tax value, amount, annual rate, associated person, depreciable property, depreciation loss, depreciation method, diminishing value method, economic rate, GST, improvement, pool method, property, provisional rate, special rate, straight-line method

EE 10 Calculation rule: item temporarily not available

An item of depreciable property is treated as being available for use while subject temporarily to repair or inspection, if it was available for use immediately before going for repair or inspection.

Defined: depreciable property

Compare: 1994 No 164 s EG 2(2A)
EE 11 Calculation rule: income year in which item disposed of

Generally no amount of depreciation loss

(1) A person does not have an amount of depreciation loss for an item of depreciable property for the income year in which they dispose of it.

Exclusion: building or petroleum-related depreciable property

(2) A person has an amount of depreciation loss for an item of depreciable property for the income year in which they dispose of it, if it is—
   (a) a building; or
   (b) an item of petroleum-related depreciable property.

Exclusion: empty pool

(3) A person has the amount of depreciation loss calculated under section EE 22(4)(a) for an income year for a disposal to which the subsection applies.

Exclusion: consideration less than adjusted tax value

(4) A person has the amount of depreciation loss calculated under section EE 40(2) for a disposal or event to which the subsection applies.

Exclusion: item partly used for business

(5) A person has the amount of depreciation loss calculated under section EE 41(3) for a disposal or event to which the subsection applies.

Defined: adjusted tax value, amount, business, depreciable property, depreciation loss, income year, petroleum-related depreciable property

Compare: 1994 No 164 s EG 1(2)
Methods

EE 12 Depreciation methods

Meaning of depreciation method

(1) **Depreciation method** means a method that a person may use to calculate an amount of depreciation loss.

Methods described

(2) The depreciation methods are—

(a) the diminishing value method, which may be used for any item of depreciable property other than—
   (i) an item of fixed life intangible property; or
   (ii) an item of property in the circumstances described in section EZ 5 (Pool method for items accounted for by globo method for 1992–93 income year):

(b) the straight-line method, which—
   (i) may be used for any item of depreciable property; and
   (ii) must be used for an item of fixed life intangible property:

(c) the pool method, which—
   (i) may be used for any item of poolable property; and
   (ii) must be used for an item of property in the circumstances described in section EZ 5 (Pool method for items accounted for by globo method for 1992–93 income year).

Person chooses

(3) A person chooses which of the depreciation methods they will use for each item of depreciable property they own.

How person chooses

(4) The person chooses the method by using the chosen method for the item in their return of income for the income year for which they make the election.

Diminishing value or straight-line method fixed for income year
(5) If the person chooses the diminishing value method or the straight-line method, they must use the method for the item and the income year and must not change the election for the income year.

**Pool method fixed for income year and later income years**

(6) If the person chooses the pool method, they must use the method for the item and the income year and must not change the election for—

(a) the income year; or

(b) a later income year in which the item is still poolable property that they own.

**Defined:** amount, depreciable property, depreciation loss, depreciation method, diminishing value method, fixed life intangible property, income year, pool method, poolable property, property, return of income, straight-line method

Compare: 1994 No 164 s EG 3(1)–(4)

---

**Amount of depreciation loss under diminishing value method or straight-line method**

**EE 13 Application of sections EE 14 to EE 19**

Sections EE 14 to EE 19 apply to the calculation of the amount of depreciation loss that a person using the diminishing value method or the straight-line method has.

**Defined:** amount, depreciation loss, diminishing value method, straight-line method

**EE 14 Diminishing value or straight-line: calculating amount of depreciation loss**

**Most depreciable property**

(1) The amount of depreciation loss that the person has for an income year for an item of depreciable property is the lesser of the amounts dealt with in sections EE 15 and EE 16. This subsection is overridden by subsections (2) and (3).

**Petroleum-related depreciable property**

(2) The amount of depreciation loss that the person has for an income year for an item of petroleum-related depreciable property is the lesser of the amounts dealt with in sections EE 15 and EE 17.
Depreciable property partly used for business

(3) The amount of depreciation loss that the person has for an income year for an item of depreciable property used, or available for use, only partly in deriving counted income or carrying on a business for the purpose of deriving counted income is an amount calculated under subpart DE (Motor vehicle expenditure) or section FB 7 (Depreciation: partial income-producing use).

Defined: amount, business, counted income, depreciable property, depreciation loss, income year, petroleum-related depreciable property

Compare: 1994 No 164 s EG 2(1)

EE 15 Amount of adjusted tax value

For the purposes of the comparison of amounts required by section EE 14(1) and (2), the amount dealt with in this section is the item’s adjusted tax value at the end of the income year before the deduction of an amount of depreciation loss for the item for the income year.

Defined: adjusted tax value, amount, deduction, depreciation loss, income year

Compare: 1994 No 164 s EG 2(1)(c)

EE 16 Amount resulting from standard calculation

Amount

(1) For the purposes of the comparison of amounts required by section EE 14(1), the amount dealt with in this section is calculated using the formula—

\[
\text{annual rate} \times \text{value or cost} \times \frac{\text{months}}{12}.
\]

Definition of items in formula

(2) The items in the formula are defined in subsections (3) to (5).

Annual rate

(3) Annual rate is the annual rate that, in the income year, applies to the item of depreciable property under the depreciation method that the person uses for the item. It is expressed as a decimal.

Value or cost

(4) Value or cost is,—
(a) when the person uses the diminishing value method, the item’s adjusted tax value at the end of the income year before the deduction of an amount of depreciation loss for the item for the income year:

(b) when the person uses the straight-line method, the item’s cost to the person, excluding expenditure for which the person is allowed a deduction under a provision of this Act outside this subpart. (Variations to cost are in sections EE 18 and EE 19.)

Months: income year of normal length or shorter

(5) Months, for a person whose income year contains 365 days or fewer (or 366 days or fewer in a leap year), is the lesser of the following:

(a) 12; and

(b) the number of whole or part calendar months in the income year in which—

(i) the person owns the item; and

(ii) the person uses the item or has it available for use for any purpose.

Months: income year of longer than normal length

(6) Months, for a person whose income year contains more than 365 days (or more than 366 days in a leap year) is the number of whole or part months in the income year in which—

(a) the person owns the item; and

(b) the person uses the item or has it available for use for any purpose.

Defined: adjusted tax value, amount, annual rate, deduction, depreciable property, depreciation loss, depreciation method, diminishing value method, income year, straight-line method

Compare: 1994 No 164 s EG 2(1)(a)

EE 17 Amount resulting from petroleum-related depreciable property calculation

Amount

(1) For the purposes of the comparison of amounts required by section EE 14(2), the amount dealt with in this section is calculated using the formula—

\[ \text{annual rate} \times \text{value or cost} \times \frac{\text{days}}{365}. \]
Definition of items in formula

(2) The items in the formula are defined in subsections (3) to (5).

Annual rate

(3) Annual rate is the annual rate that, in the income year, applies to the item of depreciable property under the depreciation method that the person uses for the item. It is expressed as a decimal.

Value or cost

(4) Value or cost is,—
(a) when the person uses the diminishing value method, the item’s adjusted tax value at the end of the income year before the deduction of an amount of depreciation loss for the item for the income year;
(b) when the person uses the straight-line method, the item’s cost to the person. (A variation to cost is in section EE 18.)

Days

(5) Days is the number of whole or part days in the income year on which—
(a) the person owns the item; and
(b) the person uses the item or has it available for use for any purpose.

Defined: adjusted tax value, amount, annual rate, deduction, depreciable property, depreciation loss, depreciation method, diminishing value method, income year, straight-line method

Compare: 194 No 164 s EG 2(1)(b)

EE 18 Cost: change from diminishing value to straight-line method

When this section applies

(1) This section applies when a person changes from the diminishing value method to the straight-line method for an item of property for an income year.

How straight-line method applies

(2) For the purposes of the formulas in sections EE 16 and EE 17, the item’s cost is treated as being the item’s adjusted tax value at
the end of the income year before the deduction of an amount of depreciation loss for the item for the income year.

*Defined:* adjusted tax value, amount, deduction, depreciation loss, diminishing value method, income year, property, straight-line method

Compare: 1994 No 164 s EG 3(6)

**EE 19 Cost: fixed life intangible property**

**When this section applies**

(1) This section applies when—

(a) a person owns an item of fixed life intangible property; and

(b) the person incurs additional costs in an income year for the item; and

(c) the person is denied a deduction for the additional costs other than a deduction for an amount of depreciation loss.

**Additional costs for fixed life intangible property**

(2) For the purposes of the formula in section EE 16, the item’s cost at the start of the income year is treated as being the total of—

(a) the item’s adjusted tax value at the start of the income year; and

(b) the additional costs the person incurs.

*Defined:* adjusted tax value, amount, deduction, depreciation loss, fixed life intangible property, income year

Compare: 1994 No 164 s EG 2(3)

**Amount of depreciation loss under pool method**

**EE 20 Application of sections EE 21 to EE 24**

Sections EE 21 to EE 24 apply to the calculation of the amount of depreciation loss that a person using the pool method has.

*Defined:* amount, depreciation loss, pool method

**EE 21 Pool method: calculating amount of depreciation loss**

**Amount of depreciation loss subtracted from pool’s value**

(1) The amount of depreciation loss that a person has for an income year for a pool of depreciable property is—

(a) first, calculated under subsection (2); and
Income Tax

Part E cl EE 21

(b) second, subtracted from the pool’s adjusted tax value at the end of the income year.

Amount

(2) The amount of depreciation loss is calculated using the formula—

\[
\text{rate} \times \frac{\text{starting adjusted tax value} + \text{ending adjusted tax value}}{2} \times \frac{\text{months}}{12}.
\]

Definition of items in formula

(3) The items in the formula are defined in subsections (4) to (8).

Rate

(4) Rate is the diminishing value rate. It is 1 of the following:

(a) if the same rate applies to all items depreciated in the pool in the income year, that rate; or

(b) if different rates apply to items depreciated in the pool in the income year,—

(i) the lower of the rates, if there are 2 items in the pool; or

(ii) the lowest of the rates, if there are 3 or more items in the pool.

Starting adjusted tax value

(5) Starting adjusted tax value is—

(a) the pool’s adjusted tax value at the start of the income year; or

(b) zero, if the pool did not exist at the start of the income year.

A variation to starting adjusted tax value is in section EE 22(2)(b).

Ending adjusted tax value

(6) Ending adjusted tax value is the pool’s adjusted tax value at the end of the income year before the deduction of an amount of depreciation loss for the pool for the income year.

Months: income year of normal length or shorter

(7) Months, for a person whose income year contains 365 days or fewer (or 366 days or fewer in a leap year), is the lesser of the following:

(a) 12; and
(b) the number of whole or part months in the income year in which—
   (i) the person owns the item; and
   (ii) the person uses the item or has it available for use for any purpose.

**Months: income year of longer than normal length**

(8) **Months**, for a person whose income year contains more than 365 days (or more than 366 days in a leap year) is the number of whole or part months in the income year in which—
   (a) the person owns the item; and
   (b) the person uses the item or has it available for use for any purpose.

**Defined:** adjusted tax value, amount, deduction, depreciable property, depreciation loss, diminishing value rate, income year, pool

Compare: 1994 No 164 ss EG 2(2), EG 11(1), (2)

**EE 22 Cases affecting pool**

**Acquired item included**

(1) If a person chooses in an income year to include in a pool an item of poolable property that they acquire in the income year, the pool’s adjusted tax value is increased by the item’s cost.

**Separately depreciated item included**

(2) If a person chooses in an income year to include in a pool an item of poolable property that they depreciated separately in the previous income year,—
   (a) the pool’s adjusted tax value is increased by the item’s adjusted tax value on the date it is included in the pool; and
   (b) the item’s adjusted tax value at the end of the previous income year is included in starting adjusted tax value in section EE 21(5).

**Item disposed of**

(3) If a person disposes of an item included in a pool, any consideration they derive from the disposal is subtracted from the adjusted tax value of the pool in which the item was included on the date of the disposal.

**All items disposed of**
(4) If, on the last day of an income year, the adjusted tax value of a person’s pool is positive but the person has disposed of all items that were in the pool,—

(a) the amount of depreciation loss that the person has for the pool for the income year is the pool’s adjusted tax value; and

(b) on the first day of the following income year, the pool’s adjusted tax value is zero.

**Negative adjusted tax value**

(5) If, on the last day of an income year, the adjusted tax value of a person’s pool is negative,—

(a) the amount by which the adjusted tax value is negative is an amount of depreciation recovery income of the person derived in the income year; and

(b) on the first day of the following income year the pool’s adjusted tax value is zero.

**Relationship with section EZ 6**

(6) **Section EZ 6** (Pool items accounted for by globo method for 1992–93 income year) limits the amount of income arising under **subsection (5)(a)** in the circumstances described in the section.

**Defined:** adjusted tax value, amount, depreciation loss, depreciation recovery income, income, income year, pool, poolable property

Compare: 1994 No 164 s EG 11(3)–(4A)

**EE 23 Combined pools**

**Combining pools allowed**

(1) A person using the pool method may at any time combine any number of pools to form a single pool.

**Consequences**

(2) When a person combines pools,—

(a) the new pool’s adjusted tax value is the same as the sum of the adjusted tax values of the constituent pools; and

(b) the adjusted tax value of each of the constituent pools at the end of the income year in which the pools are combined is zero; and
(c) each of the constituent pools ceases to exist.

**Defined:** adjusted tax value, income year, pool, pool method

Compare: 1994 No 164 s EG 11(5)

**EE 24 Property ceasing to qualify for pool**

If a person starts using an item of property included in a pool in such a way as to cause the item to cease to meet **section EE 57(4)**, they must account for it as if, on the day they first used it in that way,—

(a) they disposed of it for its market value; and

(b) they immediately reacquired it for its market value.

**Defined:** pool, property

Compare: 1994 No 164 s EG 11(8)

**Depreciation rates**

**EE 25 Economic rate**

**What this section is about**

(1) This section is about setting the economic depreciation rate that applies to a kind of item of depreciable property (not including fixed life intangible property or excluded depreciable property, for which an economic rate cannot be set).

**Rate set by Commissioner**

(2) The Commissioner sets the rate from time to time by—

(a) following the procedure in this section; and

(b) issuing a determination under **section 91AD** of the Tax Administration Act 1994.

**Procedure for setting economic rate**

(3) To set the diminishing value rate for a kind of item of depreciable property, the Commissioner—

(a) gets a figure by applying the formula in **subsection (4)** to items of that kind; and

(b) rounds the figure up or down to the nearest rate specified in **schedule 11, column 1** (Banded rates of depreciation); and

(c) sets the same rate for some or all of the kinds of items of depreciable property that are similar to one another, if
the Commissioner thinks it is appropriate to do so having regard to—
(i) the rate calculated for each kind; and
(ii) the reduction in compliance costs that is likely to be achieved.

Formula
(4) The formula is—

\[
\frac{1}{1 - \frac{\text{residual value}}{\text{cost}}}
\]

Definition of items in formula
(5) In the formula,—
(a) estimated useful life has the meaning given to it by section EE 54;
(b) residual value is the greater of—
   (i) estimated residual market value, which has the meaning given to it by section EE 58; and
   (ii) 13.5% of cost;
(c) cost is the cost of items of the kind to which the formula is applied.

Defined: Commissioner, depreciable property, diminishing value rate, economic rate, estimated residual market value, estimated useful life, excluded depreciable property, fixed life intangible property

Compare: 1994 No 164 s EG 4(1), (3)–(5)

EE 26 Annual rate for item acquired in person’s 1995–96 or later income year

What this section is about
(1) This section is about the annual rate that applies to an item of depreciable property that a person acquires in their 1995–96 income year or a later income year (not including fixed life intangible property or excluded depreciable property, for which rates are set in sections EE 27 and EZ 11 (Annual rate for excluded depreciable property: 1992–93 tax year) respectively).

Rate
(2) The rate is 1 of the following:
EE 27 Annual rate for fixed life intangible property

What this section is about

(1) This section is about the annual rate that applies to an item of fixed life intangible property (not including an item of excluded depreciable property, for which a rate is set in section EZ 11 (Annual rate for excluded depreciable property: 1992–93 tax year)).

Rate

(2) The rate is the rate calculated using the formula—

\[
\frac{1}{\text{legal life}}.
\]

Definition of item in formula

(3) In the formula, legal life is,—

(a) if section EE 19 applies, the item’s remaining legal life from the start of the income year in which a person incurs the additional costs referred to in that section;

(b) if section EE 19 does not apply, the item’s remaining legal life from the time at which a person acquires it.

How rate expressed

(4) The rate given by the formula is expressed as a decimal and rounded to 2 decimal places, with numbers at the midpoint or
greater being rounded up and other numbers being rounded down.

**Defined:** annual rate, excluded depreciable property, fixed life intangible property, income year, legal life

Compare: 1994 No 164 s EG 8

**EE 28 Special rate or provisional rate**

A special rate or a provisional rate is set under sections 91AE to 91AH of the Tax Administration Act 1994. A special rate or a provisional rate applies to an item of depreciable property (not including an item of fixed life intangible property or an item of excluded depreciable property, for which a special rate or a provisional rate cannot be set).

**Defined:** depreciable property, excluded depreciable property, fixed life intangible property, provisional rate, special rate

**EE 29 Using economic or provisional rate instead of special rate**

**Allowed to use economic or provisional rate**

(1) A person may depreciate an item to which a special rate applies by applying, instead, the economic rate applicable to the item or a provisional rate applicable to the item. This subsection is overridden by subsection (2).

**Not allowed to use economic or provisional rate**

(2) The person must not depreciate the item by applying the economic rate or the provisional rate, if the following circumstances exist:

(a) a special rate applies to the item; and
(b) the special rate is higher than the economic rate; and
(c) the person applies the special rate to the item for an income year; and
(d) in a later income year, the item’s market value declines at a rate equal to or greater than the special rate; and
(e) it is a reasonable conclusion from all the circumstances of the case that the person’s reason, or 1 of the person’s reasons, for wanting to change from the special rate to the economic rate or the provisional rate for the later
income year is to enable the person to defer the deduction that the person is allowed for the amount of depreciation loss for the item’s decline in value.

Defined: amount, deduction, depreciation loss, economic rate, income year, provisional rate, special rate

Compare: 1994 No 164 s EG 10(10), (11)

Improvements, items of low value, or items no longer used

EE 30 Improvements

When this section applies

(1) This section applies when a person makes an improvement to an item of depreciable property.

Income year in which improvement made

(2) In the income year in which the person makes the improvement, the provisions of this subpart apply to the improvement, as if it were a separate item of depreciable property, in the period that—
   (a) starts at the start of the month in which the person first uses the improvement or has it available for use; and
   (b) ends at the end of the income year.

Following income years

(3) For income years following the income year in which the person makes the improvement,—
   (a) a person who uses the diminishing value method or the straight-line method for the item that was improved may choose to apply subsection (4) or (5);
   (b) a person who uses the pool method for the item that was improved must apply subsections (6) and (7).

Improvement treated as separate item

(4) For the purposes of subsection (3)(a), a person may choose to treat the improvement as a separate item of depreciable property.

Improvement treated as part of item
For the purposes of subsection (3)(a), a person may choose to treat the improvement as part of the item of depreciable property that was improved. They must do 1 of the following for the first income year, after the income year in which they made the improvement, in which they use the improvement or have it available for use:

(a) if they use the diminishing value method for the item, add the improvement’s adjusted tax value at the start of the income year to the item’s adjusted tax value at the start of the income year;

(b) if they use the straight-line method for the item,—

(i) add the improvement’s adjusted tax value at the start of the income year to the item’s adjusted tax value at the start of the income year; and

(ii) add the improvement’s cost to the item’s cost.

Pool method

A person who uses the pool method for the item that was improved must treat the improvement as a separate item of depreciable property. If its cost is equal to or less than its maximum pooling value, they must include it in a pool in the first income year, after the income year in which they made the improvement, in which they use the improvement or have it available for use.

Adjustment of pool’s value

When an improvement is included in a pool under subsection (6),—

(a) the pool’s adjusted tax value is increased by the improvement’s adjusted tax value on the date it is included in the pool; and

(b) the improvement’s adjusted tax value at the end of the previous income year is included in starting adjusted tax value in section EE 21 (5).

Defined: adjusted tax value, depreciable property, diminishing value method, improvement, income year, maximum pooling value, pool, pool method, straight-line method

EE 31 Items of low value

When this section applies

(1) This section applies when—
(a) a person acquires, in an income year, an item of property for a total cost of $200 or less; and
(b) the person uses the item, or has the item available for use, in the income year; and
(c) the item would be depreciable property if the person did not deal with it under this section; and
(d) the item has not and will not become part of any other property that is depreciable property; and
(e) the person is denied a deduction for the cost of the item if the person does not deal with the item under this section; and
(f) the item is not acquired at the same time and from the same supplier as any other items to which the same depreciation rate would apply if they were all treated as items of depreciable property, although this paragraph does not apply if—
(i) the total cost of all the items is $200 or less; or
(ii) the total cost of all the items that are not treated by the person purely as trading stock, when the items generally constitute the person’s trading stock, is $200 or less.

Amount of depreciation loss

(2) If the person chooses to deal with the item under this section, the amount of depreciation loss that the person has for the income year is the item’s cost.

How election made

(3) The person makes the election by claiming, in their return of income for the income year for which the election is made, a deduction for the amount of depreciation loss described in subsection (2).

Amount of depreciation recovery income

(4) If the person disposes in an income year of an item for which they have been allowed a deduction on a claim under subsection (2), the consideration they derive from the disposal is an amount of depreciation recovery income for the income year.

Change of use treated as disposal
(5) **Subsection (6)** applies when—

(a) a person has been allowed a deduction on a claim under **subsection (2)** for an item; and

(b) at a later time, the person stops using the item, or having the item available for use, mainly in deriving counted income or carrying on a business for the purpose of deriving counted income; and

(c) the use to which the item is put at the later time is not subject to fringe benefit tax.

**Disposal**

(6) The person is treated as having disposed of the item for its market value at the later time.

**Increase in amount**

(7) The Governor-General may, by Order in Council, increase the amount specified in **subsection (1)(a) and (f)**.

**Defined:** amount, business, counted income, deduction, depreciable property, depreciation loss, depreciation recovery income, fringe benefit tax, income year, property, return of income, trading stock

Compare: 1994 No 164 ss EG 16, OB 1 “low value property”

**EE 32 Items no longer used**

**What this section is about**

(1) This section is about the amount of depreciation loss that a person has for an income year for an item of depreciable property that is no longer used (not including a building or an item that has been depreciated using the pool method).

**Amount of depreciation loss under this section**

(2) The person has an amount of depreciation loss under this section and under no other provision of this subpart.

**Circumstances**

(3) The person has an amount of depreciation loss if—

(a) they no longer use the item in deriving counted income or carrying on a business for the purpose of deriving counted income; and

(b) neither they nor a person associated with them intends to use the item in deriving counted income or carrying...
on a business for the purpose of deriving counted income; and
(c) the costs of disposing of the item would be more than any consideration they could derive from disposing of it.

**Amount**

(4) The amount of depreciation loss is the item’s adjusted tax value at the start of the income year.

**Adjusted tax value at end of year**

(5) The item’s adjusted tax value at the end of the income year is zero.

*Defined:* adjusted tax value, amount, associated person, business, counted income, depreciable property, depreciation loss, income year, pool method

Compare: 1994 No 164 s EG 12(1)–(3), (5), (6)

**Transfers of depreciable property between associated persons**

EE 33 Transfer of depreciable property on or after 24 September 1997

**When this section applies**

(1) This section applies when, on or after 24 September 1997, a person (person A) acquires, directly or indirectly, an item of property from an associated person to whom 1 of the paragraphs in subsection (2) applies. The income year referred to in the paragraphs is the income year of the associated person.

**Associated person**

(2) The associated person must be a person to whom 1 of the following paragraphs applies:

(a) the associated person has an amount of depreciation loss for the item for the income year in which person A acquires it;

(b) the associated person would have had an amount of depreciation loss for the item for the income year in which person A acquires it, if section EE 11(1) had not applied:
(c) the associated person had an amount of depreciation loss for the item for the income year before the income year in which person A acquires it:

(d) the associated person has been allowed a deduction for the item under section DZ 12 (Premium paid on land leased before 1 April 1993) for the income year in which person A acquires it:

(e) the associated person has been allowed a deduction for the item under section DZ 12 (Premium paid on land leased before 1 April 1993) for the income year before the income year in which person A acquires it:

(f) the associated person would have had an amount of depreciation loss for the item for the income year in which person A acquires it, if the associated person had incurred a cost for the item for which the person was denied any other deduction and if section EE 11(1) had not applied:

(g) the associated person would have had an amount of depreciation loss for the item for the year before the income year in which person A acquires it, if the associated person had incurred a cost for the item for which the person was denied any other deduction:

(h) the associated person would have been allowed a deduction for the item under section DZ 12 (Premium paid on land leased before 1 April 1993) for the income year in which person A acquires it, if the associated person had incurred a cost for the item for which the person was denied any other deduction:

(i) the associated person would have been allowed a deduction for the item under section DZ 12 (Premium paid on land leased before 1 April 1993) for the income year before the income year in which person A acquires it, if the associated person had incurred a cost for the item for which the person was denied any other deduction:

(j) the associated person would have been a person to whom any of paragraphs (a) to (i) applied, if the associated person had not made an election under section EE 8.

Cost of item to person A

(3) For the purpose of determining the amount of depreciation loss that person A has, the cost of the item to person A is treated as 1 of the following:
(a) if section EE 48 applies for the associated person and the item, the lesser of—
   (i) the cost of the item to person A; and
   (ii) the item’s market value at the time at which a person was first allowed a deduction for it after
        the associated person acquired it; or
(b) if section EE 48 does not apply for the associated person and the item, the lesser of—
   (i) the cost of the item to person A; and
   (ii) the cost of the item to the associated person.

Exclusions

(4) Subsection (3) does not apply in the following cases:
   (a) if—
       (i) the item is not depreciable intangible property; and
       (ii) the Commissioner decides that it is appropriate to use the cost of the item to person A for the pur-
            poses of determining the amount of depreciation loss that person A has for the item:
   (b) if the cost to person A is income of the associated person, other than under section EE 40(1):
   (c) if person A acquires the item under a matrimonial agreement to which section FF 16(1) (Depreciable prop-
       erty) applies.

Rate

(5) The annual rate that person A applies to the item must be 1 of the following (not including an item of fixed life intangible
    property, for which the rate is set in section EE 27):
   (a) if person A uses the same depreciation method for the item as that used by the associated person for it, the
       annual rate that person A applies to it must not be more than the annual rate that the associated person applied to
       it:
   (b) if person A uses a depreciation method for the item different from the method that the associated person
       used for it, the annual rate that person A applies to it must not be more than a rate equivalent to the rate that
       the associated person applied to it, as determined by
EE 34 Transfer of radiocommunications licence right on or after 24 September 1997

When this section applies
(1) This section applies when, on or after 24 September 1997, the holder of management rights created under the Radiocommunications Act 1989, other than the Crown, grants a licence right under that Act to an associated person.

Cost of licence right
(2) For the purposes of determining the amount of depreciation loss that the associated person has, the cost of the licence right to the associated person is treated as zero.

EE 35 Transfer of depreciable intangible property on or after 1 July 1997

When this section applies
(1) This section applies when, on or after 1 July 1997, a person (person A) acquires, directly or indirectly, from an associated person an item of depreciable intangible property that—
(a) was not depreciable property of the associated person because it was not of a kind listed in schedule 17 (Depreciable intangible property) at the time the associated person acquired it; and
(b) was not an item for whose cost the associated person was allowed a deduction under a provision of this Act outside this subpart.

No amount of depreciation loss
(2) Person A does not have an amount of depreciation loss for the item.

*Defined:* amount, associated person, deduction, depreciable intangible property, depreciable property, depreciation loss

Compare: 1994 No 164 s EG 17(7)

### Disposals and similar events

#### EE 36 Application of sections EE 40 to EE 43

**When sections apply**

1. Sections EE 40 to EE 43 apply when a person derives consideration from the disposal of an item or from an event involving an item, if—
   1. the consideration is consideration of a kind described in section EE 37; and
   2. either—
      1. the item is an item of a kind described in section EE 38; or
      2. the event is an event of a kind described in section EE 39.

**Exclusion**

2. Sections EE 40 to EE 43 do not apply when a person disposes of an item of intangible property as part of an arrangement to replace it with an item of the same kind.

*Defined:* arrangement, consideration, property

Compare: 1994 No 164 s EG 19(9)(b)

#### EE 37 Consideration for purposes of section EE 36

**General rule: amount derived**

1. For the purposes of section EE 36, the consideration is the amount that the person derives, minus any amount that they incur in deriving it. Two qualifications are—
   1. if the person is a registered person, “the amount that the person derives” does not include any GST charged on a taxable supply they make;
   2. “any amount that they incur” does not include an amount for which the person is allowed a deduction under a provision of this Act outside this subpart.
This subsection is overridden by subsections (2) to (8).

**Other than market value**

(2) If the person derives a consideration that is not the item’s market value, the consideration for the purposes of section EE 36 is the item’s market value. Three qualifications are—

(a) if the person makes a taxable supply, “market value” means the market value minus any GST that would be charged on the supply:

(b) this subsection does not apply to a transfer under a matrimonial agreement:

(c) this subsection does not apply in a case described in any of subsections (3) to (8).

**Change of use or location of use**

(3) The consideration that a person derives from the event described in section EE 39(2) is the item’s market value. Two qualifications are—

(a) if the person makes a taxable supply, “market value” means the market value minus any GST that would be charged on the supply:

(b) this subsection does not apply to a transfer under a matrimonial agreement.

**Loss or theft**

(4) The consideration that a person derives from the event described in section EE 39(3) is the amount of insurance or other compensation they receive for the loss or theft (amount A). If the person is a registered person, amount A does not include the amount (if any) of GST charged on amount A to the extent to which amount A is treated as being consideration received for a supply of services by the registered person under section 5(13) of the Goods and Services Tax Act 1985.

**Irreparable damage**

(5) The consideration that a person derives from the event described in section EE 39(4) is the amount of insurance or other compensation they receive for the irreparable damage (amount A). If the person is a registered person, amount A does not include the amount (if any) of GST charged on amount A to the extent to which amount A is treated as being
consideration received for a supply of services by the registered person under section 5(13) of the Goods and Services Tax Act 1985.

Repossession

(6) The consideration that a person derives from the event described in section EE 39(5) is the item’s cost minus the net amount paid. Two qualifications are—
(a) if the person is a registered person, the “consideration that the person derives” does not include any GST charged on a taxable supply they make:
(b) “net amount paid” means the amount paid by the buyer to the seller for the item under the contract minus any amount refunded by the seller to the buyer.

Other items

(7) The consideration that a person derives from the disposal of an item along with any other item, or from the occurrence of an event involving an item that also involves other items, is the item’s market value. Two qualifications are—
(a) if the person makes a taxable supply, “market value” means the market value minus any GST that would be charged on the supply:
(b) this subsection does not apply to a transfer under a matrimonial agreement.

Item leaving New Zealand permanently

(8) The consideration that a person derives from the event referred to in section EE 39(10) is described in section EZ 17(1) (Sections EE 37 and EE 39: permanent removal: allowance before 1 April 1995).

Defined:
amount, consideration, deduction, GST, GST charged, incurred, matrimonial agreement, New Zealand, registered person, services, taxable supply

Compare: 1994 No 164 ss ED 4(6)(a), (c), (d), EG 19(6A), (7), (10)(b)–(10B)

EE 38 Items for purposes of section EE 36

Items to which sections EE 40 to EE 43 apply

(1) For the purposes of section EE 36, an item of property to which sections EE 40 to EE 43 apply is an item of depreciable property that a person owns, including—
(a) an item for which the person has been allowed a deduction for an amount of depreciation loss they have had under section EE 32; and

(b) an item to which section CZ 1 (Recovery of deductions for software acquired before 1 April 1993) applies.

Exclusions

(2) Sections EE 40 to EE 43 do not apply to—

(a) an item of property that, on the date on which the disposal or the event occurs, is accounted for in a pool; or

(b) an item of petroleum-related depreciable property; or

(c) an item of intangible property that is excluded depreciable property; or

(d) a land improvement that is excluded depreciable property of a kind for which no deduction for depreciation was allowed under an earlier Act.

Defined: amount, deduction, depreciable property, depreciation loss, excluded depreciable property, petroleum-related depreciable property, pool, property

Compare: 1994 No 164 ss EG 12(4), EG 19(1)

EE 39 Events for purposes of section EE 36

Events to which sections EE 40 to EE 43 apply

(1) For the purposes of section EE 36, this section describes the events to which sections EE 40 to EE 43 apply.

Change of use or location of use

(2) The first event is the change of use, or change of location of use, of an item of property, as a result of which a person does not have an amount of depreciation loss for the item for the next income year. The event is treated as occurring on the first day of the next income year.

Loss or theft

(3) The second event is the loss or theft of an item of property, if the item is not recovered in the income year in which the loss or theft occurs.

Irreparable damage

(4) The third event is the irreparable damage of an item of property.
Repossession

(5) The fourth event is the seller’s repossession of an item of property to which section EE 3 applies because the buyer wholly or partly fails to pay the consideration. The event is treated as occurring on the date on which the item is repossessed.

Statutory acquisition

(6) The fifth event is the acquisition of an item of property by a person acting under statutory authority.

Distribution

(7) The sixth event is the distribution of an item of property.

Cessation of ownership under section EE 4 or EE 5

(8) The seventh event is the cessation of ownership of a fixture or improvement—
   (a) that a lessee is treated as having under section EE 4(2); or
   (b) that a person is treated as having under section EE 5(3).

Cessation of rights in intangible property

(9) The eighth event is an occurrence that has the effect that the owner of an item of intangible property is no longer able, and will never be able, to exercise the rights that constitute or are part of the item.

Item leaving New Zealand permanently

(10) The ninth event is described in section EZ 17(2) (Sections EE 37 and EE 39: permanent removal: allowance before 1 April 1995).

Defined:  amount, depreciation loss, improvement, income year, lessee, New Zealand, property

Compare: 1994 No 164 s EG 19(9), (10A)

EE 40 Effect of disposal or event

Amount of depreciation recovery income

(1) For the purposes of section EE 36, if the consideration is more than the item’s adjusted tax value on the date on which the disposal or the event occurs, the lesser of the following amounts is the amount of depreciation recovery income derived by the person for the income year in which the disposal or the event occurs:

527
(a) the amount by which the consideration is more than the item’s adjusted tax value on the date on which the disposal or the event occurs; and

(b) the total of the amounts of depreciation loss for which the person has been allowed deductions for the item.

**Amount of depreciation loss**

(2) For the purposes of section EE 36, if the consideration is less than the item’s adjusted tax value on the date on which the disposal or the event occurs, the person has an amount of depreciation loss, for the income year in which the disposal or the event occurs, that is the amount by which the consideration is less than the item’s adjusted tax value on that date. This subsection does not apply if the item is a building.

**Defined:** adjusted tax value, amount, consideration, deduction, depreciation loss, depreciation recovery income, income year

Compare: 1994 No 164 s EG 19(2), (3)

**EE 41 Amounts of depreciation recovery income and depreciation loss when items partly used for business**

**Item to which this section applies**

(1) This section applies to an item of property that—

(a) is an item to which this section applies, as described in section EE 38; and

(b) is, at any time during the period the person owns it, dealt with in—

(i) subpart DE (Motor vehicle expenditure); or

(ii) any applicable paragraph in section EZ 7 (Amounts of depreciation recovery income and depreciation loss for part business use in or before 1992–93 income year); or

(iii) section FB 7 (Depreciation: partial income-producing use).

**Depreciation recovery income**

(2) If the consideration referred to in section EE 36 is less than or equal to the cost of the item to the person, the amount of depreciation recovery income that the person has is an amount calculated using the formula in subsection (4).

**Amount of depreciation loss**
(3) If the consideration referred to in section EE 36 is less than the item’s adjusted tax value on the date on which the disposal or the event occurs, the amount of depreciation loss that the person has is an amount calculated using the formula in subsection (4). This subsection does not apply if the item is a building.

**Formula**

(4) The formula is—

\[
\frac{\text{all deductions}}{(\text{base value} - \text{adjusted tax value})} \times \text{amount of depreciation recovery income or depreciation loss.}
\]

**Definition of items in formula**

(5) The items in the formula are defined in subsections (6) to (9).

**All deductions**

(6) All deductions is all amounts of depreciation loss for which the person has been allowed a deduction for the item in each of the income years in which the person has owned the item.

**Base value**

(7) Base value has the applicable one of the meanings in sections EE 47 to EE 50.

**Adjusted tax value**

(8) Adjusted tax value is the item’s adjusted tax value on the date on which the disposal or the event occurs. In the case of disposal by a life insurer, adjusted tax value is calculated on the basis that the value to which the item has or would have been reduced by the amounts of depreciation loss for which the person has or would have been allowed a deduction is the same as the item’s acquisition value or cost minus all amounts of depreciation loss.

**Amount of depreciation recovery income or depreciation loss**
(9) **Amount of depreciation recovery income or depreciation loss** is the amount described in section **EE 40(1) or (2)**, as applicable.

**Defined:** adjusted tax value, amount, business, deduction, depreciation loss, depreciation recovery income, income year, life insurer, property

Compare: 1994 No 164 s EG 19(4), (11)

**EE 42 Amount of depreciation recovery income when lost or stolen items recovered**

**When this section applies**

(1) This section applies when an item of property to which section **EE 39(4)** applies—

(a) is recovered in a later income year; and

(b) is still owned by the person; and

(c) is still used or available for use by the person.

**Person treated as acquiring item**

(2) The person is treated as having acquired the item, on the date of recovery, for its adjusted tax value at the start of the income year in which it was lost or stolen.

**Person treated as deriving income: amount**

(3) The person is treated as deriving an amount of depreciation recovery income equal to the amount of depreciation loss that the person has under section **EE 40(2)** for which they have been allowed a deduction.

**Person treated as deriving income: income year**

(4) The income year in which the person derives the depreciation recovery income is—

(a) the income year in which the item is lost or stolen, if the person chooses that year; or

(b) the income year in which the item is recovered, in any other case.

**Defined:** adjusted tax value, amount, deduction, depreciation loss, depreciation recovery income, income year, property

Compare: 1994 No 164 s EG 19(6B)
EE 43 Amount of depreciation recovery income when compensation received

When this section applies
(1) This section applies when a person receives compensation for an item of property to which this section applies (as described in section EE 38), other than compensation for an item that is lost, stolen, or irreparably damaged.

Compensation subtracted
(2) An amount must be subtracted from the item’s adjusted tax value. The amount is the amount by which the compensation that the person receives is more than the expenditure that the person incurs because of the event for which the person receives the compensation.

Depreciation recovery income
(3) If the item’s adjusted tax value becomes negative in an income year through the application of subsection (2), the negative amount is an amount of depreciation recovery income derived by the person in the income year.

Defined: adjusted tax value, amount, depreciation recovery income, income year, property

Compare: 1994 No 164 s EG 19(5), (6)

Interpretation provisions

EE 44 Cost: GST

When this section applies
(1) This section applies when an amount of depreciation loss or an amount of depreciation recovery income is calculated by reference to the cost of an item of depreciable property to a person.

Cost reduced: input tax
(2) The item’s cost is reduced by subtracting the amount (if any) of input tax applying to the supply of the item to the person. This subsection is overridden by subsection (3).

Cost reduced: input tax
(3) This subsection applies to an item that was not acquired or produced for the principal purpose of making taxable supplies but is applied in an income year principally for that purpose. The item’s cost is reduced by subtracting a proportion of the amount (if any) calculated under sections 21F and 21G, and deductible under section 20(3)(e), of the Goods and Services Tax Act 1985. The proportion is the proportion of the amount that arises from the application of the item in the income year principally for the purpose of making taxable supplies.

Cost increased: output tax

(4) This subsection applies to an item that was acquired or produced for the principal purpose of making taxable supplies but is applied in an income year other than for that purpose. The item’s cost is increased by adding the amount (if any) of output tax charged in the income year for the supply of the item because section 21 of the Goods and Services Tax Act 1985 applies to the supply.

Defined: amount, depreciable property, depreciation loss, depreciation recovery income, GST, income year, input tax, output tax, taxable supply

Compare: 1994 No 164 s ED 4(4), (6)(b)

Adjusted tax value

EE 45 Adjusted tax value

Adjusted tax value means,—
(a) for an item in a pool, the pool’s adjusted tax value:
(b) for an item of depreciable property other than one dealt with in paragraph (a), the amount calculated using the formula in section EE 46.

Defined: adjusted tax value, amount, depreciable property, pool

Compare: 1994 No 164 s OB 1 “adjusted tax value”

EE 46 Formula

Formula

(1) The formula referred to in section EE 45(b) is—

base value — total deductions.

Definition of items in formula

(2) In the formula,—
(a) **base value** has the applicable 1 of the meanings in **section EE 47, EE 48, EE 49, and EZ 18(1)** (Base value and total deductions in **section EE 46**: before 1 April 1995):

(b) **total deductions** has the meaning given to it by **section EE 51**.

Compare: 1994 No 164 s OB 1 "adjusted tax value"

**EE 47 Base value in section EE 46 when none of sections EE 48, EE 49, and EZ 18(1) applies**

**When this section applies**

(1) This section applies when none of **sections EE 48, EE 49, and EZ 18(1)** (Base value and total deductions in **section EE 46**: before 1 April 1995) applies.

**Base value**

(2) **Base value** is the cost of the item to the person.

**Cost**

(3) In this section, "cost" is qualified as follows:

(a) expenditure is excluded from it if it is expenditure for which a person has been allowed a deduction for an amount of depreciation loss they have had under any of **sections EE 31(2), EE 40(2), and EE 41(3)** or the corresponding provision of the Income Tax Act 1994:

(b) expenditure is not excluded from it if it is expenditure for which a person has been allowed a deduction for an amount of depreciation loss they have had under any other provision of this subpart or the corresponding provision of the Income Tax Act 1994:

(c) expenditure is excluded from it if it is expenditure for which a person has been allowed a deduction under any other subpart or the corresponding provision of the Income Tax Act 1994:

(d) expenditure—

(i) is not excluded from it if it is described in **section EZ 18(2)(a)** (Base value and total deductions in **section EE 46**: before 1 April 1995):
is excluded from it if it is described in section EZ 18(2)(b) (Base value and total deductions in section EE 46: before 1 April 1995).

Defined: amount, deduction, depreciation loss

Compare: 1994 No 164 s OB 1 “adjusted tax value” (a)(i)

EE 48 Base value in section EE 46 when no previous deduction

When this section applies

(1) This section applies when all the following apply to the item:

(a) it is not a building; and

(b) it is not an item of petroleum-related depreciable property; and

(c) it is not an item that the person acquired to use or have available for use in deriving counted income or carrying on a business for the purpose of deriving counted income, and first used for the purpose of deriving counted income; and

(d) it has been, since the person acquired it and first used it or had it available for use for any purpose, an item for which the person could not in any income year have been allowed a deduction for an amount of depreciation loss, whether because of the nature of the person’s use of the item or the person’s non-residence or for any other reason; and

(e) in relation to the 1992–93 income year,—

(i) it was acquired by the person after the end of that income year; or

(ii) it was an item described in section EZ 18(3) (Base value and total deductions in section EE 46: before 1 April 1995).

Base value

(2) Base value is the item’s market value at the time the person first had an amount of depreciation loss for it after they began to own it.

Defined: amount, business, counted income, deduction, depreciation loss, income year, petroleum-related depreciable property

Compare: 1994 No 164 s OB 1 “adjusted tax value” (a)(iii)
EE 49  Base value in section EE 46 when property is petroleum-related depreciable property

When this section applies
(1)  This section applies when the item is an item of petroleum-related depreciable property to which both the following apply:
   (a)  section EE 50 does not apply to it; and
   (b)  the person (person A) acquires it from an associated person.

Base value
(2)  Base value is the lesser of—
   (a)  the cost of the item to person A; and
   (b)  the total of the amounts described in subsections (3) and (4).

First amount for purposes of subsection (2)(b)
(3)  The amount is the cost of the item to—
   (a)  the associated person, if the associated person did not acquire the item from either person A or another person associated with person A; or
   (b)  whoever owned the item, whether person A or the associated person, at the start of an unbroken chain of ownership made up of person A and 1 or more persons associated with person A.

Second amount for purposes of subsection (2)(b)
(4)  The amount is all expenditure incurred for the item by person A and the associated person or associated persons before the date on which person A acquired the item.

Cost and expenditure
(5)  In this section, “cost” and “expenditure” are qualified as follows:
   (a)  expenditure is excluded from them if it is expenditure for which a person has been allowed a deduction for an amount of depreciation loss they have had under any of sections EE 31(2), EE 40(2), and EE 41(3) or the corresponding provision of the Income Tax Act 1994;
   (b)  expenditure is not excluded from them if it is expenditure for which a person has been allowed a deduction
for an amount of depreciation loss they have had under any other provision of this subpart or the corresponding provision of the Income Tax Act 1994:

(c) expenditure is excluded from them if it is expenditure for which a person is allowed a deduction under any other subpart or the corresponding provision of the Income Tax Act 1994:

(d) expenditure is excluded from them if it is expenditure for which a person would have been allowed a deduction under any other subpart if this Act had applied or the corresponding provision of the Income Tax Act 1994 if that Act had applied.

Defined: amount, associated person, deduction, depreciation loss, petroleum-related depreciable property

Compare: 1994 No 164 s OB 1 "adjusted tax value" (a)(iv)

EE 50 Total deductions in section EE 46

Total deductions

(1) Total deductions is the total, calculated as at a particular time, of—

(a) the amount described in subsection (2); and

(b) the amount described in subsection (3).

First amount for purposes of subsection (1)

(2) The amount is the amount that 1 or more of the following provisions has required to be subtracted from the item’s adjusted tax value since the start of the 1993–94 income year:

(a) section EE 43(2);

(b) section EG 19(5) of the Income Tax Act 1994;

(c) the provision described in section EZ 18(4) (Base value and total deductions in section EE 46: before 1 April 1995).

Second amount for purposes of subsection (1)

(3) The amount is deductions for amounts of depreciation loss, calculated using the method described in subsection (4), that, in the period described in subsection (5)—

(a) the person was allowed for the item; or

(b) the person would have been allowed if they had used the item wholly in deriving counted income or carrying

536
on a business for the purpose of deriving counted income.

**Method**

(4) The method is—

(a) the depreciation method that the person used in each relevant income year; or

(b) the diminishing value method, if the person did not make deductions for amounts of depreciation loss for the item.

**Period**

(5) The period ends with the end of the income year before the income year in which the particular time occurs, and starts with,—

(a) if section EE 47 applies to the item, the date on which the person acquired the item; or

(b) if section EE 48 applies to the item, the start of the month in the income year in which the person first had an amount of depreciation loss for the item; or

(c) if section EE 49 applies to the item, the date on which person A or the relevant associated person acquired the item; or

(d) if section EZ 18(1) (Base value and total deductions in section EE 46: before 1 April 1995) applies to the item, the end of the 1992–93 income year.

*Defined:* adjusted tax value, amount, associated person, business, counted income, deduction, depreciation loss, depreciation method, derived, diminishing value method, income year

*Compare:* 1994 No 164 s OB 1 “adjusted tax value” (a)(i)

**Definitions**

**EE 51 Annual rate**

**Meaning**

(1) *Annual rate* means the annual depreciation rate applying to an item of depreciable property that a person owns. The rate is 1 of the rates described in subsections (2) to (6).

1995–96 income year or later

(2) The rate is the rate set by section EE 26(2)(a) or (b) if both the following apply to the item:
(a) the person acquires it in their 1995–96 income year or a later income year; and
(b) the item is not dealt with in any of subsections (3) to (6).

1995–96 income year or later: international aircraft

(3) The rate is the rate set by section EE 26(2)(c) if the item is an international aircraft that the person acquires in their 1995–96 income year or a later income year.

Fixed life intangible property

(4) The rate is the rate set by section EE 27 if both the following apply to the item:
(a) the item is an item of fixed life intangible property; and
(b) the item is not an item of excluded depreciable property.

1994–95 income year

(5) The rate is the rate set by section EZ 9 (Annual rate for item acquired on or after 1 April 1993 and before end of person’s 1994–95 income year) if all the following apply to the item:
(a) the person acquired it before the end of their 1994–95 income year; and
(b) the item is not an item of fixed life intangible property; and
(c) the item is not an item of excluded depreciable property.

Excluded depreciable property

(6) The rate is the rate set by section EZ 11 (Annual rate for excluded depreciable property: 1992–93 tax year) if the item is an item of excluded depreciable property.

Defined: depreciable property, excluded depreciable property, fixed life intangible property, income year, international aircraft

Compare: 1994 No 164 s OB 1 “annual depreciation rate”

EE 52 Depreciable intangible property

Meaning

(1) Depreciable intangible property means the property listed in schedule 17 (Depreciable intangible property).

Criteria for listing in schedule 17
(2) For property to be listed in schedule 17 (Depreciable intangible property), the criteria are as follows:
(a) it must be intangible; and
(b) it must have a finite useful life that can be estimated with a reasonable degree of certainty on the date of its acquisition.

Schedule 17 prevails
(3) Property that is listed in schedule 17 (Depreciable intangible property) is depreciable intangible property even if the criteria are not met.

Defined: depreciable intangible property, property

Compare: 1994 No 164 s OB 1 “depreciable intangible property”

EE 53 Estimated useful life

Item of depreciable property (not copyright in sound recording)
(1) Estimated useful life, for an item of depreciable property, other than a copyright in a sound recording, means the period over which the item might reasonably be expected to be useful in deriving counted income or carrying on a business for the purpose of deriving counted income, taking into account—
(a) the passage of time, likely wear and tear, exhaustion, and obsolescence; and
(b) an assumption of normal and reasonable maintenance.

Copyright in sound recording
(2) Estimated useful life, for a copyright in a sound recording, means the period from the time at which the copyright might reasonably be expected to be first useful in deriving counted income until the end of the income year in which it might reasonably be expected that 90% of all the income that will be derived from it has been derived.

Defined: business, counted income, depreciable property, estimated useful life, income year, sound recording

Compare: 1994 No 164 s OB 1 “estimated useful life”

EE 54 Excluded depreciable property

Meaning
(1) Excluded depreciable property means, for a person,—
(a) depreciable property for whose purchase or construction the person entered into a binding contract before 16 December 1991; or
(b) depreciable property that the person used or had available for use for any purpose whatever within New Zealand, other than as trading stock, before 1 April 1993; or
(c) depreciable property that is an intangible item that the person used or had available for use before 1 April 1993; or
(d) depreciable property that is or has been a qualifying item for the person; or
(e) depreciable property to the extent to which it is or has been a qualifying improvement for the person.

Exclusion
(2) **Excluded depreciable property** does not include property to which both the following apply:
(a) it existed at the end of the 1992–93 income year; and
(b) the Commissioner allowed it to be accounted for in that income year using the standard value method, the replacement value method, or the annual revaluation method.

**Defined:** Commissioner, depreciable property, excluded depreciable property, income year, New Zealand, property, qualifying improvement, qualifying item, trading stock

Compare: 1994 No 164 s OB 1 “excluded depreciable property”

EE 55 Maximum pooling value

**Meaning**
(1) **Maximum pooling value**, for an item of depreciable property, means the greater of—
(a) $2,000; and
(b) the value set in a determination issued under [section 91AJ](#) of the Tax Administration Act 1994 applying to the item.

**Increase in amount**
(2) The Governor-General may, by Order in Council, increase the amount specified in subsection (1)(a).

**Defined:** amount, depreciable property, maximum pooling value

Compare: 1994 No 164 s OB 1 “maximum pooling value”

---

**EE 56 Poolable property**

**Meaning**

(1) **Poolable property**, for an income year, means an item of depreciable property that a person owns to which subsections (2) to (4) apply.

**Not a building**

(2) The item is not a building.

**Maximum pooling value or globo method**

(3) The item—
   (a) is acquired in the income year for a cost equal to or less than its maximum pooling value; or
   (b) was previously accounted for separately but has, as at the start of the income year, an adjusted tax value equal to or less than its maximum pooling value; or
   (c) was accounted for at the end of the 1992–93 income year using, with the Commissioner’s permission, the globo accounting method.

**Wholly used or subject to fringe benefit tax**

(4) The item—
   (a) is wholly used or available for use by the person in deriving counted income or carrying on a business for the purpose of deriving counted income; or
   (b) is partly used or available for use by the person in deriving counted income or carrying on a business for the purpose of deriving counted income and is partly used in a way that is subject to fringe benefit tax.

**Defined:** adjusted tax value, business, Commissioner, counted income, depreciable property, fringe benefit tax, income year, maximum pooling value, poolable property

Compare: 1994 No 164 s OB 1 “poolable property”
EE 57 Other definitions

In this Act,—

depreciation method means a method described in section EE 12

diminishing value method means the method of calculating an amount of depreciation loss for an item of depreciable property by subtracting, in each income year, a constant percentage of the item’s adjusted tax value from the item’s adjusted tax value

diminishing value rate means the rate that a person using the diminishing value method applies to an item of depreciable property

economic rate means the economic depreciation rate of an item of depreciable property, set under section EE 25

estimated residual market value means, for an item of depreciable property, its market value at the end of its estimated useful life, estimated reasonably as at the date of acquisition and based on an assumption of normal and reasonable maintenance over its estimated useful life

fixed life intangible property means property that—

(a) is depreciable intangible property; and
(b) has a legal life that could reasonably be expected, on the date of the property’s acquisition, to be the same length as the property’s remaining estimated useful life

improvement means an alteration, extension, or repair of an item of depreciable property that increases its capital value

international aircraft means a jet-engined aircraft that a person uses in an income year mainly in regular commercial service to transport passengers between New Zealand and any other place

legal life means the number of years, months, and days for which an owner’s interest in an item of intangible property exists under the contract or statute that creates the owner’s interest, assuming that the owner exercises any rights of renewal or extension that are either essentially unconditional or conditional on the payment of predetermined fees

petroleum-related depreciable property means depreciable property that is—

(a) petroleum drilling rigs; or
(b) support vessels for offshore petroleum drilling rigs; or
(c) support vessels for offshore petroleum production platforms

pool means items of depreciable property that a person chooses under section EE 12 to depreciate as a pool using the pool method

pool method means the method of calculating an amount of depreciation loss set out in section EE 21

provisional rate means a provisional rate as described in section EE 28

special rate means a special rate as described in section EE 28

straight-line method means the method of calculating an amount of depreciation loss for an item of depreciable property by subtracting, in each income year, a constant percentage of the item’s cost, to its owner, from the item’s adjusted tax value

straight-line rate means the rate that a person using the straight-line method applies to an item of depreciable property.

Defined: adjusted tax value, amount, depreciable intangible property, depreciable property, depreciation loss, depreciation method, diminishing value method, diminishing value rate, economic rate, estimated residual market value, estimated useful life, fixed life intangible property, improvement, income year, international aircraft, legal life, New Zealand, petroleum, petroleum-related depreciable property, pool, pool method, property, provisional rate, special rate, straight-line method, straight-line rate

Subpart EF—Taxes and levies

Index

| EF 1 | Fringe benefit tax |
| EF 2 | Specified superannuation contribution withholding tax |
| EF 3 | ACC levies and premiums |
| EF 4 | Use of money interest payable by Commissioner |
| EF 5 | Use of money interest payable by person |
| EF 6 | Different tax years |
EF 1 Fringe benefit tax

Fringe benefit tax for which a deduction is allowed may be deducted only in the income year in which the relevant fringe benefits are provided or granted, whether or not the tax actually becomes due and payable in the income year.

Defined: deduction, fringe benefit tax, income year

Compare: 1994 No 164 s ED 2

EF 2 Specified superannuation contribution withholding tax

Specified superannuation contribution withholding tax for which a deduction is allowed may be deducted only in the income year in which the specified superannuation contributions to which the tax relates are made, whether or not the tax actually becomes due and payable in the income year.

Defined: deduction, income year, specified superannuation contribution, specified superannuation contribution withholding tax

Compare: 1994 No 164 s ED 3

EF 3 ACC levies and premiums

Timing of deduction

(1) A deduction that an employer or self-employed person is allowed for an ACC levy or premium is allocated to the income year in which it becomes due and payable, except as provided in subsection (2) or (3).

Earlier income year

(2) If a deduction for an ACC levy or premium has been allocated to an income year earlier than the income year in which the levy or premium becomes due and payable and, because of the time bar or for another reason, the Commissioner cannot lawfully amend the assessment for the income year, the deduction is allocated to the income year in which it was allowed.

Balance dates between 1 October and 6 April

(3) If a person’s income year ends on a balance date falling between 1 October and 6 April (both dates inclusive), an ACC levy or premium that is due on a date in schedule 13, part A, column E (Months for payment of provisional tax and terminal tax) is to be treated as if it were due and payable on the relevant date in column D of that part of the schedule.
References to dates in schedule 13

(4) For the purposes of subsection (3), references to dates in schedule 13, part A (Months for payment of provisional tax and terminal tax) (which refers to months only, and not days) are references to the day in the relevant month that is fixed by whichever is relevant of—

(a) the definitions of first instalment date, second instalment date, and third instalment date in section 0B 1 (Definitions); and

(b) sections MB 5A (Amount of provisional tax instalments in transitional year), MC 1 (Payment of terminal tax by provisional taxpayer), and MC 2 (Payment of tax).

Meaning of ACC levy or premium

(5) In this section, ACC levy or premium means any of the following levies, premiums, or penalties:

(a) the following levy or premium:

(i) a levy to fund the Employers’ Account under section 168 of the Injury Prevention, Rehabilitation, and Compensation Act 2001; or

(ii) an employer’s premium to fund the Employers’ Account under section 281B of the Accident Insurance Act 1998;

(b) a Residual Claims levy under—

(i) section 193 of the Injury Prevention, Rehabilitation, and Compensation Act 2001; or

(ii) section 304 of the Accident Insurance Act 1998;

(c) the following levy or premium:

(i) a levy to fund the Self-employed Work Account under section 202 of the Injury Prevention, Rehabilitation, and Compensation Act 2001; or

(ii) a premium to fund the Self-Employed Work Account under section 300 of the Accident Insurance Act 1998;

(d) a levy or premium to fund the Earners’ Account under—

(i) section 219(1) of the Injury Prevention, Rehabilitation, and Compensation Act 2001; or

(ii) section 283(1) of the Accident Insurance Act 1998;

(e) an Earners’ Account levy under—
(i) section 219(2) of the Injury Prevention, Rehabilitation, and Compensation Act 2001; or
(ii) section 283(2) of the Accident Insurance Act 1998:

(f) a levy to meet the costs of the Regulator under section 236 of the Accident Insurance Act 1998:

(g) a contribution to the Insolvent Insurers Fund under section 246 or 247 of the Accident Insurance Act 1998:

(h) a levy or penalty payable to the Non-Compliers Fund under section 263 of the Accident Insurance Act 1998:

(i) a base premium under sections 466 to 470 of the Accident Insurance Act 1998.

**Defined:** ACC levy or premium, Commissioner, deduction, employer, first instalment date, income year, second instalment date, third instalment date, time bar

Compare: 1994 No 164 ss ED 1–ED 1B

**EF 4 Use of money interest payable by Commissioner**

**Timing of income**

(1) Income that is interest payable by the Commissioner to a person under Part 7 of the Tax Administration Act 1994 is allocated to the income year in which the Commissioner pays the interest. This subsection is overridden by subsections (2) and (3).

**Interest paid in same year as liability arises**

(2) If the Commissioner pays the interest in the same tax year as that to which the original assessment relates, the income that is interest is allocated to the following income year.

**Interest arising from amended assessment**

(3) If the Commissioner amends the person’s assessment, income that is interest payable (or overpaid interest repayable) by the Commissioner as a result of the amended assessment is allocated to the income year following the income year in which the Commissioner issues the notice of amended assessment.

**Amended assessment in same income year**
(4) For the purposes of subsection (3), if the Commissioner amends the person’s assessment more than once in a tax year, only the last amended assessment is taken into account.

**Defined:** assessment, Commissioner, income, income tax liability, income year, interest, notice, pay

Compare: 1994 No 164 ss ED 6(2), (3), ED 7(1)(b), (c), (2)

**EF 5 Use of money interest payable by person**

**Deduction of known interest amounts**

(1) A deduction for interest payable by a person to the Commissioner under Part 7 of the Tax Administration Act 1994 is allocated to the income year in which the person’s original assessment is made. This subsection is overridden by subsection (2).

Exception if assessment made in same tax year as interest arises

(2) If the original assessment is made in a tax year for an income tax liability for that tax year, a deduction for interest payable by the person to the Commissioner is allocated to the tax year following that in which the tax is assessed.

Effect of amended assessment

(3) If the Commissioner amends the person’s assessment, a deduction for interest payable (or overpaid interest repayable) to the Commissioner as a result of the amended assessment is allocated to the income year following that in which the Commissioner issues the notice of amended assessment. This subsection does not apply in the circumstances described in subsection (4).

Terminal amended assessment

(4) If, as a result of an amended assessment, interest is payable or repayable to the Commissioner, it is treated, in the following circumstances, as having been incurred in the income year in which the Commissioner issues the notice of amended assessment:

(a) the person dies, goes into liquidation, or otherwise ceases to exist before the income year following that in which the Commissioner issues a notice of amended assessment; and
(b) the interest payable or repayable would have been allowed as a deduction if it had been incurred in the income year in which the Commissioner issues the notice of assessment; and
(c) the person’s executor or other representative asks the Commissioner.

Amended assessment in same tax year

(5) For the purposes of subsection (4), if the Commissioner amends the person’s assessment more than once in a tax year, only the last amended assessment is taken into account.

Defined: amount, assessment, Commissioner, deduction, income tax liability, income year, liquidation, notice, tax year

Compare: 1994 No 164 ss ED 6(1), (3), ED 7(1)(a), (d), (2), (3)

EF 6  Different tax years

Sections EF 4 and EF 5 apply even though the income tax liability giving rise to the obligation to pay interest, and the period for the interest payment, may fall wholly or partly in a different tax year from that in which the interest is incurred or derived under those sections.

Defined: income tax liability, interest, pay, payment, tax year

Compare: 1994 No 164 s ED 8

Subpart EG—Recognition of accounting treatment

Index

EG 1 Election to use balance date used in foreign country
EG 2 Adjustment for changes to accounting practice

EG 1 Election to use balance date used in foreign country

When this section applies

(1) This section applies when all the following apply:
(a) a person has foreign source income or foreign expenditure that is taken into account in determining the income tax (not merely the withholding tax) payable by them in a foreign country or territory; and
(b) the foreign source income or foreign expenditure has been included in 1 of their income tax returns in the country or territory; and
(c) the annual income tax balance date that is relevant for them for the income tax return in the country or territory falls in a period that is an income year for them; and
(d) if the person did not make an election under this section,—
   (i) the foreign source income would be allocated to their previous income year; or
   (ii) the foreign expenditure would be a deduction allocated to the previous income year if the only income of the person were foreign source income to which this section applies.

**Election to allocate**

(2) If the person has not already included the foreign source income or foreign expenditure in their return of income for the previous tax year, they may choose to allocate the foreign source income or the foreign expenditure to the income year referred to in subsection (1)(c).

**How election made**

(3) The person makes the election by including the foreign source income or foreign expenditure in their return of income for the income year referred to in subsection (1)(c).

**What election applies to**

(4) The election applies to all the person’s foreign source income and foreign expenditure to which subsection (1) applies, except for—
   (a) income or expenditure under the financial arrangements rules, unless the Commissioner agrees in writing; or
   (b) dividends, unless the Commissioner agrees in writing and the person is not a company; or
   (c) attributed CFC income; or
   (d) FIF income or income derived from an attributing interest; or
   (e) in the case of foreign expenditure, foreign expenditure that would be allowed as a deduction if the only income of the person were income to which paragraphs (a) to (d) apply.
Timing of income

(5) The foreign source income and foreign expenditure to which the election applies is allocated to the income year referred to in subsection (1)(c).

Election treated as continuing

(6) A person who has made an election is treated as making the same election for all later income years, unless—
(a) the Commissioner agrees in writing to allow the person to revoke the election; or
(b) the person’s net income for the relevant income year would be more than $100,000 if their only income for the income year were foreign source income.

Net income of more than $100,000

(7) If subsection (6)(b) applies,—
(a) foreign source income and foreign expenditure is allocated to the income year referred to in subsection (1)(c) only if it was derived or incurred in that year; and
(b) foreign source income and foreign expenditure to which the election would have applied if subsection (6)(b) had not existed is allocated to the previous income year; and
(c) if necessary, the previous tax year’s return is amended.

Factors considered

(8) In deciding whether to agree to an election applying to income or expenditure under the financial arrangements rules or dividends, the Commissioner considers—
(a) whether the person is likely to incur significant compliance costs if the Commissioner does not agree to the election; and
(b) the risk to the revenue if the Commissioner agrees to the election; and
(c) any other factors the Commissioner considers relevant.

Person ceasing to be, or becoming, resident

(9) If the person ceases to be, or becomes, resident in New Zealand, this section applies in the same way as for other persons except that—
(a) it does not apply to income or expenditure that is allocated, other than under this section, to a period when the person is not resident in New Zealand; and
(b) if it allocates foreign source income derived or foreign expenditure incurred while the person is resident in New Zealand to a period after the person has ceased to be resident in New Zealand,—
   (i) the foreign source income is counted income in the income year in which the foreign source income is allocated under this section, despite section BD 1(2)(b) (Income, exempt income, excluded income, and counted income); and
   (ii) the foreign expenditure is allowed as a deduction in the income year in which the foreign expenditure is allocated under this section.

Some definitions

(10) In this section,—

annual income tax balance date includes a date that is substantially equivalent to an annual income tax balance date

foreign expenditure means expenditure that is incurred in deriving foreign source income

foreign source income means income that is not derived from New Zealand and that is not exempt income.

Defined: annual income tax balance date, attributed CFC income, attributing interest, Commissioner, company, counted income, deduction, derived from New Zealand, dividend, exempt income, FIF income, financial arrangements rules, foreign expenditure, foreign source income, income, income year, net income, resident in New Zealand, return of income, tax year

Compare: 1994 No 164 s EP 1

EG 2 Adjustment for changes to accounting practice

When this section applies

(1) This section applies in an income year (year of change) when a person changes from—
   (a) a cash accounting method to an accrual accounting method of calculating their income tax liability; or
   (b) an accrual accounting method to a cash accounting method of calculating their income tax liability.

From cash to accrual accounting method
(2) If subsection (1)(a) applies,—
   (a) an amount owed to the person on the last day of the income year before the year of change is income of the person in the year of change:
   (b) an amount owed by the person on the last day of the income year before the year of change is allowed as a deduction in the year of change.

From accrual to cash accounting method

(3) If subsection (1)(b) applies,—
   (a) an amount equal to the sum of all amounts owing by the person in the year of change that have been allowed as a deduction in previous income years is income of the person in the year of change:
   (b) an amount equal to the sum of all amounts owing to the person in the year of change that have been treated as income of the person in previous income years is allowed as a deduction in the year of change.

Some definitions

(4) In this section,—
   accrual accounting method means a method of accounting that is regarded as accrual accounting under generally accepted accounting practice
   cash accounting method means a method of accounting by which the income tax liability of a person is calculated by reference to cash receipts or outgoings.

Defined: accrual accounting method, amount, business, cash accounting method, Commissioner, deduction, generally accepted accounting practice, income, income tax liability, income year

Some definitions used in thinning operations income equalisation scheme
EH 80 Some definitions used in thinning operations income equalisation scheme
EH 81 Thinning operations maximum deposit: definition referred to in section EH 80
Introductory provisions

EH 1  Income equalisation schemes

Description
(1) An income equalisation scheme allows a person to reduce their income for a tax year by making a deposit with the Commissioner.

Three schemes
(2) The 3 income equalisation schemes are—
  (a) the main income equalisation scheme, described in sections EH 3 to EH 37;
  (b) the adverse event income equalisation scheme, described in sections EH 38 to EH 64;
  (c) the thinning operations income equalisation scheme, described in sections EH 65 to EH 81.

Meaning of terms
(3) Terms used in the 3 schemes are defined as follows:
  (a) terms used specifically in the main income equalisation scheme are defined in sections EH 34 to EH 37;
  (b) terms used specifically in the adverse event income equalisation scheme are defined in sections EH 62 to EH 64;
  (c) terms used specifically in the thinning operations income equalisation scheme are defined in sections EH 80 and EH 81.

Defined: adverse event income equalisation scheme, Commissioner, deposit, income, main income equalisation scheme, person, tax year, thinning operations income equalisation scheme

EH 2  Income Equalisation Reserve Account

Account
(1) There is a Crown Bank Account called the Income Equalisation Reserve Account that is operated under the Public Finance Act 1989.

Deposits paid into account
(2) Every deposit a person makes with the Commissioner under a scheme referred to in section EH 1(2)—
  (a) is public money; and
defined: Commissioner, deposit, person

Compare: 1994 No 164 s EI 1(2)

Main income equalisation scheme

Application

EH 3 Persons to whom main income equalisation scheme applies

Meaning of farmer, fisher, and forester for main income equalisation scheme

(1) The main income equalisation scheme applies to—
(a) a farmer, which means a person carrying on a farming or agricultural business on land in New Zealand; or
(b) a fisher, which means a person carrying on a fishing business; or
(c) a forester, which means a person who—
(i) derives income from forestry; and
(ii) is not a company, a public authority, a Maori authority, or an unincorporated body.

Meaning of person for main income equalisation scheme

(2) In the main income equalisation scheme, person means a farmer, fisher, or forester.

defined: business, company, farmer, fisher, fishing business, forester, income from forestry, main income equalisation scheme, Maori authority, New Zealand, person, public authority

Compare: 1994 No 164 s EI 1(1)

Deposits and accounts

EH 4 Main deposit

Deposit for business or forestry

(1) A person may make a payment to the Commissioner for entry in their main income equalisation account for a tax year in accordance with the following:
(a) a farmer may make a payment for the farmer’s farming business or agricultural business:
(b) a fisher may make a payment for the fisher’s fishing business;
(c) a forester may make a payment for the forester’s income from forestry.

Upper limit of deposit
(2) A person must not make, for a tax year, deposits that in total are more than their main maximum deposit for the tax year.

Lower limit of deposit
(3) A person must not make, for a tax year, a deposit less than the lesser of—
(a) $200; and
(b) the difference between—
   (i) the total of the deposits the person has previously made for the tax year; and
   (ii) the person’s main maximum deposit for the tax year.

Time of making deposit
(4) A person makes a deposit for a tax year by—
(a) making the deposit during the tax year; or
(b) doing both the following:
   (i) making the deposit during the specified period for the tax year; and

Limit on making deposit
(5) If a refund has been made to a person for a tax year under section EH 13 or EH 15, they may later make a deposit for that tax year only if the Commissioner is satisfied, before the deposit is made, that all the refund has been used to develop or expand a farmer’s business or a fisher’s business or the means by which a forester derives income from forestry.

Defined: business, Commissioner, deposit, farmer, fisher, fishing business, forester, income from forestry, main deposit, main income equalisation account, main maximum deposit, notice, person, specified period, tax year

Compare: 1994 No 164 ss EI 1(3), EI 3
Income Tax

Part E cl EH 5

EH 5 Main income equalisation account

Person’s account
(1) The Commissioner must keep a main income equalisation account in the name of every person who makes a deposit with the Commissioner.

Deposits in account
(2) Every deposit a person makes with the Commissioner must be entered in the person’s main income equalisation account.

Amounts in accounts
(3) The only amounts that may be entered in a person’s main income equalisation account are—
(a) deposits made by the person with the Commissioner; and
(b) interest paid under section EH 6.

Amounts not available to others
(4) Amounts entered in a person’s main income equalisation account must not, while they are in the account,—
(a) be assigned or charged in any way; or
(b) pass to, or into the custody or control of, any other person by operation of law, except when the person is bankrupt or has been put into liquidation; or
(c) be assets for the payment of the person’s debts or liabilities, except when the person is bankrupt or has been put into liquidation; or
(d) be assets for the payment of the debts or liabilities of a dead person’s estate.

Amounts available only for refunds
(5) The only payments that may be made from a person’s main income equalisation account are refunds under any of sections EH 8, EH 10, EH 13, EH 15, EH 17, EH 19, EH 23, and EH 25.

Defined: amount, Commissioner, deposit, interest, liquidation, main income equalisation account, pay, person

Compare: 1994 No 164 s EI 1(2), (5)
Income Tax

**Interest**

**EH 6 Interest on deposits in main income equalisation account**

**No interest payable**

(1) No interest is payable on a deposit in a main income equalisation account that is refunded within 1 year of the date of deposit.

**Interest payable**

(2) Interest is payable on every other deposit in a main income equalisation account.

**Period**

(3) Interest is computed with daily rests from the date of acknowledgment of the receipt of the deposit until the date the deposit ceases.

**Date to which accrues**

(4) Interest on a deposit accrues until the earlier of—
   (a) 31 March in each year; and
   (b) the date the deposit ceases.

**Added to deposit**

(5) Accrued interest on a deposit is added to the deposit.

**Rate**

(6) The interest rate is 3% a year.

*Defined:* date the deposit ceases, deposit, interest, main income equalisation account, pay, year

Compare: 1994 No 164 s EI 2

**Deduction**

**EH 7 Deduction of deposit**

**When this section applies**

(1) This section applies when a person is allowed a deduction under section DQ 1 (Main income equalisation scheme).

**Amount of deduction**

(2) The amount of the deduction is the lesser of—
(a) the total of the person’s deposits for the tax year; and
(b) their main maximum deposit for the tax year.

Timing of deduction

(3) The person is allowed the deduction for the tax year.

Defined: amount, deduction, deposit, main maximum deposit, person, tax year

Compare: 1994 No 164 s EI 3

Refunds: automatic

EH 8 Refund of excess deposit

When this section applies

(1) This section applies when a person’s deposits for a tax year are more than their main maximum deposit for the tax year.

Refund

(2) The Commissioner must refund the excess to the person as soon as practicable after it is calculated.

Defined: Commissioner, deposit, main maximum deposit, person, tax year

Compare: 1994 No 164 s EI 1(4)

EH 9 Income does not include excess deposit

A refund under section EH 8 is excluded income under section CX 44 (Income equalisation schemes).

Defined: excluded income

Compare: 1994 No 164 s EI 1(4)

EH 10 Refund at end of 5 years

When this section applies

(1) This section applies when a deposit is in a person’s main income equalisation account at the end of 5 years after the end of the tax year for which the deposit was made.

Refund

(2) The Commissioner must refund the deposit to the person. 
Section EH 28 overrides this subsection.

Defined: Commissioner, deposit, main income equalisation account, person, tax year, year

Compare: 1994 No 164 s EI 9
Income when refund given at end of 5 years

A refund under section EH 10 is income, under section CB 25 (Refunds under income equalisation scheme), derived by the person in the tax year in which the refund is given.

Defined:  income, person, tax year

Refunds: on application

Application

(2) An application for a refund must—
(a) be in writing; and
(b) state the grounds on which it is made; and
(c) state the amount applied for.

Defined:  amount, Commissioner, liquidation, main income equalisation account, person, trustee

Refund on request

When this section applies

(1) This section applies when a person wants a refund of some or all of the amount in their main income equalisation account, and none of sections EH 8, EH 10, EH 15, EH 17, EH 19, EH 23, and EH 25 applies.

Refund
(2) The Commissioner must refund to the person the amount applied for, to the extent to which it can be made up of 1 or more deposits that have been in the person’s main income equalisation account for at least 1 year before the date of the application. Section EH 28 overrides this subsection.

Defined: amount, Commissioner, deposit, main income equalisation account, person, year

Compare: 1994 No 164 s EI 4(1), (2)

EH 14 Income when refund given on request

Year of income

(1) A refund under section EH 13 is income, under section CB 25 (Refunds under income equalisation scheme), derived by the person in the tax year in which the Commissioner receives the application for the refund.

When year of income may be different

(2) However, subsection (3) applies instead of subsection (1) if—

(a) the Commissioner receives the application for a refund in the specified period for a tax year or, if the Commissioner allows in a case or class of cases, within a longer period; and

(b) the person chooses in the application that the refund is to be income in the tax year to which the specified period or the longer period relates.

Different year of income

(3) The refund is income, under section CB 25 (Refunds under income equalisation scheme), in the tax year to which the specified period or the longer period relates.

Defined: Commissioner, income, person, specified period, tax year

Compare: 1994 No 164 s EI 4(5)

EH 15 Refund for development or recovery

Refund for development: application of subsection

(2)

(1) Subsection (2) applies when a person wants a refund of some or all of the amount in their main income equalisation account for either or both of the following purposes:
(a) to enable them to undertake, immediately after the refund is given, planned development or maintenance work for their farming business, agricultural business, fishing business, or forestry operation:

(b) to enable them to buy, immediately after the refund is given, livestock for use in their farming business, other than livestock replacing livestock disposed of or lost as a result of a self-assessed adverse event.

Refund

(2) If the Commissioner is satisfied that the person will use the refund for either or both of the purposes, the Commissioner must refund to them the amount applied for, to the extent to which it can be made up of 1 or more deposits that have been in their main income equalisation account for at least 6 months before the date of the application. Section EH 28 overrides this subsection.

Refund for recovery: application of subsection (4)

(3) Subsection (4) applies when a person wants a refund of some or all of the amount in their main income equalisation account for 1 or more of the following purposes:

(a) to enable them to buy, immediately after the refund is given, livestock for use in their farming business to replace livestock disposed of or lost as a result of a self-assessed adverse event:

(b) to avoid them suffering serious hardship:

(c) to do anything else that the Commissioner determines, in a case or class of cases, is a purpose for which a refund should be given.

Refund

(4) If the Commissioner is satisfied that the person will use the refund for 1 or more of the purposes, the Commissioner must refund to them the amount applied for, regardless of the length of time it has been in the account. Section EH 28 overrides this subsection.

Defined: amount, business, Commissioner, deposit, fishing business, main income equalisation account, person, self-assessed adverse event

Compare: 1994 No 164 s EI 4(3), (4)
EH 16 Income when refund given for development or recovery

**Year of income**

(1) A refund under **section EH 15** is income, under **section CB 25** (Refunds under income equalisation scheme), derived by the person in the tax year in which the Commissioner receives the application for the refund.

**When year of income may be different**

(2) However, **subsection (3)** applies instead of **subsection (1)** if—

(a) the Commissioner receives the application for a refund in the specified period for a tax year or, if the Commissioner allows in a case or class of cases, within a longer period; and

(b) the person chooses in the application that the refund is to be income in the tax year to which the specified period or the longer period relates.

**Different year of income**

(3) The refund is income, under **section CB 25** (Refunds under income equalisation scheme), in the tax year to which the specified period or the longer period relates.

*Defined:* Commissioner, income, person, specified period, tax year

Compare: 1994 No 164 s EI 4(5)

EH 17 Refund on retirement

**When this section applies**

(1) This section applies when a farmer or a fisher—

(a) has a main income equalisation account; and

(b) is neither a company nor a trustee; and

(c) retires from the farming business or agricultural business or fishing business.

**Refund**

(2) The Commissioner must refund to the person the amount in their main income equalisation account on the date of their
Part EH 17 Income Tax

retirement, regardless of the length of time it has been in the account. Section EH 28 overrides this subsection.

Defined: amount, business, Commissioner, company, farmer, fisher, fishing business, main income equalisation account, person, trustee

Compare: 1994 No 164 s EI 5(1)

EH 18 Income when refund given on retirement, and election to allocate amount to earlier year

Year of income
(1) A refund under section EH 17 is income, under section CB 25 (Refunds under income equalisation scheme), derived by the person in the tax year in which they retire.

When year of income may be different
(2) However, subsection (3) applies instead of subsection (1) if—
(a) the refund includes a deposit made for a tax year earlier than the tax year in which the person retires; and
(b) the person chooses to allocate some or all of the deposit to the earlier tax year.

Different year of income
(3) The amount allocated by the person to the earlier tax year is income, under section CB 25 (Refunds under income equalisation scheme), derived by them in the tax year.

How election made
(4) A person makes an election under this section by giving the Commissioner notice within 1 of the following times:
(a) the time within which the person is required to file a return of income for the tax year in which they retire:
(b) a further time allowed by the Commissioner in a case or class of cases.

Defined: amount, Commissioner, deposit, income, notice, person, return of income, tax year

Compare: 1994 No 164 s EI 5(1), (2)

EH 19 Refund on death

When this section applies
(1) This section applies when a person—
(a) has a main income equalisation account; and
Refund

(2) The Commissioner must refund to the trustee of the person’s estate the amount that is in the person’s main income equalisation account on the date of the person’s death, regardless of the length of time it has been in the account. Section EH 28 overrides this subsection.

Defined: amount, Commissioner, main income equalisation account, person, trustee

Compare: 1994 No 164 s EI 6(1)

EH 20 Income when refund given on death

Year of income

(1) A refund under section EH 19 is income, under section CB 25 (Refunds under income equalisation scheme), derived by the person immediately before their death.

When year of income may be different

(2) However, section EH 21 or EH 22 applies instead of subsection (1) if the circumstances described in section EH 21(1) or EH 22(1) apply in the person’s case.

Defined: income, person

Compare: 1994 No 164 s EI 6(1)

EH 21 Income when refund given on death, and election to allocate amount to earlier year

When this section applies

(1) This section applies when—

(a) a refund under section EH 19 includes a deposit made for a tax year earlier than the tax year in which the person dies; and

(b) the trustee of the person’s estate chooses to allocate some or all of the deposit to the earlier tax year.

Different year of income

(2) The amount allocated by the trustee to the earlier tax year is income, under section CB 25 (Refunds under income equalisation scheme), derived by the person in the tax year.
How election made

(3) A trustee makes an election under this section by giving the Commissioner notice within 1 of the following times:

(a) the time within which the trustee is required to file a return of the person’s income for the period to the date of the person’s death;

(b) a further time allowed by the Commissioner in a case or class of cases.

Defined: amount, Commissioner, deposit, income, notice, person, return of income, tax year, trustee

Compare: 1994 No 164 s EI 6(1), (2)

EH 22 Income when refund given on death, and election to allocate amount to later year or years

When this section applies

(1) This section applies when—

(a) the trustee of the person’s estate does not make an election under section EH 21; and

(b) the trustee chooses to allocate some or all of the amount that is in the person’s main income equalisation account on the date of the person’s death to a tax year or years after that date.

Tax year or years referred to in subsection (1)(b)

(2) The tax year or years referred to in subsection (1)(b) must be within the earlier of—

(a) the 3 years after the date of the person’s death; and

(b) the 5 years after the end of the tax year for which a deposit or a part of a deposit was made, if the amount that the trustee allocates to a later tax year or years includes the deposit or part of it.

Allocated amount remains in account

(3) An amount allocated by the trustee to a later tax year remains in the person’s main income equalisation account until—

(a) it is refunded to the trustee in the tax year to which it is allocated; or

(b) it is not refunded because of the application of section EH 28.

Different year of income
(4) An amount allocated by the trustee to a later tax year is income, under section CB 25 (Refunds under income equalisation scheme), derived by the person in the tax year.

**How election made**

(5) A trustee makes an election under this section by a notice that—
   (a) specifies—
       (i) each amount allocated to a later tax year; and
       (ii) the tax year to which each amount is allocated; and
   (b) is given to the Commissioner within 1 of the following times:
       (i) the time within which the trustee is required to file a return of the person’s income for the period to the date of the person’s death:
       (ii) a further time allowed by the Commissioner in a case or class of cases.

*Defined:* amount, Commissioner, deposit, income, main income equalisation account, notice, person, return of income, tax year, trustee, year

Compare: 1994 No 164 s EI 6(1), (2)

**EH 23 Refund on bankruptcy**

*When this section applies*

(1) This section applies when a person—
   (a) has a main income equalisation account; and
   (b) is bankrupt.

*Refund*

(2) The Commissioner must refund to the Official Assignee having charge of the person’s estate the amount that is in the person’s main income equalisation account on the date on which the Commissioner receives notice of the adjudication, regardless of the length of time it has been in the account. *Section EH 28* overrides this subsection.

*Defined:* amount, Commissioner, main income equalisation account, person

Compare: 1994 No 164 s EI 7(1)
EH 24 Income when refund given on bankruptcy
A refund under section EH 23 is income, under section CB 25 (Refunds under income equalisation scheme), derived by the person immediately before the bankruptcy starts.

Defined: income, person

Compare: 1994 No 164 s EI 7(2)

EH 25 Refund on liquidation

When this section applies
(1) This section applies when a person—
(a) has a main income equalisation account; and
(b) is put into liquidation.

Refund
(2) The Commissioner must refund to the liquidator appointed for the person the amount that is in the person’s main income equalisation account on the date on which the Commissioner receives notice of the liquidation, regardless of the length of time it has been in the account. Section EH 28 overrides this subsection.

Defined: amount, Commissioner, liquidation, main income equalisation account, person

Compare: 1994 No 164 s EI 8(1)

EH 26 Income when refund given on liquidation
A refund under section EH 25 is income, under section CB 25 (Refunds under income equalisation scheme), derived by the person immediately before the liquidation starts.

Defined: income, liquidation, person

Compare: 1994 No 164 s EI 8(2)

Refunds: general provisions

EH 27 Amendment of assessment
Despite the time bar, the Commissioner may amend an assessment at any time in order to give effect to section EH 18 or EH 21 or EH 22.

Defined: assessment, Commissioner, time bar

Compare: 1994 No 164 ss EI 5(3), EI 6(3)
EH 28 Minimum refund
The Commissioner must not give a refund under any of sections EH 10, EH 13, EH 15, EH 17, EH 19, EH 22(3), EH 23, and EH 25 that is less than the lesser of—
(a) $200; and
(b) the balance in the person’s main income equalisation account on the date the deposit ceases.

Defined: Commissioner, date the deposit ceases, main income equalisation account, person

Compare: 1994 No 164 s EI 10(2)

EH 29 Deposits from which refunds come
Each refund a person is given is treated as coming from the total amount of their deposits in the order in which the person made the deposits.

Defined: amount, deposit, person

Compare: 1994 No 164 s EI 10(1)

Rebate of income tax

EH 30 When person entitled to rebate of income tax
A person who is given a refund is entitled to a rebate of income tax if—
(a) the refund is of the kind and amount described in section EH 31; and
(b) the person is of the kind described in section EH 32.

Defined: amount, income tax, person

Compare: 1994 No 164 s EI 10(3)

EH 31 Kind and amount of refund that entitles person to rebate of income tax

Kind

(1) A refund that entitles a person to a rebate of income tax is one to which both the following apply:
(a) the refund is given under any of sections EH 10, EH 13, EH 15, EH 17, EH 19, EH 22(3), EH 23, and EH 25; and
(b) the refund does not come from a deposit made for the tax year in which the refund is given; if the refund comes in part from a deposit made for the tax year in which the refund is given and in part from a deposit made for some other tax year, the refund that entitles
the person to a rebate of income tax is the part coming from the deposit for some other tax year.

**Amount**

(2) Once a refund qualifies under subsection (1) as a refund that entitles a person to a rebate of income tax, the amount of the refund is the lesser of the following:

(a) the amount of the refund given to the person under any of sections EH 10, EH 13, EH 15, EH 17, EH 19, EH 22(3), EH 23, and EH 25; and

(b) the total of the amounts by which the person’s income was reduced in 1 or more previous tax years by subtracting the deposit or deposits or parts of deposits from which the refund comes.

*Defined:* amount, deposit, income, income tax, person, tax year

Compare: 1994 No 164 s EI 10(3), (5)

**EH 32 Kind of person entitled to rebate of income tax**

A person in the following circumstances is entitled to a rebate of income tax:

(a) the person’s income for the tax year in question includes a refund of the kind described in section EH 31(1) and of the amount described in section EH 31(2); and

(b) because of the refund, the person’s income tax liability for the tax year is increased; and

(c) the amount by which the person’s income tax liability for the tax year is increased because of the refund (extra tax) is more than the total of the amounts by which the person’s income tax liability for a previous tax year or years was decreased because of the subtraction of the deposit or deposits or parts of deposits from which the refund comes (tax saving).

*Defined:* amount, deposit, income, income tax, income tax liability, person, tax year

Compare: 1994 No 164 s EI 10(3), (4)

**EH 33 Amount of rebate of income tax**

The amount of a rebate of income tax to which a person is entitled under section EH 30 is the amount by which the extra
tax, as described in section EH 32(c), is more than the tax saving, as described in section EH 32(c).

*Defined*: amount, income tax

Compare: 1994 No 164 s EI 10(3)

**Some definitions used in main income equalisation scheme**

**EH 34 Some definitions used in main income equalisation scheme**

In the main income equalisation scheme,—

**date the deposit ceases** means—

(a) the date on which the refund is calculated, when any of sections EH 8, EH 13, and EH 15 applies:

(b) the date that is 5 years after the end of the tax year for which the deposit was made, when section EH 10 applies:

(c) the date of the person’s retirement, when section EH 17 applies:

(d) the date of the person’s death, when section EH 19 applies:

(e) the date on which the Commissioner receives notice of the adjudication, when section EH 23 applies:

(f) the date on which the Commissioner receives notice of the liquidation, when section EH 25 applies

**deposit**—

(a) means a main deposit; and

(b) includes, for the purposes of sections EH 6(2) to (4) and EH 10 to EH 33, interest that is added to a main deposit under section EH 6(5)

**fishing business** includes a business of—

(a) fish farming under a licence issued under the Freshwater Fish Farming Regulations 1983:

(b) mussel farming:

(c) rock oyster farming

**income from forestry** has the meaning given to it by section EH 35

**main deposit** means a payment made to the Commissioner under section EH 4(1)

**main income equalisation account**, in relation to a person, means the account that the Commissioner keeps in the person’s name under section EH 5
main maximum deposit has the meaning given to it by section EH 36

self-assessed adverse event has the meaning given to it by section EH 37

specified period, in relation to a person’s tax year, means the shorter of—
(a) the period of 6 months after the end of the tax year; and
(b) the period from the end of the tax year to the date 1 month after the date by which the person must file their return of income for the tax year.

Defined: business, Commissioner, date the deposit ceases, deposit, fishing business, income from forestry, interest, liquidation, main deposit, main income equalisation scheme, main maximum deposit, person, return of income, self-assessed adverse event, specified period, tax year, year

Compare: 1994 No 164 s OB 1 “fishing”, “specified period”

EH 35 Income from forestry: definition referred to in section EH 34

Income

(1) Income from forestry means income derived from either or both of the sales described in subsection (2) in the circumstances described in subsection (3).

Sales

(2) The sales are—
(a) the sale of timber:
(b) the sale of a right to cut or remove timber.

Circumstances

(3) The circumstances are—
(a) the income is derived by a person who is the owner of land in New Zealand on which timber is grown, not including a person whose interest in the land is that of a licensee; and
(b) the timber the subject of the sale is standing or cut or fallen timber in its natural state grown on the land.

Defined: income, income from forestry, New Zealand, owner, person, timber

Compare: 1994 No 164 s OB 1 “gross income from forestry”
EH 36 Main maximum deposit: definition referred to in section EH 34

Meaning
(1) Main maximum deposit means the maximum deposit that this section says a person may make to their main income equalisation account for a tax year.

Meaning of amount
(2) In subsections (3) to (5), amount means an amount calculated without applying—
(a) any provision allocating income derived or expenditure incurred to a tax year other than the tax year in which the income was in fact derived or the expenditure was in fact incurred; or
(b) any provision of any of the income equalisation schemes referred to in section EH 1(2).

Maximum deposit of farmer
(3) The maximum deposit that a farmer may make is—
(a) the amount determined by an Order in Council made under subsection (6); or
(b) if no order is in force, an amount equal to the net income that the farmer would have for the tax year if—
(i) the farmer derived income only from the farming or agricultural business in the tax year; and
(ii) the farmer did not make a payment under section EH 39 for the farming or agricultural business for the tax year.

Maximum deposit of fisher
(4) The maximum deposit that a fisher may make is an amount equal to the net income that the fisher would have for the tax year if the fisher derived income only from the fishing business in the tax year.

Maximum deposit of forester
(5) The maximum deposit that a forester may make is an amount equal to the net income that the forester would have for the tax year if the forester derived only income from forestry in the tax year.
Order in Council relating to farmers

(6) The Governor-General may, by Order in Council, declare that the maximum deposit a farmer may make for a tax year or for every tax year is—

(a) an amount calculated in the manner specified in the order; or

(b) an unlimited amount.

Defined: amount, business, deposit, farmer, fisher, fishing business, forester, income, main income equalisation account, main maximum deposit, net income, person, tax year

Compare: 1994 No 164 s OB 1 “maximum deposit” (a)

EH 37 Self-assessed adverse event: definition referred to in section EH 34

Meaning

(1) Self-assessed adverse event means an event described in subsections (2) to (4).

Nature of event

(2) The event is 1 of the following:

(a) drought, fire, flood, or some other natural event:

(b) sickness or disease among livestock.

Effect of event

(3) The event materially affects the person’s farming business or agricultural business or fishing business.

Event described to Commissioner

(4) The event, and its effect on the person’s business, is described by the person in a statutory declaration given to the Commissioner.

Defined: business, Commissioner, fishing business, person, self-assessed adverse event

Compare: 1994 No 164 s OB 1 “self-assessed adverse event”
**Income Tax**

**Adverse event income equalisation scheme**

**Application**

**EH 38 Persons to whom adverse event income equalisation scheme applies**

**Person described**

(1) The adverse event income equalisation scheme applies to a person who, in a tax year,—

(a) carries on a farming or agricultural business on land in New Zealand; and

(b) sells livestock and does not replace it because of a self-assessed adverse event.

**Meaning of person for adverse event income equalisation scheme**

(2) In the adverse event income equalisation scheme, **person** means a person described in **subsection (1)**.

**Defined:** adverse event income equalisation scheme, business, New Zealand, person, self-assessed adverse event, tax year

Compare: 1994 No 164 s EI 11(1)

**Deposits and accounts**

**EH 39 Adverse event deposit**

**Deposit for adverse event**

(1) A person may make a payment to the Commissioner for entry in their adverse event income equalisation account for a tax year in which, because of a self-assessed adverse event, they sell and do not replace livestock.

**Upper limit of deposit**

(2) A person must not make, for a tax year, deposits that in total are more than their adverse event maximum deposit for the tax year.

**Lower limit of deposit**

(3) A person must not make, for a tax year, a deposit less than the lesser of—

(a) $200; and
(b) the difference between the total of all the deposits they have previously made for the tax year and their adverse event maximum deposit for the tax year.

**Time of making deposit**

(4) A person makes a deposit for a tax year by—
   (a) making the deposit during the tax year; or
   (b) making the deposit during the month after the end of the tax year.

*Defined:* adverse event deposit, adverse event income equalisation account, adverse event maximum deposit, Commissioner, deposit, person, self-assessed adverse event, tax year

Compare: 1994 No 164 s EI 11(1), (3)

**EH 40 Adverse event income equalisation account**

**Person’s account**

(1) The Commissioner must keep an adverse event income equalisation account in the name of every person who makes a deposit with the Commissioner.

**Deposits in accounts**

(2) Every deposit a person makes with the Commissioner must be entered in their adverse event income equalisation account.

**Amounts in accounts**

(3) The only amounts that may be entered in a person’s adverse event income equalisation account are—
   (a) deposits made by the person with the Commissioner; and
   (b) interest paid under *section EH 41*.

**Amounts not available to others**

(4) Amounts entered in a person’s adverse event income equalisation account must not, while they are in the account,—
   (a) be assigned or charged in any way; or
   (b) pass to, or into the custody or control of, any other person by operation of law, except when the person is bankrupt or has been put into liquidation; or
   (c) be assets for the payment of the person’s debts or liabilities, except when the person is bankrupt or has been put into liquidation; or
(d) be assets for the payment of the debts or liabilities of a
dead person’s estate.

**Amounts available only for refunds**

(5) The only payments that may be made from a person’s adverse
event income equalisation account are refunds under any of
sections EH 43, EH 46, EH 48, EH 50, EH 54, and EH 56.

*Defined:* adverse event income equalisation account, amount, Commissioner, deposit,
interest, liquidation, pay, person

Compare: 1994 No 164 s EI 11(2), (5)

---

**Interest**

**EH 41 Interest on deposits in adverse event income**
equalisation account

**Interest payable**

(1) Interest is payable on every deposit in an adverse event
income equalisation account.

**Period**

(2) Interest is computed with daily rests from the date of acknowl-
edgment of the receipt of the deposit until the date the deposit
ceases.

**Date to which accrues**

(3) Interest on a deposit accrues until the earlier of—
   (a) 31 March in each year; and
   (b) the date the deposit ceases.

**Added to deposit**

(4) Accrued interest on a deposit is added to the deposit.

**Rate**

(5) The interest rate is the rate set in regulations made by the
Governor-General from time to time.

*Defined:* adverse event income equalisation account, date the deposit ceases, deposit,
interest, pay, year

Compare: 1994 No 164 s EI 12
Deduction

EH 42 Deduction of deposit

When this section applies
(1) This section applies when a person is allowed a deduction under section DQ 2 (Adverse event income equalisation scheme).

Amount of deduction
(2) The amount of the deduction is the lesser of—
   (a) the total of their deposits for the tax year; and
   (b) their adverse event maximum deposit for the tax year.

Timing of deduction
(3) The person is allowed the deduction for the tax year.

Defined: adverse event maximum deposit, amount, deduction, deposit, person, tax year

Refunds: automatic

EH 43 Refund of excess deposit

When this section applies
(1) This section applies when a person’s deposits for a tax year are more than their adverse event maximum deposit for the tax year.

Refund
(2) The Commissioner must refund the excess to the person as soon as practicable after it is calculated.

Defined: adverse event maximum deposit, Commissioner, deposit, person, tax year

EH 44 Income does not include excess deposit

A refund under section EH 43 is excluded income under section CX 44 (Income equalisation schemes).

Defined: excluded income
Refunds: on application

EH 45 Application for refund by person, trustee of estate, Official Assignee, or liquidator

Who may apply

(1) The following may apply to the Commissioner for a refund of some or all of the amount in a person’s adverse event income equalisation account:
   (a) the person may apply under section EH 46 or EH 48:
   (b) the trustee of the person’s estate may apply under section EH 50:
   (c) the Official Assignee having charge of the person’s estate may apply under section EH 54:
   (d) the liquidator appointed for the person may apply under section EH 56.

Application

(2) An application for a refund must—
   (a) be in writing; and
   (b) state the grounds on which it is made; and
   (c) state the amount applied for.

Defined: adverse event income equalisation account, amount, Commissioner, liquidation, person, trustee

Compare: 1994 No 164 s EI 14(1)

EH 46 Refund on request

When this section applies

(1) This section applies when a person wants a refund of some or all of the amount in the person’s adverse event income equalisation account, and none of sections EH 48, EH 50, EH 54, and EH 56 applies.

Refund

(2) The Commissioner must refund to the person the amount applied for.

Defined: adverse event income equalisation account, amount, Commissioner, person

Compare: 1994 No 164 s EI 14(1)
EH 47  Income when refund given on request

A refund under section EH 46 is income, under section CB 25 (Refunds under income equalisation scheme), derived by the person in the tax year in which the Commissioner receives the application for the refund.

*Defined:* Commissioner, income, person, tax year

Compare: 1994 No 164 s EI 14(2)

EH 48  Refund on retirement

*When this section applies*

(1) This section applies when a person—
   (a) has an adverse event income equalisation account; and
   (b) is neither a company nor a trustee; and
   (c) retires from the farming or agricultural business.

*Refund*

(2) The Commissioner must refund to the person the amount in their adverse event income equalisation account on the date they retire.

*Defined:* adverse event income equalisation account, amount, business, Commissioner, company, person, trustee

Compare: 1994 No 164 ss EI 5(1), EI 15

EH 49  Income when refund given on retirement, and election to allocate amount to earlier year

*Year of income*

(1) A refund under section EH 48 is income, under section CB 25 (Refunds under income equalisation scheme), derived by the person in the tax year in which they retire.

*When year of income may be different*

(2) However, subsection (3) applies instead of subsection (1) if—
   (a) the refund includes a deposit made for a tax year earlier than the tax year in which the person retires; and
   (b) the person chooses to allocate some or all of the deposit to the earlier tax year.

*Different year of income*
(3) The amount allocated by the person to the earlier tax year is income, under section CB 25 (Refunds under income equalisation scheme), derived by them in the tax year.

**How election made**

(4) A person makes an election under this section by giving the Commissioner notice within 1 of the following times:
   (a) the time within which the person is required to file a return of income for the tax year in which they retire:
   (b) a further time allowed by the Commissioner in a case or class of cases.

*Defined: amount, Commissioner, deposit, income, notice, person, return of income, tax year*

Compare: 1994 No 164 ss EI 5(1), (2), EI 15

**EH 50 Refund on death**

**When this section applies**

(1) This section applies when a person—
   (a) has an adverse event income equalisation account; and
   (b) dies.

**Refund**

(2) The Commissioner must refund to the trustee of the person’s estate the amount that is in the person’s adverse event income equalisation account on the date of the person’s death.

*Defined: adverse event income equalisation account, amount, Commissioner, person, trustee*

Compare: 1994 No 164 ss EI 6(1), EI 15

**EH 51 Income when refund given on death**

**Year of income**

(1) A refund under section EH 50 is income, under section CB 25 (Refunds under income equalisation scheme), derived by the person immediately before their death.

**When year of income may be different**
(2) However, section EH 52 or EH 53 applies instead of subsection (1) if the circumstances described in section EH 52(1) or EH 53(1) apply in the person’s case.

Defined: income, person

Compare: 1994 No 164 ss EI 6(1), EI 15

EH 52 Income when refund given on death, and election to allocate amount to earlier year

When this section applies
(1) This section applies when—
   (a) a refund under section EH 50 includes a deposit made for a tax year earlier than the tax year in which the person dies; and
   (b) the trustee of the person’s estate chooses to allocate some or all of the deposit to the earlier tax year.

Different year of income
(2) The amount allocated by the trustee to the earlier tax year is income, under section CB 25 (Refunds under income equalisation scheme), derived by the person in the tax year.

How election made
(3) A trustee makes an election under this section by giving the Commissioner notice within 1 of the following times:
   (a) the time within which the trustee is required to file a return of the person’s income for the period to the date of the person’s death:
   (b) a further time allowed by the Commissioner in a case or class of cases.

Defined: amount, Commissioner, deposit, income, notice, person, return of income, tax year, trustee

Compare: 1994 No 164 ss EI 6, EI 15

EH 53 Income when refund given on death, and election to allocate amount to later year or years

When this section applies
(1) This section applies when—
   (a) the trustee does not make an election under section EH 52; and

584
(b) the trustee chooses to allocate some or all of the amount that is in the person’s adverse event income equalisation account on the date of the person’s death to a tax year or years after that date.

**Tax year or years referred to in subsection (1)(b)**

(2) The tax year or years referred to in subsection (1)(b) must be within the earlier of—
   (a) the 3 years after the date of the person’s death; and
   (b) the 5 years after the end of the tax year for which a deposit or a part of a deposit was made, if the amount that the trustee allocates to a later year or years includes the deposit or part of it.

**Amount allocated remains in account**

(3) An amount allocated by the trustee to a later tax year remains in the person’s adverse event income equalisation account until it is refunded to the trustee in the tax year to which it is allocated.

**Different year of income**

(4) An amount allocated by the trustee to a later tax year is income, under section CB 25 (Refunds under income equalisation scheme), derived by the person in the tax year.

**How election made**

(5) A trustee makes an election under this section by a notice that—
   (a) specifies—
      (i) each amount allocated to a later tax year; and
      (ii) the tax year to which each amount is allocated; and
   (b) is given to the Commissioner within 1 of the following times:
      (i) the time within which the trustee is required to file a return of the person’s income for the period to the date of the person’s death:
      (ii) a further time allowed by the Commissioner in a case or class of cases.

*Defined:* adverse event income equalisation account, amount, Commissioner, deposit, income, notice, person, return of income, tax year, trustee, year

Compare: 1994 No 164 ss EI 6, EI 15
**EH 54 Refund on bankruptcy**

**When this section applies**

(1) This section applies when a person—
   (a) has an adverse event income equalisation account; and
   (b) is bankrupt.

**Refund**

(2) The Commissioner must refund to the Official Assignee having charge of the person’s estate the amount that is in the person’s adverse event income equalisation account on the date on which the Commissioner receives notice of the adjudication.

*Defined:* adverse event income equalisation account, amount, Commissioner, person

Compare: 1994 No 164 ss EI 7, EI 15

**EH 55 Income when refund given on bankruptcy**

A refund under section EH 54 is income, under section CB 25 (Refunds under income equalisation scheme), derived by the person immediately before the bankruptcy starts.

*Defined:* income, person

Compare: 1994 No 164 ss EI 7, EI 15

**EH 56 Refund on liquidation**

**When this section applies**

(1) This section applies when a person—
   (a) has an adverse event income equalisation account; and
   (b) is put into liquidation.

**Refund**

(2) The Commissioner must refund to the liquidator appointed for the person the amount that is in the person’s adverse event income equalisation account on the date on which the Commissioner receives notice of the liquidation.

*Defined:* adverse event income equalisation account, amount, Commissioner, liquidation, person

Compare: 1994 No 164 ss EI 8, EI 15
EH 57 Income when refund given on liquidation
A refund under section EH 56 is income, under section CB 25 (Refunds under income equalisation scheme), derived by the person immediately before the liquidation starts.
Defined: income, liquidation, person
Compare: 1994 No 164 ss EI 8, EI 15

Refunds: general provisions

EH 58 Amendment of assessment
Despite the time bar, the Commissioner may amend an assessment at any time in order to give effect to any of sections EH 49, EH 52, and EH 53.
Defined: assessment, Commissioner, time bar
Compare: 1994 No 164 ss EI 5(3), EI 6(3), EI 15

EH 59 Minimum refund
The Commissioner must not give a refund under any of sections EH 46, EH 48, EH 50, EH 54, and EH 56 that is less than the lesser of—
(a) $200; and
(b) the balance in the person’s adverse event income equalisation account on the date the deposit ceases.
Defined: adverse event income equalisation account, Commissioner, date the deposit ceases, person
Compare: 1994 No 164 s EI 16(2)

EH 60 Deposits from which refunds come
Each refund a person is given is treated as coming from the total amount of their deposits in the order in which they made the deposits.
Defined: amount, deposit, person
Compare: 1994 No 164 ss EI 10(1), EI 15, EI 16(1)

Transfers

EH 61 Transfer of deposit
Transfer from adverse event to main income equalisation account
(1) A deposit that is in a person’s adverse event income equalisation account on the day 1 year after the date on which the
deposit was made must be transferred to their main income equalisation account as soon as practicable.

**Date of deposit in main income equalisation account**

(2) The date on which a transferred deposit is treated as having been deposited in the person’s main income equalisation account is as follows:

(a) the date on which it was transferred, for the purpose of computing interest payable under section EH 6;

(b) the date on which it was deposited in the adverse event income equalisation account, for any other purpose.

**No deduction**

(3) A transferred deposit is not an amount for which a deduction is allowed under section DQ 1 (Main income equalisation scheme).

**Ceasing of deposit in adverse event income equalisation account**

(4) A transferred deposit ceases to be a deposit in the person’s adverse event income equalisation account.

**Defined:** adverse event income equalisation account, amount, deduction, deposit, interest, main income equalisation account, pay, person, year

Compare: 1994 No 164 s EI 14(3), (4)

**Some definitions used in adverse event income equalisation scheme**

**EH 62 Some definitions used in adverse event income equalisation scheme**

In the adverse event income equalisation scheme,—

**adverse event deposit** means a payment made to the Commissioner under section EH 39(1)

**adverse event income equalisation account** in relation to a person, means the account that the Commissioner keeps in the person’s name under section EH 40

**adverse event maximum deposit** has the meaning given to it by section EH 63

**date the deposit ceases** means—

(a) the date on which the refund is calculated, when section EH 43 or EH 46 applies:
(b) the date of the person’s retirement, when section EH 48 applies:
(c) the date of the person’s death, when section EH 50 applies:
(d) the date on which the Commissioner receives notice of the adjudication, when section EH 54 applies:
(e) the date on which the Commissioner receives notice of the liquidation, when section EH 56 applies:
(f) the date on which the Commissioner transfers the deposit, when section EH 61(1) applies

deposit—
(a) means an adverse event deposit; and
(b) includes, for the purposes of sections EH 41(2) and (3) and EH 45 to EH 61, interest that is added to an adverse event deposit under section EH 41(4)

self-assessed adverse event has the meaning given to it by section EH 64

specified period, in relation to a person’s tax year, means the shorter of—
(a) the period of 6 months after the end of the tax year; and
(b) the period from the end of the tax year to the date 1 month after the date by which the person must file their return of income for the tax year.

Defined: adverse event deposit, adverse event income equalisation account, adverse event income equalisation scheme, adverse event maximum deposit, Commissioner, date the deposit ceases, deposit, interest, liquidation, person, return of income, self-assessed adverse event, specified period, tax year

Compare: 1994 No 164 s OB 1 “adverse event income equalisation account”

EH 63 Adverse event maximum deposit: definition referred to in section EH 62

Meaning

(1) Adverse event maximum deposit means the maximum deposit that this section says a person may make to their adverse event income equalisation account for a tax year.

Maximum deposit

(2) The maximum deposit a person may make is an amount equal to the net income that the person would have for the tax year if, because of the self-assessed adverse event,—
(a) the only income derived by the person in the tax year were income from their selling the livestock; and
(b) the only deduction allowed to the person in the tax year were the cost of the livestock sold.

Cost of livestock sold: matters excluded

(3) The cost of the livestock sold is an amount determined under subsection (4) or (5)—
(a) without applying any provision allocating income derived or expenditure incurred to a tax year other than the tax year in which the income was in fact derived or the expenditure was in fact incurred; and
(b) applying sections DQ 1 (Main income equalisation scheme), EH 7 to EH 33, and FF 9 to FF 11 (which relate to livestock).

Cost of livestock sold: person having livestock of class sold at end of previous tax year

(4) This subsection applies when, at the end of the tax year before the tax year in which the livestock is sold, the person had livestock of the class that is sold in which the livestock would, if unsold, have been included at the end of the tax year in which it is sold. Under this subsection, the cost of livestock sold is determined using the previous tax year’s closing value for the class of livestock in which the livestock sold would have been included.

Cost of livestock sold: other cases

(5) This subsection applies when subsection (4) does not. Under this subsection, the cost of livestock sold is calculated using the formula—

\[
\frac{\text{number at start} \times \text{value} + \text{number bought} \times \text{price}}{\text{number at start} + \text{number bought}}.
\]

Definition of items in formula

(6) In the formula,—
(a) number at start means the number of livestock of the class sold that the person has at the start of the tax year in which the livestock is sold:
(b) **number bought** means the number of livestock of the class sold that the person buys in the tax year in which the livestock is sold, before the sale:

(c) **price** means the average purchase price of the number bought:

(d) **value** means the opening value of the number at the start, determined without applying section EC 11(2) (Valuation under herd scheme).

**Defined:** adverse event income equalisation account, adverse event maximum deposit, amount, closing value, deduction, deposit, income, net income, person, self-assessed adverse event, tax year

Compare: 1994 No 164 s OB 1 “maximum deposit” (b)

**EH 64 Self-assessed adverse event: definition referred to in section EH 62**

**Meaning**

(1) **Self-assessed adverse event** means an event described in subsections (2) to (4).

**Nature of event**

(2) The event is 1 of the following:

(a) drought, fire, flood, or some other natural event:

(b) sickness or disease among livestock.

**Effect of event**

(3) The event materially affects the person’s farming or agricultural business.

**Event described to Commissioner**

(4) The event, and its effect on the person’s business, is described by the person in a statutory declaration given to the Commissioner.

**Defined:** business, Commissioner, person, self-assessed adverse event

Compare: 1994 No 164 s OB 1 “self-assessed adverse event”
**Thinning operations income equalisation scheme**

**Application**

**EH 65** Persons to whom thinning operations income equalisation scheme applies

**Person described**

(1) The thinning operations income equalisation scheme applies to a company that, in a tax year,—

(a) carries on a forestry business on land in New Zealand; and

(b) derives income from carrying out thinning operations on the land.

**Meaning of person for thinning operations income equalisation scheme**

(2) In the thinning operations income equalisation scheme, **person** means a person described in **subsection (1)**.

**Defined:** business, company, income, New Zealand, person, thinning operations, thinning operations income equalisation scheme, tax year

Compare: 1994 No 164 s EI 17(1)

**Deposits and accounts**

**EH 66** Thinning operations deposit

**Deposit for thinning operations**

(1) A person may make a payment to the Commissioner for entry in their thinning operations income equalisation account for a tax year in which they derive income from carrying out thinning operations.

**Upper limit of deposit**

(2) A person must not make, for a tax year, deposits that in total are more than their thinning operations maximum deposit for the tax year.

**Lower limit of deposit**

(3) A person must not make, for a tax year, a deposit that is less than the lesser of—

(a) $200; and
(b) the difference between the total of all the deposits the person has previously made for the tax year and their thinning operations maximum deposit for the tax year.

**Time of making deposit**

(4) A person makes a deposit for a tax year by—

(a) making the deposit during the tax year; or

(b) doing both the following:
   (i) making the deposit during the specified period for the tax year; and
   (ii) at the time of making it, giving the Commissioner notice that the deposit is for the tax year; or

(c) doing both the following:
   (i) making the deposit within a time that is after the end of the specified period for the tax year but that is allowed by the Commissioner in a case or class of cases; and
   (ii) at the time of making it, giving the Commissioner notice that the deposit is for the tax year.

**Limit on making deposit**

(5) If a refund has been made to a person for a tax year under section EH 73 or EH 75, the person may later make a deposit for the tax year only if the Commissioner is satisfied, before the deposit is made, that all the refund has been used to expand or develop the person’s business.

**Defined:** business, Commissioner, deposit, income, notice, person, specified period, tax year, thinning operations, thinning operations deposit, thinning operations income equalisation account, thinning operations maximum deposit

Compare: 1994 No 164 ss EI 1(1), (3), EI 17(1), (2)

**EH 67 Thinning operations income equalisation account**

**Person's account**

(1) The Commissioner must keep a thinning operations income equalisation account in the name of every person that makes a deposit with the Commissioner.

**Deposits in accounts**

(2) Every deposit a person makes with the Commissioner must be entered in their thinning operations income equalisation account.
Amounts in accounts

(3) The only amounts that may be entered in a person’s thinning operations income equalisation account are—
(a) deposits made by the person with the Commissioner; and
(b) interest paid under section EH 68.

Amounts not available to others

(4) Amounts entered in a person’s thinning operations income equalisation account must not, while they are in the account,—
(a) be assigned or charged in any way; or
(b) pass into the custody or control of any other person by operation of law, except when the person has been put into liquidation; or
(c) be assets for the payment of the person’s debts or liabilities, except when the person has been put into liquidation.

Amounts available only for refunds

(5) The only payments that may be made from a person’s thinning operations income equalisation account are refunds under any of sections EH 70, EH 73, EH 75, and EH 77.

Defined: amount, Commissioner, deposit, interest, liquidation, pay, person, thinning operations income equalisation account

Compare: 1994 No 164 ss EI 1(2), (5), EI 17(2), (3)

Interest

EH 68 Interest on deposits in thinning operations income equalisation account

No interest payable

(1) No interest is payable on a deposit in a thinning operations income equalisation account that is refunded within 1 year of the date of deposit.

Interest payable

(2) Interest is payable on every other deposit in a thinning operations income equalisation account.
(3) Interest is computed with daily rests from the date of acknowledgment of the receipt of the deposit until the date the deposit ceases.

**Date to which interest accrues**

(4) Interest on a deposit accrues until the earlier of—
   (a) 31 March in each year; and
   (b) the date the deposit ceases.

**Added to deposit**

(5) Accrued interest on a deposit is added to the deposit.

**Rate**

(6) The interest rate is 3% a year.

*Defined:* date the deposit ceases, deposit, interest, pay, thinning operations income equalisation account, year

Compare: 1994 No 164 ss EI 2, EI 17(2)

---

**Deductions**

**EH 69 Deduction of deposit**

**When this section applies**

(1) This section applies when a person is allowed a deduction under section **DQ 3** (Thinning operations income equalisation scheme).

**Amount of deduction**

(2) The amount of the deduction is the lesser of—
   (a) the total of the person’s deposits for the tax year; and
   (b) their thinning operations maximum deposit for the tax year.

**Timing of deduction**

(3) The person is allowed the deduction for the tax year.

*Defined:* amount, deduction, deposit, person, tax year, thinning operations maximum deposit

Compare: 1994 No 164 ss EI 3, EI 17(2)
Refunds: automatic

EH 70  Refund of excess deposit

When this section applies
(1) This section applies when a person’s deposits for a tax year are more than their thinning operations maximum deposit for the tax year.

Refund
(2) The Commissioner must refund the excess to the person as soon as practicable after it is calculated.

Defined:
Commissioner, deposit, person, tax year, thinning operations maximum deposit

Compare: 1994 No 164 ss EI 1(4), EI 17(2)

EH 71  Income does not include excess deposit
A refund under section EH 70 is excluded income under section CX 44 (Income equalisation schemes).

Defined:
excluded income

Compare: 1994 No 164 ss EI 1(4), EI 17(2)

Refunds: on application

EH 72  Application for refund by person or liquidator

Who may apply
(1) The following may apply to the Commissioner for a refund of some or all of the amount in a person’s thinning operations income equalisation account:
(a) the person may apply under section EH 73 or EH 75;
(b) the liquidator appointed for the person may apply under section EH 77.

Application
(2) An application for a refund must—
(a) be in writing; and
(b) state the grounds on which it is made; and
(c) state the amount applied for.

Defined:
amount, Commissioner, liquidation, person, thinning operations income equalisation account

Compare: 1994 No 164 ss EI 4(1), (2), EI 17(2)
EH 73 Refund on request

When this section applies
(1) This section applies when a person wants a refund of some or all of the amount in the person’s thinning operations income equalisation account, and neither section EH 75 nor EH 77 applies.

Refund
(2) The Commissioner must refund to the person the amount applied for, to the extent to which it can be made up of 1 or more deposits that have been in the person’s thinning operations income equalisation account for at least 1 year before the date of the application.

Defined: amount, Commissioner, deposit, person, thinning operations income equalisation account, year

Compare: 1994 No 164 ss EI 4(1), (2), EI 17(2)

EH 74 Income when refund given on request

Year of income
(1) A refund under section EH 73 is income, under section CB 25 (Refunds under income equalisation scheme), derived by the person in the tax year in which the Commissioner receives the application for the refund.

When year of income may be different
(2) However, subsection (3) applies instead of subsection (1) if—
(a) the Commissioner receives the application for a refund in the specified period for a tax year or, if the Commissioner allows in a case or class of cases, within a longer period; and
(b) the person chooses in the application that the refund is to be income in the tax year to which the specified period or the longer period relates.

Different year of income
(3) The refund is income, under section CB 25 (Refunds under income equalisation scheme), in the tax year to which the specified period or the longer period relates.

Defined: Commissioner, income, person, specified period, tax year

Compare: 1994 No 164 ss EI 4(5), EI 17(2)
EH 75 Refund for development or recovery

Refund for development: application of subsection (2)

(1) Subsection (2) applies when a person wants a refund of some or all of the amount in their thinning operations income equalisation account for the purpose of enabling them to undertake, immediately after the refund is given, planned development or maintenance work for their forestry business.

Refund

(2) If the Commissioner is satisfied that the person will use the refund for the purpose, the Commissioner must refund to them the amount applied for, to the extent to which it can be made up of 1 or more deposits that have been in the person’s thinning operations income equalisation account for at least 6 months before the date of the application.

Refund for recovery: application of subsection (4)

(3) Subsection (4) applies when a person wants a refund of some or all of the amount in their thinning operations income equalisation account for either or both of the following purposes:

(a) to avoid them suffering serious hardship;
(b) to do anything else that the Commissioner determines, in a case or class of cases, is a purpose for which a refund should be given.

Refund

(4) If the Commissioner is satisfied that the person will use the refund for either or both of the purposes, the Commissioner must refund to them the amount applied for, regardless of the length of time it has been in the account.

Defined:

amount, business, Commissioner, deposit, person, thinning operations income equalisation account

Compare: 1994 No 164 ss EI 4(3), (4), EI 17(2)

EH 76 Income when refund given for development or recovery

Year of income

(1) A refund under section EH 75 is income, under section CB 25 (Refunds under income equalisation scheme), derived by the
person in the tax year in which the Commissioner receives the application for the refund.

**When year of income may be different**

(2) However, subsection (3) applies instead of subsection (1) if—
   (a) the Commissioner receives the application for a refund in the specified period for a tax year or, if the Commissioner allows in a case or class of cases, within a longer period; and
   (b) the person chooses in the application that the refund is to be income in the tax year to which the specified period or the longer period relates.

**Different year of income**

(3) The refund is income, under section CB 25 (Refunds under income equalisation scheme), derived in the tax year to which the specified period or the longer period relates.

**Defined:** Commissioner, income, person, specified period, tax year

Compare: 1994 No 164 ss EI 4(5), EI 17(2)

**EH 77 Refund on liquidation**

**When this section applies**

(1) This section applies when a person—
   (a) has a thinning operations income equalisation account; and
   (b) is put into liquidation.

**Refund**

(2) The Commissioner must refund to the liquidator appointed for the person the amount that is in the person’s thinning operations income equalisation account on the date on which the Commissioner receives notice of the liquidation, regardless of the length of time it has been in the account.

**Defined:** amount, Commissioner, liquidation, person, thinning operations income equalisation account

Compare: 1994 No 164 ss EI 8(1), EI 17(2)
**EH 78** Income when refund given on liquidation

A refund under *section EH 77* is income, under *section CB 25* (Refunds under income equalisation scheme), derived by the person immediately before the liquidation starts.

**Defined:** income, liquidation, person

Compare: 1994 No 164 ss EI 8(2), EI 17(2)

**Refunds: general provisions, and rebate of income tax**

**EH 79** Sections of main income equalisation scheme that apply to thinning operations income equalisation scheme

*Sections EH 28 to EH 33* apply, with the necessary amendments, to the thinning operations income equalisation scheme.

**Defined:** main income equalisation scheme, thinning operations income equalisation scheme

Compare: 1994 No 164 s EI 17(2)

**Some definitions used in thinning operations income equalisation scheme**

**EH 80** Some definitions used in thinning operations income equalisation scheme

In the thinning operations income equalisation scheme,—

**date the deposit ceases** means—

(a) the date on which the refund is calculated, when any of *sections EH 70, EH 73, and EH 75* applies:

(b) the date on which the Commissioner receives notice of the liquidation, when *section EH 77* applies

**deposit**—

(a) means a thinning operations deposit; and

(b) includes, for the purposes of *sections EH 68(2) to (4) and EH 72 to EH 79*, interest that is added to a thinning operations deposit under *section EH 68(5)*

**specified period**, in relation to a person’s tax year, means the shorter of—

(a) the period of 6 months after the end of the tax year; and

(b) the period from the end of the tax year to the date 1 month after the date by which the person must file their return of income for the tax year

**thinning operations** means operations in which some trees in an immature stand of trees are felled for the purpose of
improving the growth and form of the remaining trees and not for the purpose of permanently breaking the canopy

**thinning operations deposit** means a payment made to the Commissioner under section EH 66(1)

**thinning operations income equalisation account**, in relation to a person, means the account that the Commissioner keeps in the person’s name under section EH 67

**thinning operations maximum deposit** has the meaning given to it by section EH 81.

**Defined:** Commissioner, date the deposit ceases, interest, liquidation, person, return of income, specified period, tax year, thinning operations deposit, thinning operations income equalisation account, thinning operations income equalisation scheme, thinning operations maximum deposit

Compare: 1994 No 164 ss EI 17(4), OB 1 “specified period” (a)

### EH 81 Thinning operations maximum deposit: definition referred to in section EH 80

**Meaning**

(1) **Thinning operations maximum deposit** means the maximum deposit that this section says a person may make to their thinning operations income equalisation account for a tax year.

**Maximum deposit**

(2) The maximum deposit that a person may make is an amount equal to the income derived by them during the tax year from carrying out thinning operations on the land on which they carry on their forestry business.

**Meaning of amount**

(3) In subsection (2), **amount** means an amount calculated without applying—

(a) any provision allocating income derived or expenditure incurred to a tax year other than the tax year in which the income was in fact derived or the expenditure was in fact incurred; or
(b) any provision of any of the income equalisation schemes referred to in section EH 1(2).

**Defined:** amount, business, deposit, income, person, tax year, thinning operations, thinning operations income equalisation account, thinning operations maximum deposit

Compare: 1994 No 164 s OB 1 “maximum deposit” (a)

---

**Farming and forestry**

**EI 1 Spreading backward of income from timber**

**When this section applies**

(1) This section applies when a person derives income under section CB 23 (Disposal of timber or right to take timber) or CB 24 (Disposal of land with standing timber).

**Timing of income**
(2) The person may allocate the income between the income year in which they derive it and any 1 or more of the previous 3 income years.

Defined: income, income year, timber

Compare: 1994 No 164 s EJ 1(1)

Land

EI 2 Amount paid to lessor for non-compliance with covenant for repair

When this section applies

(1) This section applies when a lessor receives an amount of income under section CC 2 (Non-compliance with covenant for repair).

Timing of income: if election made

(2) The lessor may choose to allocate the income between the income year in which they receive the amount and any 1 or more of the following 4 income years.

Timing of income: if election not made

(3) Any part of the amount that the lessor does not allocate as described in subsection (2) is allocated to the fourth income year following the income year in which they receive the amount.

Notice

(4) The following provisions apply to an allocation for the purposes of subsection (2):

(a) the lessor must give a notice to the Commissioner that specifies how the income has been allocated:

(b) the lessor must give the notice within the time required to file a return of income for the income year to which the income is allocated or within a longer time if the Commissioner agrees:

(c) the lessor must not revoke the election.

Ownership of land

(5) For the purposes of this section, a lessor is treated as owning land if they have an estate or interest in the land. The estate or
Interest may be legal or equitable, but an interest as a mortgagee is not included.

**Relationship with sections CC 2 and EI 3**

(6) This section overrides section CC 2(2) (Non-compliance with covenant for repair) and is overridden by section EI 3.

**Defined:** amount, Commissioner, estate, income, income year, interest, notice, return of income

Compare: 1994 No 164 s EN 1(2)–(4), (8)

**EI 3 Amount paid for non-compliance: when lessor ceases to own land**

**When this section applies**

(1) This section applies when a lessor—
(a) allocates income under section EI 2 to more than 1 income year; and
(b) ceases to own the land to which the income relates before the end of the third tax year following the tax year in which they receive the income.

**Timing of income**

(2) If the lessor has not allocated a part of the income, the part is allocated to the income year in which the lessor ceases to own the land.

**Ownership of part of land ceasing**

(3) If the lessor ceases to own part of the land to which the income relates,—
(a) this section applies to the part of the land that the lessor ceases to own; and
(b) section EI 2 applies to the part of the land that the lessor continues to own.

**Ownership of land**

(4) For the purposes of this section, a lessor is treated as owning land if they have an estate or interest in the land. The estate or interest may be legal or equitable, but an interest as a mortgagee is not included.

**Defined:** amount, estate, income year, interest, lessor, owner, tax year

Compare: 1994 No 164 s EN 1(5), (7), (8)
EI 4 Disposal of land to Crown

When this section applies
(1) This section applies when a person derives income from the disposal of any of their land to the Crown.

Timing of income
(2) The person may choose to allocate the income between the income year in which they derive it and any 3 later income years.

Timing of deduction
(3) If the person allocates income to 2 or more income years, they must allocate a proportion of any deduction allowed for the cost of the land to the same income years. The amount allocated must bear the same proportion to the total deduction as the allocated income bears to the total amount of income.

Application
(4) The following provisions apply to an allocation for the purposes of subsection (2):
(a) the person, or another person on their behalf, must make a written application to the Commissioner:
(b) the application must be made within 1 year after the end of the tax year in which the person derives the income or within a longer time if the Commissioner agrees:
(c) the person must arrange to meet all income tax liabilities relating to the income:
(d) the Commissioner may cancel the allocation at any time.

Cancellation of allocation
(5) If the Commissioner cancels the allocation,—
(a) the whole of the income or deduction, as applicable, is allocated to the income year before the income year in which the allocation is cancelled:
(b) the cancellation does not affect income or a deduction that has been allocated to a previous income year.

Defined: amount, Commissioner, deduction, income, income tax liability, income year, tax year, year

Compare: 1994 No 164 s EN 4
**EI 5 Leases: income derived in anticipation**

**When this section applies**

(1) This section applies when a person derives, in a tax year, income in anticipation from fines, premiums, a payment of goodwill on the grant of a lease, or in another similar way.

**Timing of income**

(2) The Commissioner may allocate the income between the income year in which the person derives it and any later income years.

**Notice**

(3) The following provisions apply to an allocation for the purposes of subsection (2):

(a) the person gives a notice to the Commissioner requesting the Commissioner to make the allocation:

(b) the person must give the notice in the tax year:

(c) the Commissioner may cancel the allocation at any time.

**Cancellation of allocation**

(4) If the Commissioner cancels the allocation, the income allocated to the income year in which the cancellation occurs and to future income years is allocated to the income year before that in which the cancellation occurs.

*Defined:* Commissioner, income, income year, lease, tax year

*Compare:* 1994 No 164 s EB 2

---

**Intellectual property**

**EI 6 Assigning or granting copyright**

**When this section applies**

(1) This section applies when a person—

(a) is the author of a literary, dramatic, musical, or artistic work; and

(b) made the work over a period of more than 1 year; and

(c) receives consideration from—

(i) assigning some or all of the copyright in the work; or
(ii) granting an interest in the copyright by licence.

**Timing of income: lump sum payment**

(2) If some or all of the consideration is a lump sum payment that would be income in 1 tax year, the person may allocate the income equally between the income year in which they receive it and—
   (a) the income year before that income year, if they made the work over a period that is no more than 2 years; or
   (b) the 2 income years before that income year, if they made the work over a period that is more than 2 years.

**Timing of income: other payments**

(3) If some or all of the consideration is not a lump sum payment, would be income in 1 tax year, and is received by the person within 2 years after the first publication of the work, the person may allocate the income equally between the income year in which they receive it and the previous income year.

**Self-publication**

(4) Subsection (3) applies to income that the person derives from being the publisher of their work.

**Application**

(5) The following provisions apply to an allocation for the purposes of subsections (2) and (3):
   (a) for an allocation under subsection (2), the person must apply in writing to the Commissioner no later than 6 years after the end of the income year in which they receive the payment:
   (b) for an allocation under subsection (3), the person must apply in writing to the Commissioner no later than 8 years after the first publication of the work.

**Some definitions**

(6) In this section,—
   author includes a joint author
   first publication means the first occasion on which the work or a reproduction of it is published, performed, or exhibited
lump sum payment includes an advance on account of royalties.

**Defined:** amount, author, Commissioner, first publication, income, income year, lump sum payment, tax year, year

Compare: 1994 No 164 s EN 3(1)–(3), (5), (6)

**Shareholder-employees**

**EI 7 Matching rule for employment income of shareholder-employee**

**Matching if company allowed deduction**

(1) If a company is allowed a deduction for expenditure on employment income that is paid or is payable to a shareholder-employee under section CE 1 (Amounts derived in connection with employment), the income is allocated in the way set out in subsections (2) and (3).

**Allocation to deduction year unless unexpired**

(2) The income is allocated to the income year to which the deduction allowed to the company is allocated, except for an amount equal to any unexpired portion for the income year of the company’s expenditure under section EA 4 (Deferred payment of employment income).

**Allocation otherwise when ceases being unexpired**

(3) The remaining income is allocated to the income year or years in which the corresponding amount of the company’s expenditure on the income is no longer treated as an unexpired portion.

**Defined:** amount, company, deduction, employment income, income year, shareholder-employee

Compare: 1994 No 164 s EB 1(3), (4)

**Inflation-indexed instruments**

**EI 8 Interest from inflation-indexed instruments**

**When this section applies**

(1) This section applies when—

(a) an amount of money lent is outstanding at the end of the lender’s current income year; and
(b) an amount is payable to the lender for the money lent, in a future income year of the lender; and
(c) the amount payable is determined by a fixed relationship to 1 or more indices of general price inflation in New Zealand; and
(d) the amount payable that has accrued at the end of the lender’s current income year differs from any amount payable that had accrued—
   (i) at the time the money was lent, if it was lent during the lender’s current income year; or
   (ii) at the end of the lender’s previous income year, if it was lent before the lender’s current income year.

**Increase treated as credited**

(2) If the difference is an increase, the increase is treated as having been credited in account and capitalised by the borrower for the benefit of the lender on—
   (a) the day following the day on which the level of the relevant index at the end of the lender’s current income year becomes public knowledge; or
   (b) if the level of the relevant index is not calculated for the end of the lender’s current income year, the last date before the end of the income year for which the level is calculated.

This subsection is overridden by subsection (3).

**Increase not treated as credited**

(3) An increase is not treated as having been credited to the extent to which—
   (a) the money lent has been repaid; or
   (b) an amount on account of the increase has already been paid to the lender; or
   (c) the increase represents a recovery of a decrease in the amount payable over a previous income year of the lender.

*Defined:* amount, income year, interest, money lent, New Zealand, pay

*Compare:* 1994 No 164 s EB 4

**Farming and forestry**

**EJ 1 Spreading backward of deductions for costs of timber**

When this section applies

(1) This section applies when a person derives income under section CB 23 (Disposal of timber or right to take timber) or CB 24 (Disposal of land with standing timber).

Timing of deduction

(2) The person must allocate every amount allowed as a deduction for a cost of timber to the income years to which the income is allocated under section EI 1 (Spreading backward of income from timber), and in the same proportions as it is allocated.

Defined: amount, deduction, income, income year

Compare: 1994 No 164 s EJ 1(2)

**EJ 2 Spreading forward of deductions for repairs to fishing boats**

When this section applies: generally

(1) This section applies when a person who carries on a fishing business in New Zealand is allowed a deduction for expenditure incurred in making repairs or alterations required by Part 10 of the Maritime Transport Act 1994 to the equipment, hull, or machinery of a fishing boat used wholly for the purposes of the business.

When subsection (3) applies

(2) Subsection (3) applies when the person does not cease to carry on the business before the end of the fourth tax year following the tax year in which the expenditure is incurred.

Business not ceasing within 4 years

(3) The person may do 1 of the following to the total amount of expenditure allowed as a deduction:

(a) deduct it in the income year in which the expenditure is incurred; or
Income Tax

Part E cl EJ 2

(b) allocate it to any 1 of the 4 income years following the income year in which the expenditure is incurred, and deduct it in that income year; or

c) allocate parts of it over some or all of the 4 income years following the income year in which the expenditure is incurred, and deduct each part allocated in the income year to which it is allocated; or

(d) deduct it, or any part of it that has not already been deducted, in the fourth income year following the income year in which the expenditure is incurred.

When subsection (5) applies

(4) Subsection (5) applies when the person ceases to carry on the business before the end of the fourth tax year following the tax year in which the expenditure is incurred.

Business ceasing within 4 years

(5) The person may do 1 of the following in relation to the total amount of expenditure allowed as a deduction:

(a) deduct it, or any part of it that has not already been deducted, in the income year in which the person ceases to carry on the business; or

(b) allocate it, or any part of it that has not already been deducted, equally to the income year in which it is incurred and the following income years in which the person continues to carry on the business.

Some definitions

(6) In this section,—

fishing boat—

(a) means a boat registered as a fishing boat under Part 4 of the Fisheries Act 1983; and

(b) includes a small boat belonging to any boat that is so registered

fishing business means a business of catching or taking fish, including crustaceans and shellfish, for the purposes of sale.

Defined: amount, business, deduction, fishing boat, fishing business, income year, New Zealand, tax year

Compare: 1994 No 164 s DO 2

612
EJ 3 Spreading forward of fertiliser expenditure

When this section applies
(1) This section applies when—
(a) a person carries on an agricultural business or a farming business on land in New Zealand; and
(b) the person incurs expenditure in buying fertiliser or lime or applying fertiliser or lime to some or all of the land; and
(c) the expenditure is expenditure for which the person is allowed a deduction.

Timing of deduction: if election made
(2) The person may choose to allocate the expenditure by allocating it, in the proportions they choose, to any 1 or more of the 4 income years following the income year in which they incur the expenditure.

Timing of deduction: if election not made
(3) The person is allowed a deduction in the fourth income year following the income year in which they incur the expenditure for any part of the expenditure that—
(a) they do not claim as a deduction for the income year in which they incur the expenditure; or
(b) they do not allocate under subsection (2).

Timing of deduction: business ceasing within 4 years
(4) If the person ceases to carry on the business before the end of the fourth income year following the income year in which they incurred the expenditure, they must choose 1 of the following ways to deal with any part of the expenditure that has not so far been deducted:
(a) the part is to be deducted in the income year in which the person ceases to carry on the business; or
(b) the part is to be allocated equally to the income year in which they incurred the expenditure and the following income years in which the person carries on the business.

Notice
(5) The following provisions apply to an allocation for the purposes of subsections (2) and (4):

(a) for subsection (2), the person must give the Commissioner notice of the allocation within the time within which the person is required to file a return of income for the income year to which they allocated the expenditure:

(b) for subsection (4), the person must give the Commissioner notice of the allocation within the time within which the person is required to file a return of income for the income year in which the person ceases to carry on the business:

(c) for subsection (2) or (4), the Commissioner may allow a longer time in any case or class of cases:

(d) for subsection (2), the person must not revoke the allocation.

Personal representative

(6) An election under subsection (4) may be made by a deceased’s personal representative.

Defined: business, Commissioner, deduction, income, income year, New Zealand, notice, return of income

Compare: 1994 No 164 s EK 1

Films

EJ 4 Expenditure incurred in acquiring film rights in feature films

Feature films

(1) A deduction under section DS 1 (Acquiring film rights) for expenditure that a person incurs in acquiring a film right is allocated under this section, if the film is a feature film.

Timing of deduction: retention of film right

(2) If the person has the film right at the end of an income year, the deduction that is allocated to the income year is the lesser of—

(a) the greater of—

   (i) an apportioned amount of the deduction, calculated for the income year under subsection (3); and
(ii) the amount of film income derived in the income year; and
(b) the remaining deduction.

**Calculation of apportioned amount**

(3) The apportioned amount is calculated for the income year using the formula—

\[
\frac{\text{completed months}}{\text{non-completed months}} \times \text{deduction}.
\]

**Definition of items in formula**

(4) In the formula,—
(a) **completed months** is the number of months in the income year (including a part of a month) for which the film is completed:
(b) **non-completed months** is 24 minus the number of full months in the income year for which the film is not completed:
(c) **deduction** is the remaining deduction.

**Timing of deduction: disposal of film right**

(5) If the person disposes of the film right during an income year, and does not have a film right at the end of the income year, the remaining deduction is allocated to the income year.

**Meaning of remaining deduction**

(6) In this section, **remaining deduction** means, for an income year, the amount of the deduction for expenditure incurred before the end of the income year that has not been allocated to a previous income year.

---

**EJ 5** Expenditure incurred in acquiring film rights in films other than feature films

**Films other than feature films**

(1) A deduction under **section DS 1** (Acquiring film rights) for expenditure that a person incurs in acquiring a film right is allocated under this section, if the film is not a feature film.
Timing of deduction: retention of film right

(2) If the person has the film right at the end of an income year,—

(a) the deduction that is allocated to the income year in which the film right is acquired or the film is completed (whichever is later) is—

(i) 50% of the deduction; or

(ii) if the film income derived in the income year is more than 50% of the deduction, the lesser of the amount of film income and the total amount of the deduction; and

(b) the deduction that is allocated to the next income year is the remaining deduction.

Timing of deduction: disposal of film right

(3) If the person disposes of the film right during an income year, and does not have a film right in the film at the end of the income year, the remaining deduction is allocated to the income year.

Meaning of remaining deduction

(4) In this section, remaining deduction means, for an income year, the amount of the deduction that has not been allocated to a previous income year.

Defined: amount, completed, deduction, feature film, film, film income, film right, income year, remaining deduction

Compare: 1994 No 164 s EO 3(5), (6)

EJ 6 Film production expenditure for New Zealand films

New Zealand films

(1) A deduction under section DS 2 (Film production expenditure) for film production expenditure is allocated under this section, if the film has a final certificate under section EJ 7.

Timing of deduction: up to completion of film

(2) A deduction for film production expenditure incurred in or before the income year in which the film is completed is allocated to the income year in which the film is completed.

Timing of deduction: after completion of film
(3) A deduction for film production expenditure incurred after the film is completed is allocated to the income year in which it is incurred.

Defined: completed, deduction, film, film production expenditure, income year, New Zealand

Compare: 1994, No 164 s EO 4(4), (6)

EJ 7 Certification of New Zealand films

Certification of New Zealand films
(1) The New Zealand Film Commission may certify that a film is a New Zealand film, if the Commission is satisfied that the film has, or will on completion have, a significant New Zealand content, as determined under section 18 of the New Zealand Film Commission Act 1978.

Final and provisional certificates
(2) The certificate issued by the New Zealand Film Commission must be—
(a) a provisional certificate, if the film is not completed;
(b) a final certificate, if the film is completed.

Applications for certification of New Zealand films
(3) An application to the New Zealand Film Commission for a certificate that a film is a New Zealand film must be in writing and must provide the information that the Commission requires.

Notice of certificate to Commissioner
(4) The New Zealand Film Commission must send a copy of the provisional certificate or the final certificate to the Commissioner immediately after issuing it.

Revocation of certificate
(5) The New Zealand Film Commission may revoke a provisional certificate or a final certificate if for any reason the Commission is satisfied that the certificate should not remain in force.

Effect of revocation
(6) A revoked certificate is void from the time the certificate was issued.
**Notice of revocation to Commissioner**

(7) The New Zealand Film Commission must give notice to the Commissioner immediately after revoking a provisional certificate or a final certificate.

**Defined:** Commissioner, completed, film, New Zealand, notice

Compare: 1994 No 164 s EO 4(9)–(11), (13)

---

**EJ 8 Film production expenditure for films other than New Zealand films**

**Films other than New Zealand films**

(1) A deduction under section DS 2 (Film production expenditure) is allocated under this section, if the film does not have a final certificate under section EJ 7.

**Timing of deduction: up to completion of film**

(2) If the person has a film right at the end of the income year in which the film is completed, the deduction for film production expenditure incurred in or before the income year is allocated as follows:

(a) to the income year in which the film is completed,—
   (i) 50% of the deduction; or
   (ii) if the film income derived in the income year is more than 50% of the deduction, the lesser of the amount of film income and the total amount of the deduction; and

(b) to the next income year, the remaining deduction.

**Timing of deduction: after completion of film**

(3) If the person has a film right at the end of an income year after the film is completed, a deduction for film production expenditure incurred in the income year is allocated to the income year.

**Timing of deduction: disposal of film right**

(4) If the person disposes of a film right during an income year, and does not have a film right in the film at the end of the income year, the remaining deduction is allocated to the income year.

**Meaning of remaining deduction**
(5) In this section, remaining deduction means, for an income year, the amount of the deduction for film production expenditure that has not been allocated to a previous income year.

Defined: amount, completed, deduction, film, film income, film production expenditure, film right, income year, New Zealand, remaining deduction

Compare: 1994 No 164 s EO 4(5)–(7)

EJ 9 Interest on limited recourse loans
A person is treated as incurring interest that is payable on a limited recourse loan only at the time of payment of the interest.

Defined: interest, limited recourse loan

Compare: 1994 No 164 s DK 1(7)

Petroleum mining

EJ 10 Petroleum development expenditure

General rule
(1) A deduction under section DT 5 (Petroleum development expenditure) is allocated in equal amounts over a period of 7 income years.

Start of period for offshore development
(2) For petroleum development expenditure in an offshore development, the period of 7 income years starts with the income year in which the expenditure is incurred.

Start of period for onshore development
(3) For petroleum development expenditure in an onshore development, the period of 7 income years starts with the later of—
(a) the income year in which commercial production starts; and
(b) the income year in which the expenditure is incurred.

Relationship with sections DT 7, DT 8, DT 10, DT 11, DT 15, EJ 11 to EJ 13, and IH 3
(4) Sections EJ 11 to EJ 13 override subsection (1). Sections DT 7 (Exploratory well expenditure), DT 8 (Acquisition of certain petroleum mining assets), DT 10 (Disposal of petroleum mining
asset outside association), **DT 11** (Association ending), **DT 15** (Removal or restoration operations), and **IH 3** (Loss carry back by petroleum miners) override this section.

**Defined:** amount, commercial production, deduction, income year, offshore development, onshore development, petroleum development expenditure

Compare: 1994 No 164 s DM 1(2)(b)

**EJ 11 Relinquishing petroleum permit**

**When this section applies**

(1) This section applies when a petroleum miner relinquishes a petroleum permit.

**Amount of deduction**

(2) The amount of the deduction that the miner is allowed on relinquishing the permit is the difference between the amount of the deduction allowed in relation to the permit and any part of that deduction already allocated to earlier income years under **section EJ 10(1)**.

**Timing of deduction**

(3) The deduction is allocated to the income year in which they relinquish the permit.

**Defined:** amount, deduction, income year, petroleum miner, petroleum permit

Compare: 1994 No 164 s DM 1(5)(a)

**EJ 12 Disposal of petroleum mining asset**

**When this section applies**

(1) This section applies when a petroleum miner disposes of a petroleum mining asset.

**Amount, and timing, of deduction**

(2) A proportion of a deduction under **section DT 5** (Petroleum development expenditure) is allocated to the income year in which the miner disposes of the asset. The proportion is that to which both the following apply:

(a) it is attributable to the asset; and

(b) it has been allocated under **section EJ 10** to the income year in which the miner disposes of the asset and to 1 or more later income years.
Allocation to more than 1 year

(3) If the petroleum miner’s income from disposing of the asset is derived in 2 or more income years, the proportion of the deduction that the income derived in that income year represents as a proportion of the total income from the disposal is allocated to each income year.

Relationship with section EJ 13

(4) This section is overridden by section EJ 13.

Defined: amount, deduction, disposal, income, income year, permit area, petroleum miner, petroleum mining asset

Compare: 1994 No 164 s DM 1(5)(b)

EJ 13 Disposal of petroleum mining asset to associate

When this section applies

(1) This section applies when section DT 9 (Disposal of petroleum mining asset to associate) applies.

Amount of deduction

(2) The maximum amount that may be allocated under section EJ 12(2) to the income year is the amount that would be the net income of the petroleum miner for the income year if their only income were from the disposal.

Defined: amount, associated person, disposal, income, income year, net income, petroleum miner, petroleum mining asset

Compare: 1994 No 164 s DM 1(6)

EJ 14 Damaged assets

Timing of deduction

(1) A deduction for the costs of repair to a damaged permit-specific asset is allocated to the income year in which the costs are incurred.

Relationship with section EA 2

(2) This section overrides section EA 2 (Other revenue account property).

Defined: deduction, permit-specific asset

Compare: 1994 No 164 s DM 5
**EJ 15 Partnership interests and disposal of part of asset**

In sections EJ 10 to EJ 14, unless the context requires otherwise,—

(a) a partner is treated as having a share or interest in a petroleum permit or other property of a partnership to the extent of their interest in the income of the partnership:

(b) references to the disposal of an asset apply equally to the disposal of part of an asset.

*Defined:* disposal, income, petroleum permit

Compare: 1994 No 164 ss DM 9, DM 10

---

**EJ 16 Petroleum mining operations outside New Zealand**

*Sections EJ 10 to EJ 18* apply with any necessary modifications to a petroleum miner undertaking petroleum mining operations that are—

(a) outside New Zealand and undertaken through a branch or a controlled foreign company; and

(b) substantially the same as the petroleum mining activities governed by this Act.

*Defined:* controlled foreign company, New Zealand, petroleum miner, petroleum mining operations

Compare: 1994 No 164 s DM 7(1)

---

**Definitions**

**EJ 17 Meaning of offshore development**

**Meaning**

(1) In section EJ 10, offshore development means 1 or more of the activities described in subsection (2), the major part of the facilities for which are situated in the sea or in an area of foreshore that is on the seaward side of the mean high-water mark.

**Activities: inclusions**

(2) The activities are those carried out in connection with—

(a) developing a permit area for producing petroleum:

(b) producing petroleum:

(c) processing, storing, or transmitting petroleum before its dispatch to a buyer, consumer, processor, refinery, or user:
(d) removal or restoration operations.

**Activities: exclusions**

(3) The activities do not include the further treatment (other than treatment at the production facilities) of crude oil, condensate, or natural gas, after the well stream has been separated and stabilised into those substances,—
   (a) by liquefaction or compression; or
   (b) for the extraction of constituent products; or
   (c) for the production of derivative products.

**Defined:** offshore development, permit area, petroleum, removal or restoration operations

Compare: 1994 No 164 s OB 1 “development operations”, “further processing”, “offshore development”

**EJ 18 Meaning of onshore development**

**Meaning**

(1) In section EJ 10, onshore development means 1 or more of the activities described in subsection (2), the major part of the facilities for which are situated neither in the sea nor in an area of foreshore that is on the seaward side of the mean high-water mark.

**Activities: inclusions**

(2) The activities are those carried out in connection with—
   (a) developing a permit area for producing petroleum:
   (b) producing petroleum:
   (c) processing, storing, or transmitting petroleum before its dispatch to a buyer, consumer, processor, refinery, or user:
   (d) removal or restoration operations.

**Activities: exclusions**

(3) The activities do not include the further treatment (other than treatment at the production facilities) of crude oil, condensate, or natural gas, after the well stream has been separated and stabilised into those substances,—
   (a) by liquefaction or compression; or
   (b) for the extraction of constituent products; or
(c) for the production of derivative products.

**Defined:** onshore development, permit area, petroleum, removal or restoration operations

Compare: 1994 No 164 s OB 1 “development operations”, “further processing”, “onshore development”

**Leases**

**EJ 19 Payment by lessee under personal property and operating leases**

Payments made under a lease of personal property (that is not a specified lease) or an operating lease are treated as being paid for the term of the lease. The expenditure that a lessee incurs is allocated to income years using the formula—

\[
\text{part of term of the lease that falls within the income year} \times \frac{\text{term of the lease}}{\text{sum of lease payments}}
\]

**Defined:** income year, lease, lease payment, lessee, operating lease, specified lease, term of the lease

Compare: 1994 No 164 ss EO 2, EO 2A

**EJ 20 Amount paid by lessee for non-compliance with covenant for repair**

**When this section applies**

(1) This section applies when a lessee of land is allowed a deduction under section DB 15 (Amount paid for non-compliance with covenant for repair).

**Timing of deduction**

(2) The lessee may choose to allocate some or all of the amount of the deduction to any 1 or more of the 3 income years before the income year in which the amount is paid or recovered. The lessee may make an allocation only to an income year in which they used the land for deriving income.

**Effect of allocation**

(3) If the lessee makes an allocation,—

(a) they are denied a deduction for the allocated amount for the income year in which the amount of the deduction is paid or recovered; and

(b) they are allowed a deduction for the allocated amount for the income year to which it is allocated.
Notice

(4) The following provisions apply to an allocation for the purposes of subsection (2):

(a) the lessee makes the election by giving a notice to the Commissioner that specifies how the amount of the deduction has been allocated:

(b) the lessee must give the notice within the time required to file a return of income for the tax year in which the amount was paid or recovered or within a longer time if the Commissioner agrees:

(c) the lessee must not revoke the allocation.

Defined: amount, Commissioner, deduction, income, income year, lessee, notice, return of income, tax year

Compare: 1994 No 164 s EO 5(2), (3)

Superannuation contributions

EJ 21 Contributions to employees’ superannuation schemes

When this section applies

(1) This section applies when an employer is allowed a deduction for a superannuation contribution to an employee’s superannuation scheme under section DC 6 (Contributions to employee’s superannuation schemes).

Timing of deduction

(2) The employer may choose to allocate the deduction to 1 of the following income years:

(a) the income year in which the contribution is required to be made under the conditions of the superannuation scheme, if the employer makes the contribution in the income year or within 63 days after the end of it; or

(b) the income year in which the amount of the contribution was calculated, taking into account the earnings paid to employees who were members of the scheme during the income year, if the employer calculates the amount in the income year or within 63 days after the end of it.

Election
The employer must make the election before filing a return of income for the income year or within a longer time if the Commissioner agrees.

Defined: amount, deduction, employee, employer, income year, return of income, superannuation contribution, superannuation scheme

Introductory provisions

EW 1 What this subpart applies to

Financial arrangements rules
(1) This subpart applies to the financial arrangements rules.

Meaning of financial arrangements rules
(2) Financial arrangements rules means—
(a) the sections in this subpart; and
(b) sections CC 3 (Financial arrangements), DB 9 to DB 12 (which relate to financial arrangements adjustments), EZ 48 (Transitional adjustment when changing to financial arrangements rules), FF 2 (Financial arrangements),
GD 11 (Financial arrangements rules), and NG 16A (Variation in non-resident withholding tax deductions to correct errors); and
(c) sections 90AA to 90AD of the Tax Administration Act 1994.

**Purposes of financial arrangements rules**

(3) The purposes of the financial arrangements rules are—
(a) to require the parties to a financial arrangement to accrue over the term of the arrangement a reasonable amount of income derived or expenditure incurred from the arrangement, and so to prevent the deferral of income or the advancement of expenditure; and
(b) to require the parties to a financial arrangement, when accruing income or expenditure, to take into account all consideration, without regard to whether it is capital or revenue; and
(c) to require a party to a financial arrangement to calculate a base price adjustment when the rights and obligations of the party under the arrangement cease.

*Defined:* amount, consideration, financial arrangement, financial arrangements rules, income

Compare: 1994 No 164 ss EH 20, OB 1 “accrual rules”

**EW 2 Application of financial arrangements rules**

**Calculation and allocation under financial arrangements rules**

(1) A person to whom the financial arrangements rules apply, as described in sections EW 4 to EW 9, must calculate and allocate under the financial arrangements rules their income or expenditure for an income year from a financial arrangement to which the financial arrangements rules apply, as described in sections EW 10 to EW 17.

**Interest excluded from certain valuations**

(2) Expenditure from a financial arrangement to which the financial arrangements rules apply is not included in—
(a) the cost of trading stock for low-turnover traders under subpart EB (Valuation of trading stock (including dealer’s livestock)): 
(b) the cost of livestock under subpart EC (Valuation of livestock):
(c) the cost of bloodstock under subpart EC (Valuation of livestock):
(d) the cost of revenue account property:
(e) the cost of timber:
(f) the cost of acquiring a film or a film right:
(g) film production expenditure:
(h) petroleum development expenditure:
(i) petroleum exploration expenditure.

Relationship with other provisions
(3) Subsection (1) does not prevail over any other provision that specifies that income or expenditure from the financial arrangement must be calculated or allocated differently from the method in subsection (1).

Defined: bloodstock, cost of timber, film, film production expenditure, film right, financial arrangement, financial arrangements rules, income, income year, livestock, low-turnover trader, petroleum development expenditure, petroleum exploration expenditure, revenue account property, trading stock

Compare: 1994 No 164 s EH 26

EW 3 Matters to which this subpart relates
The matters to which this subpart relates are—
(a) the persons to whom the financial arrangements rules apply (sections EW 4 to EW 9):
(b) the financial arrangements to which the financial arrangements rules apply, including a description of what a financial arrangement is and the date from which the rules apply (sections EW 10 to EW 17):
(c) the calculation and allocation of income and expenditure over a financial arrangement’s term (sections EW 18 to EW 33):
(d) the calculation and allocation of income and expenditure when a person’s rights and obligations under a financial arrangement cease (sections EW 34 to EW 37):
(e) consideration when a financial arrangement involves property or services (sections EW 38 to EW 41):
(f) consideration treated as paid to a person (sections EW 42 to EW 48):
(g) consideration treated as paid by a person (sections EW 49 to EW 55):
(h) consideration when a legal defeasance has occurred (section EW 56);

(i) consideration when an anti-avoidance provision applies (section EW 57);

(j) income and deductions related specifically to financial arrangements (sections EW 58 to EW 60);

(k) the adjustment required when a particular kind of financial arrangement defeats the intention of the financial arrangements rules (section EW 61);

(l) the application of the financial arrangements rules to cash basis persons, including a description of who is a cash basis person (sections EW 62 to EW 71).

*Defined:* cash basis person, consideration, deduction, financial arrangement, financial arrangements rules, income, legal defeasance, property

### Persons to whom financial arrangements rules apply

#### EW 4 New Zealand resident

**Description**

(1) The financial arrangements rules apply to a party to a financial arrangement who is a New Zealand resident on the date on which the person becomes a party.

**Date**

(2) The rules apply on and from the date on which the person becomes a party.

**Duration**

(3) The rules apply while the person is both a party and a New Zealand resident.

*Defined:* financial arrangement, financial arrangements rules, New Zealand resident

*Compare:* 1994 No 164 s EH 21(1)

#### EW 5 Trustee not resident

**Description**

(1) The financial arrangements rules apply to a party to a financial arrangement who is a trustee and not a New Zealand resident, if—

(a) the settlor of the trust is resident in New Zealand; and
(b) \textbf{section HH 4(3)} (Trustee income) does not apply to the trustee; and
(c) \textbf{section HH 4(6)} (Trustee income) does not apply to the trustee.

\textbf{Date}

(2) The rules apply on and from the date on which—
(a) the settlor of the trust becomes resident in New Zealand; and
(b) \textbf{section HH 4(3)} (Trustee income) does not apply to the trustee; and
(c) \textbf{section HH 4(6)} (Trustee income) does not apply to the trustee.

\textbf{Duration}

(3) The rules apply while—
(a) the settlor of the trust is resident in New Zealand; and
(b) \textbf{section HH 4(3)} (Trustee income) does not apply to the trustee; and
(c) \textbf{section HH 4(6)} (Trustee income) does not apply to the trustee.

\textit{Defined:} financial arrangement, financial arrangements rules, New Zealand resident, resident in New Zealand, trustee

Compare: 1994 No 164 s EH 21(3), (4)(b), (5)

\textbf{EW 6 Non-resident party becoming resident}

\textbf{Description}

(1) The financial arrangements rules apply to a party to a financial arrangement who is not a New Zealand resident on the date on which the person becomes a party but who later, while still a party, becomes a New Zealand resident.

\textbf{Date}

(2) The rules apply on and from the date on which the person becomes a New Zealand resident, unless the rules apply on and from an earlier date through the operation of \textbf{section EW 7}.

\textbf{Duration}
(3) The rules apply while the person is both a party and a New Zealand resident.

**Defined:** financial arrangement, financial arrangements rules, New Zealand resident, non-resident

Compare: 1994 No 164 s EH 50(1A)

EW 7 Non-resident party carrying on business

**Description**
(1) The financial arrangements rules apply to a party to a financial arrangement who is not a New Zealand resident on the date on which the person becomes a party, but whose becoming a party on that date is for the purpose of a business they carry on through a fixed establishment in New Zealand. The rules apply to the extent to which the arrangement relates to the business.

**Date**
(2) The rules apply on and from the date on which the person becomes a party to the arrangement for that purpose.

**Duration**
(3) The rules apply while the person is a party to the arrangement for that purpose.

**Defined:** business, financial arrangement, financial arrangements rules, fixed establishment, New Zealand, New Zealand resident, non-resident

Compare: 1994 No 164 ss EH 21(3), (4)(a), EH 50(2)(a)

EW 8 Trustee of deceased’s estate

**Description**
(1) The financial arrangements rules apply to a party to a financial arrangement who is a trustee of a deceased’s estate that contains the arrangement.

**Date**
(2) The rules apply on and from the date of the deceased’s death.

**Duration**

(3) The rules apply while the trustee is both a party and a New Zealand resident.

**Defined:** financial arrangement, financial arrangements rules, New Zealand resident, trustee

---

### EW 9 Party changing from private or domestic purpose

**Description**

(1) The financial arrangements rules apply to a party to a financial arrangement who is a person described in section EW 14(1).

**Date**

(2) The rules apply on and from the date on which the person becomes a party to the arrangement, as described in section EW 14(2).

**Duration**

(3) The rules apply while the person is both a party and a New Zealand resident.

**Defined:** financial arrangement, financial arrangements rules, New Zealand resident

### Financial arrangements to which financial arrangements rules apply: meaning of financial arrangement

---

### EW 10 What is a financial arrangement?

**Meaning**

(1) **Financial arrangement** means an arrangement described in any of subsections (2) to (4).

**Money received for money provided**

(2) A financial arrangement is an arrangement under which a person receives money in consideration for that person, or another person, providing money to any person—

(a) at a future time; or

(b) on the occurrence or non-occurrence of a future event, whether or not the event occurs because notice is given or not given.

**Examples of money received for money provided**

(3) Without limiting subsection (2), each of the following is a financial arrangement:
(a) a debt, including a debt that arises by law:
(b) a debt instrument:
(c) the deferral of the payment of some or all of the consideration for an absolute assignment of some or all of a person’s rights under another financial arrangement or under an excepted financial arrangement:
(d) the deferral of the payment of some or all of the consideration for a legal defeasance releasing a person from some or all of their obligations under another financial arrangement or under an excepted financial arrangement.

**Excepted financial arrangement ceasing to be excepted**

(4) In relation to **sections EW 14 and EW 15**,—

(a) an excepted financial arrangement that ceases to be an excepted financial arrangement through the operation of **section EW 14** is a financial arrangement:

(b) an excepted financial arrangement that ceases to be an excepted financial arrangement for a party through the operation of **section EW 15** is a financial arrangement for the party.

**Defined:** consideration, excepted financial arrangement, financial arrangement, legal defeasance, money

Compare: 1994 No 164 ss EH 22, EH 24(2)

**EW 11 What is not a financial arrangement?**

**Absolute assignment**

(1) An absolute assignment of some or all of a person’s rights under another financial arrangement or under an excepted financial arrangement is not a financial arrangement, except to the extent described in **section EW 10(3)(c)**.

**Legal defeasance**

(2) A legal defeasance releasing a person from some or all of their obligations under another financial arrangement or under an excepted financial arrangement is not a financial arrangement, except to the extent described in **section EW 10(3)(d)**.

**Excepted financial arrangement**
(3) An excepted financial arrangement is not a financial arrangement.

Defined: excepted financial arrangement, financial arrangement, legal defeasance

Compare: 1994 No 164 s EH 22(2)–(4)

EW 12 What is an excepted financial arrangement?

Meaning

(1) Excepted financial arrangement means an arrangement described in any of subsections (2) to (23). However,—

(a) an arrangement described in any of subsections (16) to (18) may cease to be an excepted financial arrangement through the operation of section EW 14:

(b) an arrangement described in any of subsections (19) to (23) may cease to be an excepted financial arrangement for a party who makes an election under section EW 15.

Annuity

(2) Each of the following is an excepted financial arrangement:

(a) an annuity for a term contingent on human life:

(b) an annuity for a term not contingent on human life to which section EY 8(2)(c) (Meaning of life insurance) applies.

Bet

(3) A bet on any of the following is an excepted financial arrangement:

(a) a race (as defined in section 2 of the Racing Act 1971):

(b) a sporting event under a sports betting system established under Part 5B of the Racing Act 1971:

(c) a game of chance, lottery, or prize competition (as those terms are defined in section 2 of the Gaming and Lotteries Act 1977):

(d) a New Zealand lottery or New Zealand prize competition (as those terms are defined in section 71 of the Gaming and Lotteries Act 1977).

Employment contract

(4) An employment contract is an excepted financial arrangement.

Farm-out arrangement
(5) A farm-out arrangement is an excepted financial arrangement.

**Group investment fund**

(6) An interest in a group investment fund is an excepted financial arrangement.

**Hire purchase: livestock or bloodstock**

(7) A hire purchase agreement for livestock or bloodstock is an excepted financial arrangement.

**Insurance contract**

(8) An insurance contract is an excepted financial arrangement.

**Lease not finance lease**

(9) A lease that is not a finance lease is an excepted financial arrangement.

**Loan in New Zealand currency**

(10) A loan to which all the following apply is an excepted financial arrangement for the lender:

(a) the loan is in New Zealand currency; and
(b) the loan is interest-free; and
(c) the loan is repayable on demand.

**Partnership or joint venture**

(11) An interest in a partnership or a joint venture is an excepted financial arrangement.

**Share or option**

(12) A share, or an option to acquire or to dispose of shares, is an excepted financial arrangement, if the share is acquired, or the person becomes a party to the option, on or after 20 May 1999. This subsection does not apply to a withdrawable share or to an option to acquire or to dispose of withdrawable shares.

**Specified preference share**

(13) A specified preference share to which section FZ 1 (Deduction for dividends paid on certain preference shares) applies is an excepted financial arrangement.

**Superannuation**
(14) A membership of a superannuation scheme is an excepted financial arrangement.

**Warranty**

(15) A warranty for goods or services is an excepted financial arrangement.

**Loan in foreign currency: private or domestic purpose**

(16) A loan to which all the following apply is an excepted financial arrangement for the borrower:
- the loan is in foreign currency; and
- the borrower is a cash basis person; and
- the borrower uses the loan for a private or a domestic purpose.

**Option: private or domestic purpose**

(17) An option to acquire or dispose of property, other than an interest in a financial arrangement, is an excepted financial arrangement for a person who becomes a party to the option for a private or a domestic purpose.

**Private or domestic agreement for the sale and purchase of property or services**

(18) An agreement for the sale and purchase of property or services entered into by a person, or a specified option granted to or by a person, is an excepted financial arrangement if all the following apply to it:
- first,—
  - the agreement is entered into by the person for a private or a domestic purpose; or
  - the option is granted to or by the person for a private or a domestic purpose; and
- second, the subject matter of the agreement or option is—
  - real property whose purchase price is less than $1,000,000; or
  - any other property whose purchase price is less than $400,000; or
  - services whose purchase price is less than $400,000; and
(c) third,—
   (i) the agreement requires settlement of the property, or performance of the services, to take place on or before the 365th day after the date on which the agreement is entered into; or
   (ii) the option requires settlement of the property, or performance of the services, if an agreement is entered into as a result of the exercise of the option, to take place on or before the 365th day after the date on which the option is granted.

**Agreement for the sale and purchase of property or services**

(19) An agreement for the sale and purchase of property or services is an excepted financial arrangement, except for a party who makes an election under section EW 15, if—
   (a) all a party’s sales or purchases under the agreement are prepaid; and
   (b) for all the party’s agreements under which all sales and purchases are prepaid, the total value of prepayments, on every day in an income year, is $50,000 or less.

**Short-term agreement for the sale and purchase of property or services**

(20) A short-term agreement for the sale and purchase of property or services is an excepted financial arrangement, except for a party who makes an election under section EW 15.

**Short-term option**

(21) A short-term option is an excepted financial arrangement, except for a party who makes an election under section EW 15.

**Travellers’ cheques**

(22) Travellers’ cheques are excepted financial arrangements, except for a party who makes an election under section EW 15.

**Variable principal debt instrument**

(23) A variable principal debt instrument is an excepted financial arrangement, except for a party who makes an election under section EW 15, if the total value on every day in an income
year of all variable principal debt instruments to which a person is a party is $50,000 or less.

**Defined:** agreement for the sale and purchase of property or services, arrangement, blood-stock, cash basis person, excepted financial arrangement, farm-out arrangement, finance lease, group investment fund, hire purchase agreement, income year, insurance contract, lease, New Zealand, property, share, short-term agreement for the sale and purchase of property or services, short-term option, specified preference shares, superannuation scheme, variable principal debt instrument, withdrawable share

Compare: 1994 No 164 s EH 24

**EW 13 Relationship between financial arrangements and excepted financial arrangements**

**Excepted financial arrangement may be included**

(1) An excepted financial arrangement may be included in a financial arrangement.

**Income or expenditure from specific excepted financial arrangements**

(2) If an excepted financial arrangement described in any of section EW 12(2) to (15) is included in a financial arrangement, an amount solely attributable to the excepted financial arrangement is not an amount taken into account under the financial arrangements rules.

**Income or expenditure from remaining excepted financial arrangements**

(3) If an excepted financial arrangement described in any of section EW 12(16) to (23) is included in a financial arrangement, an amount solely attributable to the excepted financial arrangement is an amount taken into account under the financial arrangements rules.

**Defined:** amount, excepted financial arrangement, financial arrangement, financial arrangements rules, income

Compare: 1994 No 164 ss EH 22(4), EH 23

**EW 14 Change from private or domestic purpose**

**When this section applies**

(1) This section applies when a person who is a party to an excepted financial arrangement described in any of section EW 12(16) to (18) stops using it for a private or a domestic purpose.
Excepted financial arrangement becomes financial arrangement

(2) On and after the date on which the person stops using the excepted financial arrangement for a private or a domestic purpose,—
   (a) it ceases to be an excepted financial arrangement for the person; and
   (b) the person becomes a party to a financial arrangement.

Defined: excepted financial arrangement, financial arrangement

Compare: 1994 No 164 s EH 24(3)

EW 15 Election to treat certain excepted financial arrangements as financial arrangements

Election

(1) A person may choose to treat as financial arrangements all the excepted financial arrangements to which the person is a party that are described in section EW 12(19) or (20) or (21) or (22) or (23).

Election for class of short-term agreements

(2) A person may choose to treat a class of short-term agreements for the sale and purchase of property or services as financial arrangements. The person must identify the class by—
   (a) the currency that applies to the agreements; or
   (b) the term of the agreements; or
   (c) both the currency and the term.

How election made

(3) The person makes an election by returning income derived or expenditure incurred from the chosen arrangements under the financial arrangements rules in their return of income.

How election revoked

(4) The person revokes the election by giving notice to the Commissioner with their return of income and within the time that the return must be filed under section 37 of the Tax Administration Act 1994.

Effect of revocation
(5) The revocation applies to financial arrangements the person enters into after the income year in which the notice is given.

Defined: Commissioner, excepted financial arrangement, financial arrangement, financial arrangements rules, income, income year, notice, return of income, short term agreement for the sale and purchase of property or services

Compare: 1994 No 164 s EH 25

Financial arrangements to which financial arrangements rules apply: date on and after which rules apply

EW 16 Financial arrangements to which financial arrangements rules apply

Entered into on or after 20 May 1999

(1) The financial arrangements rules apply to a financial arrangement that all its parties enter into on or after 20 May 1999.

Existing immediately before 20 May 1999

(2) The financial arrangements rules apply to a financial arrangement existing immediately before 20 May 1999 to the extent to which a person becomes a party to the arrangement on or after 20 May 1999.

Rollover, extension, or advance on or after 20 May 1999

(3) The financial arrangements rules apply to a financial arrangement that is rolled over or extended, or under which an advance is made, on or after 20 May 1999, in accordance with a binding contract entered into before 20 May 1999.

Binding contract before 20 May 1999

(4) However, the financial arrangements rules do not apply to a financial arrangement to which both the following apply:
   (a) all its parties enter into it on or after 20 May 1999; and
   (b) they enter into it in accordance with a binding contract entered into before 20 May 1999.

Transferred under matrimonial agreement

(5) The financial arrangements rules apply to a financial arrangement to which all the following apply, to the extent to which the transferee becomes a party to it:
   (a) the transferor is a party to it before 20 May 1999; and
(b) it is rolled over or extended, or an advance is made under it, on or after 20 May 1999, in accordance with a binding contract entered into before 20 May 1999; and
(c) it is transferred under a matrimonial agreement on or after 20 May 1999.

**Binding contract before 20 May 1999 and transfer under matrimonial agreement**

(6) However, the financial arrangements rules do not apply to a financial arrangement to which all the following apply:
(a) all its parties enter into it on or after 20 May 1999; and
(b) they enter into it in accordance with a binding contract entered into before 20 May 1999; and
(c) it is transferred under a matrimonial agreement on or after 20 May 1999.

**Defined:** financial arrangement, financial arrangements rules, matrimonial agreement

Compare: 1994 No 164 s EH 19

**Matters to which financial arrangements rules do not apply**

**EW 17 What financial arrangements rules do not apply to**

The financial arrangements rules do not apply to—
(a) the calculation of non-resident withholding income:
(b) interest paid by the Commissioner under Part 7 of the Tax Administration Act 1994 for an overpayment of income tax:
(c) interest payable to the Commissioner under Part 7 of the Tax Administration Act 1994 for an underpayment of income tax.

**Defined:** Commissioner, financial arrangements rules, income tax, interest, non-resident withholding income, pay

Compare: 1994 No 164 s EH 21(2)

**Calculation and allocation of income and expenditure over financial arrangement’s term**

**EW 18 When use of spreading method required**

A party to a financial arrangement must use 1 of the spreading methods to calculate an amount of income or expenditure
from the arrangement for each income year over the arrangement’s term, and to allocate it to the income year, unless section EW 19 applies.

**Defined:** amount, financial arrangement, income, income year, spreading method

Compare: 1994 No 164 s EH 33(1)

**EW 19 When use of spreading method not required**

**Base price adjustment year**

(1) A person does not use any of the spreading methods for a financial arrangement in the income year in which section EW 35 requires them to calculate a base price adjustment for it.

**Trustee of personal injury compensation trust**

(2) A trustee who holds a financial arrangement in trust to manage compensation paid for personal injury under the Accident Insurance Act 1998, any of the former Acts (as defined in section 13 of the Accident Insurance Act 1998), the Workers Compensation Act 1956, or a court order does not use any of the spreading methods for the financial arrangement if—

(a) the trustee is a cash basis person; or

(b) the trustee would be a cash basis person if the trustee were a natural person.

**Cash basis person**

(3) A cash basis person is not required to use any of the spreading methods, but may choose to do so under section EW 69.

**Defined:** cash basis person, financial arrangement, income year, spreading method, trustee

Compare: 1994 No 164 s EH 33(1), (4)

**EW 20 What spreading methods do**

**Description**

(1) The spreading methods are methods of calculating and allocating income and expenditure from a financial arrangement over the arrangement’s term.

**Methods**

(2) The spreading methods are—
(a) the yield to maturity method or an alternative, to which sections EW 22, EW 25, and EW 29 are relevant:
(b) the straight-line method, to which sections EW 23 and EW 25 are relevant:
(c) a market valuation method, to which sections EW 24, EW 25, and EW 29 are relevant:
(d) a determination method or an alternative, to which sections EW 26 and EW 29 are relevant:
(e) a financial reporting method, to which sections EW 27 and EW 29 are relevant:
(f) a default method, to which section EW 28 is relevant.

Result

(3) The amount calculated for and allocated to the income year under a spreading method is—
(a) income, under section CC 3 (Financial arrangements), derived by the person in the income year; or
(b) expenditure incurred by the person in the income year.

Defined: amount, financial arrangement, income, income year, spreading method

Compare: 1994 No 164 s EH 33

EW 21 What is included when spreading methods used

Consideration and amounts

(1) A person using a spreading method must include, for the purpose of calculating and allocating income and expenditure from the financial arrangement,—
(a) all consideration that has been paid, and all consideration that is or will be payable, to the person for or under the financial arrangement, ignoring non-contingent fees; and
(b) all consideration that has been paid, and all consideration that is or will be payable, by the person for or under the financial arrangement, ignoring non-contingent fees; and
(c) all amounts that have been remitted, and all amounts that are to be remitted, by the person under the financial arrangement; and
(d) all amounts that would have been payable to the person under the financial arrangement if the amounts had not been remitted by law.
Consideration in particular cases

(2) If any of sections EW 38 to EW 54 applies, the consideration referred to in subsection (1)(a) and (b) is adjusted in accordance with the relevant section.

Defined: amount, consideration, financial arrangement, income, non-contingent fee, spreading method

Compare: 1994 No 164 ss EH 33(2), EH 48(1)

EW 22 Yield to maturity method or alternative

Who may use yield to maturity method

(1) A person who is a party to a financial arrangement may use the yield to maturity method.

Who may use alternative

(2) A person who is a party to a financial arrangement may use an alternative to the yield to maturity method, but may do so only if the alternative—
(a) has regard to the principles of accrual accounting; and
(b) conforms with commercially acceptable practice; and
(c) results in the allocation to each income year of amounts that are not materially different from those that would have been allocated using the yield to maturity method; and
(d) is also used by the person for financial reporting purposes for financial arrangements of the same or a similar class (although section EW 29 may apply if the alternative is not used in this way).

Defined: amount, financial arrangement, income year

Compare: 1994 No 164 s EH 34

EW 23 Straight-line method

Who may use straight-line method

(1) A person who is a party to a financial arrangement may use the straight-line method if—
(a) the total value of all the financial arrangements to which the person is a party in an income year has been $1,500,000 or less on every day in the income year; and
(b) the person complies with section EW 31(1).

Calculation of total value of financial arrangements

646
(2) When calculating total value, the person must—
   (a) include every one of their financial arrangements, whether the financial arrangements rules or the old financial arrangements rules apply to it; and
   (b) use the following values:
      (i) for a fixed principal financial arrangement, its face value:
      (ii) for a variable principal debt instrument, the amount owing by or to the person under the financial arrangement on the relevant day:
      (iii) for a financial arrangement to which the old financial arrangements rules apply, the value determined under those rules.

Increase in amount

(3) The Governor-General may, by Order in Council, increase the amount specified in subsection (1).

Defined: amount, financial arrangement, financial arrangements rules, fixed principal financial arrangement, income year, old financial arrangements rules, variable principal debt instrument

Compare: 1994 No 164 ss EH 35(1), (5), (6), EH 58

EW 24 Market valuation method

A person who is a party to a financial arrangement may use, for the arrangement, a market valuation method if—
   (a) either—
      (i) the person’s business includes dealing in financial arrangements of the class to which the arrangement belongs; or
      (ii) the financial arrangement is an exchange-traded option, a forward contract for foreign exchange, or a futures contract; and
   (b) the parties to the financial arrangement are not associated persons; and
   (c) either—
      (i) the Commissioner has approved the market, the method, and the source of information used to determine market values by a determination under section 90AC(1)(c) of the Tax Administration Act 1994; or
      (ii) the person can demonstrate market prices that are reliable; and
(d) the method conforms with commercially acceptable practice; and
(e) the person complies with section EW 31(4); and
(f) the method is also used by the person for financial reporting purposes for financial arrangements of the same or a similar class (although section EW 29 may apply if the method is not used in this way).

Defined: associated person, business, Commissioner, financial arrangement, forward contract, futures contract

Compare: 1994 No 164 s EH 36(1)-(3)

EW 25 Choice among first 3 spreading methods
A person who may use the yield to maturity method or an alternative, the straight-line method, or a market valuation method for a financial arrangement may choose to use whichever of those methods the person can use for the arrangement.

Defined: financial arrangement, spreading method

Compare: 1994 No 164 ss EH 34(1), EH 35(1), (2), EH 36(3)

EW 26 Determination method or alternative

Who may use determination method
(1) A person who is a party to a financial arrangement may use a determination method, that is, a method in a determination made by the Commissioner under section 90AC(1)(d) of the Tax Administration Act 1994 and applying to the arrangement, if—
   (a) the person cannot use the yield to maturity method or an alternative; and
   (b) the person either—
       (i) may not use the straight-line method or a market valuation method; or
       (ii) may use the straight-line method or a market valuation method but chooses not to do so.

Who may use alternative
(2) A person who is a party to a financial arrangement may use an alternative to a determination method, but may do so only if—
   (a) the person cannot use the yield to maturity method or an alternative; and
   (b) the person either—
Financial reporting method

A person who is a party to a financial arrangement may use a financial reporting method if—

(a) the person cannot use the yield to maturity method or an alternative; and

(b) the person either—

   (i) may not use the straight-line method or a market valuation method; or

   (ii) may use the straight-line method or a market valuation method but chooses not to do so; and

(c) the Commissioner has not made a determination for the financial arrangement under section 90AC(1)(d) of the Tax Administration Act 1994; and

(d) the method conforms with commercially acceptable practice; and

(e) the method is also used by the person for financial reporting purposes for financial arrangements of the same or a similar class (although section EW 29 may apply if the method is not used in this way); and

(f) the method allocates a reasonable amount to each income year over the financial arrangement’s term.

Defined: amount, Commissioner, financial arrangement, income year

Compare: 1994 No 164 ss EH 37, EH 38
**EW 28 Default method**

A person who is a party to a financial arrangement may use a default method if—

(a) the person cannot use the yield to maturity method or an alternative; and

(b) the person either—

   (i) may not use the straight-line method or a market valuation method; or
   
   (ii) may use the straight-line method or a market valuation method but chooses not to do so; and

(c) the person may not use a determination method or an alternative, or a financial reporting method; and

(d) the person either—

   (i) does not prepare financial accounts; or
   
   (ii) does not report the income derived or expenditure incurred from a financial arrangement for financial reporting purposes; and

(e) the method conforms with commercially acceptable practice; and

(f) the method allocates a reasonable amount to each income year over the financial arrangement’s term.

**Defined:**

- amount, financial arrangement, income, income year

Compare: 1994 No 164 s EH 40

**EW 29 Failure to use method for financial reporting purposes**

**When this section applies**

(1) This section applies when a person would be allowed to use a method but for the fact that the person does not comply with whichever is relevant of sections EW 22(2)(d), EW 24(f), EW 26(2)(f), and EW 27(e).

**Person treated as complying**

(2) The person is treated as complying with whichever is relevant of sections EW 22(2)(d), EW 24(f), EW 26(2)(f), and EW 27(e) if the method that the person uses for each financial arrangement—

(a) is used for the financial arrangement, and each financial arrangement of the same or a similar class, for every income year over its term for the purposes of the financial arrangements rules; and

(b) appropriately reflects the dominant purpose for which the person entered into the financial arrangement; and
(c) is not used for the purpose of tax avoidance; and  
(d) has been approved for use in circumstances applying to the person by the Commissioner, either by giving notice to the person or by making a determination under section 90AC(1)(f) of the Tax Administration Act 1994.

**Qualification on subsection (2)(a)**

(3) A method complies with subsection (2)(a), even if it is a change from a previous method, as long as the Commissioner approves the change in method under the circumstances or conditions specified in a determination under section 90AC(1)(g) of the Tax Administration Act 1994.

**Defined:** Commissioner, financial arrangement, financial arrangements rules, income year, notice, tax avoidance

Compare: 1994 No 164 s EH 42

**EW 30 Consistency of use of spreading method**

**Consistency required**

(1) A person must use the same spreading method for financial arrangements of the same or a similar class for every income year. This subsection is overridden by subsection (3).

**Straight-line method and market valuation method**

(2) **Section EW 31** sets out particular consistency requirements for the straight-line method and a market valuation method.

**Change of spreading method**

(3) **Section EW 32** sets out the circumstances in which a person may change their spreading method.

**Defined:** financial arrangement, income year, spreading method

Compare: 1994 No 164 s EH 41

**EW 31 Consistency of use of straight-line method and market valuation method**

**Straight-line method for all financial arrangements**

(1) A person using the straight-line method in an income year for a financial arrangement must use it for all financial arrangements—
(a) to which the person is a party at the end of the income year; and
(b) for which the person can use it.

**Straight-line method for every income year of term**

(2) A person who starts to use the straight-line method for a financial arrangement must use it over the arrangement’s remaining term until section EW 35 requires them to calculate a base price adjustment for the arrangement, unless section EW 32(1) applies.

**Total value may be over $1,500,000**

(3) Subsection (2) applies even if the total value of all the financial arrangements to which the person is a party is over $1,500,000 at any time in the arrangement’s remaining term.

**Market valuation method**

(4) A person who starts to use a market valuation method for a financial arrangement must use it over the arrangement’s remaining term until section EW 35 requires them to calculate a base price adjustment for the arrangement, unless section EW 32(1) applies.

**Increase in amount**

(5) The Governor-General may, in an Order in Council made under section EW 23(3), increase the amount specified in subsection (3).

*Defined:* amount, financial arrangement, income year

Compare: 1994 No 164 ss EH 35(3), (4), EH 36(4), EH 58

**EW 32 Change of spreading method**

**Change of straight-line or market valuation method**

(1) A person may change from the straight-line method or the market valuation method with the Commissioner’s written authorisation.

**Change of other method**
(2) A person may change from any other spreading method if they have a sound commercial reason for doing so. The advancement, deferral, or reduction of an income tax liability is not a sound commercial reason.

**Spreading method adjustment**

(3) When a person changes their spreading method under subsection (2),—

(a) they must use the formula in section EW 33 to calculate a spreading method adjustment for the income year in which they change the method; and

(b) their only income or expenditure from the financial arrangement for the income year to which the formula is applied is the spreading method adjustment.

**Positive or negative spreading method adjustment**

(4) A spreading method adjustment calculated under section EW 33 is,—

(a) if positive, income, under section CC 3 (Financial arrangements), derived by the person in the income year for which the calculation is made:

(b) if negative, expenditure incurred by the person in the income year for which the calculation is made.

**Defined:** Commissioner, financial arrangement, income, income tax liability, income year, spreading method

Compare: 1994 No 164 ss EH 35(3)(b), EH 36(4), EH 43(1), (2), EH 44(3), (4)

**EW 33 Spreading method adjustment formula**

**Calculation of spreading method adjustment**

(1) A person calculates a spreading method adjustment using the formula in subsection (3).

**What formula applies to**

(2) The person must apply the formula to each financial arrangement to which they—

(a) are a party at the end of the income year in which they change their spreading method; and

(b) were a party at the end of the previous income year.

**Formula**

(3) The formula is—
income (new method) – expenditure (new method) – income (old method) + expenditure (old method).

**Definition of items in formula**

(4) The items in the formula are defined in **subsections (5) to (8)**.

**Income (new method)**

(5) **Income (new method)** is the amount that would have been income derived by the person from the financial arrangement if the new method had been used for the arrangement in the period starting on the date on which the person became a party to the arrangement and ending on the last day of the income year for which the calculation is made.

**Expenditure (new method)**

(6) **Expenditure (new method)** is the amount that would have been expenditure incurred by the person from the financial arrangement if the new method had been used for the arrangement in the period starting on the date on which the person became a party to the arrangement and ending on the last day of the income year for which the calculation is made.

**Income (old method)**

(7) **Income (old method)** is income, under **section CC 3** (Financial arrangements), derived by the person from the financial arrangement in previous income years.

**Expenditure (old method)**

(8) **Expenditure (old method)** is expenditure incurred by the person from the financial arrangement in previous income years.

*Defined:* amount, financial arrangement, income, income year, spreading method

Compare: 1994 No 164 s EH 44(1)–(3)
**Calculation and allocation of income and expenditure when rights and obligations under financial arrangement cease**

**EW 34 How base price adjustment calculated**
A party to a financial arrangement who must calculate a base price adjustment, as described in sections EW 35 and EW 36, calculates it using the formula in section EW 37.

**Defined:** financial arrangement

**EW 35 When calculation of base price adjustment required**

**Ceasing to be New Zealand resident**
(1) A party to a financial arrangement who ceases to be a New Zealand resident must calculate a base price adjustment as at the date of the party’s ceasing to be a New Zealand resident. This subsection is overridden by section EW 36(1) and (2).

**Ceasing to be party for purpose of New Zealand business**
(2) A person who is not a New Zealand resident and who is a party to a financial arrangement for the purpose of a business the party carries on through a fixed establishment in New Zealand must calculate a base price adjustment as at the date of the party’s ceasing to be a party to the arrangement for that purpose.

**Maturity**
(3) A party to a financial arrangement must calculate a base price adjustment as at the date on which the arrangement matures.

**Treated as maturity**
(4) A financial arrangement that has not matured because an amount has not been paid is treated as if it had matured if—
(a) the amount not paid is immaterial; and
(b) the arrangement has been structured to avoid the application of section EW 37.

**Disposal**
(5) A party to a financial arrangement who disposes of the arrangement must calculate a base price adjustment as at the date of the disposal.

**Absolute assignment**

(6) A party to a financial arrangement who makes an absolute assignment of all the party’s rights under the arrangement must calculate a base price adjustment as at the date of the absolute assignment.

**Defeasance**

(7) A party to a financial arrangement who makes a legal defeasance of all the party’s obligations under the arrangement must calculate a base price adjustment as at the date of the legal defeasance.

**Sale at discount to associated person**

(8) A party to a financial arrangement that is a debt must calculate a base price adjustment as at the date on which the creditor sells the debt to a person associated with the debtor and at a discount in the circumstances described in section EW 52(1) to (4).

**Discharge without consideration**

(9) A party to a financial arrangement must calculate a base price adjustment as at the date on which a party to the arrangement is discharged from making all remaining payments under the arrangement without fully adequate consideration.

**Operation of law**

(10) A party to a financial arrangement must calculate a base price adjustment as at the date on which a party to the arrangement is released from making all remaining payments under the arrangement under the Insolvency Act 1967 or the Companies Act 1993 or the laws of a country or territory other than New Zealand.

**Composition with creditors**

(11) A party to a financial arrangement must calculate a base price adjustment as at the date on which a party to the arrangement is released from making all remaining payments under the
arrangement by a deed or agreement of composition with the party’s creditors.

**Lapse of time**

(12) A party to a financial arrangement must calculate a base price adjustment as at the date on which all remaining payments under the arrangement become irrecoverable or unenforceable through the lapse of time.

**Trust of deceased’s estate**

(13) A party to a financial arrangement who is a trustee of a deceased’s estate that contains the arrangement must calculate a base price adjustment as at—

(a) the date of the deceased’s death, as if the deceased had disposed of the arrangement on that date; and

(b) the date on which the trustee distributes the arrangement to a specific legatee or a residuary beneficiary, as if the trustee had acquired the arrangement on the date of the deceased’s death and disposed of it on the date of the distribution.

**Defined:** amount, associated person, business, consideration, financial arrangement, fixed establishment, legal defeasance, maturity, New Zealand, New Zealand resident, trustee

Compare: 1994 No 164 s EH 45

**EW 36 When calculation of base price adjustment not required**

**Cash basis person who ceases to be temporary New Zealand resident**

(1) A cash basis person who ceases to be a New Zealand resident before the first day of the fourth income year following the income year in which they first became a New Zealand resident does not calculate a base price adjustment for a financial arrangement to which they—

(a) were a party before first becoming a New Zealand resident; and

(b) are a party on the date on which they cease to be a New Zealand resident.

**Other party who ceases to be New Zealand resident**
(2) A party to a financial arrangement who ceases to be a New Zealand resident does not calculate a base price adjustment to the extent to which the arrangement relates to a business the party carries on through a fixed establishment in New Zealand.

**Creditor when legal defeasance occurs**

(3) A party who has a right to receive money under a financial arrangement the obligations of which are the subject of a legal defeasance does not calculate a base price adjustment on the date of the defeasance if the defeasance requires another person to meet the remaining obligations of the arrangement.

**Debtor when legal defeasance occurs**

(4) A party to a financial arrangement does not calculate a base price adjustment if—
(a) their obligations under the arrangement are the subject of an absolute legal defeasance; and
(b) some or all of the consideration for the defeasance is deferred.

**Creditor when assignment occurs**

(5) A party to a financial arrangement does not calculate a base price adjustment if—
(a) their rights under the arrangement are the subject of an absolute assignment; and
(b) some or all of the consideration for the assignment is deferred.

**Defined:** business, cash basis person, consideration, financial arrangement, fixed establishment, income year, legal defeasance, money, New Zealand, New Zealand resident

Compare: 1994 No 164 s EH 46

**EW 37 Base price adjustment formula**

**Calculation of base price adjustment**

(1) A person calculates a base price adjustment using the formula in subsection (5).

**When formula applies**

(2) The person calculates the base price adjustment for the income year in which section EW 35 applies to them.
Positive base price adjustment
(3) A base price adjustment, if positive, is income, under section CC 3 (Financial arrangements), derived by the person in the income year for which the calculation is made. However, it is not income to the extent to which it arises from expenditure incurred by the person from the financial arrangement in previous income years and for which a deduction was denied in those income years.

Negative base price adjustment
(4) A base price adjustment, if negative, is expenditure incurred by the person in the income year for which the calculation is made. The person is allowed a deduction for the expenditure under section DB 9 (Negative base price adjustment).

Formula
(5) The formula is—
consideration − income + expenditure + amount remitted.

Definition of items in formula
(6) The items in the formula are defined in subsections (7) to (11).

Consideration
(7) Consideration is all consideration that has been paid, and all consideration that is or will be payable, to the person for or under the financial arrangement, ignoring non-contingent fees, minus all consideration that has been paid, and all consideration that is or will be payable, by the person for or under the financial arrangement, ignoring non-contingent fees.

Consideration in particular cases
(8) If any of sections EW 38 to EW 54 applies, the consideration referred to in subsection (7) is adjusted in accordance with the relevant section.

Income
(9) Income is—
(a) income, under section CC 3 (Financial arrangements), derived by the person from the financial arrangement in previous income years; and
(b) dividends derived by the person from the release of the obligation to repay the amount lent; and 
(c) income derived under section CF 2(2) and (3) (Remission of specified suspensory loans).

**Expenditure**

(10) **Expenditure** is expenditure incurred by the person from the financial arrangement in previous income years.

**Amount remitted**

(11) **Amount remitted** is an amount that is not included in the consideration paid or payable to the person because it has been remitted—
(a) by the person; or 
(b) by law.

*Defined:* amount, consideration, deduction, dividend, financial arrangement, income, income year, non-contingent fee

Compare: 1994 No 164 ss EH 47, EH 48(1)

**Consideration when financial arrangement involves property or services**

**EW 38 Consideration for agreement for sale and purchase of property or services, hire purchase agreement, specified option, or finance lease**

**When this section applies**

(1) This section applies when it is necessary to determine the consideration that is paid to or by the original parties to certain financial arrangements. The arrangements are an agreement for the sale and purchase of property or services, a hire purchase agreement, a specified option, or a finance lease, if the agreement, option, or lease has proceeded and is for a consideration that includes property or services.

**Value of property or services**

(2) The value of the property or services is determined by applying **subsections (3) to (6)** in numerical order until a subsection applies.

**Lowest price**
(3) The value of the property or services is the lowest price the parties would have agreed on for the property or services, on the date the agreement, option, or lease was entered into, if payment had been required in full at the time the first right in the property was transferred or the services provided. Two qualifications on this subsection are as follows:

(a) the subsection does not apply to an agreement for the sale and purchase of property or services or a specified option included in another financial arrangement:

(b) section EW 40 applies if the consideration is in a foreign currency.

Cash price

(4) The value of the property or services is the cash price of the property or services to which the agreement, option, or lease relates, as determined by section 2(1) of the Credit Contracts Act 1981, if that Act applies to the agreement, option, or lease.

Future or discounted value

(5) The value of the property or services is the future value, or the discounted value, or a combination of both the future and discounted values, of the amounts paid or payable on the date on which the first right in the property is transferred or the services are provided, as determined by the Commissioner under a determination under section 90AC(1)(i) of the Tax Administration Act 1994.

Determined by Commissioner

(6) The value of the property or services is the amount determined by the Commissioner when either party to the arrangement applies to the Commissioner for a specific determination. Both parties must use this amount.

Defined: agreement for the sale and purchase of property or services, amount, Commissioner, consideration, finance lease, financial arrangement, hire purchase agreement, property, specified option

Compare: 1994 No 164 s EH 48(2)–(4)
**EW 39  Consideration for hire purchase agreement or finance lease**

**When this section applies**

(1) This section applies when it is necessary to determine what is included in the consideration paid to or by a party to a hire purchase agreement or a finance lease.

**Consideration**

(2) The consideration for a hire purchase agreement or a finance lease includes expenditure or loss incurred by the lessor in preparing and installing the hire purchase asset or lease asset for use to the extent to which it is not taken into account under section EW 38.

Defined: consideration, finance lease, hire purchase agreement, hire purchase asset, lease asset, lessor

Compare: 1994 No 164 s EH 48(5)

**EW 40  Consideration in foreign currency**

**When this section applies**

(1) This section applies when the consideration payable under a financial arrangement to which section EW 38(3) applies is in a foreign currency.

**Lowest price**

(2) The lowest price referred to in section EW 38(3) is the lowest price the parties would have agreed on in the foreign currency, converted into New Zealand dollars using the rate that the original party applying section EW 38(3) selects from the rates in subsection (4). The party may select the rate in subsection (4)(b) only if the period between the date on which the first right in the property is to be transferred and the date on which final payment is to be made is 5 years or less.

**Consistent application of rate**

(3) The party must apply the selected rate to the financial arrangement for every income year over its term.

**Rates**

(4) The rates are—
(a) the rate, on the date on which the parties enter into the financial arrangement, available to the party from a New Zealand registered bank for the exchange of New Zealand dollars for the foreign currency for 1 of the following dates:
   (i) the date on which the first right in the property is to be transferred; or
   (ii) if that date is uncertain on the date on which the parties enter into the financial arrangement, the date on which the parties reasonably expect, when entering into the arrangement, that the first right in the property will be transferred; or

(b) the rate, on the date on which the parties enter into the financial arrangement, available to the party from a New Zealand registered bank for the exchange of New Zealand dollars for the foreign currency for 1 of the following dates:
   (i) the date on which final payment is to be made; or
   (ii) if that date is uncertain on the date on which the parties enter into the financial arrangement, the date on which the parties reasonably expect, when entering into the arrangement, that final payment will be made; or

(c) an exchange rate approved by the Commissioner for this subsection in the circumstances applicable to the party in a determination under section 90AC(1)(k) of the Tax Administration Act 1994.

Defined: Commissioner, consideration, financial arrangement, income year, New Zealand, property

Compare: 1994 No 164 s OB 7

EW 41 Value relevant for non-financial arrangements rule

When this section applies

(1) This section applies when it is necessary to determine what the value is when property acquired or disposed of under a financial arrangement, or the consideration for it, is relevant in determining a person’s income or deductions under any provision of this Act that is not a financial arrangements rule.

Value
(2) The person is treated as having acquired or disposed of the property for a value determined by applying section EW 38(2).

Defined: consideration, deduction, financial arrangement, financial arrangements rules, income, property

Compare: 1994 No 164 s EH 26(2), (3)

**Consideration treated as paid to a person**

**EW 42 Consideration when resident lender party ceases to be resident**

**When this section applies**

(1) This section applies when it is necessary to determine the consideration that is paid to a lender party to a financial arrangement who ceases to be a New Zealand resident, and so is treated as having disposed of the arrangement.

**Consideration**

(2) The party is treated as having been paid the market value the financial arrangement has on the date on which the party ceases to be a New Zealand resident.

Defined: consideration, financial arrangement, New Zealand resident

Compare: 1994 No 164 s EH 50(1)

**EW 43 Consideration when non-resident ceases to be party**

**When this section applies**

(1) This section applies when it is necessary to determine the consideration that is paid to a party to a financial arrangement who, although not a New Zealand resident, was a party to the arrangement for the purpose of a business the party carried on through a fixed establishment in New Zealand and who ceases to be a party to the arrangement for that purpose, and so is treated as having disposed of the arrangement.

**Consideration**

(2) The party is treated as having been paid the market value the financial arrangement has on the date on which the party ceases to be a party for that purpose.

Defined: business, consideration, financial arrangement, fixed establishment, New Zealand, New Zealand resident, non-resident

Compare: 1994 No 164 s EH 50(2)(b), (3)
EW 44 Consideration when party dies

When this section applies
(1) This section applies when it is necessary to determine the consideration that is paid to a party to a financial arrangement who dies, and so is treated as having disposed of the arrangement.

Consideration
(2) The party is treated as having been paid the market value the financial arrangement has on the date of the party’s death.

Defined: consideration, financial arrangement

EW 45 Consideration when financial arrangement distributed

When this section applies
(1) This section applies when it is necessary to determine the consideration that is paid to a party to a financial arrangement who is a trustee of a deceased’s estate that contains the arrangement and who distributes the arrangement to a specific legatee or a residuary beneficiary, and so is treated as having disposed of the arrangement.

Consideration
(2) The party is treated as having been paid the market value the financial arrangement has on the date of the distribution.

Defined: consideration, financial arrangement, trustee

EW 46 Consideration affected by unfavourable factors

When this section applies
(1) This section applies when it is necessary to determine the consideration that is paid to a party to a financial arrangement who disposes of the arrangement for a consideration affected by any of the following factors:
   (a) the occurrence of an event reducing or cancelling the other party’s obligations under the arrangement; or
   (b) the occurrence of 1 of the following between the date on which the arrangement was entered into and the date of the disposal:
      (i) a decline in the other party’s creditworthiness; or

665
(ii) an increase in the possibility that the other party will not meet an obligation under the arrangement.

**Exclusion**

(2) This section does not apply when—
   (a) the party’s business includes holding or dealing in financial arrangements of the class disposed of; and
   (b) the parties to the arrangement disposed of are not associated persons.

**Consideration**

(3) The party is treated as having been paid the market value the financial arrangement has on the date of the disposal, as if the consideration had not been affected by a factor described in subsection (1).

*Defined:* associated person, business, consideration, financial arrangement

Compare: 1994 No 164 s EH 49(3)–(5)

**EW 47 Consideration when disposal for no, or inadequate, consideration**

**When this section applies**

(1) This section applies when it is necessary to determine the consideration that is paid to a party to a financial arrangement when the following circumstances exist:
   (a) the party disposes of the arrangement; and
   (b) the disposal—
      (i) is not for monetary consideration; or
      (ii) is for a consideration that is less than the market value the arrangement has on the date of the disposal.

**Disposal and acquisition at market value**

(2) The party is treated as having been paid the market value the financial arrangement has on the date of the disposal.

*Defined:* consideration, financial arrangement

Compare: 1994 No 164 s EH 49(1)
EW 48  Consideration when financial arrangement distributed in kind

When this section applies
(1) This section applies when it is necessary to determine the consideration that is paid to a party to a financial arrangement who distributes it in kind.

Consideration
(2) The party is treated as having been paid the market value the financial arrangement has on the date of the distribution.

Defined: consideration, financial arrangement

Compare: 1994 No 164 s EH 48(8)

Consideration treated as paid by a person

EW 49  Consideration when resident debtor party ceases to be resident

When this section applies
(1) This section applies when it is necessary to determine the consideration that is paid by a debtor party to a financial arrangement who ceases to be a New Zealand resident, and so is treated as having disposed of the arrangement.

Consideration
(2) The party is treated as having paid the market value the financial arrangement has on the date on which the party ceases to be a New Zealand resident.

Defined: consideration, financial arrangement, New Zealand resident

Compare: 1994 No 164 s EH 50(1)

EW 50  Consideration when any of sections EW 5, EW 6, EW 8, and EW 9 applies

When this section applies
(1) This section applies when it is necessary to determine the consideration that is paid by a person who is a party to whom the financial arrangements rules apply under any of sections EW 5, EW 6, EW 8, and EW 9, and so is treated as having acquired a financial arrangement.
Consideration

(2) The person is treated as having paid the market value the financial arrangement has on the date on which the financial arrangements rules start to apply to them.

Defined: consideration, financial arrangement, financial arrangements rules

Compare: 1994 No 164 ss EH 24(3)(c), EH 50(1A)–(3)

EW 51 Consideration when acquisition for no, or inadequate, consideration

When this section applies

(1) This section applies when it is necessary to determine the consideration that is paid by a person when the following circumstances exist:

(a) the person acquires a financial arrangement; and
(b) the acquisition—
   (i) is not for monetary consideration; or
   (ii) is for a consideration that is less than the market value of the arrangement on the date of the acquisition.

Acquisition at market value

(2) The person is treated as having paid the market value the financial arrangement has on the date of the acquisition.

Defined: consideration, financial arrangement

Compare: 1994 No 164 s EH 49(1)

EW 52 Consideration when debt sold at discount to associate of debtor

When this section applies

(1) This section applies when it is necessary to determine the consideration that is paid by a debtor when the creditor sells the debt on or after 20 May 1999 to a person associated with the debtor and at a discount.

Person associated

(2) A person is associated with the debtor if the relationship between the person and the debtor is described in section OD 8(3) (Further definitions of associated persons).
At a discount

(3) A creditor sells a debt at a discount if the creditor sells it for 80% or less of the market value of the debt.

Market value

(4) The market value of a debt affected by any of the following factors is determined as if its market value were not affected by the factor. The factors are—
(a) the occurrence of an event reducing or cancelling the debtor’s obligations under the debt; or
(b) the occurrence of 1 of the following between the date on which the debt was entered into and the date of the disposal:
   (i) a decline in the debtor’s creditworthiness; or
   (ii) an increase in the possibility that the debtor will not meet an obligation under the debt.

Consideration

(5) The debtor is treated as having paid the creditor the amount that the person associated with the debtor pays the creditor.

Defined: amount, associated person, consideration

Compare: 1994 No 164 ss EH 48(6), EH 53

EW 53 Consideration when debtor released from obligation

When this section applies

(1) This section applies when it is necessary to determine the consideration that is paid by a person when the following circumstances exist:
(a) the person is released from the obligation to pay an amount owing under a financial arrangement; and
(b) the release occurs under section 114 of the Insolvency Act 1967 or any of the Inland Revenue Acts or a loan described in subsection (2).

Social assistance suspensory loan

(2) A loan referred to in subsection (1)(b) is a loan that—
(a) is made by a department or instrument of the executive government of New Zealand; and
(b) provides for the person’s liability to pay to be wholly or partly remitted if they meet conditions intended to promote a social policy objective of the government of New Zealand; and
(c) is of a class declared by the Governor-General by Order in Council to be a social assistance suspensory loan.

**Declaration as social assistance suspensory loan**

(3) The Governor-General may, by Order in Council, declare a class of loan that meets the criteria in **subsection (2)** to be a social assistance suspensory loan.

**Consideration**

(4) The person is treated as having paid the amount on the date on which they are released from the obligation to pay it.

**Defined:** amount, consideration, financial arrangement, Inland Revenue Acts, New Zealand

Compare: 1994 No 164 ss EH 51, EH 59

**EW 54 Consideration when debt forgiven for natural love and affection**

**When this section applies: first case**

(1) This section applies when it is necessary to determine the consideration that is paid by a person when the following circumstances exist:
(a) the person is a debtor; and
(b) the creditor is a natural person; and
(c) the creditor forgives the debtor’s debt because of the natural love and affection the creditor has for the debtor.

**When this section applies: second case**

(2) This section also applies when it is necessary to determine the consideration that is paid by a trust when the following circumstances exist:
(a) the trust is a debtor; and
(b) the trust was established mainly to benefit 1 or both of the following:
   (i) a natural person for whom the creditor has natural love and affection:
Two points about subsections (1) and (2)

(3) For the purposes of subsections (1) and (2),—

(a) the debtor’s debt includes an amount accrued and unpaid at the time of the forgiveness; and

(b) the means by which the debt is forgiven, whether in a will or otherwise, is immaterial.

Consideration

(4) The debtor is treated as having paid the debt on the date on which the creditor forgives it.

Defined: amount, consideration, income

Compare: 1994 No 164 s EH 52(1)

EW 55 Consideration when financial arrangement distributed in kind

When this section applies

(1) This section applies when it is necessary to determine the consideration that is paid by a party to a financial arrangement who acquires the arrangement through a distribution in kind.

Consideration

(2) The party is treated as having paid the market value the financial arrangement has on the date of the distribution.

Defined: consideration, financial arrangement

Compare: 1994 No 164 s EH 48(8)
Consideration when legal defeasance has occurred

EW 56 Legal defeasance

When this section applies
(1) This section applies when it is necessary to determine what is included in the consideration when the following circumstances exist:
(a) the obligations of a financial arrangement were the subject of a legal defeasance that required another person to meet the remaining obligations of the arrangement; and
(b) the person who has a right to receive money under the arrangement is now required by section EW 35 to calculate a base price adjustment for it.

Consideration
(2) The consideration received by the person who has a right to receive money under the arrangement is the total of—
(a) the amounts received from the original debtor; and
(b) the amounts received from the person required to meet the remaining obligations.

Defined: amount, consideration, financial arrangement, legal defeasance, money

Compare: 1994 No 164 s EH 48(1), (7)

Consideration when anti-avoidance provision applies

EW 57 Anti-avoidance provisions

When this section applies
(1) This section applies when it is necessary to determine the consideration that is paid to or by a person in a case to which any of the following provisions applies:
(a) section GD 11 (Financial arrangements rules); or
(b) section GD 13(3) (Cross-border arrangements between associated persons); or
(c) section GD 13(4) (Cross-border arrangements between associated persons).

Consideration
(2) The consideration is the amount determined under the relevant provision.

*Defined:* amount, consideration

Compare: 1994 No 164 s EH 48(1)

*Income and deduction provisions specifically related to financial arrangements*

**EW 58 Income when debt forgiven to trustee**

**When this section applies**

(1) This section applies when—

(a) a trust is a debtor; and

(b) the trust was established mainly to benefit 1 or both of the following:

(i) a natural person for whom the creditor has natural love and affection;

(ii) an organisation or a trust whose income is exempt under section CW 30 (Charities: non-business income) or CW 31 (Charities: business income); and

(c) the creditor is a natural person; and

(d) the creditor forgives the debtor’s debt; and

(e) a trustee of the trust makes a distribution, including a distribution of beneficiary income, to a beneficiary; and

(f) the beneficiary is—

(i) not a natural person for whom the creditor has natural love and affection; and

(ii) not an organisation or a trust whose income is exempt under section CW 30 (Charities: non-business income) or CW 31 (Charities: business income); and

(g) the distribution is made on or after 20 May 1999.

**Exclusion**

(2) This section does not apply when—

(a) a trust (*trust A*) is a debtor; and

(b) trust A was established mainly to benefit 1 or both of the following:

(i) a natural person for whom the creditor has natural love and affection:
(ii) an organisation or a trust whose income is exempt under section CW 30 (Charities: non-business income) or CW 31 (Charities: business income); and

(c) the creditor is a natural person; and

(d) the creditor forgives the debtor’s debt; and

(e) a trustee of the trust makes a distribution to another trust (trust B); and

(f) at the time the distribution is made, trust B is also established mainly to benefit 1 or both of the following:
   (i) a natural person for whom the creditor has natural love and affection:
   (ii) an organisation or a trust whose income is exempt under section CW 30 (Charities: non-business income) or CW 31 (Charities: business income).

Two points about subsections (1) and (2)

(3) For the purposes of subsections (1) and (2),—
   (a) the debtor’s debt includes an amount accrued and unpaid at the time of the forgiveness; and
   (b) the means by which the debt is forgiven, whether in a will or otherwise, is immaterial.

Distribution is income of trustee

(4) The distribution is income of the trustee, under section CC 3(2) (Financial arrangements), to the extent to which it is less than or equal to the total amount of the debts of the trust forgiven to it by the creditor.

Distribution subtracted from total amount forgiven

(5) The distribution is subtracted from the total amount of the debts of the trust forgiven to it by the creditor as the total amount stands at the time of the distribution.

Timing

(6) The income is derived by the trustee in the income year in which the distribution is made.

Defined: amount, beneficiary income, distribution, income, income year, trustee

Compare: 1994 No 164 s EH 52
EW 59 Income and deduction when debt sold at discount to associate of debtor

When this section applies

(1) This section applies when a creditor sells a debt on or after 20 May 1999 to a person associated with the debtor and at a discount.

Person associated

(2) A person is associated with the debtor if the relationship between the person and the debtor is described in section OD 8(3) (Further definitions of associated persons).

At a discount

(3) A creditor sells a debt at a discount if the creditor sells it for 80% or less of the market value of the debt.

Market value

(4) The market value of a debt affected by any of the following factors is determined as if its market value were not affected by the factor. The factors are—

(a) the occurrence of an event reducing or cancelling the debtor’s obligations under the debt; or

(b) the occurrence of 1 of the following between the date on which the debt was entered into and the date of the disposal:

(i) a decline in the debtor’s creditworthiness; or

(ii) an increase in the possibility that the debtor will not meet an obligation under the debt.

Original debt replaced with interest-free loan

(5) The associated person is treated as having provided the debtor with an interest-free loan for the amount paid for the debt.

Repayment: income and deduction

(6) If the debtor later repays the person associated with the debtor more than the amount the associated person paid for the debt, the excess amount paid by the debtor is—

(a) income, under section CC 3(1) (Financial arrangements), of the person associated with the debtor; and
(b) a deduction that the debtor is allowed under section DB 10(1) (Repayment of debt sold at discount to associate of debtor).

Defined: amount, associated person, deduction, income

Compare: 1994 No 164 s EH 53

EW 60 Deduction for security payment

When subsection (2) applies: loss generally

(1) Subsection (2) applies when a person is allowed a deduction under section DB 11(2) (Security payment).

Amount of deduction

(2) The person is allowed a deduction no greater than the amount of the security payment.

When subsection (4) applies: share loss

(3) Subsection (4) applies when a person is allowed a deduction under section DB 11(4) (Security payment).

Amount of deduction

(4) The person is allowed a deduction no greater than the amount of the security payment.

Defined: amount, deduction, security payment

Compare: 1994 No 164 s EH 55

One kind of avoidance

EW 61 Adjustment required

When this section applies

(1) This section applies when—

(a) the terms of a financial arrangement give either party, both parties, or an associated person the discretion to decide on an amount payable under the arrangement; and

(b) it is not generally accepted commercial practice to make financial arrangements containing such terms; and

(c) a change in the amount brought about by the exercise of the discretion does not reflect changes in commodity,
economic, financial, or industrial indices, or in banking or general commercial rates; and
(d) the effect of the financial arrangement is to defeat the intention of the financial arrangements rules.

**Parties to calculate adjustment**

(2) Each person who is a party to the financial arrangement must calculate an adjustment for the income years specified in **subsection (3)** by following the steps in **subsections (4) to (6)**.

**Income years**

(3) The adjustment must be calculated for the following income years:
(a) until the person ceases to be a party, the fifth income year after the income year in which the parties entered into the financial arrangement and every fifth income year after that; and
(b) the income year in which the person ceases to be a party.

**First step**

(4) The first step the person takes is to calculate income or expenditure from the financial arrangement for each income year using the yield to maturity method in the manner prescribed by the Commissioner in a determination under section 90AC(1)(a) of the Tax Administration Act 1994.

**Consideration and amounts to be included at first step**

(5) The person must include the following amounts in the calculation:
(a) for every income year for which the calculation is made, as described in **subsection (3)**, the consideration and amounts described in **section EW 21** for the period starting on the date on which the person became a party to the financial arrangement and ending on the last day of the income year for which the calculation is made; and
(b) for every fifth income year, as described in **subsection (3)(a)**.
(i) an amount equal to the financial arrangement’s market value on the last day of the income year, as if the person had disposed of the arrangement for that amount; or
(ii) if the financial arrangement has no market value, the amount that might reasonably be expected to be paid on a disposal at arm’s length.

Second step
(6) The second step the person takes is to calculate the income tax liability for each income year using the income or expenditure calculated under subsections (4) and (5) in substitution for the income or expenditure previously calculated for the financial arrangement for each income year.

Defined: amount, associated person, Commissioner, consideration, financial arrangement, financial arrangements rules, income, income tax liability, income year, prescribed

Compare: 1994 No 164 s EH 57

Application of financial arrangements rules to cash basis persons

EW 62 Description of cash basis person

Who is cash basis person
(1) A cash basis person is—
(a) a natural person who meets the criteria in section EW 64:
(b) a trustee of a deceased’s estate, whether or not a natural person, in the circumstances described in section EW 68.

Natural persons excluded by Commissioner
(2) A natural person may be excluded under section EW 67 from being a cash basis person for a class of financial arrangements.

Defined: cash basis person, Commissioner, financial arrangement, trustee

Compare: 1994 No 164 ss EH 27, EH 29

EW 63 Effect of being cash basis person

Use of spreading method
(1) A cash basis person is not required to apply any of the spreading methods to any of their financial arrangements, but may choose to do so under section EW 69.
Calculation of base price adjustment

(2) A cash basis person is not excused from the requirement to calculate a base price adjustment when any of section EW 35(1) to (13) applies to them just because they do not use any of the spreading methods for the financial arrangement.

Defined: cash basis person, financial arrangement, spreading method

Compare: 1994 No 164 ss EH 33(4)(a), EH 45(1)

EW 64 Natural person

Criteria for natural person as cash basis person

(1) A natural person is a cash basis person for an income year if—

(a) 1 of the following applies in the person’s case for the income year:

(i) section EW 65(1); or
(ii) section EW 65(2); and

(b) section EW 65(3) applies in the person’s case for the income year; and

(c) the person is not a trustee.

Financial arrangements, income, and expenditure relevant to application of criteria

(2) The calculations required by section EW 65(1) to (3) are done for the financial arrangements, or the income and expenditure, described in section EW 66.

Increase in amounts

(3) The Governor-General may, by Order in Council, increase an amount specified in any of section EW 65(1) to (3).

Defined: amount, cash basis person, financial arrangement, income, income year, trustee

Compare: 1994 No 164 ss EH 27, EH 58

EW 65 Thresholds

Income and expenditure threshold

(1) For the purposes of section EW 64(1)(a)(i), this subsection applies if the absolute value of the person’s income and expenditure in the income year for all financial arrangements to which the person is a party is $100,000 or less.

Absolute value threshold
(2) For the purposes of section EW 64(1)(a)(ii), this subsection applies if, on every day in the income year, the absolute value of all financial arrangements to which the person is a party added together is $1,000,000 or less. The value of each arrangement is,—

(a) for a fixed principal financial arrangement, its face value;

(b) for a variable principal debt instrument, the amount owing by or to the person under the financial arrangement:

(c) for a financial arrangement to which the old financial arrangements rules apply, the value determined under those rules.

**Deferral threshold**

(3) For the purposes of section EW 64(1)(b), this subsection applies if the result of applying the formula in subsection (4) to each financial arrangement to which the person is a party at the end of the income year and adding the outcomes together is $40,000 or less.

**Formula**

(4) The formula is—

\[
\text{accrual income} - \text{cash basis income} + (\text{cash basis expenditure} - \text{accrual expenditure}).
\]

**Definition of items in formula**

(5) The items in the formula are defined in subsections (6) to (9).

**Accrual income**

(6) **Accrual income** is the amount that would have been income derived by the person from the financial arrangement if the person had been required to use a spreading method in the period starting on the date on which they became a party to the arrangement and ending on the last day of the income year for which the calculation is made. It is calculated using 1 of the following methods, as chosen by the person:

(a) the yield to maturity method, whether or not the person may use it, or has chosen to use it, for their financial arrangement; or
(b) the straight-line method, whether or not the person may use it, or has chosen to use it, for their financial arrangement; or
(c) an alternative method approved by the Commissioner.

**Cash basis income**

(7) **Cash basis income** is the amount that would have been income derived by the person from the financial arrangement if the person had been a cash basis person in the period starting on the date on which they became a party to the arrangement and ending on the last day of the income year for which the calculation is made.

**Cash basis expenditure**

(8) **Cash basis expenditure** is the amount that would have been expenditure incurred by the person from the financial arrangement if the person had been a cash basis person in the period starting on the date on which they became a party to the arrangement and ending on the last day of the income year for which the calculation is made.

**Accrual expenditure**

(9) **Accrual expenditure** is the amount that would have been expenditure incurred from the financial arrangement if the person had been required to use a spreading method in the period starting on the date on which they became a party to the arrangement and ending on the last day of the income year for which the calculation is made. It is calculated using 1 of the following methods, as chosen by the person:
(a) the yield to maturity method, whether or not the person may use it, or has chosen to use it, for their financial arrangement; or
(b) the straight-line method, whether or not the person may use it, or has chosen to use it, for their financial arrangement; or
(c) an alternative method approved by the Commissioner.

*Defined:* absolute value, amount, cash basis person, Commissioner, financial arrangement, fixed principal financial arrangement, income, income year, old financial arrangements rules, spreading method, variable principal debt instrument

Compare: 1994 No 164 s EH 27(1)–(5), (7)
EW 66 Financial arrangements, income, and expenditure relevant to criteria

Inclusions in and exclusions from thresholds

(1) The calculations required by section EW 65(1) to (3) are done for every financial arrangement to which the natural person is a party or, as the relevant subsection requires, to income and expenditure from such an arrangement, whether the financial arrangements rules or the old financial arrangements rules apply to the arrangement. Two qualifications on this subsection are as follows:

(a) the calculations include an arrangement, or income and expenditure, to which subsection (2) or (3) applies only to the extent of the person’s interest in it, as described in each subsection; and

(b) the calculations exclude the value of an arrangement, and income and expenditure, in which the person has the interest described in subsection (4) or (5).

Natural person who is partner

(2) This subsection applies when a partnership required to make a joint return of income under section 42(1) of the Tax Administration Act 1994 is a party to a financial arrangement. A natural person who is a partner in the partnership—

(a) is a party to the arrangement to the extent of the partner’s share in the arrangement; and

(b) derives income or incurs expenditure from the arrangement to the extent of the partner’s share in the income or expenditure of the partnership.

Natural person who is beneficiary of bare trust

(3) This subsection applies when a bare trust is a party to a financial arrangement. A natural person who is a beneficiary of the bare trust—

(a) is treated as a party to the arrangement; and

(b) is treated as deriving income or incurring expenditure from the arrangement to the extent of the beneficiary’s share of the beneficial interest in the arrangement.

Natural person who is beneficiary of trust other than bare trust
(4) This subsection applies when a natural person is a beneficiary of a trust, other than a bare trust, that is a party to a financial arrangement. The following are excluded from the calculations required by section EW 65(1) to (3):

(a) the value of the arrangement, if it produces trustee income or beneficiary income under the trust rules or sections HI 1 to HI 5 (which relate to Maori authorities); and

(b) income from the arrangement that is trustee income or beneficiary income under the trust rules or sections HI 1 to HI 5 (which relate to Maori authorities).

Natural person who is trustee

(5) This subsection applies when a natural person is a party to a financial arrangement as a trustee. The following are excluded from the calculations required by section EW 65(1) to (3):

(a) the value of the arrangement, if it produces trustee income or beneficiary income under the trust rules or sections HI 1 to HI 5 (which relate to Maori authorities); and

(b) income from the arrangement that is trustee income or beneficiary income under the trust rules or sections HI 1 to HI 5 (which relate to Maori authorities); and

(c) the value of the arrangement, if expenditure is incurred from it; and

(d) expenditure incurred from the arrangement.

Defined: beneficiary income, financial arrangement, financial arrangements rules, income, old financial arrangements rules, return of income, trust rules, trustee, trustee income

Compare: 1994 No 164 ss EH 27(6), EH 28, EH 30

EW 67 Exclusion by Commissioner

The Commissioner may treat a natural person who would otherwise be a cash basis person for a class of financial arrangements as not being a cash basis person for the class if that or any other person has structured and promoted the class to defer an income tax liability.

Defined: cash basis person, Commissioner, financial arrangement, income tax liability

Compare: 1994 No 164 s EH 27(8)
**EW 68** Trustee of deceased’s estate

When trustee of estate is cash basis person

(1) A trustee of a deceased’s estate is a cash basis person for financial arrangements in the estate in the circumstances described in subsection (2) for the period described in subsection (3).

Circumstances

(2) The circumstances are that, at the time of the deceased’s death,—

(a) the deceased is a cash basis person; and

(b) the financial arrangements in the deceased’s estate meet the requirements of section EW 64(1)(a) and (b).

Period

(3) The period is the income year in which the deceased dies and in each of the 4 following income years. However, if at any time in those 5 income years the financial arrangements in the deceased’s estate cease to meet the requirements of section EW 64(1)(a) and (b), the trustee ceases to be a cash basis person for financial arrangements in the estate and cannot again be a cash basis person for them.

Modifications to be read in

(4) For the purposes of this section, sections EW 62 to EW 64 are read with the modifications necessary to make them refer to the case of a deceased estate.

Defined: cash basis person, financial arrangement, income year, trustee

Compare: 1994 No 164 s EH 29

**EW 69** Election to use spreading method

Election of spreading method

(1) A cash basis person may choose to use a spreading method, unless subsection (2) applies.

Election not allowed

(2) A cash basis person may not choose to use a spreading method for a financial arrangement in the income year in which section
**EW 35** requires them to calculate a base price adjustment for the arrangement.

**How election made**

(3) The person makes the election by calculating a cash basis adjustment under section EW 70(1).

**Effect of election**

(4) The person must use a spreading method for—

(a) all financial arrangements to which the person is a party at the time of making the election; and

(b) all financial arrangements the person enters into after the income year in which they make the election.

**How election revoked**

(5) The person revokes the election by giving notice to the Commissioner with a return of income and within the time that the return must be filed under section 37 of the Tax Administration Act 1994.

**Effect of revocation**

(6) The revocation applies to all financial arrangements the person enters into after the income year in which the notice is given.

*Defined:* cash basis person, Commissioner, financial arrangement, income year, notice, return of income, spreading method

Compare: 1994 No 164 s EH 31

**EW 70 When and how calculation of cash basis adjustment required**

**Choosing spreading method**

(1) A cash basis person who chooses to use a spreading method must calculate a cash basis adjustment for the income year in which they choose to use a spreading method as if they had ceased to be a cash basis person.

**Person becoming cash basis person**

(2) A person who becomes a cash basis person in an income year must calculate a cash basis adjustment for a financial arrangement to which they—

(a) are a party at the end of the income year; and
(b) were a party at the end of the previous income year.

**Exclusions**

(3) However,—

(a) a person who becomes a cash basis person in an income year and who chooses to continue using a spreading method in the income year must not calculate a cash basis adjustment; and

(b) a person who becomes a cash basis person in an income year must not calculate a cash basis adjustment for a financial arrangement that is already being accounted for on a cash basis.

**Person ceasing to be cash basis person**

(4) A person who ceases to be a cash basis person in an income year must calculate a cash basis adjustment for a financial arrangement to which they—

(a) are a party at the end of the income year; and

(b) were a party at the end of the previous income year.

**Exclusion**

(5) However, a person who ceases to be a cash basis person must not calculate a cash basis adjustment for a financial arrangement that is already subject to a spreading method.

**Person not cash basis person if adjustment not made**

(6) A person who would be a cash basis person for a financial arrangement if they calculated a cash basis adjustment for it, and who does not calculate the adjustment, is not a cash basis person for the arrangement.

**Cash basis adjustment**

(7) A person calculates a cash basis adjustment using the formula in section EW 71.

**Adjustment is income or expenditure**

(8) The only income or expenditure from the financial arrangement for the income year to which the formula is applied is the cash basis adjustment.
Positive or negative cash basis adjustment

(9) A cash basis adjustment is,—
   (a) if positive, income, under section CC 3(1) (Financial arrangements), derived by the person in the income year for which the calculation is made:
   (b) if negative, expenditure incurred by the person in the income year for which the calculation is made.

Defined: cash basis person, financial arrangement, income, income year, spreading method

Compare: 1994 No 164 ss EH 31(4), EH 32

EW 71 Cash basis adjustment formula

Formula

(1) A person calculates a cash basis adjustment using the formula—

\[ \text{adjusted income} - \text{adjusted expenditure} - \text{previous income} + \text{previous expenditure} \]

Definition of items in formula

(2) The items in the formula are defined in subsections (3) to (6).

Adjusted income

(3) Adjusted income is,—
   (a) for a person who becomes a cash basis person, the amount that would have been income derived by the person from the financial arrangement if the person had been a cash basis person in the period starting on the date on which they became a party to the arrangement and ending on the last day of the income year for which the calculation is made; and
   (b) for a person who ceases to be a cash basis person, the amount that would have been income derived by the person from the financial arrangement if the person had been required to use a spreading method in the period starting on the date on which they became a party to the arrangement and ending on the last day of the income year for which the calculation is made.

Adjusted expenditure

(4) Adjusted expenditure is,—
(a) for a person who becomes a cash basis person, the amount that would have been expenditure incurred by the person from the financial arrangement if they had been a cash basis person in the period starting on the date on which they became a party to the arrangement and ending on the last day of the income year for which the calculation is made; and

(b) for a person who ceases to be a cash basis person, the amount that would have been expenditure incurred by the person from the financial arrangement if the person had been required to use a spreading method in the period starting on the date on which they became a party to the arrangement and ending on the last day of the income year for which the calculation is made.

**Previous income**

(5) **Previous income** is income derived by the person from the financial arrangement in previous income years.

**Previous expenditure**

(6) **Previous expenditure** is expenditure incurred by the person from the financial arrangement in previous income years.

*Defined:* amount, cash basis person, financial arrangement, income, income year, spreading method

**Controlled foreign company rules**

When is a company a controlled foreign company?

**EX 1 When company is CFC**

A foreign company is a CFC if any of the following tests is met:

(a) there is a group of 5 or fewer New Zealand residents whose total control interests in the company are more than 50% in any one of the control interest categories:
(b) a single New Zealand resident holds a control interest of 40% or more unless at the same time—
   (i) another person also holds a 40% or more control interest in the same control interest category; and
   (ii) the other person is not a New Zealand resident; and
   (iii) the other person is not associated with the New Zealand resident:
(c) there is a group of 5 or fewer New Zealand residents who can control the exercise of the shareholder decision-making rights for the company and, as a result, control the company’s affairs.

Defined: associated person, CFC, company, control, control interest, control interest category, foreign company, New Zealand resident, shareholder decision-making rights

Compare: 1994 No 164 s CG 4(1)

Calculation of person’s control interest

EX 2 Four categories for calculating control interests

Separate categories
(1) Under section EX 5(1), direct control interests in a foreign company can arise in each of 4 separate categories of rights.

List of categories
(2) The 4 categories are—
   (a) shareholding in the foreign company:
   (b) shareholder decision-making rights for the foreign company:
   (c) rights to receive income from the foreign company:
   (d) rights to receive distributions of the company’s net assets.

Detailed calculation rules
(3) In each category, more detailed calculation rules appear in section EX 5.

Four categories of control interests
(4) Accordingly, the rules in section EX 3 for calculating control interests by totalling various direct and indirect control interests and associated parties’ interests are applied on a
category by category basis, by reference to those categories of direct control interest.

*Defined*: associated person, control interest, direct control interest, foreign company, income, shareholder decision-making rights

**EX 3 Control interest: total of direct, indirect, and associated person interests**

A New Zealand resident’s control interest in a foreign company at any time is the total of the following for the relevant control interest category:

(a) any direct control interest that the New Zealand resident holds in the company:

(b) any direct control interests in the company held by persons associated with the New Zealand resident:

(c) any indirect control interests that the New Zealand resident holds in the company:

(d) any indirect control interests in the company held by persons associated with the New Zealand resident.

*Defined*: associated person, control interest, control interest category, direct control interest, foreign company, New Zealand resident

Compare: 1994 No 164 s CG 4(2)

**EX 4 Limits to requirement to include associated person interests**

**Non-resident relatives**

(1) For the purposes of *section EX 3*, a New Zealand resident is associated with a non-resident relative only if the New Zealand resident holds a direct control interest or indirect control interest in the foreign company.

**No double counting**

(2) Despite *section EX 3(b) and (d)*, for the purposes of determining whether a foreign company is a CFC, a direct control interest or indirect control interest may be counted only once.

*Defined*: associated person, CFC, control interest, direct control interest, foreign company, New Zealand resident, non-resident, relative

Compare: 1994 No 164 s CG 4(3), (7)
EX 5 Direct control interests

Categories of direct control interests
(1) A person has a direct control interest in a foreign company at any time if they hold—
   (a) any of the shares in the foreign company;
   (b) any of the shareholder decision-making rights for the company:
   (c) a right to receive, or to control the application of, any of the income of the company for the accounting period in which the time falls:
   (d) a right to receive, or to control the application of, any of the value of the net assets of the company, if they are distributed.

Percentage of total is counted
(2) The direct control interest in each control interest category is the percentage of the total that the person holds.

Measurement of available subscribed capital
(3) When the direct control interest in the category in subsection (1)(a) is calculated, the percentage is the total of the available subscribed capital per share of the shares held as a percentage of the total available subscribed capital per share of all shares in the company.

Varying decision-making rights
(4) When the direct control interest in the category in subsection (1)(b) is calculated, if the percentage varies between the rights described in the different paragraphs of the definition in section OB 1 (Definitions), the highest percentage is taken.

Income distribution rights: assumptions
(5) When the direct control interest in the category in subsection (1)(c) is calculated, it is assumed that—
   (a) the income is distributed on the last day of the accounting period; and
   (b) the person’s entitlement is unchanged during the period; and
   (c) a payment of interest on a debenture subject to section FC 1 (Floating rate of interest on debentures) or FC 2
(Interest on debentures issued in substitution for shares) is a distribution of income.

**Defined:** accounting period, available subscribed capital, control interest, control interest category, foreign company, income, interest, payment, share, shareholder decision-making rights

Compare: 1994 No 164 ss CG 3(c), CG 4(4), CG 5(2)

EX 6 Direct control interests include options and similar rights

**Entitlement to acquire or extinguish**

1. For the purposes of section EX 5, a person is treated as holding something if they are entitled to acquire it or extinguish it.

**Examples of entitlement**

2. A person is entitled to acquire or extinguish something if the entitlement is absolute or contingent and whether the entitlement—
   a. arises under a company’s constitution; or
   b. arises under the terms of an option; or
   c. arises under the terms of a convertible note; or
   d. arises under the terms of any arrangement substantially similar to any of those described in paragraphs (a) to (c); or
   e. arises in some other way.

**Standard security arrangements**

3. Despite subsections (1) and (2), a person is not treated as being entitled to acquire something if—
   a. the entitlement arises under a security arrangement; and
   b. the person acquired the security arrangement in a transaction entered into on an arm’s length basis; and
   c. the security arrangement’s terms conform to generally accepted commercial practice.

**No double counting**

4. Despite subsections (1) and (2), for the purposes of determining whether a foreign company is a CFC, each of the percentage holdings described in section EX 5 may be counted only once.

**Defined:** arrangement, CFC, company, control interest, convertible note, foreign company, security arrangement

Compare: 1994 No 164 ss CG 3(b), CG 4(8)
EX 7 Indirect control interests

**How indirect control interests arise**

(1) A person has an indirect control interest in a foreign company to the extent to which the rules in this section attribute to them some or all of the direct control interests held by a CFC in the foreign company.

**Attribution of CFC’s direct interests**

(2) A CFC’s direct control interest in another foreign company is attributed under subsections (3) to (11).

**Associates**

(3) For the purposes of this section, the CFC is treated as also holding any direct control interests in the foreign company held by persons associated with the CFC.

**Attribution to smallest controlling group**

(4) Subsections (6) to (11) apply to attribute the CFC’s direct control interests to the smallest controlling group, to ensure that the attribution exercise does not dilute recognition of a factual chain of control.

**Attribution on basis of respective income interests**

(5) If the CFC’s direct control interests are attributed to more than 1 person, the direct control interests are divided in proportion to each group member’s respective income interest in the CFC.

**One controlling group**

(6) If there is only 1 group of New Zealand residents whose control interests have caused the CFC to be a CFC under section EX 1, the CFC’s direct control interests are treated as being held by that group.

**More than 1 group**

(7) If there is more than 1 group whose control interests have caused the CFC to be a CFC under section EX 1, the CFC’s direct control interests are attributed to the smallest group.
(8) If there are 2 or more groups that are equally the smallest, and 1 group has the greatest total control interests in the CFC, the attribution is to that group.

**Equal smallest groups with equal greatest control interests**

(9) If there are 2 or more smallest groups with equal greatest total control interests in the CFC, the attribution is made in full to each group.

**No double counting**

(10) Despite subsection (9), for the purposes of determining whether a foreign company is a CFC, a direct control interest may be counted only once.

**Sequential application**

(11) If a foreign company becomes a CFC under this section, this section is then applied to attribute its direct control interests.

Defined: associated person, CFC, control, control interest, direct control interest, foreign company, income interest, New Zealand resident

Compare: 1994 No 164 s CG 4(5), (6)

**Calculation of person’s income interest**

EX 8 Income interests: total of direct and indirect interests

A person’s income interest in a CFC at any time is the total of the following:

(a) any direct income interest that the person holds in the CFC;

(b) any indirect income interest that the person holds in the CFC.

Defined: CFC, direct income interest, income interest, indirect income interest

Compare: 1994 No 164 s CG 5(1)

EX 9 Direct income interests

**Categories of direct income interest**

(1) A person has a direct income interest in a CFC at any time if they hold—

(a) any of the shares in the foreign company;

(b) any of the shareholder decision-making rights for the company:
(c) a right to receive, or to control the application of, any of the income of the company for the accounting period in which the time falls:
(d) a right to receive, or to control the application of, any of the value of the net assets of the company, if they are distributed.

Percentage of total is counted
(2) The person’s direct income interest is the percentage of the total that the person holds.

Varying percentages
(3) However, if the percentage varies between the different categories, the person’s direct income interest is the highest.

Measurement of available subscribed capital
(4) When the direct income interest in the category in subsection (1)(a) is calculated, the percentage is the total of the available subscribed capital per share of the shares held as a percentage of the total available subscribed capital per share of all shares in the company.

Varying decision-making rights
(5) When the direct income interest in the category in subsection (1)(b) is calculated, if the percentage varies between the rights described in the different paragraphs of the definition of shareholder decision-making rights in section 08 1 (Definitions), the highest percentage is taken.

Income distribution rights: assumptions
(6) When the direct income interest in the category in subsection (1)(c) is calculated, it is assumed that—
(a) the income is distributed on the last day of the accounting period; and
(b) the person’s entitlement is unchanged during the period; and
(c) a payment of interest on a debenture subject to section FC 1 (Floating rate of interest on debentures) or FC 2
(Interest on debentures issued in substitution for shares) is a distribution of income.

**Defined:** accounting period, available subscribed capital, CFC, direct income interest, foreign company, income, interest, payment, share, shareholder decision-making rights

Compare: 1994 No 164 ss CG 3(c), CG 5(2)

**EX 10 Indirect income interests**

**Looking through CFCs**

(1) If a person has a direct income interest in a CFC, and the first CFC has a direct income interest in another CFC, the person has an indirect income interest in the other CFC.

**Calculating indirect income interest**

(2) The indirect income interest is calculated by multiplying the person’s direct income interest in the first CFC by the first CFC’s direct income interest in the other CFC.

**Chains of CFCs**

(3) If there are 2 or more CFCs in a chain of direct income interests between the person and a CFC, the person has an indirect income interest in the CFC at the end of the chain that is calculated by multiplying all the direct income interests in the chain.

**Defined:** CFC, direct income interest, indirect income interest

Compare: 1994 No 164 s CG 5(3)

**EX 11 Options and similar rights in certain cases**

**Increase in income interest**

(1) The rules in this section apply to increase a person’s income interest in a CFC (first CFC) in some cases.

**Entitlement to acquire**

(2) This section applies if the person (or some other person, such as another CFC taken into account when calculating an indirect income interest of the person in the first CFC) has at any time an entitlement (option) to acquire 1 of the things listed in section EX 9(1) in relation to the first CFC but does not hold it.

**Actual holder outside CFC rules attribution**

698
(3) For this section to apply, the actual holder of the thing subject to the option must not be either—
(a) another CFC:
(b) a New Zealand resident, unless they are a New Zealand resident whose income interest in the first CFC for the accounting period in question is less than 10%.

Terms of option indicating economic ownership
(4) For this section to apply, the option must have 1 of the following features:
(a) if this section did not exist, the effect of the option would be to defeat the intent and application of subpart CQ (Attributed income from foreign equity) or DN (Attributed losses from foreign equity) or this subpart, taking into account the economic benefit that the person gets as a result of the CFC deriving income:
(b) the consideration payable for the exercise of the option is less than the market value of the thing acquired at the time of the acquisition:
(c) the holder of the option (or an associated person) has directly or indirectly funded or assisted the actual holder to acquire or hold the thing subject to the option.

Calculation as if option exercised
(5) If each requirement for this section to apply is met, the person’s income interest is calculated as if the option holder had exercised the option.

Defined:  accounting period, associated person, CFC, income, income interest, indirect income interest, New Zealand resident

Compare: 1994 No 164 s CG 5(4)

EX 12 Reduction of total income interests

Application of this section
(1) This section applies if the total income interests for a CFC for an accounting period would be more than 100% (because section EX 9(3) requires the highest percentage to be taken if varying percentage shareholder rights are held).

Proportional reduction
(2) Each person’s income interest for the period is reduced to the amount calculated using the formula—
income interest before reduction \times \frac{100}{\text{total income interests before reduction.}}

**Defined:** accounting period, amount, CFC, income interest, shareholder

Compare: 1994 No 164 s CG 9

**EX 13 Income interests of partners**

**When this section applies**

(1) This section applies when a partnership holds rights that would be an income interest in a CFC if the partnership were an individual.

**Partners’ proportions**

(2) When income interests in the CFC are calculated, each partner is treated as holding a share of anything held by the partnership, in proportion to the partner’s interest in the partnership.

**Defined:** CFC, income interest

Compare: 1994 No 164 s CG 5(7)

**Ten percent threshold and variations in income interest level**

**EX 14 Attribution: 10% threshold**

A person has attributed CFC income or attributed CFC loss from a CFC only if the person’s income interest in the CFC is 10% or more for the relevant accounting period.

**Defined:** accounting period, attributed CFC income, attributed CFC loss, CFC, income interest

Compare: 1994 No 164 s CG 6(1)(b)

**EX 15 Associates and 10% threshold**

**Associates included**

(1) Solely for the purpose of applying the 10% threshold in section EX 14 (and the equivalent test in section EX 46(1)(b)), a person’s income interest in a CFC is increased by each income interest in the CFC for the accounting period of a person associated with the person.

**Exception**
(2) Despite subsection (1), the income interest of an associate is not counted if the associate is a CFC.

Defined: accounting period, associated person, CFC, income interest

Compare: 1994 No 164 s CG 6(2)

EX 16 Income interests on days of non-residence

When this section applies

(1) This section applies when a person becomes or ceases to be a New Zealand resident during an accounting period in which the person holds an income interest in a CFC.

Zero income interest

(2) If at all times during a particular day a person is not a New Zealand resident, their income interest in the CFC on that day is zero and section EX 17 applies accordingly.

Attribution not prevented

(3) This section does not override—

(a) section CD 13 (Attributed repatriations from controlled foreign companies), which treats a dividend resulting from attributed repatriation as being derived while the person deriving it is a New Zealand resident; or

(b) section CQ 2(3) (When attributed CFC income arises), which treats any attributed CFC income as being derived while the person deriving it is a New Zealand resident; or

(c) section CQ 5(4) (When FIF income arises), which treats any FIF income as being derived while the person deriving it is a New Zealand resident.

Defined: accounting period, attributed CFC income, attributed repatriation, CFC, FIF income, income interest, New Zealand resident, non-resident

Compare: 1994 No 164 ss CG 5(6), CG 7(6), CG 8(13), CG 16(5)

EX 17 Variations during accounting period: weighted average

Section applies if income interest varies

(1) This section applies if a person’s income interest in a CFC varies during an accounting period.

Weighted average
(2) The person’s income interest for the accounting period is a weighted average calculated by adding the amount calculated using the formula in subsection (3) for each period during the accounting period in which the income interest is unchanged.

**Formula**

(3) The formula is—

\[ \text{income interest} \times \frac{\text{days when unchanged}}{\text{days in the accounting period}}. \]

**First day, last day**

(4) The number of days when the income interest is unchanged—

(a) excludes the first day of the unchanging period:

(b) includes the last day of the unchanging period.

*Defined:* accounting period, amount, CFC, income interest

*Compare:* 1994 No 164 s CG 5(5)

**Calculation of attributed CFC income or loss**

**EX 18 Formula for calculating attributed CFC income or loss**

If a person has attributed CFC income under *section CQ 2* (When attributed CFC income arises) or an attributed CFC loss under *section DN 2* (When attributed CFC loss arises), the amount of a person’s attributed CFC income or loss from a CFC for an accounting period is calculated using the formula—

\[ \text{person’s income interest for \ accounting period} \times \frac{\text{branch equivalent income or loss of CFC}}{\text{for accounting period}}. \]

*Defined:* accounting period, amount, attributed CFC income, attributed CFC loss, branch equivalent income, CFC, income interest, loss

*Compare:* 1994 No 164 s CG 7(2)

**EX 19 Taxable distribution from non-qualifying trust**

**Application of this section**

(1) This section applies if—

(a) a CFC derives a taxable distribution from a non-qualifying trust in an accounting period; and
(b) a person has attributed CFC income or loss from the CFC for the period (or would have if the taxable distribution were included in the CFC’s branch equivalent income).

Additional attributed CFC income

(2) The taxable distribution is excluded (under section EX 21(32)) when calculating the CFC’s branch equivalent income or loss, and instead the person has additional attributed CFC income.

Amount of additional attributed CFC income

(3) The amount of the additional attributed CFC income is calculated using the formula—

\[ \text{Amount} = \frac{\text{person’s income interest in CFC for accounting period}}{\text{taxable distribution}}. \]

Non-qualifying trust tax rate

(4) The person is liable for income tax on the additional attributed CFC income at the rate in schedule 1 (Basic rates of income tax and specified superannuation contribution withholding tax) that applies to amounts under section HH 3(4) (Income assessable to beneficiaries).

Defined: accounting period, amount, attributed CFC income, attributed CFC loss, branch equivalent income, branch equivalent loss, CFC, income interest, income tax, non-qualifying trust, taxable distribution

Compare: 1994 No 164 s CG 7(4)

EX 20 Reduction in attributed CFC loss

When this section applies: no economic loss

(1) This section applies if—

(a) a person has an amount of attributed CFC loss; and
(b) the person suffers no, or substantially no, corresponding economic loss, whether because of a call option, a put option, or any other reason.

When this section applies: attributed CFC loss excessive

(2) This section also applies if—

(a) a person has an amount of attributed CFC loss; and
(b) the amount is more than any corresponding economic loss of the person, whether because of the application of
the rules for calculating the person’s income interest or for any other reason.

**Reduction to economic loss**

(3) The attributed CFC loss is reduced to be equal to the economic loss (if any).

*Defined:* amount, attributed CFC loss, income interest

Compare: 1994 No 164 s CG 7(3)

**Calculation of branch equivalent income or loss**

**EX 21 Branch equivalent income or loss: calculation rules**

**Rules set out in this section**

(1) For the purposes of calculating the attributed CFC income or loss of a person (taxpayer), the branch equivalent income or loss of the CFC for an accounting period is calculated under the rules in this section.

**CFC treated as New Zealand resident**

(2) The rules in this Act are applied as if the CFC were always a New Zealand resident, and—

(a) the CFC’s branch equivalent income for the accounting period is equal to the CFC’s net income for the period; and

(b) the CFC’s branch equivalent loss for the accounting period is equal to the CFC’s net loss for the period.

**Modifications to rules**

(3) However, the rules in the Act are modified for the purposes of the calculation by the following subsections.

**Conversion to New Zealand dollars**

(4) The taxpayer must choose either—

(a) for all the calculations to be done in New Zealand dollars; or

(b) for all the calculations to be done in the currency of the CFC’s financial accounts. If the CFC has no financial accounts, the currency used is that of the CFC’s country of residence. The result is then converted into New Zealand dollars at the average of the close of trading
spot exchange rates for the fifteenth day of each complete month that falls in the period.

**Consent for change of currency**

(5) Having chosen a currency, the taxpayer must use the same currency for calculating branch equivalent income or loss for the CFC for each later consecutive accounting period, unless the Commissioner allows the taxpayer to choose again.

**Change for commercial purpose**

(6) The Commissioner may consent to a change under subsection (5) only if satisfied that—

(a) the taxpayer’s main purpose in changing is a commercial one. (The reducing of tax is not a commercial purpose.); and

(b) the change does not have an effect of defeating the intent and application of subpart CQ (Attributed income from foreign equity) or DN (Attributed losses from foreign equity) or this subpart.

**New Zealand currency for financial arrangements**

(7) Despite subsections (4) to (6), New Zealand currency calculations must be used to calculate that part of the branch equivalent income or loss attributable to financial arrangements if—

(a) the total value of financial arrangements to which the CFC is a party is more than $1,000,000 at any time during the relevant accounting period (applying section EW 23(2)(b) (Straight-line method) to measure the values); or

(b) the CFC’s total net foreign exchange loss attributable to financial arrangements, calculated under subsections (4) to (6) for the accounting period, is more than $100,000.

**Limit to subsection (7)**

(8) Subsection (7) does not apply to a financial arrangement if—

(a) it is a variable principal debt instrument; and

(b) all the rights and obligations of all the parties to the financial arrangement are expressed in the currency chosen under subsection (4)(b); and
(c) no other party to the financial arrangement is associated with the CFC; and
(d) no person enters into the financial arrangement under an arrangement that has a purpose of defeating the application of subsection (7).

Opening cost base: tangible assets: first period
(9) If the taxpayer had no attributed CFC income or loss from the CFC for the previous accounting period, the taxpayer must choose whether to measure the cost base at the start of an accounting period of premises, plant, machinery, equipment, and trading stock of the CFC at—
(a) historical cost minus any accumulated amounts of depreciation loss, or another value used by the CFC as the starting value for the period for income tax calculations in the country in which the CFC is resident (but only if the value is below market value); or
(b) the starting value that would be used under this Act if the CFC had always been a New Zealand resident.

Opening cost base: tangible assets: later periods
(10) If the taxpayer had attributed CFC income or loss from the CFC for the previous period, the cost base at the start of an accounting period of premises, plant, machinery, equipment, and trading stock of the CFC is the closing value at the end of the previous period used to calculate the income or loss.

Opening cost base: financial arrangements: first period
(11) If the taxpayer had no attributed CFC income or loss from the CFC for the previous accounting period, the taxpayer must choose to calculate the consideration under the financial arrangements rules for a financial arrangement at the start of an accounting period, at either—
(a) the market value of the financial arrangement; or
(b) the absolute value calculated using the formula—
   consideration paid to the CFC + expenditure
   − consideration paid by the CFC − income.

Definition of items in formula
(12) In the formula,—
(a) **consideration paid to the CFC** is the consideration paid to the CFC for all periods before the accounting period:

(b) **expenditure** is expenditure that would have been incurred under the financial arrangements rules for all periods before the accounting period if the CFC had been resident in New Zealand:

(c) **consideration paid by the CFC** is the consideration paid by the CFC for all periods before the accounting period:

(d) **income** is income that would have been derived under the financial arrangements rules for all periods before the accounting period if the CFC had been resident in New Zealand.

**Provisions that do not apply**

(13) The following provisions do not apply:

(a) the consolidation rules:

(b) **section CB 25** (Refunds under income equalisation scheme) and **subparts DQ** (Income equalisation schemes) and **EH** (Income equalisation schemes):

(c) **sections CD 35 to CD 42** (which relate to the CFC attributed repatriation calculation rules) or **subpart CQ** (Attributed income from foreign equity) or **DN** (Attributed losses from foreign equity) or this subpart to the extent to which any of the sections or subparts would result in attributed CFC income, attributed CFC loss, or attributed repatriation for the CFC:

(d) **section CW 8** (Money lent to government of New Zealand):

(e) **section CW 37(1)** (Local and regional promotion bodies):

(f) **sections DO 1** (Enhancements to land, except trees) and **DO 2** (Shelter belts):

(g) **sections EW 5** (Trustee not resident), **EW 7** (Non-resident party carrying on business), and **EW 17(a)** (What financial arrangements rules do not apply to):

(h) **subpart FG** (Apportionment of interest costs):

(i) **section GC 3** (Effect on continuity provisions of change in beneficiaries of trust):

(j) **sections IE 1** (Net losses may be offset against future net income) and **IF 1** (Net losses may be offset against future net income):
(k) sections IG 2 (Net loss offset between group companies) and IG 3 (Special provisions in relation to group companies for 1991–92 tax year).

**Business treated as if carried on in New Zealand**

(14) The following provisions apply as if the CFC’s business activities were carried on in New Zealand:

(a) sections CT 1 to CT 3, CT 5 to CT 7, CX 37, CX 38, CZ 6, DT 1 to DT 14, DT 16 to DT 18, and IH 3, which relate to petroleum mining:

(b) sections DO 4, DO 6, DP 1 to DP 4, and DP 8, which relate to farming, aquacultural, and forestry expenditure:

(c) section EZ 12 (Amount of depreciation loss for plant or machinery additional to section EZ 11 amount):

(d) the definitions in subpart OB (General definitions) that specifically apply for the purposes of those sections.

**Transfer pricing rules**

(15) Section GD 13 (Cross-border arrangements between associated persons) applies only to a transaction that has a purpose or effect of defeating any of the jurisdictional ring-fencing rules for CFC losses and tax credits in sections DN 4 (Ring-fencing cap on deduction), IE 3 (Attributed CFC net losses), IG 4 (Group of companies attributed CFC net losses), LC 4 (Foreign tax credits: CFCs), and LC 5 (Group of companies CFC tax credits). Also, when section GD 13 is applied, the relevant definitions of associated persons are those in both sections OD 7 (Defining when 2 persons are associated persons) and OD 8(3) (Further definitions of associated persons).

**Dividends generally**

(16) Sections CW 9 to CW 11 (which relate to exempt income from equity) and CZ 9 (Treatment of units and interests in unit trusts and group investment funds on issue as at 1 April 1996) do not apply and dividends are income that is not exempt income, unless subsection (17) applies.

**Dividends: exempt income**

(17) Despite subsection (16), dividends are exempt income of the CFC if either—
(a) the dividends are derived by the CFC from another CFC and the taxpayer has a 10% or greater income interest (under sections EX 14 to EX 17) in the other CFC for an accounting period falling in the same relevant income year or the previous income year; or

(b) the dividends are from shares that are an attributing interest in a FIF of the CFC.

Benefits from money advanced

(18) When section CC 8 (Consideration other than in money) is applied, the borrower is treated as if it carries on a business in New Zealand.

No tainting by association

(19) Sections CB 7 to CB 11 (which relate to the disposal of land within 10 years) and CV 1 (Group companies) do not apply to treat an amount derived by the CFC as income merely because of the activities of a person associated with the CFC if the associate is a non-resident.

Crown acquisition of land

(20) The reference in section EI 4(1) (Disposal of land to Crown) to the Crown includes any relevant government outside New Zealand.

Amount of depreciation loss recovered

(21) When sections EE 40 to EE 43 (which relate to disposals and similar events) are applied, the CFC is treated as having had a deduction for an amount of depreciation loss, and to have an adjusted tax value accordingly, if an amount of depreciation loss has been deducted when calculating the CFC’s branch equivalent income or loss for any period and the attributed CFC income or loss of any person.

GST and value-added taxes

(22) When sections CX 1 (GST), DB 2 (GST), EE 37 (Consideration for purposes of section EE 36), EE 44 (Cost: GST), EZ 1 (FIF interests held on 1 April 1993), and EZ 13 (Additional amount of depreciation loss: between 16 December 1991 and 1 April 1994) are applied, references to output tax, input tax, or GST payable include a reference to the equivalent item arising under the
value-added tax or other tax rules of a country or territory outside New Zealand if the rules have a similar intent and application to the New Zealand GST rules.

**Government grants to businesses**

(23) When *section DF 1* (Government grants to businesses) is applied, a reference to the New Zealand government includes a government outside New Zealand but, to the extent to which *section DF 1* still does not apply to a grant or subsidy to the CFC from a government, the grant or subsidy is income of the CFC.

**Subvention payments**

(24) If an amount is paid as consideration for the transfer of tax losses,—

(a) it is income if derived by the CFC; and

(b) it is a deduction if payable by the CFC but only if paid to a person resident in the same country as the CFC and if deductible under the taxation law of that country.

**Life insurers**

(25) *Subsection (26)* applies if—

(a) the CFC itself carries on the business of providing life insurance; or

(b) shares in the CFC are held (directly or indirectly) by a foreign company (*parent company*, in *subsection (26)*) that carries on the business of providing life insurance and those shares have to be taken into account under *sections EX 8 to EX 13* to calculate the taxpayer’s income interest in the CFC.

**Policyholders**

(26) If the test in *subsection (25)* is met, the life insurance rules do not apply and the branch equivalent income or loss of the CFC is the amount actuarially determined to be the part of the CFC’s net income or loss to which shareholders (and not policyholders in either the CFC or the parent company) are entitled.

**When subsection (26) does not apply**
(27) Despite subsection (25), subsection (26) does not apply if the Commissioner—
(a) considers that the amount calculated is not a reasonable reflection of the part attributable to shareholders; or
(b) has requested and not received sufficient information to enable the actuarial calculation to be reviewed.

Mineral mining activities
(28) Sections BC 7, CU 1 to CU 28, CX 39 to CX 41, CZ 4, CZ 5, DU 1 to DU 13, DZ 10, IH 4, and IH 5 (which relate to mineral mining) apply, with any necessary modifications, if the CFC carries on activities outside New Zealand that are substantially the same as the mineral mining activities to which those sections apply.

Petroleum mining activities
(29) Sections CT 1 to CT 3, CT 5, CX 37, CX 38, CZ 6, DT 1 to DT 14, DT 16 to DT 18, and IH 3 (which relate to petroleum mining) apply, with any necessary modifications, if the CFC carries on petroleum mining activities outside New Zealand that are substantially the same as the petroleum mining activities to which those sections apply.

Finance leases and specified leases
(30) A lease entered into by the CFC before the start of the first accounting period in which the CFC is a CFC is neither a finance lease (subject to the financial arrangements rules and sections FC 8A to FC 8I, which relate to finance leases) nor a specified lease (subject to sections FC 6 to FC 8, which relate to leases).

When subsection (30) does not apply
(31) Subsection (30) does not apply if another party to the lease is either a CFC or a New Zealand resident.

Taxable distributions from non-qualifying trust
(32) If the CFC gets a taxable distribution from a non-qualifying trust—
(a) section HH 3(4) (Income assessable to beneficiaries) does not apply; and
(b) the taxable distribution is not taken into account in calculating the CFC’s branch equivalent income or loss; and
(c) section EX 19 applies.

CFCs with interest in FIFs

(33) If the CFC has rights in a FIF,—
(a) the rights are not prevented from being an attributing interest of the CFC in a FIF merely because the notional New Zealand residence of the CFC under subsection (2) causes section EX 32 to apply; and
(b) the CFC’s FIF income or loss is not taken into account in calculating the branch equivalent income; and
(c) section EX 46 applies.

Transitional treatment of cross-border reinsurance

(34) Section CZ 2 (General insurance with risk period straddling 1 July 1993) applies as if the reference to New Zealand were a reference to the CFC’s country of residence.

Defined:
absolute value, accounting period, adjusted tax value, amount, arrangement, associated person, attributed CFC income, attributed CFC loss, attributed repatriation, attributing interest, branch equivalent income, branch equivalent loss, business, CFC, close of trading spot exchange rate, closing value, Commissioner, consideration, consolidation rules, deduction, depreciation loss, dividend, exempt income, FIF, FIF income, finance lease, financial arrangement, financial arrangements rules, foreign company, GST, GST payable, income, income interest, income tax, income year, input tax, lease, life insurance, life insurance rules, life insurer, loss, mineral, net income, net loss, New Zealand, New Zealand resident, non-qualifying trust, non-resident, output tax, petroleum, policyholder, resident in New Zealand, share, shareholder, specified lease, tax, taxable distribution, trading stock, variable principal debt instrument

Compare: 1994 No 164 s CG 11

Grey list exemption

EX 22 Unqualified grey list CFCs

Criteria

(1) A CFC is an unqualified grey list CFC for an accounting period if—
(a) at all times in the accounting period it is resident in a country listed in schedule 3, part A (International tax rules: grey list countries); and
(b) in that country the CFC’s income tax liability has not been reduced by applying any of the concessions listed
in schedule 3, part B (International tax rules: grey list countries).

No attributed income or loss

(2) Sections CQ 2(g) (When attributed CFC income arises) and DN 2(g) (When attributed CFC loss arises) provide that no attributed CFC income or attributed CFC loss arises from an unqualified grey list CFC.

CFCs with interest in FIFs: look-through approach

(3) This section does not prevent FIF income or loss arising under section EX 46, if an unqualified grey list CFC has an interest in a FIF.

Defined: accounting period, attributed CFC income, attributed CFC loss, CFC, FIF, FIF income, FIF loss, grey list, income tax, loss

Compare: 1994 No 164 s CG 13(1)

EX 23 Qualified grey list CFCs

Criteria

(1) A CFC is a qualified grey list CFC for an accounting period if—

(a) at all times in the accounting period it is resident in a country listed in schedule 3, part A (International tax rules: grey list countries); and

(b) in that country the CFC’s income tax liability has been reduced by applying any of the concessions listed in schedule 3, part B (International tax rules: grey list countries).

Attribution using country’s tax rules

(2) In the case of a qualified grey list CFC,—

(a) section EX 21 does not apply for the accounting period; and

(b) when section EX 18 is applied, the amount of branch equivalent income or loss for the period is equal to the net income or net loss calculated under the income tax law of the CFC’s country of residence but—

(i) excluding any allowance for carrying forward prior period losses; and
(ii) adjusted to exclude the benefit of concessions listed in schedule 3, part B (International tax rules: grey list countries); and

(iii) converted to New Zealand dollars under section EX 21(4)(b).

**Defined:** accounting period, amount, branch equivalent income, branch equivalent loss, CFC, grey list, income tax liability, loss, net income, net loss, New Zealand

Compare: 1994 No 164 s CG 13(2)

**Residence of companies**

**EX 24 Residence in grey list country**

**Necessary liability to income tax**

(1) When each of subparts CQ (Attributed income from foreign equity) and DN (Attributed losses from foreign equity) and this subpart is applied, a CFC is resident in a country listed in schedule 3, part A (International tax rules: grey list countries) only if it is liable to income tax in the country because the CFC has any of the following in the country:

(a) its domicile:

(b) its residence:

(c) its place of incorporation:

(d) its place of management.

**Relationship with section OE 2**

(2) This section overrides section OE 2 (Determination of residence of company).

**Defined:** CFC, grey list, income tax

Compare: 1994 No 164 s CG 13(1)(a)

**EX 25 Companies moving to or from New Zealand**

**Companies becoming foreign**

(1) If a company becomes a foreign company, an accounting period of the company starts on the day when the company becomes a foreign company and the former accounting period ends on the previous day.

**Companies ceasing to be foreign**

(2) If a foreign company ceases to be a foreign company, an accounting period of the company starts on the day when the
company ceases to be a foreign company and the former accounting period ends on the previous day.

**Pro-rating**

(3) If **subsection (1) or (2)** applies to shorten an accounting period of a CFC, a person with attributed CFC income or loss from the CFC for the period may choose to calculate the branch equivalent income or loss of the CFC either—

(a) using the results for the shortened period only; or

(b) by applying the pro-rating formula in **subsection (4)** to the results for the unshortened period.

**Pro-rating formula**

(4) The formula for calculating branch equivalent income or loss under **subsection (3)(b)** is—

\[
\text{unshortened period branch equivalent income or loss} \times \frac{\text{days in shortened period}}{\text{days in unshortened period}}
\]

**Defined:** accounting period, attributed CFC income, attributed CFC loss, branch equivalent income, branch equivalent loss, CFC, company, foreign company, New Zealand

Compare: 1994 No 164 s CG 12

---

**Change of CFC’s balance date**

**EX 26 Change of CFC’s balance date**

**Application of this section**

(1) This section applies if a person—

(a) has an income interest in a CFC; and

(b) has calculated attributed CFC income or loss or attributed repatriation from the CFC on the basis of 1 accounting year (**old accounting year**); and

(c) wants to change to use a different accounting year (**new accounting year**) for the calculations.

**Change requiring Commissioner’s consent**

(2) The person may make the change only if the Commissioner agrees.

**Commissioner’s reasons**

(3) The Commissioner may consider any relevant factors when making the decision, including—
(a) whether the change is sought because ownership of the CFC has changed:
(b) whether the change is sought because of taxation or other legal requirements in a country where the CFC is resident or does business:
(c) whether the change is sought to achieve consistent balance dates in a group of companies:
(d) whether the change would postpone liability to income tax on attributed CFC income or on attributed repatriation or to dividend withholding payment on attributed repatriation.

No transitional deferral
(4) If the new accounting year ends in a later income year than the year the old accounting year ends in, and that fact would result in an amount of attributed CFC income or attributed repatriation being derived in the later income year, the amount is not deferred to the later income year and instead is treated as derived in the previous income year. However, this subsection applies only once, in the year of the transition.

Defined: accounting year, amount, attributed CFC income, attributed CFC loss, attributed repatriation, business, CFC, Commissioner, dividend withholding payment, group of companies, income interest, income tax, income year

Compare: 1994 No 164 s CG 10

Ownership measurement concession

EX 27 Use of quarterly measurement

Interests held at end of quarter
(1) In order to simplify the process of calculating a person’s control interest or income interest in a foreign company, the person is treated as holding at all times during a calendar quarter the same interest (including a zero interest) as the interest they hold at the end of the quarter.

Anti-avoidance
(2) The concession in subsection (1) is subject to the anti-avoidance rules in sections GC 9 (Variations in control or income interests in foreign companies) and GC 10 (Attributed CFC income and FIF income: arrangements in respect of elections).

Ignoring concession

716
(3) A person may choose not to apply the concession in subsection (1) when calculating their attributed CFC income or loss from a foreign company.

**Election**

(4) An election under subsection (3)—
(a) must be in the form required by the Commissioner; and
(b) is irrevocable; and
(c) applies in the income year in which it is made and later.

**Defined:** attributed CFC income, attributed CFC loss, Commissioner, control interest, foreign company, income interest, income year, quarter

Compare: 1994 No 164 s CG 3(e)

**Anti-avoidance rule: stapled stock**

**EX 28 Anti-avoidance rule: stapled stock**

**When this section applies**

(1) This section applies when—
(a) a New Zealand resident holds rights (stapled rights) that give rise to an income interest or control interest in a foreign company; and
(b) the rights may, or may ordinarily, be disposed of only together with rights in another company; and
(c) the other company is a New Zealand resident or a CFC.

**Stapled rights held by company**

(2) When each of subparts CQ (Attributed income from foreign equity) and DN (Attributed losses from foreign equity) and this subpart is applied, the stapled rights are held by the other company and not by the person.

**Defined:** CFC, company, control interest, foreign company, income interest, New Zealand resident

Compare: 1994 No 164 s CG 3(d)

**Foreign investment fund rules**

**What is a foreign investment fund?**

**EX 29 Foreign investment funds**

A FIF is any of the following:
(a) a foreign company:
(b) a foreign superannuation scheme:
(c) an insurer under a life insurance policy, but not if the policy is offered or entered into in New Zealand (in which case the insurer is subject to the life insurance rules in relation to the policy);

(d) an entity described in schedule 4, part A (Foreign investment funds).

Defined: FIF, foreign company, foreign investment fund, foreign superannuation scheme, life insurance policy, life insurance rules, offered or entered into in New Zealand

Attributing interests in FIFs

EX 30 Attributing interests in FIFs

Three categories

(1) A person has an attributing interest in a FIF if—

(a) the person holds rights in 1 of the categories of rights described in subsections (2) to (4); and

(b) none of the exemptions in sections EX 32 to EX 37 applies to those rights.

Category 1: direct income interest in foreign company

(2) The first category is a direct income interest in a foreign company, as defined in section EX 31, or in an entity described in schedule 4, part A (Foreign investment funds).

Category 2: foreign superannuation scheme entitlement

(3) The second category is rights to benefit from a foreign superannuation scheme, as a beneficiary or a member.

Category 3: foreign life policy entitlement

(4) The third category is rights to benefit from a life insurance policy in relation to which a FIF is the insurer.

Contingent rights

(5) The second and third categories include rights that are contingent or discretionary.

Defined: attributing interest, direct income interest, FIF, foreign company, foreign superannuation scheme, life insurance policy

Compare: 1994 No 164 ss CG 15(1), OB 1 "entitlement of the person to benefit"
EX 31 Direct income interests in FIFs

Categories of direct income interest

(1) A person has a direct income interest in a foreign company at any time if they hold—
   (a) any of the shares in the foreign company:
   (b) any of the shareholder decision-making rights for the company:
   (c) a right to receive (or to apply) any of the income of the company for the accounting period in which the time falls:
   (d) a right to receive (or to apply) any of the value of the net assets of the company, if they are distributed.

Percentage of total

(2) The person’s direct income interest is the percentage of the total that the person holds.

Varying percentages

(3) However, if the percentage varies between the different categories, the person’s direct income interest is the highest.

Measurement of available subscribed capital

(4) When the direct income interest in the category in subsection (1)(a) is calculated, the percentage is the total of the available subscribed capital per share of the shares held as a percentage of the total available subscribed capital per share of all shares in the company.

Varying decision-making rights

(5) When the direct income interest in the category in subsection (1)(b) is calculated, if the percentage varies between the rights described in the different paragraphs of the definition of shareholder decision-making rights in section 08 1 (Definitions), the highest percentage is taken.

Income distribution rights: assumptions

(6) When calculating the direct income interest in the category in subsection (1)(c), it is assumed that—
   (a) the income is distributed on the last day of the accounting period; and
(b) the person’s entitlement is unchanged during the period; and
(c) a payment of interest on a debenture subject to section FC 1 (Floating rate of interest on debentures) or FC 2 (Interest on debentures issued in substitution for shares) is a distribution of income.

Meaning of company

(7) In this section, and in defined terms referred to in this section, company includes an entity listed in schedule 4, part A (Foreign investment funds).

Defined: accounting period, available subscribed capital, company, direct income interest, FIF, foreign company, income, interest, payment, share, shareholder decision-making rights

Compare: 1994 No 164 s CG 3(c), CG 5(2), CG 15(1)(a)

EX 32 CFC rules exemption

A person’s rights in a FIF at any time are not an attributing interest if—
(a) the FIF is a CFC at the time; and
(b) the person has an income interest of 10% or more in the CFC for the accounting period during which the time falls.

Defined: accounting period, attributing interest, CFC, controlled foreign company, FIF, income interest

Compare: 1994 No 164 s CG 15(2)(a)

EX 33 Grey list exemption

Exemption

(1) A person’s rights in a FIF in an income year are not an attributing interest if, at all times in the year, the FIF is—
(a) resident in a country listed in schedule 3, part A (International tax rules: grey list countries). Residence is determined under section OE 2(3) to (6) (Determination of residence of company), which apply whether or not the FIF is a company; and
(b) liable to income tax in the country, because it has its domicile, residence, place of incorporation, or place of management there; and
(c) not an entity described in schedule 4, part B (Foreign investment funds).
Exemption: categories 2 and 3

(2) Subsection (1) does not apply if the rights of the person are those described in section EX 30(3) or (4).

Defined: attributing interest, company, FIF, grey list, income tax, income year

Compare: 1994 No 164 s CG 15(2)(b)

EX 34 Foreign exchange control exemption

A person’s rights in a FIF are not an attributing interest if and to the extent to which—
(a) the person is a natural person; and
(b) the person acquired the rights—
   (i) before first becoming a New Zealand resident; or
   (ii) before exchange controls applying to the person and the interest were imposed by a foreign country; or
   (iii) before 8.00 pm (New Zealand Standard Time) on 2 July 1992; and
(c) the exchange controls prevent the person from deriving amounts from the rights, or from disposing of the rights, in New Zealand dollars (or consideration that is readily convertible into New Zealand dollars).

Defined: amount, attributing interest, FIF, New Zealand, New Zealand resident

Compare: 1994 No 164 s CG 15(2)(c), (e)

EX 35 Immigrant’s 4 year exemption

Categories 2 and 3

(1) Subsection (2) applies only to rights described in section EX 30(3) or (4).

Exemption for 4 years after immigration

(2) A person’s rights in a FIF at any time are not an attributing interest if—
(a) the person is a natural person; and
(b) the person had rights in the FIF (whether the same rights or different) before first becoming a resident of New Zealand; and
(c) the time in question is before the end of the period of 3 income years following the income year in which they first became a New Zealand resident.

Defined: attributing interest, FIF, income year, New Zealand, New Zealand resident, resident

Compare: 1994 No 164 s CG 15(2)(f)

EX 36 Immigrant’s exemption for accrued superannuation entitlement

Exemption

(1) The rights of a natural person to benefit, as a beneficiary or a member, from a foreign superannuation scheme at any time are not an attributing interest in a FIF to the extent to which the requirements in subsections (2) to (9) are met at the time.

Rights accruing before first becoming resident

(2) The rights must have accrued before the person first became a New Zealand resident.

Attribution formula

(3) The extent to which the rights have accrued before the person first became a resident is calculated using the formula—

\[
\frac{\text{adjusted immigration value}}{\text{current value}} \times \text{current value.}
\]

Definition of items in formula

(4) In the formula,—

(a) adjusted immigration value is the market value of the rights on the day on which the person first became a New Zealand resident, adjusted to the extent reasonable to allow for the rate of earnings (or loss) of the scheme from that day until the relevant time:

(b) current value is the market value of the rights at the relevant time.

Employee scheme or self-employed

(5) Either—

(a) the scheme must be one where the person’s rights can be acquired only through the person’s employment; or
(b) the person must be wholly or mainly self-employed, either when the person first acquired the rights or at the relevant time for applying this section.

**Contributions or benefits: link to income**

(6) The amount contributed to the scheme by or on behalf of the person must be calculated—

(a) by some fixed relationship to the person’s income from employment or self-employment; or

(b) to provide benefits that bear a fixed relationship to the person’s income from employment or self-employment, except to the extent to which the benefits are adjusted by reference to an objective measure of inflation.

**Contributions by person, employer, or other scheme**

(7) Contributions to the scheme for the person’s benefit must be made only by or on behalf of—

(a) the person; or

(b) the person’s employer (or a person associated with the employer); or

(c) the representatives of another superannuation scheme—

(i) as a transfer of the person’s benefit rights in the other scheme; and

(ii) if those benefit rights would have qualified for the exemption in this section.

**Restricted rights to assign or cash in**

(8) The person’s future benefits under the scheme must not be able to be assigned, or exchanged for a current receipt of cash (or other property), except—

(a) if the person becomes physically incapacitated; or

(b) if the person is transferring the benefit rights into another, similar, scheme; or

(c) when or after the person retires at normal retiring age; or

(d) if the person is assigning the benefit rights to a spouse under a matrimonial agreement; or

(e) at the cost of a substantial decrease in the present value of the benefits.
Matrimonial property assignment

(9) When the person has obtained the rights by their being assigned under a matrimonial agreement, the exemption in this section applies if the assignor spouse would have been entitled to it.

Defined: amount, associated person, attributing interest, employer, FIF, foreign superannuation scheme, income, income from employment, matrimonial agreement, New Zealand resident, superannuation scheme

Compare: 1994 No 164 ss CG 14(3), CG 15(2)(c), OB 1 “interest in an employment-related foreign superannuation scheme”

EX 37 Exemption for non-resident’s pension or annuity

Exemption

(1) The rights of a natural person to benefit from a pension or annuity provided by a FIF are not an attributing interest if the requirements in subsections (2) and (3) are met.

Relevant period of non-residence

(2) The person must have provided the consideration for acquiring the rights—
   (a) when the person was not resident in New Zealand; or
   (b) when the person was resident in New Zealand but in the period ending 3 years after the end of the income year in which they last became a New Zealand resident; or
   (c) when the person was resident in New Zealand but as a result of commuting or transferring their interest in a superannuation fund in anticipation of their ceasing to be a New Zealand resident.

Restricted rights to assign or cash in

(3) The person’s future benefits must not be able to be assigned, or exchanged for a current receipt of cash (or other property), except—
   (a) if the person is assigning the benefit rights to a spouse under a matrimonial agreement; or
   (b) at the cost of a substantial decrease in the present value of the benefits.

Elective exclusion of pre-1996–97 rights

(4) Subsection (1) does not apply if—
(a) the rights were acquired before the 1996–97 income year; and
(b) the person chose to treat the rights as an interest in a foreign investment fund for the 1996–97 and later income years by complying with the requirements in section CG 15(4) of the Income Tax Act 1994.

Defined: attributing interest, FIF, foreign investment fund, income year, matrimonial agreement, New Zealand resident, non-resident, resident in New Zealand, super-annuation fund, year

Compare: 1994 No 164 ss CG 15(2)(g), (4), OB 1 “qualifying private foreign annuity”

**Calculation of FIF income or loss**

**EX 38 Four calculation methods**

**Use of 1 method**

(1) If the tests in section CQ 5 (When FIF income arises) or DN 6 (When FIF loss arises) are met, the amount of a person’s FIF income or loss is calculated under—

(a) the accounting profits method; or
(b) the branch equivalent method; or
(c) the comparative value method; or
(d) the deemed rate of return method.

**Choosing method**

(2) The person must choose which calculation method applies by completing their return of income accordingly, but the choice is limited by sections EX 40, EX 41, and EX 50.

Defined: accounting profits method, amount, branch equivalent method, calculation method, comparative value method, deemed rate of return method, FIF income, FIF loss, loss, return of income

Compare: 1994 No 164 ss CG 16(1), CG 17(1)

**EX 39 Exclusion of amounts of death benefit**

**No FIF income**

(1) When this section applies, a person is treated as not deriving FIF income to the extent to which the income arises solely from receiving a death benefit under a life insurance policy.

**When this section applies: contract before becoming resident**

(2) This section applies if—
(a) the person or the deceased (contracting party), when not a New Zealand resident, entered into a binding contract that gave rise to the benefit; and
(b) at the time the contract was entered into, the contracting party either had not previously been a New Zealand resident or had not been a resident for at least the previous 10 years; and
(c) the benefit was not increased by a voluntary action taken after the contracting party became a resident.

When this section applies: pre-1992 contracts

(3) This section also applies if—
(a) before 2 July 1992 the person or the contracting party entered into a binding contract giving rise to the benefit; and
(b) the benefit was not increased by a voluntary action taken on or after 2 July 1992.

Defined:
amount, FIF income, life insurance policy, New Zealand resident, year

Compare: 1994 No 164 s CG 16(7)

EX 40 Limits on choice of calculation methods

Same method for same FIF

(1) If a person has 2 or more attributing interests in the same FIF for the same period, the person must use the same calculation method for calculating FIF income or loss from each interest in that period, except to the extent to which—
(a) the interests are of different classes; and
(b) this section prevents the same method being used.

Accounting profits method

(2) A person may use the accounting profits method for an accounting period to calculate FIF income or loss from an attributing interest in a FIF only if—
(a) the FIF is a company; and
(b) at all times during the accounting period when the FIF exists, interests in the FIF similar to the person’s attributing interest were—
   (i) quoted on the official list of a recognised exchange; or
   (ii) offered widely by or on behalf of the FIF to the public in 1 or more countries; and
(c) the net after-tax accounting profits or losses of the FIF for the accounting period are calculated under generally accepted accounting practice (or an equivalent standard for consistent and undistorted reporting of net profits) of the country in which the FIF is resident; and

(d) the net after-tax accounting profits or losses are detailed in financial statements—
   (i) sent or made available to shareholders in the FIF; and
   (ii) readily available to interested members of the public; and
   (iii) audited by a chartered accountant (or accountant of equivalent professional standard in the country in which the FIF is resident); and
   (iv) for which such an accountant has given a standard audit opinion, without qualifications, to the effect that the financial statements represent the income and financial position of the FIF to the degree of validity normally required in the country in which the FIF is resident; and

(e) the net after-tax accounting profits or losses are calculated, in any case in which the FIF has 1 or more subsidiaries, on a consolidated basis; and

(f) the net after-tax accounting profits or losses include any extraordinary items; and

(g) the person has no reason to believe that the net after-tax accounting profits or losses do not fairly represent the net after-tax profits or losses of the FIF for the accounting period; and

(h) the FIF is not an entity described in schedule 4, part C (Foreign investment funds); and

(i) the Commissioner has not concluded that the net after-tax accounting profits or losses do not fairly represent the net after-tax profits or losses of the FIF for the accounting period.

**Branch equivalent method**

(3) A person may use the branch equivalent method to calculate FIF income or loss from an attributing interest in a FIF for an accounting period only if—

(a) the FIF is a company; and
(b) the person can provide to the Commissioner, if requested, sufficient information to enable the Commissioner to check the calculations required by section EX 43.

**Deemed rate of return method**

(4) A person may use the deemed rate of return method to calculate FIF income or loss from an attributing interest in a FIF for an income year only if any of the following apply:

(a) it is not reasonably practicable for the person to use either—

   (i) the comparative value method, because the person cannot determine the market value of the attributing interest at the end of the income year; or

   (ii) the accounting profits method for any accounting period that falls wholly or partly in the year; or

(b) the person is a natural person and at all times during the income year the total value of attributing interests in FIFs held by the person is no more than $250,000, the value of each interest being—

   (i) its book value (calculated under section EX 45(7)) at the end of the previous income year, if the person held the interest then and used the deemed rate of return method to calculate FIF income for all attributing interests in the previous income year;

   (ii) its market value, in any other case; or

(c) section EX 41 requires the person to use that method; or

(d) section EX 50 requires the person to continue using that method.

*Defined:* accounting period, accounting profits method, attributing interest, branch equivalent method, calculation method, Commissioner, company, comparative value method, deemed rate of return method, FIF, FIF income, FIF loss, generally accepted accounting practice, income year, loss, recognised exchange, shareholder, tax

Compare: 1994 No 164 s CG 17(2)–(6)

**EX 41 Default calculation method**

**When this section applies**

(1) This section applies when—

(a) a person does not choose a calculation method to calculate FIF income or loss from an attributing interest for a period; and
(b) **sections EX 40 and EX 50** do not have the effect of requiring a particular calculation method to be used.

**Default choice**

(2) The person is treated as having chosen to use, for the interest and the period,—

(a) if **section EX 40(2)** allows the use of the accounting profits method and it is practical to use that method, that method; and

(b) if use of that method is not allowed or not practical,—

(i) the comparative value method if it is practical to use it; and

(ii) the deemed rate of return method if it is not practical to use the comparative value method.

**Defined:** accounting profits method, attributing interest, calculation method, comparative value method, deemed rate of return method, FIF income, FIF loss

Compare: 1994 No 164 s CG 17(7)

**EX 42 Accounting profits method**

**Formula**

(1) If a person is using the accounting profits method to calculate FIF income or loss from an attributing interest in a FIF, the total FIF income or loss from all their attributing interests in the FIF for the relevant accounting period is calculated using the formula—

accounting profits or losses $\times$ income interest.

**Definition of items in formula**

(2) The items in the formula are defined in **subsections (3) and (4)**.

**Accounting profits or losses**

(3) **Accounting profits or losses** is the net after-tax accounting profits or losses of the FIF for the accounting period.

**Income interest**

(4) **Income interest** is the person’s income interest in the FIF for the accounting period. The income interest is calculated under all the following CFC rules (applying as if the FIF were a CFC):
(a) **sections EX 8 to EX 11 and EX 13** (which, in general, describe how to calculate an income interest by totaling direct and indirect interests):

(b) **sections EX 16 and EX 17** (which describe how to deal with periods of non-residence and variations in ownership during an accounting period):

(c) **section EX 27** (which describes a concession to allow ownership to be measured only on quarterly measurement dates) but subject to **subsection (5)**.

**Election to measure on 31 March only**

(5) In order to simplify the process of calculating the person’s income interest, the person may choose to be treated as holding, at all times during a tax year, the same interest (including a zero one) that they held at the end of the tax year. The person makes the election by completing their return of income accordingly for the relevant income year.

**Election irrevocable**

(6) An election under **subsection (5)** is—

(a) irrevocable and applies to the person and all their attributing interests in the FIF in later years; but

(b) subject to the anti-avoidance rules in **sections GC 9** (Variations in control or income interests in foreign companies) and **GC 10** (Attributed CFC income and FIF income: arrangements in respect of elections).

**Conversion to New Zealand dollars**

(7) The person must choose either—

(a) for all the calculations to be done in the currency of the FIF’s financial accounts, with the result then converted into New Zealand dollars at the average of the close of trading spot exchange rates for the fifteenth day of each complete month that falls in the accounting period; or

(b) for all the calculations of the net after-tax accounting profits or losses of the FIF to be done in New Zealand dollars.

**Reduction in FIF loss to economic loss**
(8) In the cases described in subsections (9) and (10), the amount of any FIF loss calculated under subsection (1) is reduced to be equal to the person’s corresponding economic loss (if any).

**Application of subsection (8): no economic loss**

(9) Subsection (8) applies if the person suffers no, or substantially no, economic loss corresponding to the FIF loss, whether because of a call option, a put option, or any other reason.

**Application of subsection (8): FIF loss excessive**

(10) Subsection (8) also applies if the amount of FIF loss is more than any corresponding economic loss suffered by the person, whether because of the application of the rules for calculating the person’s income interest or any other reason.

**Defined:** accounting period, accounting profits method, amount, attributing interest, CFC, close of trading spot exchange rate, direct income interest, FIF, FIF income, FIF loss, income interest, income year, indirect income interest, loss, New Zealand, return of income, tax, tax year

Compare: 1994 No 164 ss CG 16(11)(a), (12), CG 20

**EX 43 Branch equivalent method**

**Formula**

(1) If a person is using the branch equivalent method to calculate FIF income or loss from an attributing interest in a FIF, the total FIF income or loss from all their attributing interests in the FIF for the relevant accounting period is calculated using the formula—

\[ \text{branch equivalent income or loss} \times \text{income interest}. \]

**Definition of items in formula**

(2) The items in the formula are defined in subsections (3) and (4).

**Branch equivalent income or loss**

(3) **Branch equivalent income or loss** is the branch equivalent income or loss of the FIF for the accounting period. This is calculated by applying section EX 21 of the CFC rules—

(a) as if the FIF were a CFC and the person were calculating their attributed CFC income or loss; but

(b) subject to subsections (5) and (6).

**Income interest**
(4) **Income interest** is the person’s income interest in the FIF for the accounting period. The income interest is calculated under all the following CFC rules (applying as if the FIF were a CFC):

(a) **sections EX 8 to EX 11 and EX 13** (which, in general, describe how to calculate an income interest by totaling direct and indirect interests):

(b) **sections EX 16 and EX 17** (which describe how to deal with periods of non-residence and variations in ownership during an accounting period):

(c) **section EX 27** (which describes a concession to allow ownership to be measured only on quarterly measurement dates).

**Taxable distributions**

(5) If the FIF derives a taxable distribution from a non-qualifying trust in the accounting period,—

(a) the taxable distribution is excluded when calculating the FIF’s branch equivalent income or loss (due to the combined effect of subsection (1) and section EX 21(32)); and

(b) the person has additional attributed CFC income calculated by multiplying the taxable distribution by the person’s income interest in the FIF; and

(c) the person is liable for income tax on the additional attributed CFC income at the rate in **schedule 1** (Basic rates of income tax and specified superannuation contribution withholding tax) that applies to amounts under **section HH 3(4)** (Income assessable to beneficiaries).

**Interests in foreign companies**

(6) If the FIF itself has an income interest (calculated under subsection (4)) in a foreign company for the accounting period, the person has additional FIF income or loss calculated using the formula—

\[ \text{interest} \times \text{FIF's FIF income or loss}. \]

**Definition of items in formula**

(7) In the formula,—

(a) **interest** is the person’s income interest in the FIF for the period:
(b) **FIF’s FIF income or loss** is the FIF’s FIF income or loss calculated under the rules in section EX 46(4) and (9), as if—

(i) the FIF were the CFC referred to; and

(ii) the FIF’s interest in the foreign company were an attributing interest, despite any application of section EX 32.

**Application of CFC rules tax credit rules**

(8) The rules in sections LC 4 (Foreign tax credits: CFCs) and LC 5 (Group of companies CFC tax credits) apply to allow the person to claim foreign tax credits but on the basis of the assumptions made in subsection (9). The rules in those sections allow foreign tax credits relating to attributed CFC income but apply a jurisdictional ring-fencing approach to the use of tax credits.

**Assumptions in reading tax credit rules**

(9) Sections LC 4 (Foreign tax credits: CFCs) and LC 5 (Group of companies CFC tax credits) are applied as if—

(a) the FIF were a CFC; and

(b) the FIF income of the person from the FIF were attributed CFC income; and

(c) the person’s income interest (calculated under subsection (4)) were their relevant income interest for the purposes of those sections; and

(d) any relevant person’s FIF income calculated under the branch equivalent method from a FIF that is resident in the relevant country were attributed CFC income.

**Reduction in FIF loss to economic loss**

(10) In the cases described in subsections (11) and (12), the amount of any FIF loss calculated under subsections (1) and (6) is reduced to be equal to the person’s corresponding economic loss (if any).

**Application of subsection (10): no economic loss**

(11) **Subsection (10)** applies if the person suffers no, or substantially no, economic loss corresponding to the FIF loss, whether because of a call option, a put option, or any other reason.

**Application of subsection (10): FIF loss excessive**
(12) **Subsection (10)** also applies if the amount of FIF loss is more than any corresponding economic loss suffered by the person, whether because of the application of the rules for calculating the person’s income interest or any other reason.

**Defined:** accounting period, amount, attributed CFC income, attributing interest, branch equivalent income, branch equivalent loss, branch equivalent method, CFC, FIF, FIF income, FIF loss, foreign company, income interest, income tax, loss, New Zealand resident, non-qualifying trust, tax, taxable distribution

Compare: 1994 No 164 s CG 21

**EX 44 Comparative value method**

**Formula**

(1) If a person is using the comparative value method to calculate FIF income or loss from an attributing interest in a FIF, the FIF income or loss from that interest for the relevant income year is calculated using the formula—

\[
\text{(closing value} + \text{gains)} - \text{(opening value} + \text{costs).}
\]

**Definition of items in formula**

(2) The items in the formula are defined in subsections (3) to (6).

**Closing value**

(3) **Closing value** is the market value of the person’s interest in the FIF at the end of the income year. (The value is zero if the person has disposed of the interest or is then applying another calculation method to it.)

**Gains**

(4) **Gains** is the total of all amounts that the person derives during the income year from holding or disposing of the interest. The amounts include any foreign withholding tax or other tax that the person is allowed as a credit under section LC 1 (Credits in respect of tax paid in country or territory outside New Zealand).

**Opening value**

(5) **Opening value** is the market value of the person’s interest in the FIF at the end of the previous income year. (The value is zero if the person did not hold the interest then or was then applying another calculation method to it.)
Costs

(6) **Costs** is the total of all expenditure that the person incurs during the income year in acquiring or increasing the interest.

**Conversion of foreign currency amounts**

(7) If an amount is derived from, or incurred on, the interest in a foreign currency during the year, the person must choose either—

(a) for each foreign currency amount in the income year to be converted into New Zealand dollars using the exchange rate on the day the amount is derived or incurred; or

(b) for all foreign currency amounts in the income year to be converted into New Zealand dollars at the average of the close of trading spot exchange rates for the fifteenth day of each month that falls in the year.

**Defined:** amount, attributing interest, calculation method, close of trading spot exchange rate, comparative value method, FIF, FIF income, FIF loss, foreign withholding tax, income year, New Zealand, tax

Compare: 1994 No 164 ss CG 16(11)(b), (12), CG 18

**EX 45 Deemed rate of return method**

**Formula changes if interest changes**

(1) If a person is using the deemed rate of return method to calculate FIF income or loss from an attributing interest in a FIF for an income year, the FIF income or loss is calculated—

(a) by the standard formula in **subsection (3)** if the person has held the interest unchanged throughout the income year; and

(b) by totalling the amounts calculated by the part-year formula in **subsection (5)** for each part of the income year during which the interest is unchanged, in any other case.

**When interest changes**

(2) A person’s attributing interest in a FIF changes during an income year if the person—

(a) acquires or increases the interest; or

(b) disposes of or reduces the interest (but merely receiving an annuity payment from the interest is not a disposal or reduction).
Standard formula
(3) The standard formula is—

\[ \text{opening book value} \times \text{deemed rate}. \]

Definition of items in standard formula
(4) In the standard formula,—
(a) opening book value is the book value of the interest at the end of the previous income year, calculated under subsection (7) or (8);
(b) deemed rate is the rate set by the Governor-General by Order in Council for this section for the relevant income year.

Part-year formula
(5) The part-year formula is—

\[ \frac{(\text{opening book value} + \text{costs}) \times \text{deemed rate} \times \text{days}}{365}. \]

Definition of items in part-year formula
(6) In the part-year formula,—
(a) opening book value is the book value (if any) of the interest at the end of the period before the part of the income year, calculated under subsection (7) or (8);
(b) costs is the total of all expenditure (if any) that the person incurs in acquiring or increasing the interest during the part of the income year;
(c) deemed rate is the rate set by the Governor-General by Order in Council for this section for the relevant income year;
(d) days is the number of days in the part of the income year. (For this purpose, an acquisition or increase is treated as occurring at the start of a day and a disposition or reduction is treated as occurring at the end of a day.)

Closing book value formula
(7) Subject to subsection (9), the book value, at the end of an income year or (in a case in which subsection (5) applies) a part of an income year, of an attributing interest of a person in a FIF under the deemed rate of return method is calculated using the formula—
(opening book value + costs + deemed income + top-up amounts) − gains.

Definition of items in closing book value formula

(8) In the closing book value formula,—

(a) **opening book value** is the book value (if any) of the interest at the end of the previous income year or the part of the income year, calculated under subsection (7) or (8):

(b) **costs** is the total of all expenditure (if any) that the person incurs in acquiring or increasing the interest during the income year or the part of the income year:

(c) **deemed income** is the FIF income from the interest for the year or the part of the income year calculated under subsection (3) or (5):

(d) **top-up amounts** is amounts (gains from holding or disposing of the interest) that are top-up FIF income in the year under section EX 48 or EX 49:

(e) **gains** is the total of all amounts that the person derives during the year or the part of the income year from holding or disposing of the interest. (The amounts include any foreign withholding tax or other tax that the person is allowed as a credit under section LC 1 (Credits in respect of tax paid in country or territory outside New Zealand).)

Closing book value zero if changing method

(9) The closing book value is always zero if the person is using a calculation method for the interest different from the deemed rate of return method at the end of the income year or, in a case to which subsection (5) applies, the part of the income year.

Top-up income if deemed rate inadequate

(10) If the closing book value of a person’s attributing interest in a FIF at the end of an income year or a part of an income year is below zero, the person has additional FIF income equal to the deficit for the relevant income year.

When subsection (10) does not apply

(11) **Subsection (10) does not apply if—**

(a) the person is a natural person; and
(b) at all times during the income year the total value of the person’s attributing interests in FIFs is no more than $250,000, the value of each interest being—

(i) its book value (calculated under subsection (7) or (8)) at the end of the previous income year, if the person held the interest then and used the deemed rate of return method to calculate FIF income for all attributing interests in the previous income year:

(ii) its market value, in any other case; and

(c) the deficit in closing book value arises only because the person disposed of some or all of the interest; and

(d) the gain that the person derived from disposing of the interest or part-interest is not income (or is income only to the extent to which it gives rise to FIF income).

Top-up income if gains more than deemed income

(12) A person calculating FIF income under the deemed rate of return method can also have additional FIF income under section EX 48.

FIF income reduced on disposal if deemed rate excessive

(13) If a person has disposed of the whole of an attributing interest in a FIF and the closing book value for the relevant income year or the part of the income year is more than zero, the excess is subtracted when the person’s FIF income under the deemed rate of return method for the income year is calculated.

When subsection (13) does not apply

(14) Subsection (13) does not apply if—

(a) the person is a natural person; and

(b) at all times during the income year the total value of attributing interests in FIFs held by the person is no more than $250,000, the value of each interest being—

(i) its book value (calculated under subsection (7) or (8)) at the end of the previous income year, if the person held the interest then and used the deemed rate of return method to calculate FIF income for all attributing interests in the previous income year:
(ii) its market value, in any other case; and
(c) the gain that the person derived from disposing of the
interest or part-interest is not income (or is income only
to the extent to which it gives rise to FIF income).

Conversion of foreign currency amounts
(15) If an amount is derived from, or incurred on, the interest in a
foreign currency during the income year, the person must
choose either—
(a) for each foreign currency amount in the income year to
be converted into New Zealand dollars using the
exchange rate on the day the amount is derived or
incurred; or
(b) for all foreign currency amounts in the year to be con-
verted into New Zealand dollars at the average of the
close of trading spot exchange rates for the fifteenth day
of each complete month that falls in the income year.

Defined: amount, attributing interest, calculation method, close of trading spot exchange
rate, deemed rate of return method, FIF, FIF income, FIF loss, income, income
year, loss, New Zealand, payment

Compare: 1994 No 164 ss CG 16(11)(b), (12), CG 19(1)—(5)

Additional FIF income or loss if CFC owns FIF

EX 46 Additional FIF income or loss if CFC owns FIF

Application of this section
(1) This section applies if—
(a) a person has an income interest of 10% or more in a
CFC for an accounting period under sections EX 8 to EX 17;
and
(b) because section EX 21(33) applies, FIF income and FIF
loss is not taken into account in calculating the branch
equivalent income or loss of the CFC for the period for
the person.

Formula for calculating FIF income or loss
(2) The person instead has FIF income or loss, for the income
year in which the period ends, calculated using the formula—
income interest \( \times \) CFC’s FIF income or loss.

Definition of items in formula
(3) In the formula,—
   (a) **income interest** is the person’s income interest in the CFC for the period under sections EX 8 to EX 13:
   (b) **CFC’s FIF income or loss** is the CFC’s FIF income or loss for the period calculated under subsections (4) and (5).

**Application of FIF rules to choice of method**

(4) The person must—
   (a) choose, under sections EX 38 to EX 41, the calculation method for calculating the CFC’s FIF income or loss; and
   (b) otherwise apply the calculation rules in sections EX 38 to EX 49 as if the person directly held the attributing interest; and
   (c) apply the FIF loss ring-fencing rules in sections DN 8 (Ring-fencing cap on deduction: not branch equivalent method) and DN 9 (Ring-fencing cap on deduction: branch equivalent method) as if the person directly held the attributing interest.

**Exclusion of policyholders’ entitlements**

(5) Despite subsection (4), the CFC’s FIF income or loss does not include any amount actuarially determined to be attributable to policyholders in the CFC or another company as a result of applying section EX 21(25) and (26) to the CFC.

**Unqualified grey list CFCs**

(6) This section applies whether or not the CFC is an unqualified grey list CFC under section EX 22 for the period.

Defined: accounting period, amount, attributing interest, branch equivalent income, branch equivalent loss, calculation method, CFC, company, FIF income, FIF loss, FIF rules, grey list, income interest, income year

Compare: 1994 No 164 ss CG 7(5), CG 11(25)(b), (c), CG 13(1)

**Relationship with other provisions in Act**

**EX 47 Codes: comparative value and deemed rate methods**

When this section applies

(1) This section applies when a person has an attributing interest in a FIF and calculates their FIF income or loss from the interest for a period using the comparative value method or the deemed rate of return method.
No income other than FIF income

(2) The person is treated as not having any income from the interest for the period other than FIF income and, in particular, any dividends derived in the period from the interest and any income gained from disposing of the interest in the period are disregarded.

No deductions other than FIF loss

(3) The person is denied a deduction for any amount incurred in the period on acquiring some or all of the interest, except to the extent to which the amount is taken into account under the relevant calculation method in calculating FIF income or loss for the period.

Application of trading stock rules

(4) The interest is not trading stock in the period and accordingly subpart EB (Valuation of trading stock (including dealer’s live-stock)) does not apply.

Defined: amount, attributing interest, calculation method, comparative value method, deduction, deemed rate of return method, dividend, FIF, FIF income, FIF loss, income, trading stock

Compare: 1994 No 164 s CG 16(6)

EX 48 Top-up FIF income: deemed rate of return method

When this section applies

(1) This section applies at any time when a person—
   (a) has an attributing interest in a FIF for a period; and
   (b) is calculating the FIF income or loss from the interest using the deemed rate of return method; and
   (c) derives in the period, from holding or disposing of the interest, an amount that would have been income if section EX 47(2) had not applied.

Formula

(2) The gain is FIF income to the extent to which the amount calculated using the following formula is positive:

\[ \text{total income gains} - \text{total FIF income} \]

Definition of items in formula

(3) In the formula,—
(a) **total income gains** is the total of amounts (including the amount in question) derived by the person until that time from holding or disposing of the interest that would have been income if **section EX 47(2)** had not applied:

(b) **total FIF income** is the total of FIF income (reduced by the total of any FIF losses) derived by the person from the interest until (and including) the relevant period.

**Consequence of partial sales**

(4) If the person disposes of part of the interest, this section applies to the part disposed of and the part retained as if they were separate interests. If this means that an apportionment is necessary, it must be done on the basis of the respective market values at the time the part interest is disposed of.

Defined: amount, attributing interest, deemed rate of return method, FIF, FIF income, FIF loss, income

Compare: 1994 No 164 s CG 22

**EX 49 Top-up FIF income: 1 April 1993 uplift interests**

**When this section applies**

(1) This section applies at any time if a person—

(a) has an attributing interest in a FIF for a period; and

(b) held the interest on 2 July 1992; and

(c) calculated their FIF income from the interest in the period starting on 1 April 1993 under the comparative value method or the deemed rate of return method; and

(d) was treated as having reacquired the interest on 1 April 1993 for an uplifted cost under section CG 23(1)(d) of the Income Tax Act 1994; and

(e) derives in the period, from holding or disposing of the interest, an amount that would have been income if **section EX 47(2)** had not applied.

**Formula**

(2) The gain is FIF income to the extent to which the amount calculated using the following formula is positive:

\[
\text{total income gains} - \text{total FIF income}.
\]

**Definition of items in formula**
(3) In the formula,—
   (a) **total income gains** is the total of amounts (including the amount in question) that the person derived until that time from holding or disposing of the interest that would have been income if section EX 47(2) had not applied:
   (b) **total FIF income** is the total of FIF income (reduced by the total of any FIF losses) that the person derived from the interest until (and including) the relevant period.

**Consequence of partial sales**
(4) If the person disposes of part of the interest, this section applies to the part disposed of and the part retained as if they were separate interests. If this means that an apportionment is necessary, it must be done on the basis of the respective market values at the time the part interest is disposed of.

*Defined:* amount, attributing interest, comparative value method, deemed rate of return method, FIF, FIF income, FIF loss, income

Compare: 1994 No 164 s CG 22

*Changing calculation method*

**EX 50 Limits on changes of method**

*No change unless allowed*
(1) Once a person uses a particular calculation method to calculate FIF income or loss for an attributing interest in a FIF for a particular period, they must use the same method for interests in the FIF for the next period unless they are allowed to change under subsections (2) to (7).

*Change on practical grounds*
(2) The person may change if it is not practical to continue with the same method because—
   (a) in the case of the accounting profits method, section EX 40(2) prevents its continued use or it is impossible to obtain enough information to continue to use it:
   (b) in the case of the branch equivalent method, it is impossible to obtain enough information to continue to use it:
   (c) in the case of the comparative value method, it is impossible to find out the end-of-year market value of the interest:
(d) in the case of the deemed rate of return method, if the person was entitled to use that method only by falling under the $250,000 threshold in section EX 40(4)(b), the threshold is exceeded:

(e) in the case of the deemed rate of return method, if it was the default method under section EX 41, it ceases to be the default method.

Choosing to change

(3) The person may also change by notice to the Commissioner if—

(a) the notice complies with subsection (4); and

(b) either—

(i) the person is a natural person and the $250,000 threshold in subsection (5) is not exceeded; or

(ii) the change is to, or from, the branch equivalent method and within subsections (6) and (7).

Notice of election

(4) The notice of an election to change under subsection (3) must—

(a) give the reasons for the change; and

(b) comply with the Commissioner’s notice requirements; and

(c) be given before the end of the first income year or accounting period for which the change is to take effect, unless the Commissioner agrees to a retrospective notice; and

(d) in the case of a natural person relying on the $250,000 threshold test in subsection (3)(b)(i), be given before the end of the year or period that is before the one from the end of which the change takes effect.

Natural person: $250,000 threshold

(5) A natural person may make an election under subsection (3) if the total market value of their attributing interests in FIFs is no more than $250,000 at the end of the income year or accounting period before the year or period from the end of which the change takes effect.

Changing to or from branch equivalent method
(6) A person may make an election under subsection (3) to change—
(a) to the branch equivalent method if—
   (i) this is the first time they have chosen to change to the branch equivalent method for an attributing interest in the FIF; or
   (ii) subsection (7) allows them to make another election:
(b) from the branch equivalent method if—
   (i) they are changing back to a calculation method that they used for attributing interests in the fund before they used the branch equivalent method; and
   (ii) this is the first time they have chosen to change from the branch equivalent method, unless subsection (7) allows them to make another election.

Repeated changes to or from branch equivalent method

(7) A person may change more than once to, or from, the branch equivalent method if—
(a) there has been a change in circumstances (such as a significant change in shareholding) that significantly changes their ability to obtain enough information to use the branch equivalent method; and
(b) altering their income tax liability is not the principal purpose or effect of the change.

Defined: accounting period, accounting profits method, attributing interest, branch equivalent method, calculation method, Commissioner, comparative value method, deemed rate of return method, FIF, FIF income, FIF loss, income tax liability, income year, loss, notice

Compare: 1994 No 164 s CG 17(8)–(10)

EX 51 Consequences of changes in method

Changes between cost-based methods and look-through methods

(1) Subsection (2) applies if a person holding an attributing interest in a FIF changes the calculation method for calculating FIF income or loss from the interest—
(a) from either of the cost-based calculation methods (the comparative value method and the deemed rate of return method) to either of the look-through calculation
methods (the accounting profits method and the branch equivalent method); or
(b) from either of the look-through methods to either of the cost-based methods.

Treatment as sale for market value

(2) The person is treated as having—
(a) disposed of the interest to an unrelated person immediately before the start of the first accounting period to which the new method applies; and
(b) reacquired it immediately after the start of the period; and
(c) received for the disposal and paid for the reacquisition an amount equal to the interest’s market value at the time.

Changes from comparative value method to deemed rate of return method

(3) If a person holding an attributing interest in a FIF changes from the comparative value method to the deemed rate of return method for calculating FIF income or loss from the interest, the person is treated as having—
(a) disposed of the interest to an unrelated person immediately before the start of the first income year to which the new method applies; and
(b) reacquired it immediately after the start of the year; and
(c) received for the disposal and paid for the reacquisition an amount equal to the interest’s market value at the time.

Changes from deemed rate of return method to comparative value method

(4) If a person holding an attributing interest in a FIF changes from the deemed rate of return method to the comparative value method for calculating FIF income or loss from the interest, the person is treated as having—
(a) disposed of the interest to an unrelated person immediately before the start of the first income year to which the new method applies; and
(b) reacquired it immediately after the start of the year; and
(c) received for the disposal and paid for the reacquisition an amount equal to the interest’s closing book value.
(calculated under section EX 45(7)) at the end of the previous income year.

**Defined:** accounting period, accounting profits method, amount, attributing interest, branch equivalent method, calculation method, comparative value method, deemed rate of return method, FIF, FIF income, FIF loss, income year

Compare: 1994 No 164 s CG 24

**Cases of entry into and exit from FIF rules**

**EX 52 Migration of persons holding FIF interests**

**Leaving New Zealand**

(1) **Subsection (2)** applies if a person—
   (a) ceases to be resident in New Zealand; and
   (b) holds an attributing interest in a FIF at the time; and
   (c) for the period before the change of residence, uses the comparative value method or the deemed rate of return method to calculate FIF income or loss from the interest.

**Treatment as sale at market value**

(2) The person is treated as—
   (a) having sold the interest immediately before the change of residence for an amount equal to its market value at the time; and
   (b) not holding the interest when not resident in New Zealand (unless they become resident again and subsections (3) and (4) apply).

**Coming to New Zealand**

(3) **Subsection (4)** applies if a person—
   (a) becomes a resident of New Zealand; and
   (b) holds an attributing interest in a FIF at the time; and
   (c) for the period after the change of residence, uses the comparative value method or the deemed rate of return method to calculate FIF income or loss from the interest.

**Treatment as purchase at market value**

(4) The person is treated as—
   (a) having bought the interest immediately after the change of residence for an amount equal to its market value at the time; and
(b) not holding it when not resident in New Zealand (unless they had previously ceased being resident and subsections (1) and (2) applied).

**Look-through calculation method: relevance of income interest rules**

(5) **Subsection (6)** applies if a person—
(a) ceases to be or starts being resident in New Zealand; and
(b) holds an attributing interest in a FIF at the time; and
(c) for the accounting period in which the change occurs, uses the accounting profits method or deemed rate of return method to calculate FIF income or loss from the interest.

**Income interest rules**

(6) The income interest rule in **section EX 16** is relevant to the calculation of the amount of FIF income or loss for the period.

**Defined:** accounting period, accounting profits method, amount, attributing interest, calculation method, comparative value method, deemed rate of return method, FIF, FIF income, FIF loss, income interest, market value, New Zealand, resident in New Zealand

Compare: 1994 No 164 ss CG 16(4), CG 23(2), (3)

**EX 53 Changes in application of FIF exemptions**

**Exemptions ceasing to apply**

(1) **Subsections (2) and (3)** apply if a person—
(a) holds rights in 1 of the categories of rights described in **section EX 30(2) to (4)**; and
(b) either—
   (i) the rights become an attributing interest in a FIF because 1 of the exemptions in **sections EX 32 to EX 37** ceases to apply; or
   (ii) the person starts having FIF income or loss from the rights because they incur a cost on an attributing interest in a FIF and exceed the $50,000 threshold in **sections CQ 5(1)(d)** (When FIF income arises) and **DN 6(1)(d)** (When FIF loss arises).

**Market value for cost-based methods**
(2) If the person uses the comparative value method or deemed rate of return method to calculate FIF income or loss from the rights for the period following the change, the person is treated as having—
   (a) disposed of the rights to an unrelated person immediately before the change; and
   (b) reacquired them immediately after the change; and
   (c) received for the sale and paid for the repurchase an amount equal to their market value at the time.

Pro-rating under look-through methods
(3) If the change occurs during an accounting period of the FIF and the person uses the accounting profits method or the deemed rate of return method to calculate FIF income or loss from the rights for that period, the FIF income or loss is reduced by subtracting the amount calculated using the formula—

\[
\text{FIF income or loss} \times \frac{\text{days before change}}{\text{days in period}}.
\]

Definition of items in formula
(4) In the formula,—
   (a) **FIF income or loss** is the FIF income or loss of the person from the rights for the period before allowing for the reduction:
   (b) **days before change** is the number of complete days in the period before the change occurs:
   (c) **days in period** is the number of days in the period.

Exemptions applying
(5) **Subsections (2) to (4)** apply if a person—
   (a) holds an attributing interest in a FIF; and
   (b) either—
      (i) the interest ceases to be an attributing interest in a FIF because 1 of the exemptions in **sections EX 32 to EX 35** starts to apply; or
      (ii) the person ceases having FIF income or loss from the interest because they dispose of an attributing interest in a FIF and fall below the $50,000 threshold in **sections CQ 5(1)(d)** (When FIF income arises) and **DN 6(1)(d)** (When FIF loss arises).
Market value for cost-based methods

(6) If the person uses the comparative value method or the deemed rate of return method to calculate FIF income or loss from the interest for the period before the change, the person is treated as having—
(a) disposed of the interest to an unrelated person immediately before the change; and
(b) repurchased it immediately after the change; and
(c) received for the sale and paid for the repurchase an amount equal to its market value at the time.

Pro-rating under look-through methods

(7) If the change occurs during an accounting period of the FIF and the person uses the accounting profits methods or the deemed rate of return method to calculate FIF income or loss from the interest for that period, the FIF income or loss is reduced by subtracting the amount calculated using the formula—

\[
\text{FIF income or loss} \times \frac{\text{days after change}}{\text{days in period}}.
\]

Definition of items in formula

(8) In the formula,—
(a) \textbf{FIF income or loss} is the FIF income or loss of the person from the interest for the period before allowing for the reduction:
(b) \textbf{days after change} is the number of complete days in the period after the change occurs:
(c) \textbf{days in period} is the number of days in the period.

\textbf{Defined:} accounting period, accounting profits method, amount, attributing interest, comparative value method, deemed rate of return method, FIF, FIF income, FIF loss, market value

Compare: 1994 No 164 s CG 23(7), (8)

EX 54 FIFs migrating from New Zealand

When this section applies

(1) This section applies when a person holds rights that become an attributing interest in a FIF because an entity becomes a FIF.

Treatment as sale and repurchase

750
(2) The person is treated as having—
(a) disposed of the interest immediately before the change to an unrelated person; and
(b) repurchased it immediately after the change; and
(c) received for the sale and paid for the repurchase an amount equal to the market value of the interest at the time of the change.

**Pro-rating under look-through methods**

(3) If the change occurs during an accounting period of the FIF and the person uses the accounting profits method or branch equivalent method to calculate FIF income or loss from the rights for that period, section EX 25 does not apply and the FIF income or loss is reduced by subtracting the amount calculated using the formula—

\[
\text{FIF income or loss} \times \frac{\text{days before change}}{\text{days in period}}
\]

**Definition of items in formula**

(4) In the formula,—
(a) **FIF income or loss** is the FIF income or loss of the person from the rights for the period before allowing for the reduction:
(b) **days before change** is the number of complete days in the period before the change occurs:
(c) **days in period** is the number of days in the period.

*Defined:* accounting period, accounting profits method, amount, attributing interest, branch equivalent method, FIF, FIF income, FIF loss, market value, New Zealand

Compare: 1994 No 164 ss CG 14(1)(ca), CG 23(7A)–(7D)

**EX 55 Death of persons holding FIF interests**

**When this section applies**

(1) This section applies when—
(a) a person dies; and
(b) they hold an attributing interest in a FIF at the time; and
(c) the comparative value method or the deemed rate of return method is used to calculate their FIF income or loss for the period before their death.

**Treatment as sale for market value**

751
(2) The person is treated as having sold the interest immediately before death for an amount equal to its market value at the time.

**Defined:** attributing interest, comparative value method, deemed rate of return method, FIF, FIF income, FIF loss, market value

Compare: 1994 No 164 s CG 23(4)

**Measurement of cost**

**EX 56 Measurement of cost**

**When this section applies**

(1) This section applies when the cost of a person’s attributing interest in a FIF is being measured for the purposes of—

(a) the natural person $50,000 exemption in sections CQ 5(1)(d) (When FIF income arises) and DN 6(1)(d) (When FIF loss arises); and

(b) the comparative value method; and

(c) the deemed rate of return method.

**FIFO cost flow identification**

(2) If it is not possible to specifically identify the cost of the interest, because of multiple acquisitions or dispositions or both by the person, the first-in-first-out (FIFO) method of identifying cost flows is applied.

**Share splits or similar**

(3) If the person acquires the interest as the result of a share split, non-taxable bonus issue, or similar event, and the acquisition is not income for the person, subsections (4) and (5) apply.

**Allocation of original cost**

(4) The cost of the interest is a fair allocation (based on market values at the time of the split) of the cost of the original property that is split.

**Allocation replacing original cost**

(5) For the income year in which the split occurs and later,—

(a) the cost allocated to the interest is no longer the cost of the original property that was split; and
(b) the person is treated as having incurred the allocated cost amount on acquiring the interest when the original property was acquired; and

(c) the person is treated as not incurring any other cost on the interest merely because the original property ceases to exist.

Non-monetary cost

(6) If any cost is incurred in kind and not in money, the amount of the cost is equal to the market value of the cost incurred in kind, measured as at the time incurred.

Exclusion of term life insurance element of premiums

(7) If the interest is rights to benefit under a life insurance policy, the cost of the interest excludes a premium incurred in a previous income year (or accounting period) to the extent to which the premium relates only to term life insurance for the previous period and does not increase the policy’s surrender value.

Exclusion of holding costs

(8) The cost of the interest does not include any expenditure under the financial arrangements rules or interest on money borrowed to acquire it, or other holding costs, incurred after its acquisition.

Defined: accounting period, attributing interest, amount, comparative value method, deemed rate of return method, FIF, financial arrangements rules, income, income year, interest, life insurance, life insurance policy, market value, non-taxable bonus issue, premium, share

Compare: 1994 No 164 s CG 14(1)

Change of FIF’s balance date

EX 57 Change of FIF’s balance date

When this section applies

(1) This section applies when a person—

(a) has an attributing interest in a FIF; and

(b) calculates their FIF income or loss from the FIF using the accounting profits method or the branch equivalent method; and
(c) has calculated FIF income or loss from the FIF on the basis of 1 accounting year (old accounting year); and
(d) wants to change to use a different accounting year (new accounting year) for the calculations.

Commissioner’s consent

(2) The person may make the change only if the Commissioner agrees.

Commissioner’s reasons

(3) The Commissioner may take into account any relevant factors when making the decision, including—
(a) whether the change is sought because ownership of the FIF has changed;
(b) whether the change is sought because of taxation or other legal requirements in a country where the FIF is resident or does business;
(c) whether the change would postpone liability to income tax on FIF income.

New accounting year

(4) If the change is approved, the person may use the new accounting year.

Limit on transitional deferral

(5) If, in order to make the transition, the transitional accounting period is more than 1 year and ends in a later income year than the old accounting year ends in, and that would result in an amount of FIF income being derived in the later income year, subsection (6) applies and section CQ 5(1)(f) (When FIF income arises) does not.

Income pro-rated over whole period

(6) For the transitional accounting period, the FIF income is divided by the number of days in the period and the resulting amount is FIF income of the person derived on each day in the period.

Defined: accounting period, accounting profits method, accounting year, amount, attributing interest, branch equivalent method, business, Commissioner, FIF, FIF income, FIF loss, income tax, income year

Compare: 1994 No 164 s CG 16(8)–(10)

**Market value rules**

### EX 58 Market value of life policy and superannuation entitlements

**When this section applies**

(1) This section applies when, in order to calculate a person’s FIF income or loss, it is necessary to calculate the market value of a person’s rights to benefit under a life insurance policy or as a beneficiary under a superannuation scheme.

**Value of life insurance policy**

(2) The market value of rights to benefit under a life insurance policy is equal to their surrender value.

**Limit to subsection (2)**

(3) Subsection (2) applies only for the purpose of calculating the cost of a person’s rights to benefit from a life insurance policy under—

(a) section EX 52(4); and

(b) section EX 53(2); and

(c) section EZ 1 (FIF interests held on 1 April 1993).

**Value of superannuation scheme entitlement**

(4) The market value at any time of a person’s rights to benefit under a superannuation scheme is equal to the total of costs incurred up to that time by the person (or on their behalf) on acquiring the rights if—

(a) it is not reasonably practicable to calculate the actual market value; and

(b) they have not derived any material gain from the rights up to that time.

**Defined:** FIF income, FIF loss, life insurance policy, loss, market value, superannuation scheme

Compare: 1994 No 164 s CG 23(9)

### EX 59 Non-market transactions in FIF interests

**Section GD 14** (Attributing interests in FIFs) applies to acquisitions and dispositions of attributing interests in FIFs when the
comparative value method or the deemed rate of return method is used.

Defined: attributing interest, comparative value method, deemed rate of return method, FIF

Compare: 1994 No 164 s CG 23(5), (6)

Commissioner’s default assessment power

EX 60 Commissioner’s default assessment power

When this section applies

(1) This section applies when—
(a) a person has failed to disclose their control interest or income interest in a CFC or attributing interest in a FIF, under section 61 of the Tax Administration Act 1994; or
(b) a person has failed to disclose information regarding their control interest or income interest in a CFC or attributing interest in a FIF, requested under section 17 of the Tax Administration Act 1994; or
(c) a person cannot obtain enough information to calculate their attributed CFC income or loss, FIF income or loss, or attributed repatriation for a period.

Commissioner’s power

(2) The Commissioner may make an assessment of the amount of attributed CFC income or loss, FIF income or loss, or attributed repatriation for the relevant period.

Examples of methods

(3) Without limiting the Commissioner’s discretion, the assessment may be based on any of the following:
(a) the accounts of the CFC or FIF for the relevant period prepared for tax authorities, creditors, shareholders, or others:
(b) the application of a rate of presumed increase of 10% or more (compounding annually) to the CFC’s or FIF’s branch equivalent income calculated under section EX 21 for a previous period:
(c) the application of a rate of presumed increase of 10% or more (compounding annually) to the CFC’s or FIF’s accounting profits as shown in its accounts for a previous period:
(d) an imputed rate of return on the market value of the interest at the start of the period:
(e) the actual gains or losses of the person in the period from holding or disposing of the interest:
(f) the change in the market value of the interest over the period.

Defined: amount, assessment, attributed CFC income, attributed CFC loss, attributed repatriation, attributing interest, branch equivalent income, CFC, Commissioner, control interest, FIF, FIF income, FIF loss, income interest, loss, market value, shareholder

Compare: 1994 No 164 s CG 25

Subpart EY—Life insurance rules

EY 48 Non-resident life insurer may become resident
Introductory provisions

EY 1 What this subpart applies to

Life insurance rules
(1) This subpart applies to the life insurance rules.

Meaning of life insurance rules
(2) Life insurance rules means—
(a) the sections in this subpart; and
(b) subpart CR (Income from life insurance); and
(c) section CX 34 (Life insurers and fully reinsured persons); and
(d) subpart DR (Life insurance business expenditure); and
(e) section DZ 1 (Life insurers acquiring property before 1 April 1988); and
(f) section EZ 25 (Life insurers acquiring property before 1 April 1988); and
(g) section GD 7 (Distribution of property to policyholders); and
(h) section GD 8 (Superannuation schemes); and
(i) subpart II (Losses: life insurers).

Defined: life insurance rules

Compare: 1994 No 164 ss OB 1 “life insurance rules”, OZ 1(1)

EY 2 Matters to which this subpart relates

The matters to which this subpart relates are—
(a) the meaning of actuarial reserves, claim, life insurer, life insurance, and life reinsurance (sections EY 3 to EY 13):
(b) life insurers’ premium loading (sections EY 14 to EY 23):
(c) life insurers’ mortality profit (sections EY 24 to EY 33):
(d) life insurers’ discontinuance profit (sections EY 34 to EY 40):
(e) life insurers’ policyholder income (sections EY 41 to EY 44):
(f) life insurers’ income and deductions when disposing of property (sections EY 45 and EY 46):
(g) non-resident life insurers (sections EY 47 and EY 48).

Defined: actuarial reserves, claim, deduction, discontinuance profit, income, life insurance, life reinsurance, life insurer, mortality profit, non-resident, premium loading, property
EY 3 Meaning of actuarial reserves

Meaning
(1) **Actuarial reserves** means a life insurer’s reserves as calculated under section EY 4.

Link between actuarial reserves and life insurer
(2) Actuarial reserves, for a life insurer at any time, means the life insurer’s actuarial reserves at that time.

Defined: actuarial reserves, life insurer

Compare: 1994 No 164 s CM 8(1)

EY 4 Actuarial reserves: calculation

Calculation by actuary
(1) The life insurer’s actuarial reserves must be calculated by an actuary.

All reserves or 1 or more amounts
(2) The actuary may calculate either—
(a) the actuarial reserves for all the life insurance policies for which the life insurer is the insurer; or
(b) the amount in the life insurer’s actuarial reserves for 1 or more life insurance policies for which the life insurer is the insurer.

Interest, mortality, and other assumptions and bases of calculation
(3) The actuary must do the calculation using interest, mortality, and other assumptions and bases of calculation that—
(a) are based on the same principles as those used in the actuarial advice on which the following are calculated:
   (i) the level of surplus funds available to the life insurer for allotment or payment to shareholders or policyholders; or
   (ii) the level of surplus funds available to the life insurer, if a superannuation scheme, for allotment to objects of the scheme other than the object of providing for members’ benefits; and
(b) are likely to produce a reasonable estimation of the future experience of the life insurer in relation to life insurance policies of which the life insurer is the
insurer, having regard to the past experience of the life insurer in relation to life insurance policies of which the life insurer was the insurer; and

(c) conform with commercially acceptable practice.

Reserves for policy never negative

(4) The amount in the actuarial reserves for a life insurance policy must never be negative.

Reserves for all policies never less than total of surrender values

(5) The actuarial reserves at any time must not be less than the total of the surrender values of all the life insurance policies they cover at that time.

Reserves for policies same at end of one, and start of next, income year

(6) The amount in the actuarial reserves for life insurance policies at the start of an income year is the same as the amount in the actuarial reserves for the life insurance policies at the end of the previous income year.

Effect of partial reinsurance

(7) The actuarial reserves of a life insurer who has partial reinsurance must be reduced by an amount that the actuary responsible for actuarial control of the life insurer considers appropriate having regard to the nature of the life reinsurance policies.

Defined: actuarial reserves, actuary, amount, income year, life insurance policy, life insurer, life reinsurance policy, partial reinsurance, payment, shareholder, superannuation scheme

Compare: 1994 No 164 ss CM 8(1), (2)(a), (b), CM 13(1)(d)

EY 5 Actuarial reserves: actuary’s declaration

Content

(1) The actuary responsible for actuarial control of a life insurer must provide, with the life insurer’s return of income, a declaration that—

(a) states that the actuary is the actuary responsible for actuarial control of the life insurer; and

(b) states the specific interest, mortality, and other assumptions and bases of calculation applied in calculating the
life insurer’s premium loading, mortality profit, discontinuance profit, and policyholder income or policyholder net loss for the income year of the return; and

(c) states that the assumptions and bases of calculation comply with section EY 4.

Form

(2) The declaration must be in the form, if any, required by the Commissioner.

Defined: actuarial reserves, actuary, Commissioner, discontinuance profit, income year, life insurer, mortality profit, policyholder income, policyholder net loss, premium loading, return of income

Compare: 1994 No 164 s CM 8(2)(c)

EY 6 Actuarial reserves: powers of Commissioner

Seek advice from Government Actuary or other actuary

(1) The Commissioner may seek the advice of the Government Actuary or any other actuary on the interest, mortality, and other assumptions and bases of calculation used by the actuary who did the calculation under section EY 4(3).

Assess on different basis

(2) Whether or not the Commissioner seeks or obtains any such advice, the Commissioner may make an assessment for a life insurer and an income year on the basis of interest, mortality, and other assumptions and bases of calculation different from those used by the actuary who did the calculation under section EY 4(3).

Defined: actuarial reserves, actuary, assessment, Commissioner, income year, life insurer

Compare: 1994 No 164 s CM 8(3)

EY 7 Meaning of claim

Meaning in life insurance rules

(1) In the life insurance rules, claim—

(a) means the amount that a life insurer is liable to pay under a life insurance policy because the contingency against which the life insured is covered under the policy has occurred. Subsections (2) to (5) expand on “the amount that a life insurer is liable to pay”:
(b) includes a payment made by a life insurer on the transfer of some or all of its life insurance business:
(c) in the expression “claim arising”, does not have the meaning given to the word “claim” in paragraph (a) or (b).

Includes cash and non-cash benefits
(2) For the purposes of subsection (1)(a), the amount that a life insurer is liable to pay includes—
(a) a payment on the death of a life insured:
(b) a payment on maturity:
(c) a payment of a cash bonus:
(d) a payment on the surrender of a policy:
(e) an annuity payment:
(f) a benefit other than in cash.

Does not include advance or amount in actuarial reserves
(3) For the purposes of subsection (1)(a), the amount that a life insurer is liable to pay does not include—
(a) an advance against the security of the policy; or
(b) a bonus or other discretionary amount added to the actuarial reserves.

Means amount before certain subtractions
(4) For the purposes of subsection (1)(a), the amount that a life insurer is liable to pay means the amount before the subtraction of the following amounts payable to the life insurer:
(a) an advance against the security of the policy; and
(b) an unpaid premium for the policy; and
(c) interest on an amount referred to in paragraph (a) or (b).

Amount may be zero
(5) For the purposes of subsection (1)(a), the amount that a life insurer is liable to pay may be zero.

Defined: actuarial reserves, amount, claim, interest, life insurance, life insurance policy, life insurance rules, life insured, life insurer, pay, payment, premium

Compare: 1994 No 164 s OB 1 “claim”

EY 8 Meaning of life insurance

Meaning
(1) Life insurance means insurance under which—
(a) person A (life insurer) is liable to provide person B (policyholder) with a benefit described in subsection (2); and
(b) the life insurer is entitled to receive consideration in return, either from the policyholder or from some other person.

Benefits
(2) The benefits are—
(a) a benefit whose payment is contingent on the death of 1 or more human beings, including an annuity whose term is contingent on human life; or
(b) a benefit whose payment is contingent on the survival of 1 or more human beings to a date, or an age, specified as part of the insurance, including an annuity whose term is contingent on human life; or
(c) a benefit that is an annuity whose term is not contingent on human life, if the life insurer enters into the arrangement to provide the annuity as part of their business of providing life insurance.

Exclusion: death benefits provided under accident or medical insurance
(3) Life insurance does not include accident or medical insurance under which—
(a) 1 or more benefits are payable for the death of the person whose life is insured; and
(b) all the benefits referred to in paragraph (a) are—
   (i) payable incidentally to the provision of accident or medical benefits; or
   (ii) payable if the death is caused by a specified cause named in the policy.

Exclusion: death benefits provided by superannuation funds
(4) Life insurance does not include an arrangement in which—
(a) a superannuation fund is liable to pay, as a benefit to a beneficiary of the fund, a lump sum on—
   (i) the death of 1 or more human beings specified in the trust deed; or
(ii) the survival of 1 or more human beings specified in the trust deed to a date, or an age, specified in the trust deed; and
(b) the lump sum is made up of—
   (i) superannuation contributions made by or for the beneficiary; and
   (ii) allocated investment earnings attributable to contributions made by or for the beneficiary; and
   (iii) any other allocation from the profits of the superannuation fund attributable to contributions made by or for the beneficiary.

Defined: arrangement, business, life insurance, life insurer, pay, payment, superannuation contribution, superannuation fund

Compare: 1994 No 164 ss CM 2, OB 1 “life insurance”

EY 9 Meaning of life insurance policy

Life insurance policy means a policy to the extent to which it states the terms under which life insurance is covered.

Defined: life insurance, life insurance policy

EY 10 Meaning of life insurer

Meaning

(1) Life insurer means a person carrying on a business of providing life insurance.

Exclusion

(2) A person carrying on a business of providing life insurance in an income year is treated as not carrying on a business of providing life insurance while the person has full reinsurance.

Inclusion

(3) An association of persons, a body of persons, or a trustee is treated as carrying on a business of providing life insurance to the extent to which—
   (a) the association, body, or trustee provides life insurance; and
   (b) the consideration for the provision is something other than natural love and affection.

Parties to policies treated as being unrelated
(4) Every life insurance policy entered into by the association, body, or trustee as insurer is treated as entered into with an unrelated party, even if the life insurer and the policyholder are, for example,—
   (a) an association and a member of the association; or
   (b) a trustee and a beneficiary of the trust.

Relationship with section HF 1

(5) Section HF 1 (Profits of mutual associations in respect of transactions with members) does not apply to the business of providing life insurance of the association, body, or trustee.

Defined: business, full reinsurance, income year, life insurance, life insurance policy, life insurer, trustee

Compare: 1994 No 164 ss CM 12, CM 14, OB 1 “life insurer”

EY 11 Meaning of life reinsurance

Meaning

(1) Life reinsurance means insurance provided to a life insurer by another person (person C), under which person C secures the life insurer, fully or partially, against the life insurer’s liability under a life insurance policy.

Full reinsurance

(2) The life insurer has full reinsurance if all the following apply:
   (a) the life insurer offered or was offered or entered into a life insurance policy or policies—
      (i) in the case of a life insurer resident in New Zealand, as part of their business of providing life insurance; or
      (ii) in the case of a life insurer not resident in New Zealand, as part of their New Zealand business; and
   (b) the life insurer holds a life reinsurance policy or policies covering every life insurance policy described in paragraph (a); and
   (c) the life insurer is fully secured against liability under the life insurance policy or policies by the life reinsurance policy or policies; and
   (d) the life insurer offered or was offered or entered into the life reinsurance policy or policies in New Zealand.
Partial reinsurance

(3) The life insurer has partial reinsurance if all the following apply:

(a) the life insurer—

(i) holds a life reinsurance policy or policies fully securing them against liability for 1 or some, but not all, of the life insurance policies described in paragraph (b); or

(ii) holds a life reinsurance policy or policies for all the life insurance policies described in paragraph (b) but only partially securing them against liability; or

(iii) holds a life reinsurance policy or policies partially securing them against liability for 1 or some, but not all, of the life insurance policies described in paragraph (b); and

(b) the life insurer offered or was offered or entered into the life insurance policy or policies covered by the life reinsurance policy or policies,—

(i) in the case of a life insurer resident in New Zealand, as part of their business of providing life insurance; or

(ii) in the case of a life insurer not resident in New Zealand, as part of their New Zealand business; and

(c) the life insurer offered or was offered or entered into the life reinsurance policy or policies in New Zealand.

Life reinsurer

(4) Life reinsurer means a person in the position of person C.

**Defined:** business, full reinsurance, life insurance, life insurance policy, life insurer, life reinsurance, life reinsurance policy, life reinsurer, New Zealand business, offered or entered into in New Zealand, partial reinsurance, resident in New Zealand

Compare: 1994 No 164 ss CM 12, CM 13(1)(a)

**EY 12 Meaning of life reinsurance policy**

Life reinsurance policy means a policy to the extent to which it states the terms under which life reinsurance is covered.

**Defined:** life reinsurance, life reinsurance policy
EY 13 Life insurance and life reinsurance: how sections relate

**Life insurance definitions**

(1) Sections EY 8 to EY 10 define terms relating to life insurance.

**Life reinsurance definitions**

(2) Sections EY 11 and EY 12 defines terms relating to life reinsurance.

**Life insurance term usually includes life reinsurance term**

(3) A reference in this Act to any of the terms defined in sections EY 8 to EY 10 includes the equivalent term in sections EY 1 and EY 12—for example, life insurer includes life reinsurer—unless the provision in which the term is used indicates otherwise.

*Defined:* life insurance, life insurer, life reinsurance, life reinsurer

**Premium loading**

EY 14 How premium loading is calculated

**Life insurer providing life insurance at start of income year**

(1) Section EY 15 sets out the steps that a life insurer follows to calculate the life insurer’s premium loading for an income year if the life insurer is in the business of providing life insurance at the start of the income year.

**Life insurer not providing life insurance at start of income year**

(2) Section EY 16 sets out the steps that a life insurer follows to calculate the life insurer’s premium loading for an income year if the life insurer starts the business of providing life insurance in the income year.

**Premium loading formula (life)**

(3) Section EY 17(1) sets out the premium loading formula (life). This is the formula a life insurer applies, as the first step in calculating the life insurer’s premium loading for an income year, to a life insured under a life insurance policy, except to
the extent to which an annuity is being paid under the policy at some time in the income year.

**Premium loading formula (active annuities)**

(4) **Section EY 17(2)** sets out the premium loading formula (active annuities). This is the formula a life insurer applies, as the first step in calculating the life insurer’s premium loading for an income year, to a life insured under a life insurance policy, to the extent to which an annuity is being paid under the policy at some time in the income year.

**Defined:** business, income year, life insurance, life insurance policy, life insured, life insurer, pay, premium loading, premium loading formula

Compare: 1994 No 164 s CM 6(1), (3)

**EY 15 Premium loading: when life insurers providing life insurance at start of income year**

**Calculating premium loading**

(1) If a life insurer is in the business of providing life insurance at the start of an income year, the life insurer calculates their premium loading for the income year by following the steps in subsection (2).

**Steps**

(2) The steps are,—

(a) first, apply the relevant premium loading formula to calculate an amount for each life insured under each life insurance policy existing at the start of the income year:

(b) second, for each such life insurance policy, add together the amounts for the lives insured under it:

(c) third, add together the totals reached under paragraph (b).

**Defined:** amount, business, income year, life insurance, life insurance policy, life insured, life insurer, premium loading, premium loading formula

Compare: 1994 No 164 s CM 6(1)

**EY 16 Premium loading: when life insurers not providing life insurance at start of income year**

**Calculating premium loading**

(1) If a life insurer has started to carry on a business of providing life insurance in an income year, the life insurer calculates the
life insurer’s premium loading for the income year by following the steps in subsection (2).

Steps

(2) The steps are,—

(a) first, apply the relevant premium loading formula, adjusted as described in section EY 18, to calculate an amount for each life insured under each life insurance policy existing at some time in the income year;

(b) second, for each such life insurance policy, add together the amounts for the lives insured under it;

(c) third, add together the totals reached under paragraph (b).

Defined: amount, business, income year, life insurance, life insurance policy, life insured, life insurer, premium loading, premium loading formula

Compare: 1994 No 164 s CM 6(3)

EY 17 Premium loading formulas

Premium loading formula (life)

(1) The premium loading formula (life) is—

\[ 0.2 \times \text{claim probability} \times (\text{opening sum assured} - \text{opening actuarial reserves}) \]

Premium loading formula (active annuities)

(2) The premium loading formula (active annuities) is—

\[ 0.01 \times \text{claim probability} \times \text{opening actuarial reserves} \]

Definition of items in formulas

(3) The items in the formulas are defined in subsections (4) to (6).

Claim probability

(4) Claim probability is the probability of a claim arising under the policy for the life insured’s death in the income year. It is determined at the start of the income year using the same mortality assumptions as are used to calculate the life insurer’s actuarial reserves at the start of the income year. It is expressed as a decimal. Variations to claim probability are in sections EY 18(2) and EY 19(2).

Opening sum assured
(5) **Opening sum assured** is the claim that would be payable under the policy for the life insured’s death in the income year or, if no such claim would be payable, the claim that would be payable under the policy for the life insured’s survival to the relevant date or age specified in the policy. It is determined at the start of the income year. It may be zero. Variations to **opening sum assured** are in sections EY 18(3), EY 20(2), EY 21(3), and EY 22(2).

**Opening actuarial reserves**

(6) **Opening actuarial reserves** is the amount in the life insurer’s actuarial reserves for the life insured under the policy. It is determined at the start of the income year. A variation to **opening actuarial reserves** is in section EY 18(4).

*Defined:* actuarial reserves, amount, claim, income year, life insured, life insurer, pay, premium loading formula

Compare: 1994 No 164 s CM 6(1)

**EY 18 Premium loading formulas: when life insurers not providing life insurance at start of income year**

**When this section applies**

(1) This section applies when a life insurer has started to carry on a business of providing life insurance in an income year.

**Claim probability**

(2) In applying the relevant premium loading formula, the life insurer treats the reference in **claim probability** to the start of the income year as a reference to the date on which the life insurance policy started to cover the life insured.

**Opening sum assured**

(3) In applying the premium loading formula (life), the life insurer treats the reference in **opening sum assured** to the start of the income year as a reference to the date on which the life insurance policy started to cover the life insured.

**Opening actuarial reserves**

(4) In applying the relevant premium loading formula, the life insurer treats the reference in **opening actuarial reserves** to
the start of the income year as a reference to the end of the income year.

**Defined:** business, income year, life insurance, life insurance policy, life insurer, premium loading formula

Compare: 1994 No 164 s CM 6(3)

**EY 19 Premium loading formulas: option when more than 1 life insured**

**When this section applies**

(1) This section applies when a life insurance policy covers more than 1 life insured.

**Claim probability**

(2) In applying the relevant premium loading formula, the life insurer may use as **claim probability** a common factor for all the lives insured under the policy.

**Features of common factor**

(3) The common factor must be a reasonable approximation of the average probability of a claim arising under the policy for each life insured’s death in the income year. It must be weighted as necessary to take account of—

(a) differing claims for individual lives insured under the policy; and

(b) differing amounts in the life insurer’s actuarial reserves for individual lives insured under the policy.

**Defined:** actuarial reserves, amount, claim, income year, life insurance policy, life insured, life insurer, premium loading formula

Compare: 1994 No 164 s CM 6(2)

**EY 20 Premium loading formula (life): when annuity payable on death**

**When this section applies**

(1) This section applies when, and to the extent to which, a life insurance policy provides for the payment of an annuity the start of which is contingent on the life insured’s death.

**Opening sum assured**
(2) In applying the premium loading formula (life), the life insurer uses as opening sum assured the net present value of the annuity. The net present value is determined—
(a) at the start of the income year; and
(b) on the assumption that the life insured died at the start of the income year; and
(c) using the same assumptions and bases of calculation as are used to calculate the life insurer’s actuarial reserves for the income year.

**Defined:** actuarial reserves, income year, life insurance policy, life insured, life insurer, payment, premium loading formula

Compare: 1994 No 164 s CM 6(4)

**EY 21 Premium loading formulas: when annuity payable on survival to date or age specified in policy**

**When this section applies**

(1) This section applies when, and to the extent to which, a life insurance policy provides for the payment of an annuity the start of which is contingent on the life insured’s survival to the relevant date or age specified in the policy.

**Claim probability**

(2) In applying the relevant premium loading formula, the life insurer must use claim probability as defined in section EY 17(4), without regard to the fact that the payment of the annuity is not contingent on the life insured’s death.

**Opening sum assured**

(3) In applying the premium loading formula (life), the life insurer must use as opening sum assured the net present value of the annuity. The net present value is determined—
(a) at the relevant date or age specified in the policy; and
(b) on the assumption that the life insured survived to the date or age; and
(c) using the same assumptions and bases of calculation as are used to calculate the life insurer’s actuarial reserves for the income year.

**Defined:** actuarial reserves, income year, life insurance policy, life insured, life insurer, payment, premium loading formula

Compare: 1994 No 164 s CM 6(5)
Part E cl EY 22  Income Tax

**EY 22 Premium loading formula (life): when partial reinsurance exists**

**When this section applies**

(1) This section applies when a life insurer has partial reinsurance.

**Opening sum assured**

(2) In applying the premium loading formula (life), the life insurer must reduce opening sum assured by the claim receivable by the life insurer under the life reinsurance policy for the contingency against which the life insured is covered under the life insurance policy.

*Defined:* claim, life insurance policy, life insured, life insurer, life reinsurance policy, partial reinsurance, premium loading formula

Compare: 1994 No 164 s CM 13(1)(a), (b)

**EY 23 Premium loading formulas: individual result may never be negative**

If a life insurer gets a negative result from applying a premium loading formula to a life insured under a life insurance policy for an income year, the result is treated as zero.

*Defined:* income year, life insurance policy, life insured, life insurer, premium loading formula

Compare: 1994 No 164 s CM 6(6)

*Mortality profit*

**EY 24 How mortality profit is calculated**

**Life insurer providing life insurance at start of income year**

(1) *Section EY 25* sets out the steps that a life insurer follows to calculate their mortality profit for an income year if they are in the business of providing life insurance at the start of the income year.

**Life insurer not providing life insurance at start of income year**

(2) *Section EY 26* sets out the steps that a life insurer follows to calculate their mortality profit for an income year if they start the business of providing life insurance in the income year.
Mortality profit formula

(3) Section EY 27 sets out the mortality profit formula that a life insurer applies, as the first step in calculating the life insurer’s mortality profit for an income year, to a life insured under a life insurance policy.

Defined: business, income year, life insurance, life insurance policy, life insured, life insurer, mortality profit, mortality profit formula

Compare: 1994 No 164 s CM 5(1), (3)

EY 25 Mortality profit: when life insurers providing life insurance at start of income year

Calculating mortality profit

(1) If a life insurer is in the business of providing life insurance at the start of an income year, the life insurer calculates the life insurer’s mortality profit for the income year by following the steps in subsection (2).

Steps

(2) The steps are,—

(a) first, apply the mortality profit formula to calculate an amount for each life insured under each life insurance policy existing at the start of the income year;

(b) second, for each such life insurance policy, add together the amounts for the lives insured under it;

(c) third, add together the totals reached under paragraph (b);

(d) fourth, if the result is positive, take it as the mortality profit. If the result is negative, sections EY 32 and EY 33 apply.

Defined: amount, business, income year, life insurance, life insurance policy, life insured, life insurer, mortality profit, mortality profit formula

Compare: 1994 No 164 s CM 5(1)

EY 26 Mortality profit: when life insurers not providing life insurance at start of income year

Calculating mortality profit

(1) If a life insurer has started to carry on a business of providing life insurance in an income year, the life insurer calculates the life insurer’s mortality profit for the income year by following the steps in subsection (2).
Steps

(2) The steps are,—
   (a) first, apply the mortality profit formula, adjusted as described in section EY 28, to calculate an amount for each life insured under each life insurance policy existing at some time in the income year:
   (b) second, for each such life insurance policy, add together the amounts for the lives insured under it:
   (c) third, add together the totals reached under paragraph (b):
   (d) fourth, if the result is positive, take it as the mortality profit. If the result is negative, sections EY 32 and EY 33 apply.

Defined: amount, business, income year, life insurance, life insurance policy, life insured, life insurer, mortality profit, mortality profit formula

Compare: 1994 No 164 s CM 5(3)

EY 27 Mortality profit formula

Formula

(1) The mortality profit formula is—
   claim probability \times (opening sum assured − opening actuarial reserves) − (closing sum assured − opening actuarial reserves).

Definition of items in formula

(2) The items in the formula are defined in subsections (3) to (8).

Claim probability

(3) Claim probability is the probability of a claim arising under the policy for the life insured’s death in the income year. It is determined at the start of the income year using the same mortality assumptions as are used to calculate the life insurer’s actuarial reserves at the start of the income year. It is expressed as a decimal. Variations to claim probability are in sections EY 28(2) and EY 29(2).

Opening sum assured

(4) Opening sum assured is the claim that would be payable under the policy for the life insured’s death in the income year. It is determined at the start of the income year. It may be
zero. Variations to opening sum assured are in sections EY 28(3), EY 30(2), and EY 31(2).

Opening actuarial reserves

(5) Opening actuarial reserves is the amount in the life insurer’s actuarial reserves for the life insured under the policy. It is determined at the start of the income year. A variation to opening actuarial reserves is in section EY 28(4).

Closing sum assured if life insured dies in current income year

(6) If a life insured dies in the income year to which the formula is being applied, closing sum assured is the claim payable under the policy for the death. It may be zero. A variation to closing sum assured is in section EY 31(3).

Closing sum assured if life insured dies in 1990–91 income year or year up to current income year

(7) If a life insured dies in the 1990–91 income year or a later income year before the income year to which the formula is being applied, and the claim has not already been included in closing sum assured for an income year, closing sum assured is the claim payable under the policy for the death. It may be zero. A variation to closing sum assured is in section EY 31(3).

Closing sum assured if subsections (6) and (7) do not apply

(8) If subsections (6) and (7) do not apply, closing sum assured is the same as opening actuarial reserves.

De®ned: actuarial reserves, amount, claim, income year, life insured, life insurer, mortality pro®t formula, pay

Compare: 1994 No 164 s CM 5(1)

EY 28 Mortality profit formula: when life insurers not providing life insurance at start of income year

When this section applies

(1) This section applies when a life insurer starts to carry on a business of providing life insurance in an income year.

Claim probability
(2) In applying the mortality profit formula, the life insurer treats the reference in claim probability to the start of the income year as a reference to the date on which the life insurance policy started to cover the life insured.

Opening sum assured

(3) In applying the mortality profit formula, the life insurer treats the reference in opening sum assured to the start of the income year as a reference to the date on which the life insurance policy started to cover the life insured.

Opening actuarial reserves

(4) In applying the mortality profit formula, the life insurer treats the reference in opening actuarial reserves to the start of the income year as a reference to the end of the income year.

Defined: business, income year, life insurance, life insurance policy, life insurer, mortality profit formula

Compare: 1994 No 164 s CM 5(3)

EY 29 Mortality profit formula: option when more than 1 life insured

When this section applies

(1) This section applies when a life insurance policy covers more than 1 life insured.

Claim probability

(2) In applying the mortality profit formula, the life insurer may use as claim probability a common factor for all the lives insured under the policy.

Features of common factor

(3) The common factor must be a reasonable approximation of the average probability of a claim arising under the policy for each life insured’s death in the income year. It must be weighted as necessary to take account of—

(a) differing claims for individual lives insured under the policy; and
(b) differing amounts in the life insurer’s actuarial reserves for individual lives insured under the policy.

**Defined:** actuarial reserves, amount, claim, income year, life insurance policy, life insured, life insurer, mortality profit formula

Compare: 1994 No 164 s CM 5(2)

**EY 30 Mortality profit formula: when annuity payable on death**

**When this section applies**

(1) This section applies when, and to the extent to which, a life insurance policy provides for the payment of an annuity the start of which is contingent on the life insured’s death.

**Opening sum assured**

(2) In applying the mortality profit formula, the life insurer uses as **opening sum assured** the net present value of the annuity. The net present value is determined—

(a) at the start of the income year; and

(b) on the assumption that the life insured died at the start of the income year; and

(c) using the same assumptions and bases of calculation as are used to calculate the life insurer’s actuarial reserves for the income year.

**Defined:** actuarial reserves, income year, life insurance policy, life insured, life insurer, mortality profit formula, pay, payment

Compare: 1994 No 164 s CM 5(4)

**EY 31 Mortality profit formula: when partial reinsurance exists**

**When this section applies**

(1) This section applies when a life insurer has partial reinsurance.

**Opening sum assured**

(2) In applying the mortality profit formula, the life insurer must reduce **opening sum assured** by the claim receivable by the life insurer under the life reinsurance policy for the contingency against which the life insured is covered under the life insurance policy.
Closing sum assured

(3) In applying the mortality profit formula, the life insurer must reduce closing sum assured by the claim receivable by the life insurer under the life reinsurance policy for the contingency against which the life insured is covered under the life insurance policy.

Defined: claim, life insurance policy, life insured, life insurer, life reinsurance policy, mortality profit formula, partial reinsurance

Compare: 1994 No 164 s CM 13(1)(a)

EY 32 Mortality profit formula: individual result may be negative only in some cases

Rule: not negative

(1) If a life insurer gets a negative result from applying the mortality profit formula to a life insured under a life insurance policy for an income year, the result is treated as zero. However, a negative result is not treated as zero if 1 of the exclusions in subsections (2) to (4) applies.

Exclusion: death in income year

(2) The first exception is when the life insured died in the income year.

Exclusion: death in 1990–91 income year or later

(3) The second exception is when—
   (a) the life insured died in the 1990–91 income year or a later income year before the income year to which the formula is being applied; and
   (b) the claim has not already been included in closing sum assured for an income year.

Exclusion: annuity being paid

(4) The third exception is when, and to the extent to which, the benefit under the policy is an annuity that is being paid at some time in the income year.

Defined: claim, income year, life insurance policy, life insured, life insurer, mortality profit formula, pay

Compare: 1994 No 164 s CM 5(5)
EY 33 Mortality profit formula: negative result

When this section applies
(1) This section applies when a life insurer is allowed a deduction under section DR 1 (Mortality profit formula: negative result).

Amount of deduction
(2) The amount of the deduction is the negative result.

Timing of deduction
(3) The life insurer is allowed the deduction for the income year.

Discontinuance profit

EY 34 How discontinuance profit is calculated

Life insurer providing life insurance at any time
(1) Section EY 35 sets out the steps that a life insurer follows to calculate the life insurer’s discontinuance profit for an income year.

Discontinuance profit formula (existing policies)
(2) Section EY 36 sets out the discontinuance profit formula (existing policies). This is the formula a life insurer applies, as the first step in calculating the life insurer’s discontinuance profit for an income year, to a life insurance policy that exists at the start of the income year and to which 1 of the following applies in the income year:
(a) it terminates, wholly or partly, for a reason other than the life insured’s death or the life insured’s survival to the relevant date or age specified in the policy; or
(b) a claim is paid under it for a reason other than the life insured’s death or the life insured’s survival to the relevant date or age specified in the policy.

Discontinuance profit formula (new policies)
(3) Section EY 37 sets out the discontinuance profit formula (new policies). This is the formula a life insurer applies, as the first step in calculating the life insurer’s discontinuance profit for
an income year, to a life insurance policy to which both the following apply:
(a) it does not exist at the start of the income year; and
(b) it terminates in the income year for a reason other than the life insured’s death or the life insured’s survival to the relevant date or age specified in the policy.

Defined: claim, discontinuance profit, discontinuance profit formula, income year, life insurance, life insurance policy, life insured, life insurer, pay

Compare: 1994 No 164 s CM 7(1)

EY 35 Discontinuance profit for income year

Calculating discontinuance profit

(1) A life insurer calculates the life insurer’s discontinuance profit for an income year by following the steps in subsection (2).

Steps

(2) The steps are,—
(a) first, apply the relevant discontinuance profit formula to calculate an amount for each life insurance policy existing at some time in the income year:
(b) second, add all the amounts together.

Defined: amount, discontinuance profit, discontinuance profit formula, income year, life insurance policy, life insurer

Compare: 1994 No 164 s CM 7(1)

EY 36 Discontinuance profit formula (existing policies)

Formula

(1) The discontinuance profit formula (existing policies) is—
pre-termination actuarial reserves − post-termination actuarial reserves − termination payment.

Definition of items in formula

(2) The items in the formula are defined in subsections (3) to (5).

Pre-termination actuarial reserves

(3) **Pre-termination actuarial reserves** is the amount in the life insurer’s actuarial reserves for the life insurance policy, determined immediately before the event described in section EY 34(2)(a) or (b). It is calculated using the same assumptions.
and bases of calculation as were used at the start of the income year to calculate the amount in the life insurer’s actuarial reserves for the policy.

**Post-termination actuarial reserves**

(4) Post-termination actuarial reserves is the amount in the life insurer’s actuarial reserves for the life insurance policy, determined immediately after the event described in section EY 34(2)(a) or (b) and having regard to the fact that the event has occurred. It is calculated using the same assumptions and bases of calculation as were used at the start of the income year to calculate the amount in the life insurer’s actuarial reserves for the policy.

**Termination payment**

(5) Termination payment is the claim payable by the life insurer on the occurrence of the event described in section EY 34(2)(a) or (b). It may be zero. A variation to termination payment is in section EY 38(2).

**Defined:** actuarial reserves, amount, claim, discontinuance profit formula, income year, life insurance policy, life insurer, pay

Compare: 1994 No 164 s CM 7(1)(a)

**EY 37 Discontinuance profit formula (new policies)**

**Formula**

(1) The discontinuance profit formula (new policies) is—

\[
\text{premium} - \text{termination payment}
\]

**Definition of items in formula**

(2) The items in the formula are defined in subsections (3) and (4).

**Premium**

(3) Premium is all the premiums paid to the life insurer for the life insurance policy, including a premium due before, but paid after, it terminates. A variation to premium is in section EY 39(2).

**Termination payment**
(4) **Termination payment** is the claim payable by the life insurer when the life insurance policy terminates. It may be zero. A variation to **termination payment** is in **section EY 39(3)**.

Defined: business, claim, discontinuance profit formula, life insurance policy, life insurer, pay, premium

Compare: 1994 No 164 s CM 7(1)(b)

**EY 38** Discontinuance profit formula (existing policies): when partial reinsurance exists

**When this section applies**

(1) This section applies when a life insurer has partial reinsurance.

**Termination payment**

(2) In applying the discontinuance profit formula (existing policies), the life insurer must reduce **termination payment** by the claim receivable by the life insurer under the life reinsurance policy on the occurrence of the event described in **section EY 34(2)(a) or (b)**.

Defined: claim, discontinuance profit formula, life insurer, life reinsurance policy, partial reinsurance

Compare: 1994 No 164 s CM 13(1)(c)(ii)

**EY 39** Discontinuance profit formula (new policies): when partial reinsurance exists

**When this section applies**

(1) This section applies when a life insurer has partial reinsurance.

**Premium**

(2) In applying the discontinuance profit formula (new policies), the life insurer must reduce **premium** by an amount to which both the following apply:

(a) it is part of the premiums payable by the life insurer in the income year for a life reinsurance policy or policies (**life reinsurance premiums**); and

(b) it is the part of the life reinsurance premiums that relates to the life insurance policy.

**Termination payment**
(3) In applying the discontinuance profit formula (new policies), the life insurer must reduce termination payment by the claim receivable by the life insurer under the life reinsurance policy for the termination of the life insurance policy.

Defined: amount, claim, discontinuance profit formula, income year, life insurance policy, life insurer, life reinsurance policy, partial reinsurance, pay, premium

Compare: 1994 No 164 ss CM 7(1), CM 13(1)(c)(i)

EY 40 Discontinuance profit formulas: individual result may never be negative

If a life insurer gets a negative result from applying a discontinuance profit formula to a life insurance policy for an income year, the result is treated as zero.

Defined: discontinuance profit formula, income year, life insurance policy, life insurer

Compare: 1994 No 164 s CM 7(2)

Policyholder income

EY 41 How policyholder income is calculated

Section EY 42 sets out the policyholder income formula that a life insurer applies to each income year to calculate the life insurer’s policyholder income for the income year.

Defined: income year, life insurer, policyholder income, policyholder income formula

Compare: 1994 No 164 s CM 15(1)

EY 42 Policyholder income formula

Formula

(1) The policyholder income formula is—

\[
\text{claim due} + (\text{closing actuarial reserves} - \text{opening actuarial reserves}) - (\text{premium} - \text{underwriting result}) = \frac{1 - \text{tax rate}}{1 - \text{tax rate}}.
\]

Definition of items in formula

(2) The items in the formula are defined in subsections (3) to (8).

Claim due

(3) Claim due is the total of—

(a) each claim that became due and payable in the income year; and
(b) each claim that became due and payable in a previous income year to the extent to which—
   (i) the claim relates to a contingency that was met in the 1990–91 income year or a later income year before the income year to which the formula is being applied; and
   (ii) the claim has not already been included in claim in an income year.

Closing actuarial reserves
(4) Closing actuarial reserves is the life insurer’s actuarial reserves, determined at the end of the income year. A variation to closing actuarial reserves is in section EY 44(2).

Opening actuarial reserves
(5) Opening actuarial reserves is the life insurer’s actuarial reserves, determined at the start of the income year. A variation to opening actuarial reserves is in section EY 44(3).

Premium
(6) Premium is all the premiums due and payable to the life insurer in the income year. Premium does not include a premium due and payable to the life insurer in a previous income year. A variation to premium is in section EY 43.

Underwriting result
(7) Underwriting result is the total of the following that the life insurer has in the income year:
   (a) the premium loading; and
   (b) the mortality profit; and
   (c) the discontinuance profit.

Tax rate
(8) Tax rate is the rate of tax specified in schedule 1, part A, clause 1 (Basic rates of income tax and specified superannuation contribution withholding tax), expressed as a decimal.

Positive result
(9) A positive result from applying the policyholder income formula is policyholder income for the income year.
Negative result
(10) A negative result from applying the policyholder income formula is policyholder net loss for the income year, and is dealt with under sections II 1 (Policyholder net losses) and II 2 (Policyholder net loss for tax year preceding 1990–91).

Defined:  actuarial reserves, claim, discontinuance profit, income year, life insurer, mortality profit, pay, policyholder income, policyholder income formula, policyholder net loss, premium, premium loading, tax

Compare: 1994 No 164 ss CM 15(1), (2), (4), OB 1 “underwriting result”

EY 43  Policyholder income formula: when partial reinsurance exists

When this section applies
(1) This section applies when a life insurer has partial reinsurance.

Premium
(2) In applying the policyholder income formula, the life insurer must reduce premium by an amount calculated using the formula—

reinsurance premium – reinsurance claim.

Definition of items in formula
(3) The items in the formula are defined in subsections (4) and (5).

Reinsurance premium
(4) Reinsurance premium is the total of the premiums due and payable by the life insurer in the income year under the life reinsurance policies under which the life insurer has partial reinsurance. Reinsurance premium does not include premiums due and payable by the life insurer in previous income years.

Reinsurance claim
(5) Reinsurance claim is the total of the claims receivable by the life insurer in the income year under the life reinsurance policies under which the life insurer has partial reinsurance.
Income Tax

Reinsurance claim does not include claims receivable by the life insurer in previous income years.

Defined: amount, claim, income year, life insurer, life reinsurance policy, partial reinsurance, policyholder income formula, premium

Compare: 1994 No 164 s CM 17(1)

EY 44 Policyholder income formula: when life insurance business transferred

When this section applies
(1) This section applies when a life insurance business is transferred in a transfer to which all the following apply:

(a) the transferor and the transferee, whether or not resident in New Zealand, are members of the same wholly-owned group of companies immediately before and immediately after the transfer; and

(b) 1 of the following is met:

(i) if the transferor is resident in New Zealand, all the transferor’s life insurance business is transferred to the transferee; or

(ii) if the transferor is not resident in New Zealand, all the life insurance policies offered or entered into in New Zealand that are held by the transferor are transferred to the transferee; and

(c) the Commissioner receives confirmation from the Government Actuary that—

(i) paragraph (b) is met; and

(ii) no policyholder will be unduly disadvantaged as a result of the transfer; and

(d) the Commissioner is satisfied that the transfer is being undertaken for commercial reasons and that no undue tax advantage to either the transferor or the transferee will arise as a result of the transfer.

Closing actuarial reserves
(2) In applying the policyholder income formula to the income year in which the transfer occurs, the transferor must use as closing actuarial reserves the transferor’s actuarial reserves immediately before the transfer.

Opening actuarial reserves

788
(3) In applying the policyholder income formula to the income year in which the transfer occurs, the transferee must use as **opening actuarial reserves** the total of—

(a) the transferee’s actuarial reserves, determined at the start of the income year; and

(b) the transferee’s actuarial reserves for the business or policies transferred to the transferee, determined immediately after the transfer.

Defined: actuarial reserves, business, Commissioner, income year, life insurance, life insurance policy, offered or entered into in New Zealand, policyholder, policyholder income formula, resident in New Zealand, wholly-owned group of companies

Compare: 1994 No 164 s CM 18

**Disposal of property**

**EY 45 Income from disposal of property**

**When this section applies**

(1) This section applies when a life insurer disposes of any property of their life insurance business.

**Property generally**

(2) An amount that a life insurer derives from disposing of any property of their life insurance business is income of the life insurer under **section CR 1(5)** (Income of life insurer). However, if the property is a financial arrangement, **subsections (3) to (5)** apply instead of this subsection.

**Financial arrangement: application of financial arrangements rules**

(3) If the life insurer disposes of a financial arrangement to which the financial arrangements rules apply, **subpart EW** (Financial arrangements rules) applies.

**Financial arrangement: application of old financial arrangements rules**

(4) If the life insurer disposes of a financial arrangement to which the old financial arrangements rules apply, **sections EZ 30 to EZ 49** (which relate to the old financial arrangements rules) apply.
Financial arrangement: before old financial arrangements rules

(5) If the life insurer receives an amount on or after 1 April 1982 as repayment or partial repayment of a financial arrangement to which the old financial arrangements rules would have applied if section EY 42 (Application of old financial arrangements rules) had not existed, the amount is income of the life insurer.

Defined: amount, business, financial arrangement, financial arrangements rules, income, life insurance, life insurer, old financial arrangements rules, property

Compare: 1994 No 164 s CM 10

EY 46 Deductions for disposal of property

When this section applies

(1) This section applies when a life insurer is allowed a deduction under section DR 2 (Disposal of property).

Amount of deduction

(2) The amount of the deduction is—

(a) the property’s acquisition value or cost; or
(b) the amount described in section EZ 24(1) (Deductions for disposal of property: 1982–83 and 1989–90 income years); or
(c) the amount described in section EZ 24(2) (Deductions for disposal of property: 1982–83 and 1989–90 income years).

Timing of deduction

(3) The life insurer is allowed the deduction in the income year in which they dispose of the property.

Defined: amount, deduction, income year, life insurer, property

Compare: 1994 No 164 s DK 3B(1), (3)
Non-resident life insurers

EY 47 Non-resident life insurers with life insurance policies in New Zealand

When this section applies
(1) This section applies when a life insurer not resident in New Zealand offers or is offered or enters into life insurance policies in New Zealand.

Income derived from New Zealand
(2) The life insurer’s income from the business of providing life insurance, as determined under this section, is income derived from New Zealand.

Underwriting result and policyholder income
(3) The life insurer applies the items of the premium loading formula, the mortality profit formula, the discontinuance profit formula, and the policyholder income formula only to—
(a) the life insurance policies the life insurer, as insurer, offered or was offered or entered into in New Zealand; and
(b) the life reinsurance policies held by the life insurer that relate exclusively to the life insurance policies the life insurer, as insurer, offered or was offered or entered into in New Zealand.

Other income
(4) The life insurer’s income from the business of providing life insurance, other than under a formula referred to in subsection (3), is determined only in relation to the life insurer’s New Zealand business.

Defined: business, discontinuance profit formula, income, income derived from New Zealand, life insurance, life insurance policy, life insurer, life reinsurance policy, mortality profit formula, New Zealand, New Zealand business, non-resident, offered or entered into in New Zealand, policyholder income formula, premium loading formula, resident in New Zealand

Compare: 1994 No 164 ss CM 13(2), CM 16, CM 17(2), CN 3(1), (1A)
EY 48 Non-resident life insurer may become resident

Non-resident life insurer may apply
(1) A life insurer not resident in New Zealand may apply to be treated for its New Zealand business as resident in New Zealand on and after the first day of a particular income year.

Application
(2) The life insurer applies by—
   (a) completing a written application specifying the particular income year; and
   (b) giving the application to the Commissioner not less than 20 working days before the start of the particular income year.

Commissioner may grant
(3) The Commissioner may grant the application.

Company resident in New Zealand
(4) If the application is granted, the life insurer’s New Zealand business is treated, on and after the first day of the particular income year, as being carried on by a company resident in New Zealand in which the life insurer holds all the issued shares.

Life insurer agent for company
(5) The life insurer is treated as carrying on its New Zealand business as agent for the company and is liable, as agent for the company, to pay amounts payable to the Commissioner and to provide returns of income and other information required by the Commissioner.

Company and life insurer separate persons
(6) The life insurer and the company are treated as being separate persons in relation to the life insurer’s New Zealand business.

Defined: agent, amount, Commissioner, company, income year, life insurer, New Zealand business, non-resident, resident in New Zealand, return of income, share, working day

EZ 1 FIF interests held on 1 April 1993

When this section applies
(1) This section applies when—
   (a) a person held an attributing interest in a FIF at all times from 8pm (New Zealand Standard Time) on 2 July 1992 until 1 April 1993; and
   (b) used the comparative value method or deemed rate of return method to calculate their FIF income or loss from the interest for the period starting on 1 April 1993.

Treated as having bought for market value
(2) The person is treated as having bought the interest on 1 April 1993 for an amount equal to its market value at the time, unless the person chooses not to apply this section by completing their return of income without applying it.

Defined: amount, attributing interest, comparative value method, deemed rate of return method, FIF, FIF income, loss, market value, return of income

Compare: 1994 No 164 s CG 23(1)
Petroleum mining

**EZ 2 Petroleum development expenditure from 1 October 1990 to 15 December 1991**

**Timing of deduction**

(1) Expenditure that is allowed as a deduction under section DZ 4 (Petroleum mining: development expenditure from 1 October 1990 to 15 December 1991) must be deducted in equal amounts over the 10 years starting with the later of—

(a) the income year in which commercial production starts; and

(b) the income year in which the expenditure is incurred.

**Petroleum mining operations outside New Zealand**

(2) This section applies with any necessary modifications to a petroleum miner who undertakes petroleum mining operations that are—

(a) outside New Zealand and undertaken through a branch or a controlled foreign company; and

(b) substantially the same as the petroleum mining activities governed by this Act.

**Partnership interests**

(3) For the purposes of this section, a partner is treated as having a share or interest in a petroleum permit or other property of a partnership to the extent of their income interest in the partnership.

**Disposal of part of asset**

(4) For the purposes of this section, references to the disposal of an asset apply equally to the disposal of part of an asset.

**Defined:** amount, commercial production, controlled foreign company, deduction, disposal, income year, New Zealand, petroleum, petroleum miner, petroleum mining operations

Compare: 1994 No 164 ss DM 1(3), DM 7(1), DM 9, DM 10
**Accident insurance**

**EZ 3 Base premium for 1998–99 premium year under Accident Insurance Act 1998**

**Discount payment date**

(1) An amount of base premium for the 1998–99 premium year that is paid on or before the discount payment date is treated as expenditure in the tax year in which the discount payment date falls if the discount payment date is before the date on the invoice that specifies when payment is due. This subsection overrides section EF 3 (1) (ACC levies and premiums).

**Monthly instalment plan**

(2) Interest payable on a base premium for the 1998–99 premium year under a monthly instalment plan is treated as being payable on the date that the interest is applied under regulation 8 of the Accident Insurance (Payment of Base Premiums) Regulations 1999.

**Some definitions**

(3) In this section, **base premium for the 1998–99 premium year**, **discount payment date**, and **monthly instalment plan** have the meanings given to them in the Accident Insurance (Payment of Base Premiums) Regulations 1999.

**Defined:**
- amount, base premium for the 1998–99 premium year, discount payment date, interest, monthly instalment plan, tax year

Compare: 1994 No 164 ss ED 1A(1A), (5), ED 6A

**EZ 4 Private insurers under Accident Insurance Act 1998**

**When this section applies**

(1) This section applies when an insurer, as defined in paragraph (a) of the definition of **insurer** in section 13 of the Accident Insurance Act 1998, has a reserve in a tax year to cover the following, all of which relate to events covered by the Accident Insurance Act 1998 occurring before the end of the tax year:

(a) claims that have been made with the insurer but have not been settled before the end of the tax year; and

(b) claims that are expected to be made with the insurer in relation to events that the insurer knows about; and
(c) an estimate of claims that have not been reported to the insurer in relation to events that the insurer does not know about.

Adjustment to deduction

(2) When the closing value of the reserve for a tax year is more than the opening value, the deduction that the insurer is allowed is adjusted by an amount equal to the amount calculated using the formula—

\[ \text{closing value} - \text{opening value}. \]

Adjustment to income

(3) When the opening value of the reserve for a tax year is more than the closing value, the income of the insurer is adjusted by an amount equal to the amount calculated using the formula—

\[ \text{opening value} - \text{closing value}. \]

Amount

(4) The reserve at the end of the tax year is—

(a) an amount calculated by an actuary applying subsection (5) and adopted by the insurer for financial reporting purposes; or

(b) if no such amount has been calculated, an amount determined by the Commissioner, who may seek the advice of the Government Actuary or any other actuary in determining it.

Calculation or determination of reserve

(5) A person calculating or determining the amount of a reserve under subsection (4) must ensure that the amount has regard to—

(a) generally accepted accounting practice; and

(b) generally accepted actuarial practice; and

(c) the present value of expected future payments.

Defined: actuary, amount, Commissioner, deduction, general permission, generally accepted accounting practice, tax year

Compare: 1994 No 164 s DK 5
Depreciation

**EZ 5** Pool method for items accounted for by globo method for 1992–93 income year

If a person chooses the pool method for an item of property of a kind described in section EE 56(3)(c) (Poolable property), they must also choose to treat as a single pool all such items of property they still own that they accounted for at the end of their 1992–93 income year within the same globo account.

**Defined:** income year, pool, pool method

Compare: 1994 No 164 s EG 3(5)

**EZ 6** Pool items accounted for by globo method for 1992–93 income year

**Limit on amount of income**

(1) If a person’s pool consists solely of items of depreciable property accounted for at the end of the person’s 1992–93 income year using, with the Commissioner’s permission, the globo accounting method, the amount of income under section EE 22(5)(a) (Cases affecting pool) is no more than the amount calculated using the formula—

\[
\text{depreciation allowed} - \text{income}.
\]

**Definition of items in formula**

(2) In the formula,—

(a) **depreciation allowed** is the total of deductions for amounts of depreciation loss that the person has been allowed in all previous income years for all items in the pool, including amounts allowed before the person’s 1993–94 income year under the globo accounting method:

(b) **income** is all amounts of income under section EE 22(5)(a) (Cases affecting pool) in all previous income years.

**Defined:** amount, Commissioner, depreciable property, depreciation loss, income year, pool

Compare: 1994 No 164 s EG 11(4A)
EZ 7 Amounts of depreciation recovery income and depreciation loss for part business use in or before 1992–93 income year

For the purposes of section EE 42(1)(b) (Amount of depreciation recovery income when lost or stolen items recovered), the item is an item of property to which 1 or more of the following applies:

(a) the item is, at any time during the period the person owns it, subject to section EG 2(1)(d) or (e) of the Income Tax Act 1994:

(b) the item is, at any time during the period the person owns it, subject to section 108A(1)(d) or (e) of the Income Tax Act 1976:

(c) the item was, in the 1992–93 income year or a previous income year, an item that the person did not use wholly in deriving counted income or carrying on a business for the purpose of deriving counted income and for which, consequently, the person was allowed a smaller deduction for depreciation under section 108 of the Income Tax Act 1976 than they would have been allowed if they had used the item wholly for 1 of those purposes.

Defined: business, counted income, income year

Compare: 1994 No 164 s EG 19(4)

EZ 8 Amount of depreciation loss for item acquired from associated person on or before 23 September 1997

When this section applies

(1) This section applies when, on or before 23 September 1997, a person (person A) acquires an item from an associated person entitled to claim a deduction for an amount of depreciation loss for it.

Exclusions

(2) This section does not apply—

(a) if the item is acquired under a matrimonial agreement in circumstances to which section FF 16(1) (Depreciable property) applies; or

(b) if the item is listed in schedule 17 (Depreciable intangible property) and the price that person A pays is income of the associated person; or
(c) if the item is not listed in schedule 17 (Depreciable intangible property) and the Commissioner is of the opinion that the circumstances are such that a person should be allowed a deduction for an amount of depreciation loss for the item based on the actual price or other consideration given for it.

No greater amount of depreciation loss

(3) Whether or not the associated person has in fact been allowed a deduction for an amount of depreciation loss, person A does not have a greater amount of depreciation loss for the item than that for which the associated person would have been able to claim a deduction if the associated person had kept the item.

Amount of depreciation loss dealt with under section EE 40

(4) If the associated person has an amount of depreciation loss that has been dealt with under section EE 40 (Effect of disposal or event), person A has an amount of depreciation loss for the item based on the total of—
(a) all amounts dealt with under section EE 40 (Effect of disposal or event); and
(b) the depreciated value of the item immediately before person A acquired it.

When subsection (6) applies and does not apply

(5) Subsection (6) applies when, on or before 23 September 1997, the holder of management rights created under the Radiocommunications Act 1989 grants a licence right under that Act to an associated person. However, it does not apply when the holder of management rights is the Crown acting by and through the chief executive of the Ministry of Economic Development.

Licence right price

(6) The price of the licence right is treated as being zero for the purposes of subpart EE (Depreciation).

Defined: amount, associated person, Commissioner, depreciation loss, matrimonial agreement

Compare: 1994 No 164 s EZ 11
EZ 9 Annual rate for item acquired on or after 1 April 1993 and before end of person’s 1994–95 income year

What this section is about

(1) This section is about the annual rate that applies to an item of depreciable property that a person acquires before the end of their 1994–95 income year (not including fixed life intangible property or excluded depreciable property, for which rates are set in sections EE 27 (Annual rate for fixed life intangible property) and EZ 11 respectively).

Rate

(2) The rate is—

(a) the item’s economic rate; or
(b) the pre-1993 depreciation rate described in section EZ 10, if the person chooses it under that section.

Defined: annual rate, depreciable property, economic rate, excluded depreciable property, fixed life intangible property, income year

Compare: 1994 No 164 s EG 5(1)

EZ 10 Pre-1993 depreciation rate

Scope of election

(1) A person may choose the pre-1993 depreciation rate for all items, or any item, that they acquire before the end of their 1994–95 income year.

How election made

(2) The election is made by applying the pre-1993 depreciation rate for the item to the item in the person’s return of income for the income year for which the election is made.

Election unchangeable

(3) The election must not be changed for the income year for which it is made.

Moving from diminishing value to straight-line and vice versa

(4) A person who chooses the pre-1993 depreciation rate has the following choices:

(a) if the rate is a diminishing value rate, the person may instead use the straight-line rate by—
(i) rounding the diminishing value rate to the nearest rate specified in schedule 10, column 1 (Straight-line equivalents of diminishing value rates of depreciation); and

(ii) taking the equivalent straight-line rate specified in column 2 of the schedule; or

(b) if the rate is a straight-line rate, the person may instead use the diminishing value rate by—

(i) rounding the straight-line rate to the nearest rate specified in schedule 10, column 2 (Straight-line equivalents of diminishing value rates of depreciation); and

(ii) taking the equivalent diminishing value rate specified in column 1 of the schedule.

Pre-1993 depreciation rate

(5) The pre-1993 depreciation rate is the rate calculated using the formula—

section 108 rate + section 108A rate + section 113A rate.

Definition of items in formula

(6) The items in the formula are defined in subsections (7) to (9).

Section 108 rate

(7) Section 108 rate means the rate of depreciation that the Commissioner allowed persons with a standard balance date to use for the 1992–93 tax year to calculate a deduction for depreciation under section 108 of the Income Tax Act 1976, as in force for the 1992–93 tax year, for property of the same kind as the item.

Section 108A rate

Section 113A rate
(9) **Section 113A rate** means the supplementary deduction under section 113A of the Income Tax Act 1976 for which the item was eligible for the 1992–93 tax year.

**Defined:** Commissioner, diminishing value rate, income year, return of income, standard balance date, straight-line rate, tax year

Compare: 1994 No 164 s EG 5(2)–(4)

**EZ 11 Annual rate for excluded depreciable property:**

**1992–93 tax year**

**What this section is about**

(1) This section is about the annual rate that applies to an item of excluded depreciable property.

**Rate**

(2) The rate is the section 108 rate, without adding the section 108A rate or the other sections rate. The rates referred to in this subsection are described in **subsections (3) to (5)**.

**Section 108 rate**

(3) **Section 108 rate** means the rate of depreciation that the Commissioner allowed persons with a standard balance date to use for the 1992–93 tax year to calculate a deduction for depreciation under section 108 of the Income Tax Act 1976, as in force for the 1992–93 tax year, for property of the same kind as the item.

**Section 108A rate**

(4) **Section 108A rate** means the additional deduction under section 108A of the Income Tax Act 1976, as in force for the 1992–93 tax year, for which the item was eligible for the 1992–93 tax year.

**Other sections rate**

(5) **Other sections rate** means an additional or supplementary deduction under section 113A or any other provision of the Income Tax Act 1976 for which the item was eligible for the 1992–93 tax year.

**Amount of depreciation loss under any other provision**

803
(6) If a person has an additional amount of depreciation loss for an income year for an item of excluded depreciable property under section EZ 12 or EZ 13 or any other provision of this Act,—

(a) the rate applicable to the item under subsection (2) may be adjusted to incorporate the additional amount of depreciation loss in a manner prescribed or allowed by the Commissioner; and

(b) when an adjusted rate is applied to the item, the person does not have a separate amount of depreciation loss for the item under section EZ 12 or EZ 13 or the other provision.

Changing rate

(7) A person applying the rate in subsection (2) has the following choices:

(a) if the rate is a diminishing value rate, the person may instead use the straight-line rate by—

   (i) rounding the diminishing value rate to the nearest rate specified in schedule 10, column 1 (Straight-line equivalents of diminishing value rates of depreciation); and

   (ii) taking the equivalent straight-line rate specified in column 2 of the schedule; or

(b) if the rate is a straight-line rate, the person may instead use the diminishing value rate by—

   (i) rounding the straight-line rate to the nearest rate specified in schedule 10, column 2 (Straight-line equivalents of diminishing value rates of depreciation); and

   (ii) taking the equivalent diminishing value rate specified in column 1 of the schedule.

Defined: annual rate, Commissioner, depreciation loss, diminishing value rate, excluded depreciable property, prescribed, standard balance date, straight-line rate, tax year

Compare: 1994 No 164 s EG 9

EZ 12 Amount of depreciation loss for plant or machinery additional to section EZ 11 amount

When this section applies

(1) This section applies when a person carrying on a business in New Zealand incurs, wholly for the purpose of the business,
capital expenditure in acquiring, installing, or extending plant or machinery that—
(a) is excluded depreciable property; and
(b) is—
   (i) plant or machinery that is normally in operation for an average of at least 16 hours each working day and is not normally in operation for 24 hours each working day; or
   (ii) plant or machinery that is normally in operation for 24 hours each working day.

Exclusions
(2) This section does not apply to—
(a) aluminium smelting plant or machinery:
(b) motorcars:
(c) petroleum refining plant or machinery:
(d) ships, aircraft, or hovercraft:
(e) plant or machinery for which a deduction by way of a fixed rate was denied under section 108 of the Income Tax Act 1976 for the 1992–93 income year or a previous relevant income year:
(f) plant or machinery for which the Commissioner did not prescribe a differential rate for more than 1 shift operation when determining under section 108 of the Income Tax Act 1976 the rate of depreciation for the 1992–93 income year or a previous relevant income year.

Additional amount of depreciation loss
(3) The person has an amount of depreciation loss for the plant or machinery under this section in addition to any amounts of depreciation loss that they have for the plant or machinery under section EZ 11 (Annual rate for excluded depreciable property 1992–93 tax year).

Relevant income years
(4) The person has the additional amount of depreciation loss in the first, second, third, fourth, and fifth income years in which the plant or machinery is used in deriving counted income.

Rate
(5) The rate of the additional amount of depreciation loss is,—
Part E cl EZ 12 Income Tax

(a) for plant or machinery described in subsection (1)(b)(i), 3% of the diminishing value of the plant or machinery in each income year:

(b) for plant or machinery described in subsection (1)(b)(ii), 6% of the diminishing value of the plant or machinery in each income year.

Defined: amount, business, Commissioner, counted income, depreciation loss, excluded depreciable property, income year, motorcar, New Zealand, petroleum, working day

Compare: 1994 No 164 s EG 18

EZ 13 Additional amount of depreciation loss: between 16 December 1991 and 1 April 1994

When this section applies
(1) This section applies when a person incurs expenditure of the kind described in subsection (2) in—
(a) the acquisition or installation of a qualifying item; or
(b) the making of a qualifying improvement to an item the person owns.

Expenditure described
(2) The expenditure is expenditure of a capital nature, excluding any amount of input tax applying to the supply of the qualifying item or qualifying improvement to the person.

Additional amount of depreciation loss
(3) The person has an amount of depreciation loss for the item under this section in addition to any amount of depreciation loss they have for the item under subpart EE (Depreciation) and section EZ 12. This subsection is overridden by section EE 40 (2) (Effect of disposal or event).

Amount
(4) The additional amount of depreciation loss for an income year is 25% of the lesser of—
(a) the amount of depreciation loss that the person has under subpart EE (Depreciation) and section EZ 12 for the item and for the income year; and
(b) the amount of depreciation loss that the person would have had under subpart EE (Depreciation) and section EZ 12
for the item and the income year had the item’s value been equal to its qualifying capital value.

Defined: amount, depreciation loss, income year, qualifying capital value, qualifying improvement, qualifying item

Compare: 1994 No 164 ss ED 4(5), EG 15(1), (2)

EZ 14 Section EZ 13 amount of depreciation loss when items transferred between companies in wholly-owned group before 1 April 1993

When this section applies

1. This section applies when, before 1 April 1993, a company in a wholly-owned group of companies disposes of a qualifying item, or an item to which the company has made a qualifying improvement, to another company in the same wholly-owned group.

Transferee has amount of depreciation loss

2. The transferee company has an amount of depreciation loss under section EZ 13 for the period after the disposal as if the transferee company were the same person as the transferor company.

Amount

3. The amount of depreciation loss that the transferor company has under section EZ 13 for the item for the income year in which the disposal occurs must be subtracted when the amount of depreciation loss that the transferee company has under section EZ 13 for the income year is calculated.

How definitions affected

4. This section applies despite any limitations in the definitions of new item, New Zealand-new item, qualifying capital value, qualifying improvement, and qualifying item as to the identity of the person for whom an item or improvement will be treated as a qualifying item or qualifying improvement.

Defined: amount, company, depreciation loss, income year, new item, New Zealand-new item, qualifying capital value, qualifying improvement, qualifying item, wholly-owned group of companies

Compare: 1994 No 164 s EG 15(3)
**EZ 15** Section EZ 13 amount of depreciation loss when person previously exempt from tax acquires item

**When this section applies**

(1) This section applies when a person who has derived nothing but exempt income—

(a) starts in an income year to derive income that is not exempt income; and

(b) would have had an amount of depreciation loss under section EZ 13 for an item and an income year if the person had been deriving income that was not exempt income at the time they acquired the item to which section EZ 13 applies or made a qualifying improvement to the item to which section EZ 13 applies.

**How qualifying capital value determined**

(2) The item’s qualifying capital value is determined as if the person had had an amount of depreciation loss for the period during which they derived nothing but exempt income.

*Defined:* amount, depreciation loss, exempt income, income, income year, qualifying capital value, qualifying improvement

Compare: 1994 No 164 s EG 15(4)

**EZ 16** Adjusted tax value for software acquired before 1 April 1993

**What this section applies to**

(1) This section applies to any of the following items for the acquisition of which a person was allowed a deduction before 1 April 1993:

(a) the copyright in software:

(b) the right to use the copyright in software:

(c) the right to use software.

**Adjusted tax value**

(2) The adjusted tax value of the item is its cost to the person minus all deductions that the person was allowed for it.

*Defined:* adjusted tax value

Compare: 1994 No 164 s EG 19(9), (10)(a)
EZ 17 Sections EE 37 and EE 39: permanent removal: allowance before 1 April 1995

Section EE 37(8)

(1) For the purposes of section EE 37(8) (Consideration for purposes of section EE 36), the consideration that a person derives from the event described in subsection (2) is the item’s market value. Two qualifications are—
(a) if the person makes a taxable supply, “market value” means the market value minus any GST that would be charged on the supply:
(b) this subsection does not apply to a transfer under a matrimonial agreement.

Section EE 39(10)

(2) For the purposes of section EE 39(10) (Events for purposes of section EE 36), the ninth event is the cessation of use in New Zealand, and the taking out of New Zealand for use outside New Zealand, of an item of property for which a first-year allowance has been granted under section 112(1) to (7) of the Income Tax Act 1976, except when the item—
(a) has been taken out of New Zealand temporarily; and
(b) will, after its return to New Zealand, be used in or for the purpose of a business in New Zealand.

Defined: business, GST, matrimonial agreement, New Zealand, taxable supply

Compare: 1994 No 164 s EG 19(7)(d), (9)

EZ 18 Base value and total deductions in section EE 46 before 1 April 1995

Base value in section EE 46 when section 108 of the Income Tax Act 1976 applies

(1) For the purposes of section EE 46 (Formula), this subsection applies when a person could have been allowed a deduction for depreciation for an item under section 108 of the Income Tax Act 1976 for the 1992–93 income year and they have owned the item continuously since the 1992–93 income year. Base value is the amount at which the item was recorded in the person’s accounts for taxation purposes for the 1992–93 income year.

Section EE 47(3)(d)
(2) For the purposes of section EE 47(3)(d) (Base value in section EE 46 when none of sections EE 48, EE 49, or EZ 18(1) applies),—

(a) the expenditure is expenditure for which a person has been allowed a deduction for depreciation under any of sections 108 to 108N or section 113A of the Income Tax Act 1976:

(b) the expenditure is expenditure for which a person has been allowed a deduction for depreciation under any other provision of the Income Tax Act 1976.

Section EE 48(1)(e)(ii)

(3) For the purposes of section EE 48(1)(e)(ii) (Base value in section EE 46 when no previous deduction), the item is one for which the person could not have been allowed a depreciation deduction under section 108 of the Income Tax Act 1976 for the 1992–93 income year.

Section EE 50(2)(c)

(4) For the purposes of section EE 50(2)(c) (Total deductions in section EE 46), the provision is section 117(5) of the Income Tax Act 1976.

Defined: amount, income year

Compare: 1994 No 164 s OB 1 "adjusted tax value" (a)(i)–(iii)

Definitions

EZ 19 New item

Meaning

(1) New item means an item of property that a person owns to which subsections (2) to (4) apply and to which subsection (5) does not apply.

Acquisition date

(2) The item is—

(a) acquired by the person in the period starting on 16 December 1991 and ending with the close of 31 March 1993, other than under a binding contract that they entered into before 16 December 1991; or

(b) acquired by the person in the period starting on 1 April 1993 and ending with the close of 31 March 1994, under a binding contract that they entered into in the
period starting on 16 December 1991 and ending with
the close of 31 March 1993; or
(c) one to which all the following apply:
   (i) it was acquired by the person before 16 Decem-
       ber 1991 as trading stock; and
   (ii) it was used by the person as a capital item for the
       first time in the period starting on 16 December
       1991 and ending with the close of 31 March
       1993; and
   (iii) it qualified for a deduction for depreciation under
       section 108 of the Income Tax Act 1976 in the
       period starting on 16 December 1991 and ending
       with the close of 31 March 1993.

Used before 1 April 1994
(3) The item is used by the person before 1 April 1994.

Not used by anyone previously
(4) The item is—
   (a) not acquired by any other person before the date on
       which the person acquired it; and
   (b) not used by any other person before the date on which
       the person acquired it; and
   (c) not held for use by any other person before the date on
       which the person acquired it; and
   (d) not an item or part of an item that qualified for a deduc-
       tion for depreciation under the Income Tax Act 1976 for
       a period before the date on which the person acquired it.

Exclusion
(5) A constructed item that a person owns is not a new item if—
   (a) its construction started before 16 December 1991 (but
       this paragraph does not apply to the extent to which the
       item is trading stock to which subsection (2)(c) applies); or
   (b) its construction started on or after 16 December 1991
       under a binding contract that the person entered into
       before 16 December 1991; or
   (c) its construction was not completed before 1 April 1994; or
(d) the item was not first used by the person before 1 April 1994.

*Defined:* new item, trading stock

Compare: 1994 No 164 s OB 1 “new asset”

**EZ 20 New Zealand-new item**

**Meaning**

(1) **New Zealand-new item** means an item of property that a person owns to which subsections (2) to (5) apply.

**Not new**

(2) The item is not a new item.

**Date of acquisition**

(3) The item is—

(a) acquired by the person in the period starting on 16 December 1991 and ending with the close of 31 March 1993, other than under a binding contract that they entered into before 16 December 1991; or

(b) acquired by the person in the period starting on 1 April 1993 and ending with the close of 31 March 1994, under a binding contract that they entered into in the period starting on 16 December 1991 and ending with the close of 31 March 1993; or

(c) one to which all the following apply:

(i) it was acquired by the person before 16 December 1991 as trading stock; and

(ii) it was used by the person as a capital item for the first time in the period starting on 16 December 1991 and ending with the close of 31 March 1993; and

**Used before 1 April 1994**

(4) The item is used by the person before 1 April 1994.

**Not used**
The item is—
(a) not used in New Zealand before the date on which the person acquired it; and
(b) not an item or part of an item that qualified for a deduction for depreciation under the Income Tax Act 1976 for a period before the date on which the person acquired it.

**Defined:** new item, New Zealand, New Zealand-new item, trading stock

Compare: 1994 No 164 s OB 1 “New Zealand-new asset”

## EZ 21 Qualifying capital value

### Meaning

1. **Qualifying capital value** means, in relation to an income year,—
   
   (a) for a qualifying item that a person owns, the amount calculated for the income year using the formula in subsection (2); or
   
   (b) for an item that a person owns that is not a qualifying item but to which they have made a qualifying improvement, the amount calculated for the income year using the formula in subsection (7).

### Formula

2. The formula referred to in subsection (1)(a) is—

   \[(\text{acquisition cost} + \text{improvement cost}) - \text{item’s depreciation}.\]

### Definition of items in formula

3. The items in the formula are defined in subsections (4) to (6).

### Acquisition cost

4. **Acquisition cost** is the amount of capital expenditure the person incurs in acquiring the item. In the case of a constructed item, the amount of capital expenditure is reduced by the amount of capital expenditure the person incurs on the construction on or after 1 April 1993, other than under a binding contract that the person entered into before 1 April 1993.

### Improvement cost
(5) **Improvement cost** is the amount of capital expenditure, if any, the person incurs in making a qualifying improvement to the item.

**Item’s depreciation**

(6) **Item’s depreciation** is the amount of depreciation loss for which the person has been allowed a deduction for the qualifying capital value of the item in previous income years, not including an amount of depreciation loss calculated using the straight-line method.

**Formula**

(7) The formula referred to in **subsection (1)(b)** is—

\[
\text{capital expenditure} - \text{improvement’s depreciation}
\]

**Definition of items in formula**

(8) The items in the formula are defined in **subsections (9) and (10)**.

**Capital expenditure**

(9) **Capital expenditure** is the amount of capital expenditure the person incurs for the improvement.

**Improvement’s depreciation**

(10) **Improvement’s depreciation** is the amount of depreciation loss for which the person has been allowed a deduction for the qualifying capital value of the improvement in previous income years, not including an amount of depreciation loss calculated using the straight-line method.

**Defined:** amount, depreciation loss, income year, qualifying capital value, qualifying improvement, qualifying item, straight-line method

Compare: 1994 No 164 s EG 15(5)

**EZ 22 Qualifying improvement**

**Meaning**

(1) **Qualifying improvement**, in relation to a person’s income year, means an improvement of an item that the person owns, if all the following apply:

(a) the person incurred the expenditure on the improvement—
(i) in the period starting on 16 December 1991 and ending with the close of 31 March 1993, other than under a binding contract they entered into before 16 December 1991; or

(ii) in the period starting on 1 April 1993 and ending with the close of 31 March 1994, under a binding contract they entered into in the period starting on 16 December 1991 and ending with the close of 31 March 1993; and

(b) the person used the item in its improved form before 1 April 1994; and

(c) the person is allowed a deduction for depreciation under the Income Tax Act 1976 for the improvement for the income year.

Exclusions

(2) **Qualifying improvement** does not include—

(a) an improvement to a building; or

(b) an improvement requiring construction, if—

(i) the construction started before 16 December 1991; or

(ii) the construction started on or after 16 December 1991 under a binding contract that the person entered into before 16 December 1991; or

(iii) the construction was not completed before 1 April 1994; or

(iv) the improvement was not first used by the person before 1 April 1994.

Defined: income year, qualifying improvement

Compare: 1994 No 164 s OB 1 “qualifying improvement”

**EZ 23 Qualifying item**

**Qualifying item** means—

(a) a new item, other than a building, that a person owns in an income year and for which they are allowed a deduction for depreciation under the Income Tax Act 1976 for the income year; or

(b) a New Zealand-new item, other than a building or a motorcar, that a person owns in an income year and for
which they are allowed a deduction for depreciation under the Income Tax Act 1976 for the income year.

Defined: income year, motorcar, new item, New Zealand-new item, qualifying item

Compare: 1994 No 164 s OB 1 “qualifying asset”

Life insurance

Section EY 46(2)(b)
(1) For the purposes of section EY 46(2)(b) (Deductions for disposal of property), for property to which both the following apply, the amount of the deduction is the market value of the property on the last day of the 1989–90 income year:
(a) the property is land or buildings acquired on or before the last day of the 1989–90 income year; and
(b) the profit from the property’s disposal on or before the last day of the 1989–90 income year, had it been disposed of then at a profit, would have been a capital profit or gain and not a profit on disposal of an investment subject to income tax under section 204 of the Income Tax Act 1976 (as that section was immediately before its repeal and substitution by section 13(1) of the Income Tax Amendment Act (No 2) 1990).

Section EY 46(2)(c)
(2) For the purposes of section EY 46(2)(c) (Deductions for disposal of property), for property to which both the following apply, the amount of the deduction is the specified base cost for 1983 income year property:
(a) the property was acquired on or before the last day of the 1982–83 income year; and
(b) subsection (1) does not apply to the property.

Defined: amount, deduction, income year, property, specified base cost for 1983 income year property

Compare: 1994 No 164 s DK 3B(1)
**EZ 25 Life insurers acquiring property before 1 April 1988**

*When this section applies*

(1) This section applies when section DZ 1 (Life insurers acquiring property before 1 April 1988) applies.

*Amount of deduction*

(2) The amount of the deduction is calculated using the formula—

\[
\frac{\text{specific liability}}{\text{total liability}} \times \text{property sum}.
\]

*Definition of items in formula*

(3) The items in the formula are defined in subsections (4) to (9).

*Specific liability*

(4) **Specific liability** is the amount in the life insurer’s total liability on the last day of the 1987–88 income year for the following matters covered by the life insurer’s Life Insurance Fund:

(a) superannuation policies; and
(b) pre-1983 mortgage repayment insurance policies; and
(c) annuities that have been granted.

*Total liability*

(5) **Total liability** is the life insurer’s liability for life insurance policies on the last day of the 1987–88 income year.

*Property sum*

(6) The **property sum** is calculated under whichever is relevant of subsections (7) to (9).

**Property acquired before last day of 1982–83 income year**

(7) For property acquired on or before the last day of the 1982–83 income year, the property sum is calculated by subtracting the specified base cost for 1983 income year property from the market value of the property on 1 April 1988.

**Property acquired after end of 1982–83 income year: not financial arrangement**

(8) For property acquired after the end of the 1982–83 income year that is not a financial arrangement, the property sum is
calculated by subtracting the cost price or acquisition value of the property from the market value of the property on 1 April 1988.

**Property acquired after end of 1982–83 income year: financial arrangement**

(9) For property acquired after the end of the 1982–83 income year that is a financial arrangement, the property sum is the base price adjustment for the arrangement, calculated as if the arrangement had matured on 1 April 1988 but using the formula in section EW 37 (Base price adjustment formula).

**Timing of deduction**

(10) The life insurer is allowed the deduction in the income year in which they dispose of the property.

**Superannuation funds**

**EZ 26 Withdrawals on or between 14 and 30 September 2000 from late balance date superannuation funds**

If a superannuation fund has a late balance date and derives income from a withdrawal to which section CS 1 (Withdrawals) applies on 14 or 30 September 2000 or between those dates, the income is treated as being derived in the 2001–02 tax year.

**Livestock**

**EZ 27 Valuation of livestock bailed or leased as at 2 September 1992**

**When this section applies**

(1) This section applies when—

(a) an owner of livestock valued a class of livestock for the 1991–92 income year under section 86 of the Income Tax Act 1976 (as that section was in force before its
repeal by section 21 of the Income Tax Amendment Act (No 2) 1993); and

(b) either—

(i) the livestock was, as at 2 September 1992, at the use of a person under a bailment, lease, or other agreement that the owner entered into on or before that date, or was, on or before that date, livestock that was subject to a binding contract to bail or lease the livestock to a person, or otherwise allow them to use the livestock; or

(ii) the class of livestock was not one that the owner had on hand in the previous income year, but was a class that, as at 2 September 1992, was at the use of a person under a bailment, lease, or other agreement that the owner entered into on or before that date.

**Rolling average value**

(2) The owner may value the livestock at a value equal to 70% of the rolling average value of that class of livestock.

**When subsection (2) applies**

(3) Subsection (2) applies for the 1992–93 income year and any later income year in which the livestock continues to be bailed, leased, or otherwise used by the person under the bailment, lease, or other agreement.

**Number of livestock valued**

(4) The number of listed livestock of a class that may be valued under this section is the number that is the least of—

(a) the number of livestock of the class bailed, leased, or otherwise used (or, for a binding contract entered into before 2 September 1992 but not yet applying, the number of livestock of that class provided for in the contract); and

(b) the number of livestock of the class bailed, leased, or otherwise used as at the end of the 1992–93 income year; and

(c) the lesser of the opening and closing number of stock of the class bailed, leased, or otherwise used in a later income year up to and including the income year in which the livestock is being valued.
Meaning of rolling average value

(5) In this section, rolling average value, for an income year and a class of listed livestock, means one-third of the sum of the national average market values set for that income year and each of the 2 previous income years for livestock of that class.

*Defined:* class, income year, lease, listed livestock, livestock, national average market value, rolling average value

Compare: 1994 No 164 s EZ 4(1), (2), (5)

**Patent rights**

EZ 28 Buying patent rights before 1 April 1993

**When this section applies**

(1) This section applies when section DZ 11 (Buying patent rights before 1 April 1993) applies.

**Amount of deduction**

(2) The amount of the deduction is the expenditure that the person has incurred in buying the patent rights.

**Amount when patent rights expired or disposed of**

(3) If, before the expiry of the patent rights, the rights have come to an end or have been disposed of, the person is allowed a deduction of an amount that bears to the total sum of the expenditure on the purchase of the rights the same proportion as the unexpired term of the rights when they came to an end or were disposed of bears to their unexpired term at the date of their purchase. An amount that the person has otherwise been allowed as a deduction is not included.

**Timing of deduction: subsection (2)**

(4) The deduction referred to in subsection (2) is allocated to the income years in relation to which the term of the patent rights that is unexpired at the date of purchase applies.
(5) The deduction referred to in subsection (3) is allocated to the income year in which the rights have come to an end or been disposed of.

**Defined:** amount, deduction, income year, patent rights

Compare: 1994 No 164 s EZ 5

### Leases of land

**EZ 29 Premium paid on land leased before 1 April 1993**

#### When this section applies

(1) This section applies when section DZ 12 (Premium paid on land leased before 1 April 1993) applies.

#### Amount of deduction

(2) The amount of the deduction is the premium paid on the grant or renewal of the lease. If person A does not use the land for the whole of a tax year, the amount of the deduction is reduced proportionately.

#### Amount when lease or renewal granted to another person

(3) If the lease or the renewal of the lease is granted to another person, the deduction must not be more than the amount of the premium paid by person A on the acquisition of the lease.

#### Timing of deduction

(4) The deduction is allocated evenly to the income years in relation to which the term of the lease applies.

#### Some definitions

(5) In this section,—

**lease**—

(a) means a disposition by which a leasehold estate is created; and

(b) includes a licence

**premium, for a lease of land,**—

(a) includes a payment in the nature of a fine, a payment for goodwill attaching to the land, and a payment in consideration of the grant, transfer, or renewal of the lease; and
(b) does not include rent
term of the lease, for a lease of indefinite duration, means the minimum period it has to run.

Defined: amount, deduction, income year, lease, leasehold estate, premium, tax year, term of the lease

Compare: 1994 No 164 s EZ 6

Old financial arrangements rules

EZ 30 Application of old financial arrangements rules
The old financial arrangements rules apply to financial arrangements entered into on or after the implementation date and before 20 May 1999.

EZ 31 Election to apply financial arrangements rules in subpart EH
Despite section EZ 30, a person may elect to apply the financial arrangements rules by calculating a transitional adjustment under section EZ 48.

Compare: 1994 No 164 s EH A2

EZ 32 Accruals in relation to income and expenditure in respect of financial arrangements
(1) For the purpose of calculating the amount deemed to be income or expenditure of any person under subsections (2) to (7), regard must be had to,—
(a) if the person is a holder in relation to the financial arrangement,—
   (i) the amount of all consideration paid and to be paid to the person in relation to the financial arrangement; and
   (ii) any amount remitted and to be remitted by the person in relation to the financial arrangement; and
   (iii) the acquisition price of the financial arrangement in relation to the person; and
(b) if the person is an issuer in relation to the financial arrangement,—
(i) the amount of all consideration paid and to be paid by the person in relation to the financial arrangement; and
(ii) the acquisition price of the financial arrangement in relation to the person.

(2) Subject to this section, where any person is a holder or an issuer of a financial arrangement, the amount that is deemed to be income or expenditure of that person in respect of the financial arrangement in any income year is an amount calculated using the yield to maturity method so as to result in the allocation to each income year of an amount that is fair and reasonable, and such amount so allocated to each income year is income deemed to be derived by or expenditure deemed to be incurred by the person in respect of the financial arrangement in the income year:

provided that the Commissioner must accept an alternative method to the yield to maturity method, that has regard to the principles of accrual accounting, and—

(a) conforms with commercially acceptable practice; and
(b) except to the extent that the Commissioner may otherwise allow under subsection (8), is adopted by the person and is or will be consistently applied in respect of all such financial arrangements for financial reporting purposes; and
(c) results in the allocation to each income year of amounts that are not materially different from amounts that would be calculated but for this proviso.

(3) Notwithstanding subsection (2), but subject to the other provisions of this section, where in any income year the total value of all financial arrangements of which a person is a holder or an issuer has on no day within that income year exceeded $1,500,000 or such greater amount as the Governor-General may by Order in Council declare for the purposes of this section,—

(a) the person may calculate income or expenditure for that income year in respect of those financial arrangements by using the straight line method so as to result in the allocation to that income year and subsequent income years of amounts that are fair and reasonable in respect of those arrangements; and
(b) where the straight line method is used under paragraph (a), that method must be used by the person in respect of all financial arrangements of which the person was the holder or issuer during that income year; and

(c) where the person has in accordance with this subsection calculated income or expenditure using the straight line method in respect of a financial arrangement for any income year, the person must, unless otherwise authorised in writing by the Commissioner, continue to use that method in respect of that financial arrangement for any subsequent income year, until the maturity, remittance, sale, or other transfer of the arrangement, notwithstanding that the total value of all financial arrangements of which the person is holder or issuer may at any time in any such subsequent income year exceed $1,500,000 or such other amount as may be declared for the purposes of this section,—

and any amount calculated in respect of a financial arrangement in accordance with this subsection is income deemed to be derived by or expenditure deemed to be incurred by the person in respect of the financial arrangement for the relevant income year.

(4) For the purposes of subsection (3), a person must take into account financial arrangements to which subpart EW applies.

(5) For the purposes of subsection (3),—

(a) the value of any financial arrangement to be taken into account in determining whether the total value of all financial arrangements of which a person is the holder or issuer on any day exceeds $1,500,000 or such other amount as may be declared for the purposes of this section is,—

(i) in the case of a fixed principal financial arrangement, the nominal or face value of the arrangement; and

(ii) in the case of a variable principal debt instrument, the amount owing by or to the person under the arrangement on the relevant day; and

(iii) in the case of a financial arrangement to which subpart EW applies, the value determined under that subpart; and
(b) in the first income year for which income or expenditure is calculated under subsection (3) in respect of a financial arrangement that—
   (i) was acquired or issued by the person in a previous income year; and
   (ii) continues to be held or issued by the person at the end of the first income year for which income or expenditure is calculated under subsection (3),—
the amount of income or expenditure of the person in respect of that financial arrangement for that first income year is an amount calculated in accordance with the following formula:

\[ a - b - c + d \]

where—

a is the sum of all amounts that would have been income derived by the person in respect of the financial arrangement if the straight line method referred to in subsection (3) had been applied to the financial arrangement from the date it was acquired or issued by the person until the end of that first income year

b is the sum of all amounts that would have been expenditure incurred by the person in respect of the financial arrangement if the straight line method referred to in subsection (3) had been applied to the financial arrangement from the date it was acquired or issued by the person until the end of that first income year

c is the sum of all amounts of income deemed to have been derived by the person in respect of the financial arrangement before the commencement of that first income year

d is the sum of all amounts deemed to have been expenditure incurred by the person in respect of the financial arrangement before the commencement of that first income year;—

and any amount so calculated is, if a positive amount, deemed to be income derived by the person in that first income year and, if a negative amount, deemed to be expenditure incurred by the person in that first income year.

(6) Where it is not possible to calculate an amount to be deemed to be income or expenditure in respect of a financial arrangement using the yield to maturity method as provided for in subsection (2) or (in a case to which subsection (3) applies) the straight line method as provided for in subsection (3), the
amount that is deemed to be income or expenditure of the person in any income year is an amount calculated by the person—

(a) using the method, if any, prescribed by the Commissioner for the financial arrangement in a determination made under section 90(1)(c) of the Tax Administration Act 1994:

provided that the Commissioner must accept an alternative method to the method prescribed in any such determination that has regard to the principles of accrual accounting, and—

(i) conforms with commercially acceptable practice; and

(ii) except to the extent that the Commissioner may otherwise allow under subsection (8), is adopted by the person and is or will be consistently applied in respect of all such financial arrangements for financial reporting purposes; and

(iii) results in the allocation to each income year of amounts that are not materially different from the amounts that would be calculated, but for this proviso; and

(b) in the absence of any such determination, by applying a method that satisfies subparagraphs (i) and (ii) of the proviso to paragraph (a) and that results in the allocation to each income year of an amount that, having regard to the tenor of subsection (2), is fair and reasonable;—

and such amount of income or expenditure so allocated to each income year is income deemed to be derived or, as the case may be, expenditure deemed to be incurred by the person in the income year.

(7) Notwithstanding subsections (2) and (6), the Commissioner must accept an alternative method for calculating the amount to be deemed to be income or expenditure of the person, in respect of a financial arrangement, to the methods provided for under subsections (2) and (6), if the alternative method has regard to market valuation, and—

(a) conforms with commercially acceptable practice; and

(b) except to the extent that the Commissioner may otherwise allow under subsection (8), is adopted by the person and is or will be consistently applied in respect of all
such financial arrangements for financial reporting purposes; and
(c) either—
(i) the business of the person comprises dealing in such financial arrangements; or
(ii) the financial arrangement is a forward or future contract for foreign exchange, or a futures contract; and
(d) the market, the method, and the source of the information used to determine the market values have been approved by the Commissioner under a determination issued under section 90(1)(e) of the Tax Administration Act 1994; and
(e) the person and any other person who is a holder (where the person is an issuer) or an issuer (where the person is a holder) of the financial arrangement are not associated persons;—
and such amount of income or expenditure so calculated is income deemed to be derived or, as the case may be, expenditure deemed to be incurred by the person in respect of the financial arrangement in the income year:
provided that where income or expenditure in respect of a financial arrangement has been calculated by a person under this subsection, income or expenditure in respect of that financial arrangement must, except as otherwise allowed under subsection (8), continue to be calculated on that basis by that person until the maturity, remittance, sale, or other transfer of the arrangement.

(8) Where a method of calculating income or expenditure in respect of a financial arrangement fails to satisfy the requirements of paragraph (b) of the proviso to subsection (2) or subparagraph (ii) of the proviso to subsection (6)(a) or (7)(b) by virtue of the fact that the method is not or will not be consistently applied by a person in respect of all such financial arrangements for financial reporting purposes, that method is nevertheless deemed to satisfy the relevant one of those provisions where the method—
(a) appropriately reflects the dominant purpose for which the person acquired or issued the financial arrangement (or each such arrangement); and
(b) has been and will be consistently applied by the person in respect of the particular financial arrangement (or
each such financial arrangement) for the purposes of the old financial arrangements rules for every income year during its term (except to the extent that the Commissioner approves or may approve a change in method under the circumstances or conditions specified in a determination under section 90(1)(f) of the Tax Administration Act 1994); and

(c) is not adopted for purposes that include the purpose of tax avoidance; and

(d) has been approved by the Commissioner for adoption in the circumstances applicable to the taxpayer either by notice to the taxpayer or in a determination issued under section 90 of the Tax Administration Act 1994.

(9) Subsections (2) to (7) do not apply—

(a) to a cash basis holder; or

(b) in relation to a financial arrangement and a person, in any income year where section EZ 35 applies to that person and to that financial arrangement; or

(c) in relation to a financial arrangement where—

(i) the financial arrangement is held by a trustee upon trust for the management of compensation paid for personal injury where that compensation is paid under the Workers Compensation Act 1956 or the Accident Compensation Act 1972 or the Accident Compensation Act 1982 or the Accident Rehabilitation and Compensation Insurance Act 1992 or the Injury Prevention, Rehabilitation, and Compensation Act 2001 or an order of court; and

(ii) the trustee is, or if it were a natural person would be, a cash basis holder in respect of the financial arrangement.

(10) For the purposes of this section, the Commissioner may determine whether and to what extent any issuer or class of issuers is not required to comply with this section in relation to expenditure incurred or income derived in respect of any class of financial arrangements, having regard to—

(a) the nature and amount of the expenditure incurred or income derived by the issuer or class of issuers in respect of financial arrangements of that class; and
Income Tax
Part E cl EZ 34

(b) the costs of the issuer or class of issuers in complying with this section in relation to the class of financial arrangements; and

(c) whether, in respect of that issuer or class of issuers and that class of financial arrangements, the application of the discretion given to the Commissioner under this subsection would result in a material difference in the amount of deductions or income allocated to any income year, in relation to the amount that would have been allocated had the discretion not been exercised.

(11) The Commissioner may at any time cancel any determination made in respect of any person or class of persons under subsection (10).

Compare: 1994 No 164 s EH 1

EZ 33 Excepted financial arrangement that is part of financial arrangement
The amount of the income deemed to be derived or the expenditure deemed to be incurred by a person in respect of a financial arrangement under the old financial arrangements rules does not include the amount of any income, gain or loss, or expenditure, that is solely attributable to an excepted financial arrangement that is part of the financial arrangement.

Compare: 1994 No 164 s EH 2

EZ 34 Cash basis holder
(1) Subject to this section, a natural person is a cash basis holder in respect of financial arrangements held by that person in any income year, where—

(a) either—

(i) the income derived by that person in that income year in respect of those financial arrangements, calculated in accordance with subpart EW or section EZ 32 or EZ 35, as the case may be, does not exceed $70,000 (or such greater amount as the Governor-General may by Order in Council declare); or

(ii) the total value of financial arrangements held by the person in the income year does not exceed at any time in the income year $600,000 (or such greater amount as the Governor-General may by
Order in Council declare), the value in respect of each financial arrangement being,—

(A) in the case of a fixed principal financial arrangement, the greater of the acquisition price of the arrangement or the nominal or face value of the arrangement; and

(B) in the case of a variable principal debt instrument, the amount of money owing to the person according to the arrangement; and

(C) in the case of a financial arrangement to which subpart EW applies, the value determined under that subpart; and

(b) the difference between the following amounts does not exceed $20,000 (or such greater amount as the Governor-General may by Order in Council declare):

(i) the amount of income that would be calculated by the person for the income year—

(A) using, at the option of the person, either the yield to maturity method or the straight line method referred to in section EZ 32(3) (regardless of whether or not the person is entitled or has opted to use that method) or in accordance with subpart EW, as the case may be, or, where it is not possible to calculate an amount of income or expenditure in respect of the financial arrangements by using either of those methods, an alternative method approved by the Commissioner; and

(B) under either section EW 37 or EZ 35—

in respect of financial arrangements held by the person at the end of the income year; and

(ii) the amount of income that would be calculated by the person for the income year in respect of financial arrangements held by the person at the end of the income year if the person were a cash basis holder.

(2) For the purposes of subsection (1), a person must take into account financial arrangements to which subpart EW applies.
(3) Notwithstanding anything in subsection (1), the Commissioner may,—

(a) where the Commissioner is satisfied, having regard to the tenor of section EZ 32(2), that treatment of a class of financial arrangements other than under section EZ 32 results in a fair and reasonable allocation of income or expenditure among income years, deem natural persons to be cash basis holders in respect of such financial arrangements; and

(b) where the Commissioner is satisfied that a class of financial arrangements has been structured and promoted with the objective of postponing any liability to income tax which would have arisen had those financial arrangements not been so structured, deem natural persons not to be cash basis holders in respect of such financial arrangements.

(4) In any income year where a person who was a cash basis holder in the previous income year ceases to be a cash basis holder, the person must take into account, in calculating income or deductions for the income year, an accruals basis adjustment, in respect of every financial arrangement (other than arrangements that are already dealt with according to section EZ 32 or in respect of which the Commissioner has exercised the discretion given under subsection (3)(a)) acquired in a previous income year and held by the person at the end of the income year equal to an amount calculated in accordance with the following formula:

\[ a - b - c + d \]

where—

a is the sum of all amounts which would have been income derived by the person in respect of the financial arrangement from the date it was acquired to the end of the income year if the person had not been a cash basis holder at any time during that period

b is the sum of all amounts that would have been deductions of the person in respect of the financial arrangement from the date the financial arrangement was acquired to the end of the income year if the person had not been a cash basis holder at any time during the period
c is the sum of all amounts of income of the person in respect of the financial arrangement since it was acquired to the end of the previous income year

d is the sum of all amounts that have been deductions of the person in respect of the financial arrangement since it was acquired to the end of the previous income year;—

and the person must not take into account in the income year any other amount in respect of any such financial arrangement except those calculated under the accruals basis adjustment.

(5) In any income year where a person who was not a cash basis holder in the previous income year becomes a cash basis holder, that person may take into account, in calculating income or deductions for the income year, a cash basis adjustment, in respect of every financial arrangement (other than arrangements already treated on a cash basis) acquired in a previous income year and held by the person at the end of the income year, equal to an amount calculated in accordance with the following formula:

\[ a - b - c + d \]

where—

a is the sum of all amounts which would have been income derived by the person in respect of the financial arrangement from the date it was acquired to the end of the income year if the person had been a cash basis holder in respect of the financial arrangement for the whole of that period

b is the sum of all amounts which would have been deductions of the person in respect of the financial arrangement from the date the financial arrangement was acquired to the end of the income year if the person had been a cash basis holder in respect of the financial arrangement for the whole of the period

c is the sum of all amounts treated as income of the person in respect of the financial arrangement since it was acquired to the end of the previous income year

d is the sum of all amounts that have been deductions of the person in respect of the financial arrangement since it was acquired to the end of the previous income year;—

and, where the cash basis adjustment has been taken into account, the person must not take into account any other amount in respect of any such financial arrangement in the
income year except those calculated under the cash basis adjustment:

provided that the person is deemed not to be a cash basis holder in relation to any financial arrangement in respect of which the person does not take into account a cash basis adjustment.

(6) The amount of the accruals basis adjustment or the cash basis adjustment in respect of any financial arrangement and any income year is,—

(a) where it is a positive amount, income deemed to be derived by the holder in the income year; and

(b) where it is a negative amount, deemed to be a deduction of the holder in the income year.

(7) For the purposes of subsection (1), but subject to subsections (8) and (9),—

(a) all income in respect of financial arrangements that is trustee income or beneficiary income under the trust rules or sections HI 1 to HI 5 is disregarded, as is the value of all such financial arrangements producing such income; and

(b) no person who holds such financial arrangements is a cash basis holder in relation to such financial arrangements.

(8) Subsection (7) does not apply to financial arrangements held on a bare trust, or to income in respect of such financial arrangements, and the financial arrangements held and the income derived by the trustees is treated as being held or, as the case may be, derived by a beneficiary of the trust to the extent of the beneficiary’s share of the beneficial interest in the financial arrangement.

(9) Where a deceased person was at the time of his or her death a cash basis holder,—

(a) nothing in subsection (7) or in any requirement under this section that a cash basis holder be a natural person, in respect of the income year in which the death occurred and in each of the 4 immediately succeeding income years, applies to prevent the trustee of the estate of the deceased person from being a cash basis holder for the purposes of this Act in respect of financial arrangements issued or held by the estate, where the estate...
would otherwise qualify as a cash basis holder under this section; but

(b) if at any time during those income years the estate ceases to so otherwise qualify as a cash basis holder, it does not again qualify to become a cash basis holder by operation of paragraph (a);—

and for the purposes of subsections (4) and (5), any trustee of an estate who is a cash basis holder under this subsection is deemed to be the same person as the deceased cash basis holder.

(10) For the purposes of subsection (1),—

(a) financial arrangements held; and

(b) income required to be returned in respect of those financial arrangements under section 42(1) of the Tax Administration Act 1994—

by a partnership is treated as being held or, as the case may be, derived by each partner to the extent of the partner’s share in the financial arrangements held by the partnership or, as the case may be, the income of the partnership in respect of financial arrangements.

Compare: 1994 No 164 s EH 3

**EZ 35 Income and expenditure where financial arrangement redeemed or disposed of**

(1) Subject to subsection (2), where, in relation to any person, a financial arrangement matures or is remitted (other than by way of being written off as a bad debt), sold, or otherwise transferred by the person in any income year, the amount of the base price adjustment in relation to that income year, that person, and that financial arrangement is an amount calculated in accordance with the following formula:

\[ a - (b + c) \]

where—

a is,—

(i) in the case of a holder, the sum of—

(A) the amount of all consideration that has been paid, and all further consideration that has or will become payable, to the person; and

834
(B) any amounts that have been remitted by
the person and that are not included in
subsubparagraph (A):

(ii) in the case of an issuer, the sum of—

(A) the amount of all consideration that has
been paid, and all further consideration
that has or will become payable, by the
person; and

(B) the amount paid by the person associated
with the issuer if the issuer is the debtor of
a debt to which section EZ 38 applies—

in relation to the financial arrangement

b is the acquisition price of the financial arrangement
in relation to the person

c is,—

(i) in the case of a holder, all amounts that are
income derived, less the aggregate of amounts
of expenditure deemed to be incurred under
section EZ 32 or EZ 39 or deemed to be a deduc-
tion under section EZ 34 by the person in respect
of the financial arrangement in all previous
income years since the acquisition of the finan-
cial arrangement; and

(ii) in the case of an issuer, all amounts of expen-
diture incurred in respect of the financial
arrangement in all previous income years since
the issue of the financial arrangement, less the
aggregate of—

(A) all amounts that are income deemed to be
derived under section EZ 32 or EZ 34 or EZ 39
by the person in respect of the financial
arrangement in all previous income years
since the issue of the financial arrange-
ment; and

(B) all amounts that are dividends derived by
the person from the release of the obliga-
tion to repay the amount lent; and

(C) all amounts that are income of the person
under section CF 2 in respect of the finan-
cial arrangement.
(2) Where, in relation to a financial arrangement, a person is a cash basis holder, and the financial arrangement matures or is remitted (other than by way of being written off as a bad debt), sold, or otherwise transferred by that person in any income year, the amount of the cash base price adjustment in relation to that income year, that person, and that financial arrangement is an amount calculated in accordance with the following formula:

\[ a - (b + c) \]

where—

- \( a \) is the sum of all consideration derived in respect of the financial arrangement by the person, and amounts remitted by the person
- \( b \) is the acquisition price of the financial arrangement
- \( c \) is the sum of all amounts that are income derived by the person, less the aggregate of amounts of expenditure deemed to be incurred under sections EZ 32 and EZ 39 or deemed to be a deduction under section EZ 34.

(3) Subject to subsection (5), the amount of the base price adjustment in relation to any financial arrangement and any income year is,—

(a) in relation to a holder,—

(i) where it is a positive amount, deemed to be income derived by the holder in the income year; and

(ii) where it is a negative amount, deemed to be a deduction of the holder in the income year:

(b) in relation to an issuer,—

(i) where it is a positive amount, deemed to be expenditure incurred by the issuer in the income year; and

(ii) where it is a negative amount, deemed to be income derived by the issuer in the income year.

(4) Subject to subsection (5), the amount of the cash base price adjustment in relation to any financial arrangement and any income year is,—

(a) where it is a positive amount, deemed to be income derived by the cash basis holder in the income year; and

(b) where it is a negative amount, deemed to be a deduction of the cash basis holder in the income year.
(5) Notwithstanding anything in section EZ 47(3), where a financial arrangement is sold or otherwise transferred by a person for a consideration influenced by—

(a) a decline in the creditworthiness of the issuer between the date of acquisition of the financial arrangement by the holder and the date of sale or other transfer; or

(b) an increase in the possibility that the issuer may fail to meet any obligations under the financial arrangement between the date of acquisition of the financial arrangement by the holder and the date of sale or other transfer; or

(c) the occurrence of any event reducing or cancelling the obligations of an issuer under the financial arrangement,—

all amounts that would have been received but for the factors listed above are deemed, in calculating the base price adjustment or cash base price adjustment, to have become payable to the holder:

provided that this subsection does not apply where the business of the holder comprises holding or dealing in financial arrangements of that class, and the issuer of the financial arrangement and the holder are not associated persons.

(6) Where—

(a) a person has been released from the obligation to make payment of an amount—

(i) under a financial arrangement by operation of section 114 of the Insolvency Act 1967; or

(ii) under any of the Inland Revenue Acts (and whether the relief arises through remission, waiver, or cancellation); or

(iii) under a social assistance suspensory loan by virtue of that person satisfying the conditions referred to in section EZ 35(8)(c)(ii); and

(b) that amount would, but for this subsection, be taken into account in determining the income derived by or expenditure incurred by that person under the old financial arrangements rules,—

that amount is, for the purpose of determining the income derived by or expenditure incurred by that person, and notwithstanding the old financial arrangements rules (other than
this subsection), deemed to have been paid under that financial arrangement when the obligation to make payment has been so released.

(7) Notwithstanding anything in this Act, where and to the extent that a person (in this subsection called the surety) suffers expenditure or a loss under a security arrangement and the expenditure or loss, in whole or in part, is due to—
(a) the actions of; or
(b) the occurrence, or failure to occur, of an event that was potentially or actually subject to the influence of—the surety or any person with whom the surety was, during the term of the security arrangement, an associated person, no deduction is allowed to the surety or any person in relation to the expenditure or loss.

(8) In this section,—
(a) the expression holder, in relation to a financial arrangement, includes a person who ceases to be a holder of the financial arrangement as provided in subsection (1) or (2); and
(b) the expression issuer, in relation to a financial arrangement, includes a person who ceases to be an issuer of the financial arrangement as provided in subsection (1); and
(c) the expression social assistance suspensory loan means a loan—
(i) made by a department or instrument of the Executive Government of New Zealand; and
(ii) under whose terms the issuer’s liability may be remitted in whole or in part if the issuer satisfies conditions intended to promote a social policy objective of the Government of New Zealand; and
(iii) of a kind that is declared by the Governor-General by Order in Council to be a social assistance suspensory loan; and
(d) a financial arrangement is deemed to be remitted where—
(i) the issuer has been discharged from making all remaining payments under that financial arrangement without fully adequate consideration; or
(ii) the issuer has been released from making all remaining payments under that financial arrangement by the operation of the Insolvency Act 1967 or the Companies Act 1955 or the Companies Act 1993 or the laws of any country or territory other than New Zealand, or by any deed or agreement of composition with its creditors; or

(iii) all of the remaining payments under the financial arrangement have become irrecoverable or unenforceable by action through the lapse of time; or

(iv) the financial arrangement is a debt that is sold at a discount to a person associated with the debtor under the circumstances described in section EZ 38; and

(e) where a person ceases to be a New Zealand resident any financial arrangement in relation to which that person is an issuer or a holder is deemed, in relation to the person, to have been transferred for its market value at that date.

Compare: 1994 No 164 s EH 4

**EZ 36 Forgiveness of debt**

(1) In determining the income or expenditure under the base price adjustment in section EZ 35, an amount owing under a debt, including an amount accrued and unpaid at the time of the forgiveness, is treated as paid when forgiven under the old financial arrangements rules if—

(a) the creditor is a natural person who forgives the debt, whether in a will or otherwise, because of the natural love and affection the creditor has for the debtor; or

(b) the creditor is a natural person who forgives the debt owing by a trust, whether in a will or otherwise, and the trust was established primarily to benefit—

(i) a natural person for whom the creditor has natural love and affection; or

(ii) an organisation or a trust whose income is exempt under section CW 30 or CW 31; or

(iii) a natural person that meets paragraph (b)(i) and an organisation or a trust that meets paragraph (b)(ii).

(2) Subsection (3) applies when a trustee makes a distribution, including a distribution of beneficiary income, to a beneficiary that is neither—

839
(a) a natural person for whom the creditor has natural love and affection; nor
(b) an organisation or a trust whose income is exempt under section CW 30 or CW 31.

(2A) Subsection (3) does not apply when a trustee of a trust (trust A) to which subsection (1)(b) applies makes a distribution to another trust (trust B) if—
(a) trust B is a trust described in subparagraphs (i), (ii), or (iii) of subsection (1)(b); and
(b) subsection (1)(b) would apply to trust B if, at the time the distribution is made, the creditor of trust A were a creditor of trust B, and the creditor had forgiven a debt owing by trust B.

(3) A distribution to the beneficiary is income derived by the trustee—
(a) in the income year in which the distribution is made; and
(b) to the extent that the distribution is less than or equal to the total amount of debts forgiven by the creditor.

(3A) If subsection (3) applies, the income derived by the trustee is not income for the purposes of the beneficiary income definition.

(4) For the purposes of subsection (3), the total amount of debts forgiven by the creditor is reduced by the amount of each distribution that is income derived by the trustee.

(5) Subsection (3) applies to a distribution made on or after 20 May 1999.

Compare: 1994 No 164 s EH 5

EZ 37 Accrued income written off

(1) A deduction is allowed to a person for an amount written off by the person as a bad debt in respect of a financial arrangement where and to the extent that—
(a) the person derives income in respect of the financial arrangement under any of sections EZ 32, EZ 34(4), EZ 35, and EZ 39; and
(b) the amount written off is attributable to that income.

(2) A deduction is allowed to a person for an amount written off by the person as a bad debt in respect of a financial arrangement (not being an amount allowed as a deduction under subsection (1)) where—
(a) the person—
   (i) carries on a business which comprises holding or dealing in such financial arrangements; and
   (ii) is not associated with the person owing the amount written off; or
(b) the financial arrangement is a trade credit and the person carries on a business of dealing in the goods or services for which the trade credit is a debt.

(3) Where a person receives a security payment in relation to a loss and a deduction is not allowed to the person for the loss other than under this subsection, the person is allowed a deduction for the loss no greater than the amount of the security payment.

(4) A deduction for bad debts is allowed under this section only where the requirements of section DB 23(1) and (5) have been met.

(5) A deduction for a share loss (within the meaning of section DB 19) is allowed under subsection (3) only where the requirements of section DB 19 have been met.

Compare: 1994 No 164 s EH 6

**EZ 38 Sale of debt to associate of debtor**

(1) This section applies to a financial arrangement that is a debt which is sold at a discount to a person associated with the debtor on or after 20 May 1999.

(2) A creditor is treated as having sold a debt at a discount if the debt is sold to a person associated with the debtor for 80% or less of the market value of the debt.

(3) **Subsection (4) applies to a debt that is sold if its market value was influenced by—**

   (a) the decline in the original debtor’s creditworthiness between the date the debt was entered into and the date of sale; or
   (b) an increase in the possibility that the original debtor would not pay an amount owing under the debt between the date the debt was entered into and the date of sale; or
   (c) an event that occurred which reduced or cancelled the original debtor’s obligations under the debt.

(4) For the purposes of **subsection (2)**, a debt’s market value is determined as if its market value were not influenced by a factor listed in **subsection (3)(a) to (c)**.
(5) For the purposes of subsection (2), associated person has the meaning set out in section 60D 8(3).

(6) If a debt is sold at a discount to a person associated with the debtor, the associated person is treated as having provided the debtor with an interest free loan for the amount paid for the debt.

(7) If the debtor subsequently repays the person associated with the debtor more than the amount the associated person paid for the debt, the excess amount paid by the debtor is—
(a) a deduction to the debtor; and
(b) income of the person associated with the debtor.

Compare: 1994 No 164 s EH 7

**EZ 39 Post facto adjustment**

(1) A financial arrangement is subject to the provisions of this section where—
(a) any of the amount or amounts payable under the financial arrangement are determined in the terms of the financial arrangement, as to whole or part, at the discretion of either the issuer or the holder, or both of them, or at the discretion of any other person where either the issuer or the holder and the other person are associated persons; and
(b) the change in the amount or amounts payable under the financial arrangement upon the exercise of a discretion as provided for in paragraph (a) does not reflect changes in economic, commodity, industrial, or financial indices or banking or general commercial rates; and
(c) the making of such financial arrangements is not generally accepted commercial practice; and
(d) the effect of the arrangement is to defeat the intent and application of the old financial arrangements rules.

(2) Where a financial arrangement is subject to the provisions of this section, both the holder and the issuer of the financial arrangement are required to calculate a post facto adjustment in respect of the following income years:
(a) the income year in which the person ceases to be a holder or an issuer, as the case may be, in respect of the financial arrangement; and
(b) where the person has not ceased to be a holder or an issuer of the financial arrangement at the end of the fifth
income year following the income year of its issue or acquisition by the person, in that fifth income year; and

(c) until the person ceases to be an issuer or a holder in respect of the financial arrangement, in every fifth income year succeeding the income year in which the post facto adjustment was last required to be made under this section.

(3) In order to calculate the post facto adjustment, a person must,—

(a) having regard to all amounts specified in section EZ 32(1) which have been paid or are payable, in respect of the financial arrangement, since acquisition or issue of the financial arrangement by the person to the end of the income year in which the post facto adjustment applies, calculate amounts of income or expenditure from the arrangement for each income year using the yield to maturity method as prescribed in a determination made by the Commissioner for the purposes of section EZ 32(2); provided that where the post facto adjustment is made at a time determined by subsection (2)(b) or (c), the person is, for the purpose of the post facto adjustment calculation, deemed to have transferred the financial arrangement for an amount equal to its market value on the last day of the income year; and

(b) recalculate the income tax liability for each income year using the amounts of income or expenditure calculated under paragraph (a) in substitution for the amounts of income or expenditure previously calculated in respect of the financial arrangement for each income year.

(4) Where a person has been required to calculate the post facto adjustment, the person is required to make a special return in respect of the post facto adjustment in the form required by the Commissioner, no later than the time at which that person is required to file an annual return for the income year in which the post facto adjustment is made.

(5) Despite the time bar, the Commissioner must amend the person’s assessment for the income years to which the post facto adjustment relates in accordance with the alterations to that income or expenditure as calculated by the post facto adjustment.

Compare: 1994 No 164 s EH 8
EZ 40 Variable principal debt instruments
For the purposes of the old financial arrangements rules, where a person is a party to a variable principal debt instrument on the implementation date, the person is deemed to have acquired or, as the case may be, issued it on that day for a consideration equal to the amount of money that would be payable to the holder on that day if the amount or amounts payable under the financial arrangement were due and payable on that day.

Compare: 1994 No 164 s EH 9

EZ 41 Relationship with rest of Act
(1) Notwithstanding any other provision in this Act, income or expenditure in an income year in respect of a financial arrangement under the old financial arrangements rules is calculated under those rules.

(1A) Expenditure incurred under the old financial arrangements rules is not included in—
(a) the cost of trading stock, for small taxpayers:
(b) the cost of revenue account property:
(c) the cost of livestock:
(d) the cost of bloodstock:
(e) the cost of acquiring a film or a film right:
(f) film production expenditure:
(g) the cost of timber:
(h) petroleum exploration expenditure or petroleum development expenditure.

(2) Where—
(a) property is transferred under a financial arrangement; and
(b) the property or the consideration given for the property is relevant under any provision of this Act other than the old financial arrangements rules for the purpose of determining any amount of income or deduction of a person,—
the property is treated for the purpose of that provision as having been transferred under the financial arrangement for an amount equal to the acquisition price of the property.

Compare: 1994 No 164 s EH 10
EZ 42 Application of old financial arrangements rules

The old financial arrangements rules do not apply—

(a) in relation to a person and a financial arrangement, where the financial arrangement was issued or acquired by the person before the implementation date for the financial arrangement; or

(b) in relation to a financial arrangement, where the issue, in the case of an issuer, or acquisition, in the case of a holder, of the financial arrangement is under a binding contract in existence before the implementation date in relation to that financial arrangement: provided that this paragraph does not apply in relation to a rollover, extension, or advance provided for before the implementation date in relation to the financial arrangement where the rollover, extension, or advance occurs on or after 1 April 1990; or

(c) in relation to a person and a financial arrangement, where the person acquired the financial arrangement in accordance with a matrimonial agreement and the transferor, in relation to the financial arrangement, was a person to whom paragraph (a) or (b) applied; or

(d) in relation to a financial arrangement, where the issue, in the case of an issuer, or acquisition, in the case of a holder, of the financial arrangement is under and in terms of a rollover, extension, or advance provided for before the implementation date in relation to the financial arrangement and the rollover, extension, or advance occurs before 1 April 1990; or

(e) to the determination of—

(i) income of or expenditure incurred by a person not resident in New Zealand in relation to a financial arrangement where and to the extent that the financial arrangement does not relate to a business carried on by that person through a fixed establishment in New Zealand; or

(ii) non-resident withholding income; or

(f) in relation to a financial arrangement to the extent that the income or expenditure incurred by a person in respect of the financial arrangement consists of interest payable to or by the Commissioner under Part 7 of the Tax Administration Act 1994, being interest payable in relation to the income tax liability of the taxpayer in
respect of the 1994–95 income year or any subsequent income year.

Compare: 1994 No 164 s EH 11

**EZ 43 Election to treat short term trade credit as financial arrangement**

1. For the purposes of the old financial arrangements rules, a taxpayer may elect by notice given in accordance with subsection (2) to treat short term trade credits specified in subsection (4) as financial arrangements.

2. Notice of an election under subsection (1) in relation to an income year must be given to the Commissioner within the time within which a vendor or a purchaser is required under section 37 of the Tax Administration Act 1994 to furnish a return of income for the income year to which the election is to apply.

3. An election by the taxpayer under subsection (1) may be revoked by notice given to the Commissioner during any income year and the revocation applies only to short term trade credits created on or after the commencement of the subsequent income year.

4. An election under subsection (1) may be made in respect of—
   a. all short term trade credits of the taxpayer; or
   b. 1 or more classes of short term trade credits of the taxpayer that the taxpayer defines by reference either—
      i. to the particular currency in which the short term trade credit is denominated; or
      ii. to the term of the short term trade credit; or
      iii. to both the term and the particular currency in which the short term trade credit is denominated.

Compare: 1994 No 164 s EH 12

**EZ 44 Election to continue to treat certain excepted financial arrangements as financial arrangements**

1. A person may elect to continue to treat all excepted financial arrangements under any of paragraphs (p), (q), (r), (s), (t), (u), and (v) of the definition of excepted financial arrangement as financial arrangements if the person is a holder or an issuer of an arrangement that was entered into on or after the person’s last balance date and before 20 May 1999.
(2) A person elects to treat their excepted financial arrangements as financial arrangements by returning income derived and expenditure incurred from the elected arrangements under the old financial arrangements rules in their return of income.

(3) A financial arrangement that is an excepted financial arrangement under any of paragraphs (p), (q), (r), (s), (t), (u), and (v) of the definition of excepted financial arrangement is not an excepted financial arrangement for the holder or issuer who elects to treat it as a financial arrangement under subsection (1).

Compare: 1994 No 164 s EH 13

**EZ 45 Definitions**

In the old financial arrangements rules, unless the context otherwise requires,—

**acquisition price,**—

(a) in relation to a financial arrangement and a holder of the financial arrangement, means an amount calculated in accordance with the following formula:

\[ y - z \]

where—

\( y \) is the core acquisition price of the financial arrangement

\( z \) is the smaller of—

(i) the amount of consideration provided in relation to the financial arrangement by the holder that is not contingent on the implementation of the financial arrangement; and

(ii) an amount equal to 2% of the core acquisition price of the financial arrangement; and

(b) in relation to a financial arrangement and an issuer of the financial arrangement, means an amount calculated in accordance with the following formula:

\[ y + z \]

where—

\( y \) is the core acquisition price of the financial arrangement

\( z \) is the smaller of—
(i) the amount of consideration provided in relation to the financial arrangement by the issuer that is not contingent on the implementation of the financial arrangement; and

(ii) an amount equal to 2% of the core acquisition price of the financial arrangement

**agreement for the sale and purchase of property**, in relation to a person, means a financial arrangement that is an agreement (whether conditional or unconditional) entered into by the person to purchase or otherwise acquire or sell or otherwise dispose of property; but does not include an option, a specified option, or a futures contract

**amount of all consideration**, in the definition of **core acquisition price**, in relation to a person and to an agreement for the sale and purchase of property or a specified option, where all or part of the consideration provided to the holder is property, means the aggregate of the amount calculated in respect of that property in the manner provided in subparagraph (i) or (ii) of item “w” in paragraph (c) of the definition of **core acquisition price** and any consideration provided to the holder in relation to the financial arrangement, other than the property provided to the holder

**core acquisition price**, in relation to a financial arrangement, means,—

(a) where section EZ 47 applies, the amount determined under that section; and

(b) where the financial arrangement is a trade credit, an amount calculated in accordance with the following formula:

\[ u + v \]

where—

\( u \) is—

(i) the cash price of the goods or services to which the trade credit relates (referred to in this item and item “v” as the **specified goods or services**), as determined by section 2(1) of the Credit Contracts Act 1981; or

(ii) if subparagraph (i) is not applicable, the lowest price at which the specified goods or services could be purchased under a short term trade credit; or
(iii) if subparagraphs (i) and (ii) are not applicable, the discounted value of the amounts payable for the specified goods or services, as determined under a determination made by the Commissioner under section 90(1)(h) of the Tax Administration Act 1994

is,—

(i) in relation to a holder of the financial arrangement, the amount of all consideration provided by the holder in relation to the financial arrangement, other than the specified goods or services; or

(ii) in relation to an issuer of the financial arrangement, the amount of all consideration provided to the issuer in relation to the financial arrangement, other than the specified goods or services; and

(c) where the financial arrangement is an agreement for the sale and purchase of property (not being an agreement for the sale and purchase of property that has lapsed or otherwise does not proceed) or a specified option (not being a specified option that has lapsed or otherwise does not proceed), an amount calculated in accordance with the following formula:

\[ w + x \]

where—

\[ w \]

is—
(i) the lowest price (determined in accordance with section EZ 46, if the consideration payable under the relevant financial arrangement is denominated in a foreign currency) that the parties would have agreed upon for the property that is the subject of the agreement for the sale and purchase of property or the specified option (referred to in this item and item “x” as the specified property) at the time at which the agreement for the sale and purchase of property was entered into or the specified option was granted on the basis of payment in full at the time at which the first right in the specified property is to be transferred; or

(ii) if subparagraph (i) is not applicable, the discounted value of the amounts payable for the specified property as determined under a determination made by the Commissioner under section 90(1)(h) of the Tax Administration Act 1994

x is,—

(i) in relation to the holder of the financial arrangement, the amount of all consideration provided by the holder in relation to the financial arrangement other than the specified property; or

(ii) in relation to an issuer of the financial arrangement, the amount of all consideration provided to the issuer in relation to the financial arrangement other than the specified property; and

(d) where the financial arrangement is a hire purchase agreement and the holder is the first holder in relation to the hire purchase agreement, either—

(i) an amount calculated in accordance with the following formula:

\[ a + b + c \]

where—

a is,—
(A) the cash price of the hire purchase asset (as **cash price** is defined in section 2(1) of the Credit Contracts Act 1981); or

(B) if **subsubparagraph (A)** of this item is not applicable, the lowest price at which the hire purchase asset could be purchased under a short term trade credit at the time of commencement of the hire purchase agreement

b is the amount of all expenditure or loss incurred by the holder in preparing and installing the hire purchase asset for use to the extent to which any such expenditure or loss is not taken into account in determining the amount of item “a”

c is—

(A) in relation to the holder, the amount of all consideration provided by the holder in relation to the hire purchase agreement, other than the hire purchase asset and the expenditure or loss referred to in item “b”; or

(B) in relation to the issuer, the amount of all consideration provided to the issuer in relation to the hire purchase agreement, other than the hire purchase asset and the expenditure or loss referred to in item “b”; or

(ii) if **subparagraph (i)** is not applicable, or if either the holder or the issuer in relation to the hire purchase agreement applies to the Commissioner for a specific determination, an amount calculated in accordance with the following formula:

\[ d + e \]

where—

d is—
(A) the discounted value of all hire purchase payments payable under the hire purchase agreement, as determined under a determination made by the Commissioner under section 90(1)(i) of the Tax Administration Act 1994; or

(B) where either the holder or the issuer in relation to the hire purchase agreement applies to the Commissioner for a specific determination, an amount determined by the Commissioner in relation to that application (and the amount so determined applies for both the holder and the issuer to the exclusion of any determination made in respect of that hire purchase agreement under subsubparagraph (A) of this item)

e is,—

(A) in relation to the holder, the amount of all consideration provided by the holder in relation to the hire purchase agreement, other than the hire purchase asset and any expenditure or loss incurred by the holder in preparing and installing the hire purchase asset for use; or

(B) in relation to the issuer, the amount of all consideration provided to the issuer in relation to the hire purchase agreement, other than the hire purchase asset and any expenditure or loss incurred by the holder in preparing and installing the hire purchase asset for use; and

(e) where none of paragraphs (a) to (d) applies to a financial arrangement,—

(i) in relation to a holder of the financial arrangement, the value of all consideration provided by the holder in relation to the financial arrangement; or
(ii) in relation to an issuer of the financial arrangement, the value of all consideration provided to the issuer in relation to the financial arrangement excepted financial arrangement, other than an arrangement listed in paragraphs (p), (q), (r), (s), (t), (u), and (v) that a taxpayer has treated as a financial arrangement in a return of income already filed, means any of the following arrangements:

(a) an annuity for a term contingent upon human life or an annuity for a term not contingent on human life to which section EY 8(2)(c) applies:

(b) an insurance contract or membership of a superannuation scheme:

(c) a debenture to which section FC 1 or FC 2 applies:

(d) a short term trade credit, unless the purchaser or vendor has elected in accordance with section EZ 43 to treat the short term trade credit as a financial arrangement to which the old financial arrangements rules apply:

(e) a specified preference share to which section FZ 1 applies:

(f) in relation to a holder or an issuer, shares, other than withdrawable shares, or an option to buy shares, other than withdrawable shares, where those shares were or that option was acquired or issued by the person before 8.00 pm New Zealand Standard Time on 18 June 1987:

(g) in relation to a holder or an issuer, shares, other than withdrawable shares, or an option to acquire or to sell or otherwise dispose of shares, other than withdrawable shares, where those shares were or that option was acquired or issued by the person after 8.00 pm New Zealand Standard Time on 18 June 1987:

(h) a lease:

(i) a bet on any—

   (i) race (as defined in section 2 of the Racing Act 1971); or

   (ii) sporting event under a sports-betting system established under Part 5B of the Racing Act 1971; or

   (iii) game of chance, lottery, or prize competition (as those terms are defined in section 2 of the Gaming and Lotteries Act 1977); or

   (iv) New Zealand lottery or New Zealand prize competition (as those terms are defined in section 71 of the Gaming and Lotteries Act 1977):
(j) in relation to an issuer or a holder, an option to acquire or to sell or otherwise dispose of property (other than an interest in a financial arrangement) where the option was issued or acquired by the person after 8.00 pm New Zealand Standard Time on 18 June 1987 for private or domestic purposes only:

(k) a short term agreement for the sale and purchase of property:

(l) a short term option:

(m) a private or domestic agreement for the sale and purchase of property:

(n) a farm-out arrangement:

(o) a hire purchase agreement (as defined in section 2 of the Hire Purchase Act 1971) entered into before 1 April 1993, or any assignment of such an agreement:

(p) a loan that is interest free, repayable on demand, and denominated in New Zealand dollars, for the lender of the loan only:

(q) an employment contract:

(r) an interest in a group investment fund

(s) an interest in a partnership or a joint venture:

(t) travellers’ cheques:

(u) a warranty for goods or services:

(v) a hire purchase agreement (as defined in section 2 of the Hire Purchase Act 1971) for livestock or bloodstock entered into on or after 1 April 1993

financial arrangement means—

(a) any debt or debt instrument; and

(b) any arrangement (whether or not such arrangement includes an arrangement that is a debt or debt instrument, or an excepted financial arrangement) whereby a person obtains money in consideration for a promise by any person to provide money to any person at some future time or times, or upon the occurrence or non-occurrence of some future event or events (including the giving of, or failure to give, notice); and

(c) any arrangement which is of a substantially similar nature (including, without restricting the generality of the preceding provisions of this subparagraph, sell-back and buy-back arrangements, debt defeasances, and assignments of income);—
but does not include any excepted financial arrangement that is not part of a financial arrangement

**fixed principal financial arrangement** means any financial arrangement other than a variable principal debt instrument

**forward contract**, in the definitions of **holder** and **implementation date**, includes, but is not limited to, a forward contract for—

(a) foreign exchange:
(b) commodities:
(c) financial arrangements:
(d) excepted financial arrangements;—
but does not include an agreement for the sale and purchase of property or a specified option

**holder**—

(a) means,—

(i) in relation to—

(A) an agreement for the sale and purchase of property; or
(B) a forward contract or a futures contract,—

a person who is a vendor in relation to the financial arrangement:

(ii) in relation to an option to purchase or otherwise acquire property, a person who is a grantor of the option:

(iii) in relation to an option to sell or otherwise dispose of property, a person who is a grantee of the option:

(iv) in relation to a hire purchase agreement, the lessor:

(v) in relation to any other financial arrangement, a person who, if the amount or amounts payable under the financial arrangement were due and payable at that time, would be entitled to receive, or would receive a pecuniary benefit from, payment of the amount or amounts so payable or any part of them;—

and **hold** has a corresponding meaning; and

(b) is further defined in **section EZ 35(8)** for the purposes of that section

**implementation date** means,—

(a) in the case of—
(i) forward or future contracts, including, but not limited to, contracts for—
   (A) foreign exchange:
   (B) commodities:
   (C) financial arrangements:
   (D) excepted financial arrangements; and
(ii) futures contracts; and
(iii) trade credits; and
(iv) annuities; and
(v) agreements for the sale and purchase of property; and
(vi) convertible notes,—

8.00 pm New Zealand Standard Time on 23 October 1986; and
(b) in the case of debt defeasances and assignments of income, 20 December 1986; and
(c) in the case of variable principal debt instruments, 1 April 1987; and
(d) in the case of a financial arrangement under which—
   (i) the monetary obligations of the parties are expressed in New Zealand currency; and
   (ii) it is contemplated that the holder may, upon demand or call, require the return of sums advanced to the issuer; and
   (iii) it is not contemplated that the holder may advance further sums to the issuer upon demand or call under the financial arrangement,—

1 April 1987; and
(e) in every other case, 8.30 pm New Zealand Standard Time on 31 July 1986

issuer.—

(a) in relation to a financial arrangement at any time, means a person who is a party to the financial arrangement and is not a holder in relation to the financial arrangement; and

(b) is further defined in section EZ 35(8) for the purposes of that section

maturity, in relation to a financial arrangement, means the date on which the last payment contingent upon the financial arrangement is made, and matures has a corresponding meaning:
provided that where a financial arrangement has not matured and where the amount which has not been paid is immaterial and the financial arrangement has been structured to avoid the application of section EZ 35, the financial arrangement is deemed to have matured.

Money, in paragraph (b) of the definition of financial arrangement and in the definition of security payment, includes money’s worth, whether or not convertible into money, and the right to money, including the deferral or cancellation of any obligation to pay money whether in whole or in part.

Private or domestic agreement for the sale and purchase of property, in the definition of excepted financial arrangement, in relation to any person, means an agreement for the sale and purchase of property or a specified option where—

(a) the agreement was entered into by that person or the specified option was granted to or by that person for private or domestic purposes; and

(b) the subject-matter of the agreement or specified option is—

(i) real property, the purchase price of which is less than $750,000; or

(ii) any other property, the purchase price of which is less than $250,000; and

(c) settlement is required to take place within 365 days after the day on which the agreement was entered into or the specified option granted.

Property,—

(a) in the definition of specified base cost for 1983 income year property and in the life insurance rules, includes any real or personal property; and

(b) in paragraph (a) of the definition of holder and paragraph (b) of the definition of lease and in the definitions of agreement for the sale and purchase of property, amount of all consideration, core acquisition price, excepted financial arrangement, private or domestic agreement for the sale and purchase of property, right in the specified property, short term agreement for the sale and purchase of property, short term option, and specified option, means—

(i) any capital asset that is not foreign exchange or a financial arrangement; and
(ii) trading stock; and
(iii) consumable aids; and
(iv) property to be purchased or otherwise acquired or sold or otherwise disposed of for private or domestic purposes only

right in the specified property, in the definition of core acquisition price, means—
(a) the right to possession of the property; or
(b) the right to any income or the right to control or influence the disposition of income derived from the property; or
(c) the right, directly or indirectly, to exercise, or to influence any other person in the exercise of, any decision-making in respect of the property; or
(d) any other right of a substantially similar nature:

provided that the mere right to enforce any agreement for the sale and purchase of property or any specified option does not of itself constitute a right in the specified property

secured arrangement, in the definitions of security arrangement and security payment, means an arrangement against which the failure to perform is secured by a financial arrangement

security arrangement, in the definition of security payment, means a financial arrangement that secures the holder against failure of any person to perform their obligations under a secured arrangement

security payment means money received by the holder of a security arrangement to the extent that the money is received in relation to a loss incurred due to the failure of performance of the secured arrangement and the value of the money is income of the holder

short term agreement for the sale and purchase of property means an agreement for the sale and purchase of property where—
(a) the property is real property and settlement is required to take place within 93 days of the day on which the agreement was entered into; or
(b) the property is not real property and settlement is required to take place within 63 days of the day on which the agreement was entered into
short term option, in the definition of excepted financial arrangement, means a specified option where—
(a) the subject-matter of the option is real property and settlement is required to take place within 93 days of the day on which the option was granted; or
(b) the subject-matter of the option is not real property and settlement is required to take place within 63 days of the day on which the option was granted

short term trade credit, in the definitions of core acquisition price, excepted financial arrangement, and trade credit, means any debt for goods or services where payment is required by the vendor—
(a) within 63 days after the supply of the goods or services; or
(b) because the supply of the goods or services is continuous and the vendor renders periodic invoices for the goods or services, within 63 days after the date of an invoice rendered for those goods or services

social assistance suspensory loan is defined in section EZ 35(8)(c) for the purposes of that section

specified option means an option to purchase or otherwise acquire or sell or otherwise dispose of property, and the agreement for the sale and purchase of property, if any, entered into as a result of the exercise of the option is deemed to be part of the option

trade credit, in the definitions of core acquisition price and implementation date, means any debt for goods or services, but does not include a short term trade credit

trading stock, in paragraph (b) of the definition of property, means—
(a) any thing acquired for the purposes of manufacture, sale, or exchange:
(b) livestock:
(c) any other real or personal property where the business of the person by whom it is sold or disposed of comprises dealing in such property or the property was acquired by the person for the purpose of sale or other disposal:
(d) any land, any amount derived from the sale or other disposal of which would be income to which any of sections CB 5 to CB 22 applies:
(e) anything in respect of which expenditure is incurred and which, if possession were taken, would fall within any of paragraphs (a) to (d); —

but does not include any financial arrangement

variable principal debt instrument means a bank deposit account or other financial arrangement where it is contemplated that the holder may —

(a) advance further sums to the issuer; or

(b) where the rights and obligations of the person under the financial arrangement are expressed in a currency other than New Zealand currency, require the return of sums advanced to the issuer —

in either case upon demand or call, and where all such sums form part of that bank deposit account or other instrument.

Compare: 1994 No 164 s EH 14

**EZ 46 Determination of core acquisition price where consideration for property denominated in foreign currency**

(1) For the purposes of paragraph (c) of the definition of core acquisition price in section EZ 45, if the consideration payable under the relevant financial arrangement for the specified property is denominated in a foreign currency, the lowest price referred to in that paragraph must be the lowest price the parties would have agreed upon in that foreign currency converted into New Zealand dollars using, at the option of the taxpayer,—

(a) the rate, on the day on which the financial arrangement was entered into (in this section referred to as the contract date), available to the taxpayer from a New Zealand registered bank for the exchange of New Zealand dollars for that foreign currency on the day on which the first right in the specified property is to be transferred (in this section referred to as the rights date); or

(b) if the period between the rights date and the day on which final payment is to be made under the financial arrangement (in this section referred to as the settlement date) is not greater than 5 years, the rate, on the contract date, available to the taxpayer from a New Zealand registered bank for the exchange of New
(c) an exchange rate approved by the Commissioner for adoption under this subsection in the circumstances applicable to the taxpayer in a determination issued under section 90(1)(k) of the Tax Administration Act 1994.

(2) The rate adopted by a taxpayer in relation to a financial arrangement under subsection (1) must be consistently applied by that taxpayer in respect of that particular financial arrangement for the purposes of the old financial arrangements rules for every income year during its term.

(3) If the terms of the financial arrangement referred to in subsection (1) are such that the actual rights date is uncertain as at the contract date, then the rights date is for the purposes of subsection (1) the date on which it is reasonably expected by the parties at the time of entering into the financial arrangement that the first right in the specified property will be transferred.

(4) If the terms of the financial arrangement referred to in subsection (1) are such that the actual settlement date is uncertain as at the contract date, then the settlement date is for the purposes of subsection (1) the date on which it is reasonably expected by the parties at the time of entering into the financial arrangement that final payment will be made.

Compare: 1994 No 164 s EH 15

**EZ 47 Rules for non-market transactions**

(1) Where the Commissioner, having regard to any connection between the parties to the issue or transfer of a financial arrangement and to any other relevant circumstances, is satisfied that the parties were dealing with each other in relation to the issue or transfer in a manner that has the effect of defeating the intent and application of the old financial arrangements rules, the Commissioner may, under section EZ 32 or EZ 34 or EZ 35 or EZ 39, deem the consideration for the issue or transfer to be equal to the consideration that might reasonably be expected for the issue or transfer if the parties to the issue or transfer were independent parties dealing at arm’s length with each other in relation to the issue or transfer.

(2) If at any time a person not resident in New Zealand—
(a) commences to hold, whether temporarily or otherwise, a financial arrangement, for the purposes of a business carried on through a fixed establishment in New Zealand, the person is deemed to have acquired the financial arrangement at that time; or

(b) ceases to hold, whether temporarily or otherwise, a financial arrangement for the purposes of a business carried on through a fixed establishment in New Zealand, the person is deemed to have disposed of the financial arrangement at that time; or

(c) being a holder or an issuer of a financial arrangement, becomes a New Zealand resident, the person is deemed to acquire or to issue the financial arrangement at the time at which the person becomes a New Zealand resident;—

and that acquisition or that disposal is deemed to have been made for a consideration equal to the consideration that might reasonably be expected for the acquisition or disposal if the acquisition or disposal had been made at arm’s length.

(3) A financial arrangement is treated as having been sold and purchased or transferred and realised at its market value on the date of its sale or transfer if the sale or transfer, including a transfer by way of distribution to shareholders, is not for consideration in money or is for a consideration that is less than the market value of the financial arrangement.

(5) The market value of a financial arrangement is the market value for both seller and purchaser or transferor and transferee.

Compare: 1994 No 164 s EH 16

**EZ 48** Transitional adjustment when changing to financial arrangements rules

(1) A person may elect to apply the financial arrangements rules to a financial arrangement to which the old financial arrangements rules apply.

(2) A person who makes an election must apply the financial arrangements rules to all financial arrangements to which the person is a holder or an issuer.

(3) Despite subsections (1) and (2), a person must apply section EZ 35 if that section applies to a financial arrangement in the income year in which the election is made.
(4) Once an election is made, the financial arrangement is subject to the financial arrangements rules and is treated in the same way as a financial arrangement that was entered into on or after 20 May 1999.

(5) A person who makes an election must calculate a transitional adjustment for the income year of election and return the resulting income or expenditure.

(6) The transitional adjustment is calculated using the formula—
income (financial arrangements rules) − expenditure (financial arrangements rules)
− income (old financial arrangements rules)
+ expenditure (old financial arrangements rules)

where—
income (financial arrangements rules) is the total amount of income that would be derived by the person from the financial arrangement if the financial arrangements rules were applied to the financial arrangement for the period beginning on the date the person acquires the arrangement and ending on the last day of the income year in which this calculation is made
expenditure (financial arrangements rules) is the total amount of expenditure that would be incurred by the person under the financial arrangement if the financial arrangements rules were applied to the financial arrangement for the period beginning on the date the person acquires the arrangement and ending on the last day of the income year in which this calculation is made
income (old financial arrangements rules) is the total amount of income of the person from the financial arrangement in all income years before the income year in which this calculation is made
expenditure (old financial arrangements rules) is the total amount of expenditure incurred by the person under the financial arrangement in all income years before the income year in which this calculation is made.

(7) The result of the transitional adjustment is,—
(a) if a positive amount, income derived by the person in the income year; and
(b) if a negative amount, expenditure incurred by the person in the income year.

(8) In the income year in which the transitional adjustment is made to a financial arrangement, a person must take into account only the income derived or the expenditure incurred as a result of the adjustment for the financial arrangement.

(9) Despite subsections (2) to (8), a person is treated as transferring a financial arrangement at market value at the end of the income
year of election and must calculate a base price adjustment under section EZ 35 if—
(a) the financial arrangement is an arrangement to which the old financial arrangements rules apply; and
(b) the financial arrangement were entered into on or after 20 May 1999 and would not have been subject to the financial arrangements rules; and
(c) the person elects to apply the financial arrangements rules to a financial arrangement to which the old financial arrangements rules apply.

Compare: 1994 No 164 s EH 17

**EZ 49 References to new rules include old rates**

(1) **Subsection (2)** applies if—
(a) the old financial arrangement rules apply to a financial arrangement (old financial arrangement); and
(b) a taxation law (rewritten law) in this Act refers only to, or applies only to, a financial arrangement to which the financial arrangements rules apply; and
(c) the rewritten law is in neither subpart EW nor sections EZ 30 to EZ 48; and
(d) the rewritten law corresponds to and replaces, with or without amendments, a taxation law that applied to the old financial arrangement before 20 May 1999.

(2) The rewritten law applies to the old financial arrangement as if the rewritten law referred to, or applied to, a financial arrangement to which the old financial arrangements rules apply.

(3) **Subsection (2)** does not apply to—
(a) a definition, or parts of a definition, in section OB 1 if that definition or part refers to section EZ 45; or
(b) section GD 11, because the former taxation law to which it corresponds has been re-enacted as section EZ 47.

(4) **Section HB 2(1)(a)(v)** applies to a financial arrangement to which the old financial arrangements rules apply as if—
(a) the reference to section EW 37 were to section EZ 35; and
(b) the words “financial arrangements rules” read “old financial arrangements rules”.
